Dear GMF Unitholders

Offer to acquire all your units in GPT Metro Office Fund (GMF)

On behalf of the board of Growthpoint Properties Australia Limited (**Growthpoint**), I am pleased to invite you to participate in the proposed acquisition by Growthpoint of all the GMF Units (the **Offer**).

Growthpoint believes the Offer represents a compelling proposition for GMF Unitholders, delivering value certainty and offering exposure to a larger, high quality and highly complementary portfolio.

Summary of the Offer

If you accept the Offer, you will be entitled to receive \$1.25 cash and 0.3968 Growthpoint Securities for each GMF Unit you hold (the **Mixed Consideration**). The Mixed Consideration provides GMF Unitholders with an implied aggregate value of approximately \$2.50 per GMF Unit.¹

Alternatively, instead of receiving the Mixed Consideration, you may elect to receive 100% cash consideration for all of your GMF Units, by electing to participate in the Cash Alternative Facility.²

Under the Cash Alternative Facility, Growthpoint SA is offering to acquire all the Growthpoint Securities that would otherwise be issued to GMF Unitholders under the Offer at a price of \$3.15 per Growthpoint Security. This means that any GMF Unitholder who participates in the Cash Alternative Facility will receive approximately \$2.50 cash for each of their GMF Units.

The Offer values GMF at approximately \$321 million.³

The Offer is subject to the fulfilment or waiver of a number of conditions, including Growthpoint obtaining a Relevant Interest in at least 50.1% of the GMF Units.⁴

Attractive premium to GMF Unitholders

The implied value of the Offer of \$2.50 per GMF Unit represents a significant premium to GMF's historical trading levels and reported NTA per GMF Unit, including:

- 21.4% premium to the undisturbed closing price of a GMF Unit on 1 April 2016;⁵
- 16.3% premium to GMF's stated NTA as at 31 December 2015; and
- 6.4% premium to GMF's stated NTA as at 31 March 2016.

In addition, the implied value of the Offer represents a 2.0% premium to the implied value of the Centuria Takeover Bid of \$2.45.⁶

Acquisition of 13% of the GMF Units

Growthpoint Properties Australia Limited owns approximately 13% of the GMF Units, having acquired that interest from GPT RE on 1 July 2016.

Key reasons to accept the Offer

The key reasons why GMF Unitholders should accept the Offer include:

- as demonstrated above, the Offer provides an attractive premium to GMF Unitholders;
- you will have the opportunity to receive 100% cash for your GMF Units, by participating in the Cash Alternative Facility;

1. For these purposes, the value of a Growthpoint Security has been assumed to be \$3.15, which is the closing price of a Growthpoint Security on ASX on 30 June 2016, being the last trading day before the announcement of the Offer ($\$1.25 + 0.3968 \times \$3.15 = \$2.50$). Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders who accept the Offer will not be entitled to receive Growthpoint Securities – see sections 12.7 and 13.7 for further information.

2. Details of the Cash Alternative Facility are set out in section 6. Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders – see sections 6, 12.7 and 13.7 for further information.

3. Calculated as \$2.50 multiplied by the number of GMF Units on issue on the Last Practical Date (being 128,533,501).

4. See section 13.8 of this Bidder's Statement for the conditions.

5. 1 April 2016 was the last trading day prior to the GMF announcement of the receipt of an unsolicited, confidential, conditional and non-binding proposal and the results of its asset revaluation process. As at the last trading day prior to the date of this Bidder's Statement, the implied premium of the Offer to the value of a GMF Unit was 6.4% (this has been calculated using the closing price of a Growthpoint Security of \$3.15 on that date and the closing price of a GMF Unit of \$2.35 on that date).

6. Centuria is offering 1 CMA Security and \$0.31 cash for each GMF Unit. Based on the closing price of a CMA Security of \$2.14 on the last trading day before the announcement of the Offer (being 30 June 2016).

- if you receive the Mixed Consideration (and do not elect to participate in the Cash Alternative Facility) you will have the opportunity to participate in the expected benefits of the Merged Group;
- the Offer provides an opportunity for GMF Unitholders to gain exposure to a larger portfolio, that is more diversified than GMF's portfolio yet highly complementary:
 - a portfolio of 64 properties valued at approximately \$3.2 billion comprised of predominantly A-grade office and industrial assets;⁷
 - a geographically diverse portfolio spread throughout Australia, with a weighting towards core Sydney and Melbourne markets; and
 - a property portfolio with attractive key metrics including 98.7% occupancy and a WALE of 6.2 years;⁸
- expected increased distributions – equivalent distributions per GMF Unit are expected to increase by 13.7% in FY17;^{9,10}
- greater earnings stability – reduced risk associated with single asset, tenant and geographic concentration and consequently future earnings and distribution volatility;
- enhanced growth outlook:
 - Growthpoint has increased its distributions by an average of 3.7% per annum over the five years to 30 June 2016;¹¹ and
 - Growthpoint has delivered an 18.1% per annum total securityholder return over the five years to 31 December 2015;
- the Merged Group is expected to benefit from increased scale, relevance and liquidity, compared to GMF, with a market capitalisation of approximately \$2.0 billion and inclusion in the S&P / ASX 200 Index;¹²
- the Merged Group will benefit from enhanced corporate governance, alignment of interests and no third party management fees through Growthpoint's internalised management structure which creates complete alignment between management and investors;
- a scalable platform, with the management expense ratio reducing over time as the Merged Group grows - Growthpoint's MER is approximately 0.4% of total assets versus 0.86% and 0.73% for GMF and CMA respectively;¹³
- Growthpoint has a demonstrated track record of growth and outperformance having operated since 2009 and having consistently outperformed the S&P / ASX 300 A-REIT index and the broader ASX over this time;
- the Offer is superior to the Centuria Takeover Bid given its higher implied offer value, exposure to a larger, higher quality and more diversified portfolio, enhanced governance through Growthpoint's internalised management structure and increased value certainty; and
- the Offer avoids the risk of an adverse outcome for GMF Unitholders, including the risk that the GMF Unit price may fall below current trading levels if neither the Offer nor the Centuria Takeover Bid proceeds.

In addition, Growthpoint is forecasting a pro forma distribution of 22.3 cents per Growthpoint Security for the Merged Group in respect of the financial year ending 30 June 2017 if Growthpoint acquires all the GMF Units.¹⁴

GMF distributions

Under the terms of the Offer, GMF is entitled to pay its announced distribution of 3.85 cents per GMF Unit in respect of the three months ending 30 June 2016, without a commensurate reduction in the consideration under the Offer.

The cash consideration component of the Mixed Consideration under the Offer will be reduced by the September 2016 quarter distribution paid by GMF. This is a function of Growthpoint paying distributions on a semi-annual basis, whereas GMF pays distributions on a quarterly basis. Given that Growthpoint will issue Growthpoint Securities that rank equally with all other Growthpoint Securities on issue as part of the Mixed Consideration under the Offer, GMF Unitholders who accept the Offer prior to the record date for Growthpoint's December 2016 semi-annual distribution, and who are on Growthpoint's register of members on the record date for that distribution, will receive a distribution for the six months to 31 December 2016 on any Growthpoint Securities issued to them under the Offer, compensating them for any reduction in cash consideration resulting from the payment of the GMF September 2016 quarter distribution.

In contrast, the Centuria Takeover Bid is not reduced by the September 2016 quarter GMF distribution. Since both CMA and GMF pay distributions on a quarterly basis a commensurate reduction is not required to transition to semi-annual distribution payments. On a like-for-like basis, distributions reflecting six months ownership will be paid over the six month period to 31 December 2016 on any securities received as consideration under either the Offer or the Centuria Takeover Bid.

7. See section 5.2(b) for details of the value of the GMF properties and section 1.2 for details of the value of the Growthpoint properties as disclosed to ASX on 20 June 2016.

8. Based on Growthpoint portfolio metrics announced to the ASX on 20 June 2016 and GMF portfolio metrics as disclosed to the ASX on 4 April 2016.

9. On a pro forma basis, assuming the transaction had taken place on 30 June 2016 (refer to section 9.5 for more information).

10. Pro forma GMF distribution figures are based on GMF Unitholders receiving 0.3968 Growthpoint Securities per GMF Unit and reinvesting the cash component of the Growthpoint Offer of \$1.25 into Growthpoint Securities at a Growthpoint Security price of \$3.15 (representing the closing price of Growthpoint Securities as at 30 June 2016).

11. Based on Growthpoint management guidance of a 20.5c FY16 distribution per Growthpoint Security as disclosed in Growthpoint's HY16 results presentation.

12. This market capitalisation figure is based on there being 583,125,744 Growthpoint Securities on issue as at the date of this Bidder's Statement and 44,380,760 new Growthpoint Securities being issued as a result of the Offer (assuming that Growthpoint Properties Australia Limited acquires all of the GMF Units under the Offer), and that the price of a Growthpoint Security is \$3.15.

13. MER calculated by dividing 1H16 corporate expenses (annualised) by total asset value as at 31 December 2015.

14. This forecast takes into account the maximum number of Growthpoint Securities that may be issued in connection with the Offer. This forecast should be read together with the other information in section 9. There can be no assurance that this distribution will actually be achieved as it depends on future events, many of which are beyond the control of Growthpoint Properties Australia Limited.

Facilitation Agreement with GPT

Growthpoint has entered into a binding facilitation agreement with GPT in relation to the provision of certain services and the transition of management of GMF and rights over certain GPT owned properties in Sydney Olympic Park. The agreement will be invaluable in reducing risk for current and new Growthpoint Securityholders, ensuring an orderly and cost efficient transition of management and potential strategic portfolio benefits in the Sydney Olympic Park precinct.

Concluding remarks

I encourage you to read this Bidder's Statement carefully in full before deciding whether to accept the Offer.

Please note that, in order to be valid, your acceptance of the Offer must be received by 7.00pm (Melbourne, Australia time) on 19 August 2016, unless the Offer Period is extended.

If you have any questions in relation to the Offer, please call 1300 665 792 (for callers within Australia) or +61 3 9415 4366 (for callers outside Australia).

I look forward to your acceptance of the Offer and welcoming you as a Growthpoint Securityholder.

Yours sincerely

Geoff Tomlinson
Independent Chairman

1. Why you should accept the Growthpoint Offer

1.1 Summary

The key reasons why you should accept the Growthpoint Offer are summarised below in this section 1.1. These reasons are articulated in further detail in section 1.2.

The Growthpoint Offer provides an attractive premium to GMF Unitholders

- 21.4% premium to the undisturbed closing price of a GMF Unit of \$2.06 on 1 April 2016¹⁵
- 16.3% premium to GMF's NTA as at 31 December 2015 and 6.4% premium to GMF's NTA as at 31 March 2016
- 2.0% premium to the implied value of the Centuria Takeover Bid of \$2.45¹⁶

Greater value certainty (including a 100% all cash alternative) and the opportunity to participate in the expected benefits of the Merged Group

- Under the Mixed Consideration, GMF Unitholders will be entitled to receive approximately 50% cash consideration, with the scrip component of the Mixed Consideration allowing GMF Unitholders to remain invested in a leading, internally managed A-REIT with a high quality and complementary portfolio
- Alternatively, GMF Unitholders who wish to dispose of their GMF Units for a fixed cash price for 100% of their GMF Units can receive approximately \$2.50 per GMF Unit if they elect to participate in the Cash Alternative Facility¹⁷

Opportunity to gain exposure to a \$3.2 billion, more diversified and highly complementary portfolio

- Comparable portfolio attributes and asset quality compared to the existing GMF portfolio
- Weighting to core Sydney and Melbourne markets maintained

Expected increased distributions, greater earnings stability and enhanced growth outlook

- Equivalent distributions are expected to increase by 13.7% in FY17^{18,19}
- Reduced exposure to single assets, tenants and geographic concentration to reduce potential earnings volatility
- Enhanced growth profile and outlook

Increased scale, relevance and liquidity

- The Merged Group would have a market capitalisation of approximately \$2.0 billion

- Growthpoint is currently included in the S&P / ASX 200 Index, providing increased relevance and liquidity
- Greater access to capital and improved cost of capital

Enhanced corporate governance, alignment of interests and no third party management fees

- Growthpoint's internally managed structure creates complete alignment between management and investors
- Growthpoint's platform is scalable, with the management expense ratio reducing over time as Growthpoint grows, allowing GMF Unitholders to participate in economies of scale / synergies
- In contrast, the external model incentivises managers to maximise the fees they are paid by growing assets under management, potentially to the detriment of unitholders

Demonstrated track record of growth and outperformance

- Growthpoint Board and senior management team have been delivering on strategy for the last 7 years, and have consistently grown assets under management and distributions to Growthpoint Securityholders
- Growthpoint has consistently delivered superior total returns relative to the S&P / ASX 300 and A-REIT Indices and CMA

The Growthpoint Offer is superior to the Centuria Takeover Bid

- Higher implied offer price, exposure to a larger, higher quality and more diversified portfolio, enhanced governance through Growthpoint's internalised management structure and increased value certainty

Risk of adverse outcome for GMF Unitholders if the Growthpoint Offer is not accepted

- If GMF Unitholders do not accept the Growthpoint Offer (and the Centuria Takeover Bid is not successful) there is a risk that their investment in GMF may be adversely impacted because the price of a GMF Unit may fall or they may become minority unitholders in a less liquid investment

15. Being the last trading day prior to the GMF announcement of the receipt of an unsolicited, confidential, conditional and non-binding proposal and the results of its asset revaluation process. As at the last trading day prior to the date of this Bidder's Statement, the implied premium of the Growthpoint Offer was 6.4% (this has been calculated using the closing price of a Growthpoint Security of \$3.15 on that date and the closing price of a GMF Unit of \$2.35 on that date).

16. Centuria is offering 1 CMA Security and \$0.31 cash for each GMF Unit. Based on the closing price of a CMA Security of \$2.14 on the last trading day before the announcement of the Offer (being 30 June 2016).

17. If you are an Ineligible Foreign Unitholder or an Unmarketable Parcel Unitholder, see sections 6, 12.7 and 13.7.

18. On a pro forma basis, assuming the transaction had taken place on 30 June 2016 (refer to section 9.5 for more information).

19. Pro forma GMF distribution figures are based on GMF Unitholders receiving 0.3968 Growthpoint Securities per GMF Unit and reinvesting the cash component of the Growthpoint Offer of \$1.25 into Growthpoint Securities at a Growthpoint Security price of \$3.15 (representing the closing price of Growthpoint Securities as at 30 June 2016).

1.2 Further detail

The key reasons why you should accept the Growthpoint Offer are articulated in further detail below in this section 1.2.

The Growthpoint Offer provides an attractive premium to GMF Unitholders

Under the Growthpoint Offer, GMF Unitholders (other than Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders) can elect to receive either:

- the Mixed Consideration, which consists of 0.3968 Growthpoint Securities and \$1.25 cash per GMF Unit; or
- the Cash Alternative of approximately \$2.50 cash per GMF Unit.²⁰

The Mixed Consideration implies a value of \$2.50 per GMF Unit based on the closing price of a Growthpoint Security of \$3.15 as at 30 June 2016.

This implied value of the Growthpoint Offer is attractive relative to GMF's historical trading levels.

Figure 1.2.1 GMF trading performance relative to the Growthpoint Offer

Source: IRESS (30 June 2016).²¹

The implied value of the Growthpoint Offer of \$2.50 represents a premium / (discount) of:

- 21.4% premium to the undisturbed closing price of a GMF Unit of \$2.06 on 1 April 2016;²²
- 21.2% to GMF's undisturbed 1-month VWAP of \$2.06²³
- 21.2% to GMF's undisturbed 3-month VWAP of \$2.06²⁴
- 16.3% to GMF's stated NTA as at 31 December 2015 of \$2.15
- 6.4% to GMF's stated NTA as at 31 March 2016 of \$2.35
- 6.4% to the last closing price of a GMF Unit on 30 June 2016 of \$2.35
- 2.0% to the implied value of the Centuria Takeover Bid of \$2.45²⁵

As at the last trading day prior to the date of this Bidder's Statement, the implied premium of the Growthpoint Offer to the value of a GMF Unit was 6.4% (this has been calculated using the closing price of a Growthpoint Security of \$3.15 on that date and the closing price of a GMF Unit of \$2.35 on that date).

25. Centuria is offering 1 CMA Security and \$0.31 cash for each GMF Unit. Based on the closing price of a CMA Security of \$2.14 on the last trading day before the announcement of the Offer (being 30 June 2016).

Opportunity to gain exposure to a \$3.2 billion, more diversified and highly complementary portfolio

GMF Unitholders (other than Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders) who accept the Growthpoint Offer and receive the Mixed Consideration will have exposure to a larger portfolio with greater sector, tenant and geographic diversification with comparable portfolio attributes to the existing GMF portfolio.

Growthpoint and GMF's office portfolios are of comparable grade and quality. Growthpoint's office portfolio is comprised of 20 office assets valued at \$1.6 billion, with an average value of \$77.8 million. The average building age is 9 years and over 90% by value are classified Property Council of Australia (PCA) A grade. GMF has 6 office assets valued at \$439 million, with an average value of \$73.2 million. The average building age is 6 years and 100% are classified as PCA A grade.

In contrast, CMA has 10 office assets valued at \$333 million, with an average value of \$33.3 million. The average building age is 23 years. CMA's office assets, which have been periodically refurbished, are a mixture of smaller, lower grade office buildings relative to the Growthpoint and GMF office portfolios.

CMA's portfolio has a materially shorter WALE of 4.7 years when compared to Growthpoint and GMF with 6.2 years and 5.9 years respectively.

Expected increased distributions, enhanced growth outlook and greater earnings stability

GMF Unitholders (other than Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders) who accept the Growthpoint Offer and receive the Mixed Consideration will have the opportunity to benefit from an expected 13.7% increase in equivalent FY17 distribution per security (DPS) and an expected increased DPS growth profile.

The Merged Group would have exposure to a larger and more diversified portfolio which is expected to reduce risk associated with single asset, tenant and geographic concentration and consequently future earnings and distribution volatility.

32. On a pro forma basis, assuming the transaction had taken place on 30 June 2016 (refer to section 9.5 for more information).

33. Pro forma GMF distribution figures are based on GMF Unitholders receiving 0.3968 Growthpoint Securities per GMF Unit and reinvesting the cash component of the Growthpoint Offer of \$1.25 into Growthpoint Securities at a Growthpoint Security price of \$3.15 (representing the closing price of Growthpoint Securities as at 30 June 2016). Based on the closing price of Growthpoint Securities at 30 June 2016.

Increased scale, relevance and liquidity

Growthpoint has a market capitalisation of approximately \$1.8 billion³⁶ and is included in the S&P / ASX 200 Index.

GMF currently has a market capitalisation of approximately \$0.3 billion³⁷ and has recently been removed from the S&P / ASX 300 Index due to insufficient liquidity.

The Merged Group would have a market capitalisation of approximately \$2.0 billion³⁸, materially increasing the scale, relevance and liquidity for GMF Unitholders who receive the Mixed Consideration.

As demonstrated in Figure 1.2.7 below and its inclusion in the S&P / ASX 200 Index, Growthpoint has materially greater liquidity than CMA. GMF Unitholders who receive the Mixed Consideration would benefit from the increased liquidity afforded by the Growthpoint Offer providing a greater ability to trade securities in what is expected to be a more liquid market, in a larger and more attractive Merged Group at a time of their choosing.

37. Based on the closing price of GMF Units on 30 June 2016.

38. This market capitalisation figure is based on there being 583,125,744 Growthpoint Securities on issue as at the date of this Bidder's Statement and 44,380,760 new Growthpoint Securities being issued as a result of the Offer (assuming that Growthpoint Properties Australia Limited acquires all of the GMF Units under the Offer), and that the price of a Growthpoint Security is \$3.15.

40. Security Turnover Ratio calculated as the ADTV as a percentage of free float market capitalisation multiplied by the number of trading days in the 12 months to 1 April 2016.

Greater value certainty (including a 100% all cash alternative) and the opportunity to participate in the expected benefits of the Merged Group

Under the Mixed Consideration, GMF Unitholders will be entitled to receive approximately 50% cash consideration for their GMF Units, with the scrip component of the Mixed Consideration allowing GMF Unitholders to remain invested in a leading, internally managed A-REIT with a high quality and complementary portfolio.

Alternatively, GMF Unitholders who wish to dispose of their GMF Units for a fixed cash price for 100% of their GMF Units can receive approximately \$2.50 per GMF Unit if they elect to participate in the Cash Alternative Facility.⁴²

By way of contrast, under the Centuria Takeover Bid, GMF Unitholders will only be entitled to receive approximately 13% cash consideration for their GMF Units.

Figure 1.2.8 Growthpoint Offer consideration composition⁴³

Enhanced corporate governance, alignment of interests and no third party management fees

Growthpoint is internally managed creating complete alignment between management and its securityholders. As a result, the Growthpoint platform is scalable, with the management expense ratio⁴⁴ reducing over time as Growthpoint grows.

Under an externally managed model, the external manager typically derives fees based on the value of assets under management. Consequently, the external manager is incentivised to maximise the fees it is paid by growing assets under management, potentially to the detriment of unitholders. External management fees are generally fixed as a proportion of assets, only benefitting the external manager as the fund grows.

Under the Growthpoint Offer, GMF Unitholders who receive the Mixed Consideration would be able to participate in these economies of scale / synergies and greater management alignment through Growthpoint's internalised management structure.

Demonstrated track record of growth and outperformance

Growthpoint’s experienced board of directors and senior management team have largely remained unchanged over the last seven years. Under this leadership team, and consistent with strategy, Growthpoint has consistently grown assets under management, earnings and distributions. Growthpoint has a demonstrated history of providing superior total returns to its securityholders, taking into account the performance of the S&P / ASX 300 A-REIT Accumulation Index and broader S&P / ASX 300 Accumulation Index over the same time period.

Risk of adverse outcome for GMF Unitholders if the Growthpoint Offer is not accepted

If neither the Growthpoint Offer nor the Centuria Takeover Bid are successful, there is a risk that the GMF Unit price may fall below current trading levels and the implied value of the Growthpoint Offer.

If Growthpoint acquires more than 50% of the GMF Units but does not acquire 100% of the GMF Units, GMF Unitholders who do not accept the Growthpoint Offer will become minority unitholders and their investment in GMF may become less liquid.

50. For these purposes, the value of a Growthpoint Security has been assumed to be \$3.15, which is the closing price of a Growthpoint Security on ASX on 30 June 2016, being the last trading day before the announcement of the Offer ($\$1.25 + 0.3968 \times \$3.15 = \$2.50$). Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders who accept the Offer will not be entitled to receive Growthpoint Securities – see sections 12.7 and 13.7 for further information.

51. Centuria is offering 1 CMA Security and \$0.31 cash for each GMF Unit. Based on the closing price of a CMA Security of \$2.14 on the last trading day before the announcement of the Offer (being 30 June 2016).

52. This market capitalisation figure is based on there being 583,125,744 Growthpoint Securities on issue as at the date of this Bidder's Statement and 44,380,760 new Growthpoint Securities being issued as a result of the Offer (assuming that Growthpoint Properties Australia Limited acquires all of the GMF Units under the Offer), and that the price of a Growthpoint Security is \$3.15.

53. This market capitalisation figure is based on there being 119,407,764 CMA Securities on issue as at the date of this Bidder's Statement and 128,533,501 new CMA Securities being issued as a result of the Centuria Takeover Bid (assuming that CMA acquires all of the GMF Units under the Centuria Takeover Bid), and that the price of a CMA Security is \$2.14.

3. Information on Growthpoint

3.1 Overview of Growthpoint

The bidder under the Offer is Growthpoint Properties Australia Limited in its capacity as the responsible entity of the Growthpoint Trust.

Growthpoint comprises Growthpoint Properties Australia Limited and Growthpoint Trust and each of their Controlled Entities and Subsidiaries as at the date of this Bidder's Statement.

Growthpoint Trust is an ASX listed real estate investment trust or A-REIT that seeks to provide its securityholders with a continually growing income stream with 100% of income derived from rent of properties Growthpoint owns and manages.

Growthpoint has an internalised management structure via a stapled entity structure consisting of shares in GPAL and units in Growthpoint Trust. Growthpoint Securityholders own both the property trust (that is, Growthpoint Trust) and the manager/responsible entity of the property trust (that is, GPAL). There are no fees payable to third-party or external managers for operating the business and, accordingly, no conflicts of interest between Growthpoint Securityholders and the manager/responsible entity.

Growthpoint has a mandate to invest in Australian commercial property in the industrial, office and retail sectors, and it invests in quality investment properties in prime business locations in Australia for rental income that grows over time. It typically acquires modern, well-located properties leased to quality tenants and holds these assets for the medium-long term.

Since its restructure and management internalisation in 2009, Growthpoint has:

- acquired approximately \$1.8 billion of commercial real estate;
- had the same executive management team in place; and
- provided continually growing distributions over each six month period, as well as 3.7% per annum growth over the five years to 30 June 2016⁵⁶.

Over the five years ended 31 December 2015, Growthpoint:

- achieved an 18.1% per annum total securityholder return, outperforming the S&P/ASX 300 Property Accumulation Index's 15.3% return⁵⁷;
- achieved a 74.1% return on equity⁵⁸; and
- recorded a 59.6% increase in its security price.

Growthpoint has:

- a portfolio of 57 properties, geographically diversified within Australia, with a value of \$2,611.5 million⁵⁹ (book value as at 31 March 2016). In addition, Growthpoint regularly considers opportunities to acquire new properties which fulfil its investment criteria;
- property assets located in each of Australia's States and the Australian Capital Territory, in proximity to key infrastructure, particularly the respective CBDs, ports, airports and/or major arterial road networks;

- a pure Australian property investment focus, with no offshore assets;
- a weighted average lease expiry of approximately 6.4 years (as at 31 March 2016);
- quality tenants, including Woolworths (22% of passing rental income), NSW Police (10%), Commonwealth of Australia (6%), GE Capital Finance Australasia (6%) and Linfox (4%),⁶⁰
- 98.7% occupancy across its property portfolio (as at 31 March 2016); and
- total current debt facilities of \$1.38 billion, with \$1.06 billion drawn down, average debt maturity of 4.5 years and 76% of debt fixed (with 6.0 years average maturity on fixed rate debt) (as at 31 March 2016).

Growthpoint's strategy consists of:

- paying out as much of its distributable income as is considered prudent with the aim of providing continually growing distributions to Growthpoint Securityholders;
- being a "pure" landlord with no funds management, development or lending operations;
- holding 100% of its property portfolio in domestic property assets, in the industrial, office and retail sectors;
- investing in modern, high-quality and well leased properties with stable tenants to achieve growing distributions and a high payout ratio; and
- having internalised management through a stapled entity structure, ensuring an alignment of interests between management and security holders and achieving lower operating costs (when compared with other management structures).

Information about the Merged Group is set out in section 9 of this Bidder's Statement.

3.3 History, structure and ownership**(a) History**

Growthpoint was formed in August 2009, when Growthpoint SA restructured and recapitalised what was then an externally managed ASX-listed property trust, known as "Orchard Industrial Property Fund". As part of the restructure, Orchard Industrial Property Fund internalised its management, broadened its investment policy mandate from just industrial real estate assets only to include office and retail real estate and was renamed Growthpoint Properties Australia. Growthpoint SA became a significant cornerstone securityholder in the group and three of its directors joined the GPAL Board.

Since the restructure and recapitalisation in 2009, Growthpoint has increased its asset base, diversified its investments to include office assets and increased earnings and distributions per security. Its portfolio has grown from \$650 million of industrial property at the time of the restructure and recapitalisation to a portfolio comprising \$1.4 billion of office and \$1.2 billion of industrial property in every Australian State and in the Australian Capital Territory as at 31 December 2015.

(b) Structure

Growthpoint is a stapled entity structure with internalised management. This means that Growthpoint Securityholders have ownership of the responsible entity of Growthpoint Trust, being Growthpoint Properties Australia Limited, as well as being unitholders in Growthpoint Trust which holds all of Growthpoint's properties.

(c) Ownership

The Growthpoint Securities are listed on the ASX and trade under the code "GOZ".

Growthpoint SA is the majority security holder in Growthpoint. As at the date of this Bidder's Statement, Growthpoint SA, had a Relevant Interest in approximately 65.47% of the Growthpoint Securities.

Growthpoint SA is an internally-managed property investment group, incorporated and registered as a public company and listed on the Johannesburg Securities Exchange Limited (**JSE**). Growthpoint SA is included in the FTSE/JSE Top 40 index (**ALSI 40 Index**), the Morgan Stanley Capital International (**MSCI**) Emerging Markets Core REIT Index, the FTSE EPRA/NAREIT Emerging Index, the JSE SRI (Socially Responsible Investment) Index and the Dow Jones Sustainability Index. Growthpoint SA is the largest listed property group on the JSE and has gross assets of \$9.6 billion (as at 31 December 2015) and a market capitalisation of approximately \$6.4 billion (as at the Last Practical Date).

According to public filings, as at the Last Practical Date, Growthpoint SA's largest securityholder held an interest in approximately 13.1% of the securities in Growthpoint SA. As a publicly traded company, Growthpoint SA's investors comprise a wide variety of institutions and individuals. So far as the Growthpoint Properties Australia Limited Directors are aware, no organisation or individual exercises control over Growthpoint SA. Further information on Growthpoint SA can be found at www.growthpoint.co.za.

Details of the substantial holders of Growthpoint Securities are set out in section 4.6 of this Bidder's Statement.

3.4 Principal activities of Growthpoint

Growthpoint invests in quality investment properties in prime business locations in Australia for rental income that grows over time.

All of Growthpoint's investment properties are located in Australia.

Growthpoint does not have a funds management business, nor does it intend to become a fund manager. Growthpoint intends only to manage properties that Growthpoint Securityholders own through their holding of Growthpoint Securities and, accordingly, Growthpoint's income is, and is intended to continue to be, derived solely from rental income rather than funds/asset management fees. The only circumstance in which Growthpoint Properties Australia Limited presently envisages that this may change is if, as a result of the Takeover Bid, it acquires control of GMF but does not become entitled to compulsorily acquire any outstanding GMF Units under Part 6A.1 of the Corporations Act – see section 8.3.

Growthpoint does not operate a property development business. It may purchase a property to be developed, fund construction of a development, or enter a joint venture where Growthpoint becomes the ultimate owner of the property on completion but only where material leases are in place. Growthpoint has no intention of undertaking speculative developments or developing properties for the purpose of selling them to third parties.

A summary of Growthpoint's property portfolio is included in Attachment 4.

The main rights and liabilities attaching to the GPAL Shares are summarised below.

(1) Voting

At a general meeting, every member present in person or by proxy, attorney or representative has one vote on a show of hands (unless a member has appointed two or more proxies) and one vote on a poll for each fully paid GPAL Share held (with adjusted voting rights for partly paid shares). Where there are two or more joint holders of a GPAL Share and more than one joint

holder tenders a vote, the vote of the holder named first in the register who tenders the vote will be accepted to the exclusion of the votes of the other joint holders. Voting at any meeting of members is by a show of hands unless a poll is demanded. A poll may be demanded by at least five members entitled to vote on the resolution, members with at least 5% per cent of the votes that may be cast on the resolution on the poll or the chairperson. If votes are equal on a proposed resolution, the chairperson has a casting vote on a show of hands or on a poll.

(2) Dividends

The profits of GPAL, which the GPAL Directors may from time to time determine to distribute by way of dividend, are divisible among the members in proportion to the number of GPAL Shares held by them (with adjusted rights for partly paid shares).

(3) Issue of further GPAL Shares

The GPAL Directors may (subject to the restrictions on the issue of shares imposed by the GPAL Constitution, the Corporations Act and the Listing Rules) issue, grant options in respect of, or otherwise dispose of further GPAL Shares on terms and conditions (including preferential, deferred or special rights, privileges or conditions, or restrictions) as they see fit.

(4) Variation of class rights

The rights attached to a class of shares may (unless their terms of issue state otherwise) be varied with the consent in writing of the holders of at least three quarters of the issued shares in the class or the sanction of a special resolution passed at a separate meeting of the holders of shares in the class. The rights conferred on the holders of shares in a particular class are not varied by the issue of further shares in the same class.

(5) Transfer of GPAL Shares

GPAL Shareholders may transfer GPAL Shares by a written transfer instrument in any usual form or other form approved by the GPAL Directors or by a proper transfer. However, the GPAL Directors can refuse to register a transfer in certain limited circumstances. All transfers must comply with the GPAL Constitution and the Corporations Act.

(6) General meeting and notices

Each member is entitled to receive notice of, attend and vote at general meetings of GPAL and to receive all notices, accounts and other documents required to be sent to members under the GPAL Constitution or the Corporations Act.

(7) Winding-up

Subject to the GPAL Constitution and the rights or restrictions attaching to any share, class or classes of shares, members will be entitled on a winding-up to a share in any surplus assets of GPAL and all or any part of GPAL's property in proportion to the shares held by them.

(8) Capitalising profits

Subject to the Listing Rules, the GPAL Constitution, any rights or restrictions attached to any shares or class of shares and any special resolution of GPAL, the GPAL Directors may capitalise and distribute profits or other amounts available for distribution among those members who would be entitled to receive dividends and in the same proportions.

(9) Alteration of share capital

Subject to the Corporations Act and GPAL Constitution, GPAL may alter its share capital.

(10) Preference shares

GPAL may issue preference shares including preference shares which are liable to be redeemed or convertible to ordinary shares. The rights attaching to preference shares are those set out in GPAL Constitution unless other rights have been approved by special resolution of GPAL.

(11) Officers' indemnity

GPAL, to the extent permitted by law, indemnifies each officer of GPAL on a full indemnity basis against any losses, liability, costs, charges and expenses incurred by that person as an officer of GPAL or a related body corporate of GPAL.

GPAL, to the extent permitted by law, may insure a director, company secretary, or any other officer of GPAL or its subsidiaries against a liability incurred by such person in the person's relevant capacity, in the course of acting in connection with the affairs of GPAL or a subsidiary or arising out of the person holding office, unless the liability arises out of conduct involving wilful breach of duty in relation to GPAL or a contravention of the Act.

GPAL may also insure such person for costs and expenses incurred by that person in defending or resisting proceedings whatever the outcome.

(12) Amendment

The GPAL Constitution may be amended only by a special resolution passed by at least three quarters of the votes cast by members present and entitled to vote on the resolution. At least 28 days written notice specifying the intention to propose the resolution must be given.

(13) Proportional Takeover Provisions

Proportional takeover provisions were adopted by holders of Growthpoint Securities at the 2012 Annual General Meeting and renewed at the 2015 Annual General Meeting. The provisions prohibit the registration of transfers GPAL Shares acquired under a proportional takeover bid unless a resolution is passed by securityholders approving the bid. The provisions cease to have effect on the third anniversary of their adoption or last renewal unless renewed.

(c) Growthpoint Units

Growthpoint Trust is governed by the Growthpoint Trust Constitution and has been registered as a managed investment scheme. As such, the rights and liabilities attaching to the Growthpoint Units which will be issued as part of the consideration of the Offer are set out in the Growthpoint Trust Constitution and in the Corporations Act. A full copy of the Growthpoint Trust Constitution is available at www.growthpoint.com.au.

The main rights and liabilities attaching to the Growthpoint Units are summarised below.

(1) Growthpoint Unitholders' rights and obligations

The beneficial interest in the Growthpoint Trust is divided into Growthpoint Units. Subject to the terms of issue, every Growthpoint Unit confers an equal and undivided interest in the Growthpoint Trust's assets as a whole, subject to the liabilities of the Growthpoint Trust, but it does not confer an interest in any particular asset.

(2) Growthpoint Units

Growthpoint Properties Australia Limited can issue Growthpoint Units in accordance with the Growthpoint Trust Constitution. Growthpoint Properties Australia Limited may in its absolute discretion accept or refuse, in whole or in part, any application for

Growthpoint Units. Growthpoint Properties Australia Limited may also, at any time, issue Growthpoint Units in two or more classes and may convert any class of Growthpoint Units to another class.

Growthpoint Properties Australia Limited may also offer Growthpoint Units as partly paid Growthpoint Units. While Growthpoint Units are partly paid the Growthpoint Unitholder has an obligation to pay the unpaid amount. Growthpoint Properties Australia Limited also has the power to issue options in respect of the Growthpoint Units.

As required by the Corporations Act, the Growthpoint Trust Constitution contains provisions for calculating the issue price of Growthpoint Units.

(3) Transfers

Growthpoint Units may be transferred in a form approved by Growthpoint Properties Australia Limited. While the Growthpoint Trust is listed, all such transfers must be effected in accordance with the Listing Rules. Restricted securities (as defined in the Listing Rules), however, may not be transferred during any applicable escrow period referred to in the Listing Rules, except as permitted by the Listing Rules or the ASX.

(4) No redemption

A Growthpoint Unitholder cannot redeem Growthpoint Units while the Growthpoint Trust is listed.

(5) Income

Growthpoint Properties Australia Limited will determine the distributable income of the Growthpoint Trust for each financial year. If Growthpoint Properties Australia Limited does not make a determination prior to the end of a financial year then the distributable income for that financial year is the net income for the financial year determined in accordance with income tax legislation. On and from the last day of each financial year, or such other date designated by Growthpoint Properties Australia Limited, Growthpoint Unitholders are entitled to a share in the Growthpoint Trust's income based on the number of Growthpoint Units held. The Growthpoint Trust Constitution provides that, if Growthpoint Properties Australia Limited approves, Growthpoint Unitholders may choose to reinvest some or all of the distribution acquiring more Growthpoint Units in the Growthpoint Trust. Growthpoint Properties Australia Limited may also determine at any time that capital or income is to be distributed to Growthpoint Unitholders by way of cash or additional Growthpoint Units. Growthpoint Properties Australia Limited may deduct from any amounts payable to a Growthpoint Unitholder any tax that is payable by Growthpoint Properties Australia Limited in respect of the Growthpoint Unitholder.

(6) Meetings

Growthpoint Properties Australia Limited may call a meeting of the Growthpoint Unitholders at any time, and must do so if required by the Corporations Act. The provisions of the Corporations Act apply to determine the requirements and circumstances for a meeting requested by Growthpoint Unitholders.

(7) Liability of Growthpoint Unitholders

The Growthpoint Trust Constitution states that the liability of Growthpoint Unitholders is limited to the Growthpoint Units and the assets of the Growthpoint Trust.

This provision seeks to ensure that if the issue price, including any calls on partly paid Growthpoint Units, has been fully paid, no Growthpoint Unitholder will be personally liable to indemnify Growthpoint Properties Australia Limited or any creditor of Growthpoint Properties Australia Limited in the event that the

liabilities of the Growthpoint Trust exceed its assets. However, the ultimate liability of unitholders in unit trusts has not been finally determined by the courts.

(8) Growthpoint Properties Australia Limited's powers and duties

Growthpoint Properties Australia Limited holds the Growthpoint Trust's assets on trust.

Growthpoint Properties Australia Limited's powers include the power to: acquire and invest in assets or real or personal property; manage, administer, dispose or otherwise deal with the Growthpoint Trust's assets; act as underwriter for the offer of any securities or other interests in the Growthpoint Trust; grant security, borrow or raise money, enter into derivative and currency swap arrangements, and incur all other types of obligations and liabilities including giving a guarantee or indemnity and securing such guarantee or indemnity by charging or mortgaging the whole or part of the Growthpoint Trust's assets.

Growthpoint Properties Australia Limited may authorise any person to act as its agent or delegate to hold title to any asset of the Growthpoint Trust or perform any act or exercise any discretion with its powers.

(9) Interested dealings

Subject to the Corporations Act, Growthpoint Properties Australia Limited or any of its Associates may:

- be interested in any contract or transaction with Growthpoint Properties Australia Limited (as responsible entity of the Growthpoint Trust or in another capacity) or any Growthpoint Unitholder including in relation to the sale or purchase of property by the Growthpoint Trust;
- act in the same or similar capacity in relation to any other managed investment scheme;
- hold Growthpoint Units in the Growthpoint Trust in any capacity;
- hold or deal in or have any other interest in the Growthpoint Trust's assets; and
- act in any capacity as a representative, delegate or agent of a Growthpoint Unitholder.

(10) Valuation of Assets

Growthpoint Properties Australia Limited may at any time cause the valuation of any asset of the Growthpoint Trust, and must do so when required by the Corporations Act. Growthpoint Properties Australia Limited may determine net asset value of the Growthpoint Trust at any time. The value of an asset for the purposes of calculating net asset value will be its historical cost unless Growthpoint Properties Australia Limited determines otherwise.

(11) Responsible Entity's limitation of liability

Subject to the extent that the Corporations Act imposes liability, GPAL is not liable for any loss suffered by Growthpoint Unitholders in respect of the Growthpoint Trust and is not liable to any person who is not a Growthpoint Unitholder to any extent beyond the assets of the Growthpoint Trust. Nothing in the Growthpoint Trust Constitution limits the liability of GPAL for negligence, deceit, breach of duty or breach of trust.

(12) Responsible Entity's indemnities

GPAL has a right of indemnity out of the assets of the Growthpoint Trust in respect of any liability incurred by GPAL in the performance of its duties in respect of the Growthpoint Trust, or any fees payable to and costs recoverable by GPAL under the Growthpoint Trust Constitution unless there has been any

negligence, deceit, breach of duty, fraud or breach of trust on the part of GPAL.

(13) Remuneration and recovery of expenses

Growthpoint Properties Australia Limited can charge certain fees as set out in the Growthpoint Trust Constitution. In addition to these fees, and any other right of indemnity under the Growthpoint Trust Constitution or the law, GPAL is indemnified and entitled to be reimbursed out of the assets of the Growthpoint Trust for all expenses properly incurred in connection with the establishment, administration, management or winding up of the Growthpoint Trust or in performing its obligations under the Growthpoint Trust Constitution. GPAL currently charges the Growthpoint Trust for all of its costs in managing this trust plus 2.5%. It should be noted that, as a stapled group with internalised management, Growthpoint Securityholders ultimately benefit from any income earned by GPAL.

(14) Rights on winding up

On a winding up, subject to the Growthpoint Trust Constitution, Growthpoint Properties Australia Limited must convert the assets of Growthpoint Trust to money, deduct all proper costs and then divide the balance amongst the Growthpoint Unitholders according to the beneficial interest of each Growthpoint Unitholder in the Growthpoint Trust. Growthpoint Properties Australia Limited may make interim distributions of income or capital during the winding up process as it sees fit.

4.5 Growthpoint Security Plans: Long Term Incentive Plan

(a) The Long Term Incentive Plan

Growthpoint operates a Long Term Incentive (LTI) plan as part of its remuneration program for its employees and the Managing Director. The key features of the LTI plan are summarised below.

(b) LTI Maximum and LTI Minimum

In advance of each financial year, the Growthpoint Properties Australia Limited Board and/or the Nomination, Remuneration and HR Committee will establish an LTI pool in respect of the upcoming financial year and determine the maximum incentive which can be achieved by each employee (**LTI Maximum**). Under the terms of his employment contract, the Managing Director's LTI Maximum is 80% of his total fixed remuneration (**TFR**). Other employees currently have LTI Maximums of 20%, 30% or 60% of their respective TFR.

There is no minimum grant under the LTI. Accordingly, if minimum performance measures are not achieved, no grant will be made under the LTI.

(c) LTI Achievement

In early October of each year, the Nomination, Remuneration & HR Committee assesses the achievement of certain performance measures to determine a percentage achieved for the previous financial year (**LTI Achievement**).

(d) LTI Awards

The LTI Maximum multiplied by the LTI Achievement provides the "LTI Award" for each employee for the relevant financial year.

For FY14 LTIs and beyond, the LTI Award is translated into an equivalent value of Growthpoint Securities through dividing the LTI Award by the VWAP of the securities over the 20 trading days prior to 30 September following the financial year to which the LTI

relates. This gives a total number of securities to be issued to each employee for each subsequent vesting.

25% of the securities to be issued to each employee based on the LTI Award are issued to each employee in October or November of each of the following four years. Each such vesting is subject to the employee remaining employed by Growthpoint at the relevant date subject to certain contractual exceptions.

As each grant in respect of FY14 and beyond is on the basis of a fixed number of securities rather than a fixed value, employees are exposed to variations in Growthpoint security price for securities which are yet to vest (as well as for any securities they already hold).

For LTIs prior to FY14, 25% of the LTI Award is translated into an equivalent value in Growthpoint Securities by dividing the LTI Award by the VWAP of the securities over the 20 trading days prior to 30 September of each year of vesting. This calculation is undertaken in respect of each issue so the value of each vesting remains constant for each employee but the number of securities changes according to changes in the security price.

The LTI is cumulative, meaning that employees can receive up to four issues of securities in a particular year in respect of four prior financial years. Subject to some exceptions, securities immediately vest in the case of a takeover of Growthpoint or an employee being made redundant.

(e) Hedging of issues by employees

Under the "Securities Trading Policy", persons eligible to be granted Growthpoint Securities as part of their remuneration are prohibited from entering a transaction if the transaction effectively operates to hedge or limit the economic risk of securities allocated under the incentive plan during the period those securities remain unvested or subject to restrictions under the terms of the plan.

As at the date of the Offer:

(b) Dealings in GMF Units

Neither Growthpoint Properties Australia Limited nor any Associate of Growthpoint Properties Australia Limited has provided, or agreed to provide, consideration for GMF Units under any purchase agreement during the 4 months before the date of this Bidder's Statement, except as described below:

Registered Holder	Date of purchase	Type of purchase	Number of GMF Units purchased	Purchase price per GMF Unit	Total purchase price
Growthpoint Properties Australia Limited	1 July 2016	Off-market purchase	16,686,827	\$2.45	\$40,882,726.15

All of the above GMF Units were acquired from GPT RE under the terms of a Unit Sale Deed entered into between Growthpoint Properties Australia Limited and GPT RE dated 1 July 2016. A copy of this Unit Sale Deed is attached to Growthpoint Properties Australia Limited's Form 603 which is available on the ASX website (www.asx.com.au).

Neither Growthpoint Properties Australia Limited nor any Associate of Growthpoint Properties Australia Limited has provided, or agreed to provide, consideration for GMF Units under any purchase agreement during the period starting on the date of this Bidder's Statement and ending on the date immediately before the date of the Offer.

(c) Valuation of GMF Units for the purposes of the minimum bid price rule

Growthpoint Properties Australia Limited may rely on the provisions of *ASIC Corporations (Minimum Bid Price) Instrument 2015/1068 (ASIC Instrument)* as a result of the acquisition of GMF Units referred to in section 5.7(b). The ASIC Instrument provides relief from the requirement in section 621(3) of the Corporations Act and allows a bidder up to five business days before the date of the offer to value quoted securities that it is offering as part of its bid consideration, for the purpose of determining whether the value of its bid consideration at least equals the maximum value of consideration paid by the bidder for bid class securities in the four months prior to the date of the offer.

Relying on that relief, Growthpoint Properties Australia Limited may value Growthpoint Securities to be provided under the Offer at any date nominated by Growthpoint Properties Australia Limited (**Valuation Date**) up to five business days before the date of the Offer. The valuation is determined by calculating the VWAP of Growthpoint Securities in the ordinary course of trading on ASX during two full trading days before the Valuation Date.

Under section 621(4A) of the Corporations Act (as inserted in the Corporations Act by the ASIC Instrument) the following information is provided:

- valuation of Growthpoint Securities under section 621(4A): \$3.2054 per Growthpoint Security;
- Valuation Date: 13 July 2016; and
- trading days on which valuation is based: 11 July 2016 and 12 July 2016.

The value of the consideration under the Offer per Growthpoint Security for the purposes of section 621(3) of the Corporations Act using this valuation is therefore \$2.5219 (being (i) 0.3968 multiplied by \$3.2054 plus (ii) the cash component of the Offer Consideration of 1.25).

This value exceeds the maximum value of consideration paid by Growthpoint Properties Australia Limited for Growthpoint Securities in the four months prior to the date of the Offer, described in section 5.7(b).

The price of Growthpoint Securities can fall as well as rise and may be subject to varied and unpredictable influences. Accordingly there is no guarantee that a Growthpoint Security will continue to have a value equal to or above \$3.2054. The highest and lowest closing prices of Growthpoint Securities on the ASX in the four months before the Valuation Date were \$3.39 and \$3.08 respectively.

6. Cash Alternative Facility

6.1 Cash Alternative Facility

Instead of receiving 0.3968 Growthpoint Securities and \$1.25 cash for each of their GMF Units (ie the Mixed Consideration), GMF Unitholders can elect to receive an all cash alternative for each of their GMF Units (**Cash Alternative**) by participating in the cash alternative facility (**Cash Alternative Facility**), which facility is being made available by Growthpoint Properties Australia Limited and Growthpoint SA.

Under the Cash Alternative Facility, Growthpoint SA is offering to acquire all the Growthpoint Securities that would otherwise be issued to GMF Unitholders under the Offer at a price of \$3.15 per Growthpoint Security.⁶² This cash amount is being funded by Growthpoint SA, rather than Growthpoint Properties Australia Limited.

This means that any GMF Unitholder who participates in the Cash Alternative Facility will receive approximately \$2.50 cash for each of their GMF Units.⁶³

GMF Unitholders may only participate in the Cash Alternative Facility in respect of all (and not in respect of some only) of the Growthpoint Securities that would otherwise have been issued to them under the Offer.

Cash Alternative Facility – worked example (for illustrative purposes only)

If you hold 1,000 GMF Units and you elect to participate in the Cash Alternative Facility, you will be entitled to receive a total cash amount of \$2,497.40 for your GMF Units. This is calculated as set out below.

Under the Offer, you are entitled to receive the following Mixed Consideration:

(a) $1,000 \text{ GMF Units} \times \$1.25 = \$1,250.00 \text{ cash; plus}$

(b) $1,000 \text{ GMF Units} \times 0.3968 \text{ Growthpoint Securities} = 396 \text{ Growthpoint Securities.}^{64}$

By electing to participate in the Cash Alternative Facility, the Growthpoint Securities that you would have otherwise received under the Offer will be acquired for a cash payment from Growthpoint SA for \$3.15 per Growthpoint Security.⁶⁵ This means that the total cash amount you will be entitled to receive for these Growthpoint Securities is:

$396 \text{ Growthpoint Securities} \times \$3.15 \text{ cash} = \$1,247.40 \text{ cash.}^{66}$

Accordingly, the total amount you will be entitled to receive by electing to participate in the Cash Alternative Facility is \$2,497.40 cash (being \$1,250.00 + \$1,247.40), which equates to approximately \$2.50 cash for each of your GMF Units.

Further details on the operation of the Cash Alternative Facility are set out below.

Participation in the Cash Alternative Facility is entirely voluntary. GMF Unitholders (other than Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders) who accept the Offer, and who do not wish to participate in the Cash Alternative Facility, will receive the Mixed Consideration. GMF Unitholders who receive the Mixed Consideration should note that they may be able to sell the Growthpoint Securities that they receive under the Offer, on the ASX, at a price higher or lower than \$3.15 per Growthpoint Security (being the price at which Growthpoint SA is offering to acquire the Growthpoint Securities under the Cash Alternative Facility). Up-to-date information on the market price of a Growthpoint Security can be obtained from the ASX website (www.asx.com.au).

GMF Unitholders who participate in the Cash Alternative Facility will not pay any fees or expenses to Growthpoint SA, Growthpoint Properties Australia Limited or the Cash Alternative Custodian for participating in the Cash Alternative Facility.

6.2 Operation of the Cash Alternative Facility

(a) If you wish to elect to receive the Cash Alternative, you must:

- (1) for GMF Units held in your name on GMF's issuer sponsored sub-register (in which case your Securityholder Reference Number will commence with 'I'), mark the relevant box on the Acceptance Form indicating that you would like to participate in the Cash Alternative Facility; and
- (2) for GMF Units held in your name in a CHESS Holding (in which case your Holder Identification Number will commence with 'X'), either:
 - (A) if you accept the Offer by returning an Acceptance Form, mark the relevant box on the Acceptance Form indicating that you would like to participate in the Cash Alternative Facility; or
 - (B) instruct your Controlling Participant (usually your stockbroker) in sufficient time for them to initiate acceptance of the Offer on your behalf in accordance with Rule 14.14 of the ASX Settlement Operating Rules, then before the end of the Offer Period,

(such election being a **Cash Alternative Election**).

(b) If you make a valid Cash Alternative Election, you will be paid the cash amount due to you:

- (1) at or about the same time as Growthpoint Properties Australia Limited would be required to pay you in accordance with section 13.6 of this Bidder's Statement and, in any event, by no later than the deadline under section 620 of the Corporations Act by which Growthpoint

62. This price equates to the closing price of Growthpoint Securities on 30 June 2016 (being the last trading day before the date on which the Offer was announced).

63. This price equates to the cash consideration received under the Offer of \$1.25 per GMF Unit plus the value of 0.3968 GOZ Securities acquired by Growthpoint SA at a price of \$3.15 ($\$1.25 + (0.3968 \times \$3.15) = \2.50).

64. As noted in section 13.1(b), if you are entitled to a fraction of a Growthpoint Security under the Offer, that fraction will be rounded down to the next whole number of Growthpoint Securities. This rounding down will occur before your cash entitlement under the Cash Alternative Facility is calculated.

65. This price equates to the closing price of Growthpoint Securities on 30 June 2016 (being the last trading day before the date on which the Offer was announced).

66. All fractional entitlements to a cent arising under the Cash Alternative Election will be rounded down to the nearest cent.

Properties Australia Limited must pay GMF Unitholders who accept the Offer; and

- (2) by cheque in Australian currency. Cheques will be posted to you at your risk by ordinary mail to either (at the discretion of Growthpoint SA in consultation with Growthpoint Properties Australia Limited):
 - (A) the address as shown on your Acceptance Form; or
 - (B) the address as shown on the latest version of GMF's register of unitholders as requested and obtained by Growthpoint Properties Australia Limited.
- (c) Despite anything to the contrary in section 13, if you make a valid Cash Alternative Election, you will be deemed to have directed Growthpoint Properties Australia Limited to issue, to the Cash Alternative Custodian, the number of Growthpoint Securities that would otherwise have been issued to you under the terms of the Offer.
- (d) Once made, your Cash Alternative Election is irrevocable (unless Growthpoint SA and Growthpoint Properties Australia Limited decide otherwise in their absolute discretion).
- (e) Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders are not eligible to make a Cash Alternative Election.
- (f) GMF Unitholders will not be able to participate in the Cash Alternative Facility in respect of any GMF Units that are compulsorily acquired under Part 6A.1 of the Corporations Act.
- (g) Growthpoint Properties Australia Limited will determine, in its sole discretion, all questions as to whether a valid Cash Alternative Election has been made. The determination of Growthpoint Properties Australia Limited will be final and binding on all parties.
- (h) All fractional entitlements to a cent arising under the Cash Alternative Election will be rounded down to the nearest cent.
- (i) Growthpoint SA has irrevocably undertaken to Growthpoint Properties Australia Limited that, upon request by Growthpoint Properties Australia Limited, it will pay, in immediately available funds, to Growthpoint Properties Australia Limited (or as directed by Growthpoint Properties Australia Limited) any cash amounts due to GMF Unitholders who make valid Cash Alternative Elections.

6.3 Ability of existing Growthpoint Securityholders to acquire additional Growthpoint Securities

Growthpoint Properties Australia Limited and Growthpoint SA have appointed a custodian (One Managed Investment Funds Limited ABN 47 117 400 987) (the **Cash Alternative Custodian**) to hold the new Growthpoint Securities that would otherwise be issued to the GMF Unitholders who accept the Offer and who make a valid Cash Alternative Election (such securities, the **Cashout Securities**).

Growthpoint SA and all other Growthpoint Securityholders as at 30 June 2016 (**Relevant Record Date**) (being the last trading day before the Offer was announced) whose address as shown in the register of securityholders of Growthpoint as being in Australia or New Zealand (**Eligible Growthpoint Securityholders**), will have the opportunity to acquire Cashout Securities under a facility that will be operated by Growthpoint Properties Australia Limited and Growthpoint SA after the end of the Offer Period (**Minority Facility**). Growthpoint Securityholders (other than Growthpoint SA) whose address as shown in the register of securityholders of

Growthpoint is in a jurisdiction other than Australia or New Zealand will not be eligible to participate in the Minority Facility, unless Growthpoint Properties Australia Limited otherwise determines (in its absolute discretion).

A summary of how the Minority Facility will operate appears below. Full details will be provided to the ASX and Growthpoint Securityholders in due course.

The acquisition price payable by Eligible Growthpoint Securityholders per Growthpoint Security under the Minority Facility (the **Minority Facility Price**), will be based on the \$3.15 that GMF Unitholders were paid by Growthpoint SA for their Cashout Securities under the Cash Alternative Facility – that price will be adjusted to take into account the economic effect of any distributions paid by Growthpoint Properties Australia Limited on the Cashout Securities. If Growthpoint Properties Australia Limited pays any distributions in respect of the Cashout Securities before the Cashout Securities are transferred to, and registered in the name of, the Minority Securityholders (as defined below) who elect to participate in the Minority Facility, Growthpoint SA is entitled to the benefit of those distributions.

Eligible Growthpoint Securityholders, other than Growthpoint SA, (**Minority Securityholders**) will be entitled to acquire in aggregate up to 34.53% of the Cashout Securities (this reflects the Minority Securityholders' aggregate interest in Growthpoint on the Relevant Record Date).

Growthpoint SA will be entitled to the remaining 65.47% of the Cashout Securities (this reflects Growthpoint SA's aggregate interest in Growthpoint on the Relevant Record Date), plus any Growthpoint Securities that Minority Securityholders do not take up under the Minority Facility.

After the close of the Offer Period, each Minority Securityholder will be sent an application form, together with a document explaining the operation of the Minority Facility inviting them to participate in the Minority Facility. That document will set out, among other things, the Minority Facility Price. Minority Securityholders will have 14 days to indicate whether they want to participate in the Minority Facility and, if so, must provide funds equal to the number of Cashout Securities that the Minority Securityholder wishes to acquire (which could be any number of Cashout Securities up to 34.53% in aggregate of the Cashout Securities) multiplied by the Minority Facility Price.

Following the last date by which Minority Securityholders must indicate whether they want to participate in the Minority Facility, the Cash Alternative Custodian will:

- sell the number of Cashout Securities that Minority Securityholders elected to acquire under the Minority Facility to those Minority Securityholders. Minority Securityholders' entitlement to Cashout Securities will only be subject to a scale back (with such scale back based on the Minority Securityholders' proportionate securityholdings as at the Relevant Record Date – whether or not those proportional securityholdings have changed since the Relevant Record Date) if the Minority Securityholders wanted to acquire more than 34.53% in aggregate of the Cashout Securities;
- in the event of any scale back, return any surplus funds to Minority Securityholders (as required); and
- transfer the funds paid by the Minority Securityholders for the Cashout Securities that they have acquired under the Minority Facility to Growthpoint SA.

Finally, it is noted that a holder of Growthpoint Securities may be able to sell or dispose of Growthpoint Securities on the ASX at a price higher or lower than the price they would receive if they were to sell or dispose of their Growthpoint Securities through the Cash Alternative Facility or Minority Facility.

7. Sources of consideration

7.1 Total consideration

The consideration for the acquisition of the GMF Units to which the Offer relates will be satisfied partly by the issue of Growthpoint Securities and partly by the payment of cash.

If acceptances are received for all GMF Units on issue as at the date of this Bidder's Statement (other than those GMF Units in which Growthpoint Properties Australia Limited has a relevant interest):

- the maximum amount of cash that Growthpoint Properties Australia Limited would be required to pay under the Offer would be \$139,808,342.50; and
- a maximum of 44,380,760 Growthpoint Securities would have to be issued under the Offer.

7.2 Sources of cash consideration for the GMF Units

The cash component of the consideration payable under the Offer will be sourced from headroom available in existing debt facilities of Growthpoint and the proceeds of the sale of the industrial portfolio that is proposed to be sold (see section 9.3(e)(7)).

Growthpoint has debt sourced from all four major Australian banks in five tranches, together with cash advance and loan note facilities with four separate lenders. As at the date of this Bidder's Statement, Growthpoint had approximately \$126.7 million in undrawn funds available.

The facilities that Growthpoint proposes to utilise to satisfy the cash payable under the Offer will be available for the entire Offer Period and for so long as Growthpoint Properties Australia Limited has obligations in terms of the compulsory acquisition of any remaining GMF Units. The conditions precedent to draw down under these facilities are customary for facilities of this nature and include the satisfaction of hedging, loan to value, security coverage and interest cover covenants (post acquisition) and the provision to Growthpoint Properties Australia Limited's current financiers of any other document, authorisation, opinion or assurance they may require (acting reasonably) in relation to the Offer. Growthpoint Properties Australia Limited has no reason to believe that these conditions precedent will not be satisfied.

The aggregate of the amount undrawn under these facilities and the expected net proceeds of the sale of the industrial portfolio exceeds the maximum cash amount payable under the Offer, together with transaction costs.

In the event of unexpected delays in the sale or settlement of the industrial portfolio that is proposed to be sold (see section 9.3(e)(7)), Growthpoint Properties Australia Limited may require access to new debt facilities to fund the payment of the cash component of the consideration. Growthpoint has a Credit Approved Terms Sheet from one of its existing Australian bank lenders for a new \$150 million facility. The terms of this facility (except for pricing and maturity) would be governed by the existing Common Terms Deed that applies to Growthpoint's existing debt facilities described above. The all-in cost of this new facility would be 1.05% above BBSY with a maturity of 31 September 2017.

Once entered into, subject to the fulfilment of the customary conditions precedent to the making available or drawdown (which

conditions are essentially the same as for the facilities referred to above) of the funds under this new facility, the facility would be available for the entire Offer Period and for so long as Growthpoint Properties Australia Limited has obligations in terms of the compulsory acquisition of any remaining GMF Units.

The aggregate amount undrawn under Growthpoint's existing debt facilities and the amount available under the new facility, if entered into, will exceed the maximum cash amount payable under the Offer, together with transaction costs.

7.3 Issue of Growthpoint Securities

Growthpoint Properties Australia Limited and GPAL have the capacity to issue or procure the issue of the maximum number of Growthpoint Securities which Growthpoint Properties Australia Limited may be required to issue under the Offer. GPAL has confirmed to Growthpoint Properties Australia Limited that it will issue or procure the issue of all the fully paid ordinary shares in GPAL that Growthpoint Properties Australia Limited may be required to issue under the Offer.

7.4 Sources of cash consideration for the Cash Alternative Facility

Growthpoint SA has irrevocably undertaken to Growthpoint Properties Australia Limited that, upon request by Growthpoint Properties Australia Limited, it will pay, in immediately available funds, to Growthpoint Properties Australia Limited (or as directed by Growthpoint Properties Australia Limited) any cash amounts due to GMF Unitholders who make valid Cash Alternative Elections.

A GMF Unitholder who makes a valid Cash Alternative Election will receive approximately \$2.50 cash for each of their GMF Units (see section 6.1 for further details). If a valid Cash Alternative Election is received for all GMF Units on issue as at the date of this Bidder's Statement (other than those GMF Units in which Growthpoint Properties Australia Limited has a relevant interest) the maximum amount of cash that Growthpoint SA would be required to pay under the Cash Alternative Facility would be \$139,799,394.

Growthpoint SA has confirmed the following matters to Growthpoint Properties Australia Limited.

Growthpoint SA has unutilised facilities well in excess of its maximum obligation under the Cash Alternative Facility. Growthpoint SA has earmarked A\$160 million (its maximum obligation) of its unutilised facilities for the purpose of meeting its obligation under the Cash Alternative Facility and has undertaken to Growthpoint Properties Australia Limited not to utilise the earmarked portion for any other purpose until it has met its obligations in full. Growthpoint SA has obtained the necessary approval from SARB to make the required payments.

The unutilised facilities that Growthpoint SA proposes to use to satisfy the cash payable by it under the Cash Alternative Facility:

- are not subject to any unfulfilled pre-conditions to the making available or drawdown of the funds; and
- will be available for the entire Offer Period and for so long as Growthpoint SA has obligations under the Cash Alternative Facility.

8. Growthpoint Properties Australia Limited's intentions in relation to GMF

8.1 Introduction

The intentions of Growthpoint Properties Australia Limited are set out in this section 8 and elsewhere in this Bidder's Statement. Those intentions have been formed on the basis of facts and information concerning GMF, and the general business environment, which are known at the time of preparing this Bidder's Statement. Final decisions will only be reached by Growthpoint Properties Australia Limited in light of material information and circumstances at the relevant time. Accordingly, the statements set out in this section are statements of current intention only and accordingly may vary as new information becomes available or circumstances change.

The articulation and formulation of Growthpoint Properties Australia Limited's intentions are necessarily limited due to the fact that it has only had access to publicly available information, and, through Growthpoint Properties Australia Limited's limited due diligence process, certain non-public information, about GMF and its affairs.

The intentions of Growthpoint Properties Australia Limited, as set out in this section 8 and elsewhere in this Bidder's Statement, are the same as the intentions of GPAL.

8.2 Intentions for GMF as a wholly owned controlled entity

(a) Context

This section 8.2 describes Growthpoint Properties Australia Limited's intentions if Growthpoint Properties Australia Limited acquires a Relevant Interest in 90% or more of the GMF Units, and so becomes entitled to proceed to compulsory acquisition of outstanding GMF Units in accordance with Part 6A.1 of the Corporations Act. In that circumstance, Growthpoint Properties Australia Limited's intentions are as follows.

(b) Compulsory acquisition and delisting

Growthpoint Properties Australia Limited intends to:

- proceed with compulsory acquisition of the outstanding GMF Units in accordance with Part 6A.1 of the Corporations Act;
- following completion of the compulsory acquisition of the outstanding GMF Units, cause GMF to apply for termination of official quotation of the GMF Units on the ASX and arrange for GMF to be removed from the official list of the ASX; and
- following the removal of GMF from the official list of the ASX, Growthpoint Properties Australia Limited intends to retain GMF as a separate, wholly owned sub-trust of the Growthpoint Trust and therefore within the portfolio of assets of Growthpoint.

(c) Replacement of Responsible Entity

Following completion of the compulsory acquisition of the outstanding GMF Units, all of the GMF Units will be held by or on behalf of Growthpoint Properties Australia Limited. At this point, GMF will cease to be a "managed investment scheme" (as defined in the Corporations Act); however, it will still be a "registered scheme" (as defined in the Corporations Act).

Following completion of the compulsory acquisition of the outstanding GMF Units, Growthpoint Properties Australia Limited intends to:

- cause an application to be made to ASIC to seek to cause GMF to be deregistered so that it would cease being a "registered scheme"; and
- require GPTPL to retire and be replaced as responsible entity of GMF (or as trustee of GMF, if GMF has ceased to be a "registered scheme") by Growthpoint Properties Australia Limited or a nominee of Growthpoint Properties Australia Limited.

Growthpoint Properties Australia Limited reserves the right to cause GPTPL to retire as responsible entity of GMF at any time after Growthpoint Properties Australia Limited has a Relevant Interest in at least 50.1% of the GMF Units provided the Offer has become or has been declared unconditional.

(d) General operational review

After the end of the Offer Period, Growthpoint Properties Australia Limited intends to conduct a broad based review of GMF's portfolio and management on both a strategic and financial level to:

- evaluate GMF's performance, profitability and prospects;
- actively manage the assets of GMF with a view to maximising returns to holders of Growthpoint Securities; and
- ensure that the management of GMF's portfolio is consistent with Growthpoint Properties Australia Limited's general management policy and strategy to grow the Merged Group's business and enhance the returns to holders of Growthpoint Securities.

In the course of this review, Growthpoint Properties Australia Limited intends to focus on a number of key specific areas including (but not limited to):

- the performance, profitability and prospects of each of the properties of GMF; and
- opportunities for operating synergies in the short, medium and long term.

In the ordinary course of its management, Growthpoint Properties Australia Limited will continually review the assets of the Merged Group and the way in which they are developed and managed to evaluate performance, profitability and prospects. This may lead to further acquisitions, disposals or developments in due course. However, as at the date of this Bidder's Statement, Growthpoint Properties Australia Limited has no specific intentions in relation to the assets of the Merged Group other than the disposal of assets referred to in section 9.3(e)(7) whose effect on the broad based review has been factored into the forecast set out in section 9 of this Bidder's Statement.

(e) Refinancing of GMF's indebtedness

GMF disclosed in the 'data pack' accompanying its interim financial report for the six months to 31 December 2015 (as released to the ASX on 10 February 2016) that it has an unsecured revolving debt facility from National Australia Bank Limited of up to \$145 million, which, if fully drawn, would have

\$70 million maturing on 31 October 2018 and \$75 million maturing on 31 October 2020 (**NAB Facility**).

Growthpoint has received credit approved terms sheets to replace the NAB Facility with a new \$150 million facility with two of its existing Australian bank lenders if required. Growthpoint Properties Australia Limited intends that the NAB Facility will be replaced with a new facility once a 50.1% ownership of GMF Units is secured. The new facility is expected to be on terms that are substantially similar to Growthpoint's current terms as governed by the existing Common Terms Deed. The new facility will be secured against the GMF properties with an expected all-in cost of approximately 1.65% and a maturity of four years from implementation. Once Growthpoint reaches 100% ownership of GMF Units then the GMF properties will accede to the Growthpoint properties security pool and the new facility will fall directly under the existing Growthpoint Common Terms Deed, with no change to the pricing or maturity of the debt.

(f) Possible limitations in giving effect to intentions

The ability of Growthpoint Properties Australia Limited to implement the intentions set out in this section 8.2, will be subject to neither Growthpoint Properties Australia Limited nor GMF being or becoming subject to any legal and/or contractual requirements which may restrict or prohibit the intentions as set out in this Bidder's Statement.

8.3 Intentions for the GMF as a part owned controlled entity

(a) Context

This section 8.3 describes Growthpoint Properties Australia Limited's intentions if Growthpoint Properties Australia Limited acquires control of GMF but Growthpoint Properties Australia Limited does not become entitled to compulsorily acquire any outstanding GMF Units under Part 6A.1 of the Corporations Act. In that circumstance, Growthpoint Properties Australia Limited's intentions are as follows.

(b) Governance

Growthpoint Properties Australia Limited intends:

- to replace GPTPL as responsible entity with Growthpoint Properties Australia Limited⁶⁷. Growthpoint Properties Australia Limited intends that the fee arrangements for acting as responsible entity of GMF would be similar to the fees currently charged by GPTPL unless and until GMF becomes wholly owned by Growthpoint Properties Australia Limited;
- subject to continued compliance by GMF with the Listing Rules, to maintain GMF's listing on the ASX; and
- GMF would be a separate controlled sub-trust within the portfolio of assets of Growthpoint.

It is possible that, even if Growthpoint Properties Australia Limited is not entitled to proceed to compulsory acquisition of any outstanding GMF Units under Part 6A.1 of the Corporations Act, Growthpoint Properties Australia Limited may subsequently become entitled to exercise rights of general compulsory acquisition under Part 6A.2 of the Corporations Act; for example, as a result of acquisitions of GMF Units in reliance on the '3% creep' exception in item 9 of section 611 of the Corporations Act (which, in summary, allows a person to increase their voting power

by 3% every six months). If so, Growthpoint Properties Australia Limited intends to exercise those rights of compulsory acquisition. In this scenario, following completion of the compulsory acquisition of the outstanding GMF Units, Growthpoint Properties Australia Limited intends to cause GMF to apply for termination of official quotation of the GMF Units on the ASX and to arrange for GMF to be removed from the official list of the ASX.

(c) General operational review

After the end of the Offer Period, Growthpoint Properties Australia Limited intends to encourage the responsible entity of GMF to conduct a broad based review of GMF's portfolio and management along similar lines to that described in section 8.2(d).

Growthpoint Properties Australia Limited would seek to participate in that review.

(d) Refinancing of GMF's indebtedness

GMF disclosed in the 'data pack' accompanying its interim financial report for the six months to 31 December 2015 (as released to the ASX on 10 February 2016) that it has an unsecured revolving debt facility from National Australia Bank Limited of up to \$145 million, which, if fully drawn, would have \$70 million maturing on 31 October 2018 and \$75 million maturing on 31 October 2020 (**NAB Facility**).

Growthpoint Properties Australia Limited intends that the NAB Facility will be replaced with a new facility once a 50.1% ownership of GMF Units is secured (see section 8.2(e)).

(e) Limitations in giving effect to intentions

The ability of Growthpoint Properties Australia Limited to implement the intentions set out in this section 8.3, will be subject to the legal obligations of the responsible entity of GMF to have regard to the interests of GMF and all GMF Unitholders (not just the interests of Growthpoint Properties Australia Limited), and the requirements of the Corporations Act and the Listing Rules relating, among other things, to transactions between related parties.

Growthpoint Properties Australia Limited will only make a decision on the above mentioned courses of action in this section 8.3 following legal and financial advice in relation to those requirements, including in relation to any requirements for approvals from holders of GMF Units.

In addition, it is possible that Growthpoint Properties Australia Limited or GMF may be or become subject to other legal and/or contractual requirements which may restrict or prohibit the intentions as set out in this Bidder's Statement.

8.4 Intentions for GMF if it is not controlled by Growthpoint Properties Australia Limited

Growthpoint Properties Australia Limited has no current intention of freeing the Offer from the 50.1% minimum acceptance condition (see section 13.8(c)), but it reserves its right to declare the Offer free from that (and any other) condition to the Offer.

If Growthpoint Properties Australia Limited frees the Offer from the 50.1% minimum acceptance condition and acquires less than 50.1% of the GMF Units, the interest in GMF will become an investment of Growthpoint Trust only which will be reviewed by Growthpoint Properties Australia Limited in accordance with its investment policy.

67. This will require Growthpoint Properties Australia Limited to apply for, and ASIC to grant, an amendment to the terms of Growthpoint Properties Australia Limited's current Australian Financial Services Licence. The Growthpoint Properties Australia Limited Directors have no reason to doubt that ASIC would agree to such an amendment.

8.5 Other intentions

Subject to the matters described above in this section 8 and elsewhere in this Bidder's Statement and, in particular, the completion of the broad based review of GMF's portfolio and management, it is the intention of Growthpoint Properties Australia Limited, on the basis of the facts and information concerning GMF that are known to it and the existing circumstances affecting the assets and operations of GMF at the date of this Bidder's Statement:

- to continue the operation of GMF; and
- not to make any major changes to the operation of GMF and not to redeploy any of GMF's property.

9. Effect of the Offer on Growthpoint

9.1 Growthpoint Properties Australia Limited's rationale for the Offer

The acquisition of all the GMF Units by Growthpoint Properties Australia Limited will create a "merged group" with a diversified property investment portfolio and a pro forma market capitalisation of approximately \$2.0 billion.⁶⁸

Growthpoint Securityholders (which will include former GMF Unitholders who accept the Offer and retain the Growthpoint Securities issued to them) will benefit from (among other things):

- expected increased distributions (see section 9.5);
- a larger property portfolio with greater sector, tenant and geographic diversification;
- improved liquidity via the increased scale and relevance with key stakeholders of the Merged Group: Growthpoint is included in the S&P/ASX 200 Index, whereas GMF has been recently removed from the S&P/ASX 300 Index due to insufficient liquidity; and
- the Merged Group's ability to leverage further future growth, retain a market leading sector investment exposure and allow for active portfolio management.

See section 1 for further information on the benefits of the Offer.

9.2 Overview of the historical and forecast financial information

The financial information included in this section 9 includes the following:

- the forecast income statement of Growthpoint (on a stand alone basis) for the year ending 30 June 2016, see section 9.3(b);
- the forecast income statement of GMF (on a stand alone basis) for the year ending 30 June 2016, see section 9.3(c);
- the pro forma forecast income statement of the Merged Group for the year ending 30 June 2017, see section 9.3(d). Section 9.3(d) also sets out the forecast income statement for the year ending 30 June 2017 for each of Growthpoint and GMF (on a stand alone basis);
- the pro forma historical statement of financial position of the Merged Group as at 31 December 2015, see section 9.4;
- the forecast distribution guidance for the Merged Group, see section 9.5; and
- a sensitivity analysis of the impact of certain variables on key metrics on the Merged Group, see section 9.6.

The financial information in section 9.3(d), section 9.4 and section 9.5 is prepared on the assumption that the Offer was implemented on 31 December 2015 and that Growthpoint Properties Australia Limited acquires 100% of the GMF Units. In addition, the pro forma forecast income statement of the Merged Group for the year ending 30 June 2017 in section 9.3(d) and the pro forma historical statement of financial position of the Merged Group as at 31 December 2015 in section 9.4 each contemplate

two different ownership scenarios:

- Growthpoint Properties Australia Limited acquires 100% of the GMF Units (**Full Ownership Scenario**); and
- Growthpoint Properties Australia Limited acquires 50.1% of the GMF Units (**50.1% Ownership Scenario**).

The pro forma financial information is presented to provide GMF Unitholders with an indication of the profile and performance of the Merged Group. The actual financial information for the Merged Group may differ materially from that outlined in this Bidder's Statement as the information is presented on a pro forma basis and the future is subject to inherent uncertainties (including the various risks set out in section 10). Accordingly, you are cautioned not to place undue reliance on such financial information.

The Growthpoint Properties Australia Limited Directors are responsible for the preparation and presentation of the financial information (including the pro forma financial information).

The forecast financial information relating to Growthpoint and the Merged Group has been prepared based on Growthpoint's accounting policies and in compliance with the AAS effective at the time of preparation of this Bidder's Statement with the exception of the following items that will be reflected in the periodic financial reports of Growthpoint:

- any unrealised profit or loss arising from the revaluation of investment properties (net of the effect of straight lining of rental income);
- any unrealised profit or loss arising from the revaluation of financial instruments used to hedge interest rate risk; and
- any realised profit or loss on the settlement of financial instruments used to hedge interest rate risk.

The above items are not included in the forecast financial information as they are dependent on a number of external market conditions such as interest rates and property capitalisation rates that are not able to be reliably estimated by Growthpoint Properties Australia Limited.

Growthpoint Properties Australia Limited has prepared the forecast income statements relating to GMF based on GMF's disclosed accounting policies and in compliance with the AAS effective at the time of preparation of this Bidder's Statement with the exception of the following items that are expected to be reflected in the periodic financial reports of GMF:

- any unrealised profit or loss arising from the revaluation of investment properties (net of the effect of straight lining of rental income); and
- any unrealised profit or loss arising from the revaluation of financial instruments used to hedge interest rate risk.

The above items are not included in the forecast financial information as they are dependent on a number of external market conditions such as interest rates and property capitalisation rates that are not able to be reliably estimated by Growthpoint Properties Australia Limited.

It is noted that some of the numbers, and totals, appearing in this section 9 have been affected by rounding.

68. This market capitalisation figure is based on there being 583,125,744 Growthpoint Securities on issue as at the date of this Bidder's Statement and 44,380,760 new Growthpoint Securities being issued as a result of the Offer (assuming that Growthpoint Properties Australia Limited acquires all of the GMF Units under the Offer), and that the price of a Growthpoint Security is \$3.15.

9.3 Forecast income statements

(a) Basis of preparation

The forecast financial information in this section 9.3 has been derived from:

- the Growthpoint stand alone forecast income statement prepared on a business-as-usual basis, assuming the Offer does not proceed;
- the GMF stand alone forecast income statement prepared on a business-as-usual basis, assuming the Offer does not proceed; and
- the pro-forma adjustments as set out in section 9.3(g).

The forecast financial information and other forward looking statements (including the information in this section 9.3 and in section 9.5) involve known and unknown risks, uncertainties and other important factors which may materially impact on actual outcomes, many of which are outside the control of Growthpoint Properties Australia Limited (and, where appropriate, GPTPL). These factors may cause the actual results, performance or achievements of Growthpoint, GMF and the Merged Group to materially differ from the results, performance or achievements expressed or implied by those forecasts or forward looking statements. Such risks, uncertainties and other important factors include, among other things, those matters set out in section 10. Accordingly, you are cautioned not to place undue reliance on such financial information.

The forecast financial information and other forward looking statements (including the information in this section 9.3 and in section 9.5) do not constitute an express or implied representation that future financial performance or distributions (or any other matter) will be achieved in the amounts or by the dates indicated and are presented merely as a guide to assist GMF Unitholders in assessing the Offer.

The forecast financial information and other forward looking statements are based on information available to Growthpoint Properties Australia Limited at the date of this Bidder's Statement and should be read in conjunction with the best estimate assumptions and pro forma adjustments underlying their preparation as set out in sections 9.3(e), 9.3(f) and 9.3(g).

The financial information has been presented in a summarised format. It does not contain all the disclosures that are usually provided in an annual report (or half yearly report) prepared in accordance with the Corporations Act.

The income statements in this section 9.3(d) have:

- in respect of the stand alone forecasts for each Growthpoint and GMF, been prepared on a business-as-usual basis, assuming the Offer does not proceed and excludes any transaction costs associated with the Offer; and
- in respect of the pro forma Merged Group forecast, been prepared on the assumption that the Offer is implemented on 1 July 2016 (noting that the accounting treatment of the transaction costs associated with the Offer does not impact on the pro forma Merged Group forecast for the year ending 30 June 2017 as such costs are capitalised).

Reference should also be made to:

- section 9.3(e) and section 9.3(f) for further key assumptions underlying the stand alone forecasts for each of Growthpoint and GMF; and
- section 9.3(g) for further key assumptions underlying the pro forma Merged Group forecast.

A pro forma financial forecast income statement of the Merged Group for the year ending 30 June 2016 has not been included in this Bidder's Statement as the Offer Period will not open until after the balance date for that year. Accordingly, the Growthpoint Properties Australia Limited Directors have presented a pro forma financial forecast income statement of the Merged Group for the year ending 30 June 2017.

(e) Best estimate assumptions and significant accounting policies underlying the stand alone forecast financial information on Growthpoint**(1) Actual and forecast information**

The material and best estimate assumptions made by the Growthpoint Properties Australia Limited Directors in preparing the Growthpoint stand alone forecast income statements for the years ending 30 June 2016 and 30 June 2017 are outlined below.

(2) Net property income (NPI)

Forecast net property income (or NPI) comprises property rental revenue and recoverable outgoings charged to tenants after deducting property expenses, but excluding the effects attributable to straight line adjustment to property revenue. Forecast net property income is based on current leases and Growthpoint management forecasts and a small number of assumptions for future occupancy rates, tenant turnover and market rentals, none of which are considered to be material to performance in the financial years ending 30 June 2016 and 30 June 2017.

For the forecast period ending 30 June 2017, 3.3% (by income) of Growthpoint leases expire. Appropriate allowances have been made in the forecasts for a possible vacancy period, incentives and leasing commissions in re-letting the properties.

For the year ending 30 June 2017, it is assumed that five properties are sold. Growthpoint ceases to receive net property income from the date of settlement of these properties (refer to section 9.3(e)(7) for further details).

(3) Operating costs (other expenses)

Forecast operating costs include staff costs, professional fees, insurance costs, as well as other miscellaneous expenses. Operating costs are forecast to equal 0.4% of the average gross asset value of Growthpoint for the years ending 30 June 2016 and 30 June 2017.

(4) Interest income, borrowing costs and interest rate derivatives (interest expense)

Growthpoint is expected to derive interest income from cash deposits during the forecast periods.

The stand alone borrowing cost assumptions are based on Growthpoint's existing debt facilities, none of which have maturities during the forecast period. These estimates factor into account existing interest rate derivatives and existing bank debt margins, forecast levels of drawn debt and forecast BBSY rates for that portion of debt that is at a floating rate.

The forecast level of debt for the year ending 30 June 2017 is impacted by the assumption that five properties are sold. Growthpoint ceases to pay borrowing costs on the debt it repays from the date of settlement of these properties (refer to section 9.3(e)(7) for further details).

The stand alone forecasts assume a weighted average amount of debt fixed or hedged for the year ending 30 June 2016 and year ending 30 June 2017 of approximately \$753.8 million and \$810.0 million, respectively. The fixed debt and interest rate derivatives are at fixed rates, with no maturities during the forecast period.

(5) Taxation (tax)

Growthpoint Trust is not liable to pay Australian income tax on the basis that unitholders will be presently entitled to net income of the Growthpoint Trust during the forecast periods. Hence, no allowance for income tax has been made by the Growthpoint Trust.

Growthpoint Properties Australia Limited is required to pay Australian income tax on its net taxable income.

(6) Future capital raisings

These stand alone forecasts assume that Growthpoint has its DRP operative in respect of its 30 June 2016 distribution. It is expected that a further 13.1 million Growthpoint Securities are issued as a result of an assumed 75% of Growthpoint Securityholders reinvesting their distributions through the DRP. Those Growthpoint Securities will rank *pari passu* with regards to distributions payable for FY2017. No other capital raisings are undertaken by Growthpoint Properties Australia Limited for the remainder of the forecast period ending 30 June 2017.

(7) Investment property, disposals and acquisitions

During the year ending 30 June 2016, Growthpoint made the following acquisitions which are reflected in the stand alone forecasts:

- 1-3 Pope Court, Beverley, South Australia on 17 July 2015 for \$20.8 million;
- 34 Reddalls Road, Kembla Grange, New South Wales on 14 October 2015 for \$20.3 million;
- 255 London Circuit, Canberra, Australian Capital Territory on 22 January 2016 for \$70.0 million;
- 75 Dorcas Street, South Melbourne, Victoria for \$166.0 million on 22 June 2016; and
- Building C, 211 Wellington Road, Mulgrave, Victoria, which is a property under construction. This property is expected to complete construction and settle to Growthpoint in September 2016 for a total cost of \$50.9 million.

During the year ending 30 June 2016, Growthpoint did not dispose of any properties.

It is assumed that, during the year ending 30 June 2017, Growthpoint will dispose of the following properties which are reflected in the stand alone forecasts (and the Merged Group forecasts):

- 670 Macarthur Avenue, Pinkenba, Queensland for net \$9.9 million on 1 July 2016; and
- a portfolio of four assets for net \$145.9 million on 31 August 2016, with the assets being:
 - 28 Bilston Drive, Wodonga, Victoria;
 - 213-215 Robinsons Road, Ravenhall, Victoria;
 - 101-103 William Angliss Drive, Laverton North, Victoria; and
 - 365 Fitzgerald Road, Derrimut, Victoria,

but that, otherwise than for these disposals, no further properties will be acquired or disposed of during the year ending 30 June 2017. However, it should be noted that Growthpoint continually explores investment opportunities to expand and diversify its property portfolio via direct property acquisitions, property portfolio purchases and merger and acquisition opportunities where these transactions are expected to add value to holders of Growthpoint Securities. Where Growthpoint Properties Australia Limited believes that an acquisition or disposal of one or more properties is in the best interests of Growthpoint Securityholders, Growthpoint may proceed with such an acquisition or disposal.

(8) Capital expenditure

Allowance has been made for capital expenditure of \$10.7 million for the year ending 30 June 2017.

(f) Best estimate assumptions and significant accounting policies underlying the stand alone forecast financial information on GMF**(1) Actual and forecast information**

The material and best estimate assumptions made by the Growthpoint Properties Australia Limited Directors in preparing GMF stand alone forecast income statements for the years ending 30 June 2016 and 30 June 2017 are outlined below. These have been formulated using publicly available information regarding GMF, and are qualified accordingly.

(2) Net property income (NPI)

Forecast net property income (or NPI) comprises property rental revenue and recoverable outgoings charged to tenants after deducting property expenses but excluding the effects attributable to straight line adjustment to property revenue. Forecast net property income is based on current leases and GMF management forecasts and assumptions for future occupancy rates, tenant turnover and market rentals, none of which are considered to be material to performance in the financial years ending 30 June 2016 and 30 June 2017.

For the forecast period ending 30 June 2017, up to 3% (by income) of GMF leases expire. Appropriate allowances have been made in the forecasts for a possible vacancy period, incentives and leasing commissions in re-letting the properties.

(3) Management fees (RE base fees)

Management fees are calculated as 0.6% per year of the gross value of GMF's assets. The value of GMF's assets are assumed to remain unchanged throughout the forecast period and are based on the reported book values as per the ASX release by GMF on 4 April 2016 relating to the revaluation of the investment property portfolio.

(4) Expenses other than management fees (other expenses)

Other expenses relate to compliance, valuation, legal and leasing, as well as other miscellaneous expenses. These are forecast to remain constant during the forecast period. Expenses relating to the transaction will not be included in GMF's distributable income, even if they are included in the statutory expenses of GMF at 30 June 2016 or 30 June 2017.

(5) Interest income, borrowing costs and interest rate derivatives (interest expense)

GMF is expected to derive interest income from cash deposits during the forecast periods.

The stand alone borrowing cost assumptions are based on GMF's existing NAB Facility. These estimates take into account existing interest rate derivatives and existing debt margins.

GMF's stand alone forecasts assume an average amount of debt hedged in for the year ending 30 June 2016 and 30 June 2017 of \$100 million.

(6) Taxation (tax)

GMF is not liable to pay Australian income tax on the basis that GMF Unitholders will be presently entitled to net income of GMF during the periods covered by the forecasts. Hence, no allowance for income tax has been made for GMF.

(7) Future capital raisings

These stand alone forecasts assume that no capital raisings will be undertaken by GMF for the forecast periods ending 30 June 2016 and 30 June 2017.

(g) Best estimate assumptions, pro forma adjustments and significant accounting policies underlying the pro forma forecast financial information for the Merged Group

(1) Introduction

The best estimate assumptions and material pro forma adjustments made by the Growthpoint Properties Australia Limited Directors in preparing the Merged Group's forecast income statement for the year ending 30 June 2017 are summarised below.

(2) Enlarged and extended debt facilities

Growthpoint uses existing debt headroom only in the base case assumptions to acquire the GMF Units (in both the Full Ownership Scenario and the 50.1% Ownership Scenario). If there are unexpected delays in the sale or settlement of Growthpoint's industrial portfolio that is proposed to be sold (see section 9.3(e) (7)), then new debt facilities may be required. In this regard, Growthpoint has a credit approved terms sheet from one of its existing Australian bank lenders for a new \$150 million facility. The terms of this facility would be governed by the existing Common Terms Deed where all current lenders to Growthpoint have the same key terms, except pricing and maturity. The all-in cost of this facility would be 1.05% above BBSY with a maturity of 31 September 2017. The facility is extendable for a further four years beyond this date at agreed margins and at Growthpoint's option, as long as balance sheet gearing is below 45% and Growthpoint is in compliance with its obligations under the Common Terms Deed.

If Growthpoint reaches 50.1% ownership of GMF, a 'review event' is likely to occur under GMF's existing NAB Facility at that point. If this occurs, this could lead to repricing of the debt or changes to other key terms. If required, Growthpoint expects to be able to replace that existing facility with a new \$150 million facility with two of its existing Australian bank lenders. Growthpoint expects the new facility would be on similar terms as Growthpoint's Common Terms Deed. Growthpoint also expects that, if this new facility is entered into, upon Growthpoint reaching 100% ownership of GMF, it would transfer and become a Growthpoint facility under the Common Terms Deed. Based on credit approved term sheets received from financiers, Growthpoint Property Australia Limited expects that the new facility will have an all-in cost of 1.65% above BBSY, with a maturity date of four years from the date the facility is entered into.

(3) Interest rate derivatives

If Growthpoint reaches 50.1% ownership of GMF then it currently intends to seek to terminate GMF's existing interest rate derivatives with a face value of \$100 million at an assumed cost of \$4.7 million (the book value of the derivatives at 31 December 2015). GMF would then enter new interest rate derivatives with the new lenders to GMF (see section 9.3(f)(5)). The existing weighted average interest rate on the derivatives is 3.30% per annum, and this is assumed to reduce to 2.15% per annum.

(4) Borrowing costs

Borrowing costs reflect the additional debt that the Merged Group would incur in connection with the Offer, as well the effect of GMF's NAB Facility being replaced (see section 8.2(e)) and the acquisition of a 13.0% interest in GMF by Growthpoint on 1 July 2016 for \$40.9 million utilising Growthpoint's existing debt facilities.

Borrowing costs are expected to increase by \$6.1 million as a result of the acquisition of the GMF Units on 1 July 2016 and the

following best estimate assumptions and pro forma adjustments impacting interest bearing liabilities:

- debt funding all transaction costs of \$23.6 million (including costs incurred by Growthpoint Properties Australia Limited, GMF, stamp duty and the facilitation payment of \$9 million from Growthpoint Properties Australia Limited to GPTPL);
- debt funding the termination of GMF interest rate derivatives of \$4.7 million (see section 9.3(g)(3)); and
- debt funding the cash consideration for the transaction, being \$139.8 million.

(5) Potential cost savings and synergies

Net cost savings and synergies are assumed to be approximately \$1.9 million per annum, reflecting cost savings associated with not paying external management fees to GPTPL (the current external manager and responsible entity of GMF), and other recurrent cost savings due to the economies of scale of the Merged Group. This is net of additional ongoing costs incurred by Growthpoint as a result of the Offer. There is a risk that not all of these potential cost savings and synergies will be realised. Accordingly, you are cautioned not to place undue reliance on this information.

(6) Number of Growthpoint Securities on issue

It has been assumed that the number of Growthpoint Securities on issue will increase from 583,125,744 to 627,506,504 (in the Full Ownership Scenario), as a result of the issue of 44,380,760 Growthpoint Securities under the Offer (or a corresponding smaller amount in the 50.1% Ownership Scenario).

Growthpoint has a target Gearing range of 35% to 45%. The pro forma balance sheet for the Merged Group calculates Gearing at 46.8% if 100% of the GMF Units are acquired. Growthpoint intends to reduce the Gearing of the Merged Group to within the target range through a combination of potential capital management initiatives, such as:

- Dividend Reinvestment Plan (DRP) – Growthpoint maintains a DRP, whereby Growthpoint Securityholders can reinvest their distributions into newly issued Growthpoint Securities, typically at a discount to the market price. The historic average take-up for Growthpoint's seven prior DRP's has been 74%. Assuming this continues and considering the FY 2017 Merged Group annual distribution of approximately \$140.4 million, approximately \$104.2 million could be raised for FY 2017 alone. Growthpoint could also arrange underwriting 100% of the DRP, if appropriate;
- Property disposals – Growthpoint could sell non-core assets and repay debt, thereby reducing Gearing;
- Equity raising – Growthpoint has raised \$1,113.1 million of equity since August 2009 which has funded the growth of its business and the property portfolio. Should circumstances be opportune, Growthpoint could reduce Gearing by raising equity solely for that purpose or in conjunction with future property acquisitions; and
- Valuations – Growthpoint will obtain external valuations, and undertake internal valuations, for its property portfolio as at 30 June 2016. It is anticipated that there will be a net increase in the value of Growthpoint's property portfolio as a result of these valuations, thereby reducing Gearing.

(e) Best estimate assumptions and pro forma adjustments underlying the pro forma historical statement of financial position for the Merged Group

(1) Introduction

The material and best estimate assumptions and pro forma adjustments made by the Growthpoint Properties Australia Limited Directors to the 31 December 2015 historical statements of financial position for the Merged Group are summarised below.

(2) Investment properties

The investment properties of Growthpoint and GMF (each on a stand alone basis) have been presented as per their most recent publicly disclosed book values. The values are presented prior to deducting any straight line adjustment from the asset value and include any property that may otherwise be classified as an asset held for sale. These are presentation adjustments only and the total assets figures are as per statutory accounts.

Growthpoint has adopted an independent valuation of the properties of GMF that are being acquired. These valuations were undertaken by Urbis Valuations Pty Ltd and Valuations Services (QLD) Pty Ltd trading under licence as Knight Frank Valuations Queensland and are dated as at 30 June 2016. The total value of the properties being acquired was determined to be \$439.3 million, which is consistent with the last reported GMF book values of these properties as at 31 March 2016, as reported to the ASX on 4 April 2016.

(3) Interest bearing liabilities

Key adjustments to interest bearing liabilities include the acquisition of 13.0% of GMF Units by Growthpoint at a price of \$2.45 per GMF Unit. This transaction was funded by \$40.9 million of debt. Further, if the Offer is successful and Growthpoint Properties Australia Limited acquires all the remaining GMF Units that it does not already own, approximately \$168.1 million of existing borrowing capacity will be utilised to pay for the transaction (refer to section 9.3(g)(4) for details).

(4) Issued capital

Issued capital reflects an increase due to the issue of 44,380,760 new Growthpoint Securities as consideration for GMF Units acquired. Retained earnings reflects transaction costs capitalised.

9.5 Forecast distribution guidance for the Merged Group

Distributions to Growthpoint Securityholders, to the extent they are paid, are expected to be payable six monthly in arrears for the periods ending 30 June and 31 December. Growthpoint Securityholders will be entitled to the distributions if they are on the register of Growthpoint Securityholders on the record date in respect of the relevant distributions. Distributions are expected to be paid within two months following the end of each half year period.

Distribution per Growthpoint Security (cents)	10.2	10.3	20.5	21.3	22.3

Notes:

- Growthpoint Properties Australia Limited (in its own capacity and in its capacity as responsible entity for Growthpoint Trust) has announced that the distribution per Growthpoint Security for the 6 month period ending 30 June 2016 is 10.3 cents, resulting in a total distribution for the 12 month period ending 30 June 2016 of 20.5 cents. This distribution does not include the impact of any transaction costs associated with the Offer. If the Offer is unsuccessful, the board of Growthpoint Properties Australia Limited (in its own capacity and in its capacity as responsible entity for Growthpoint Trust) will need to take the transaction costs into account in determining the actual amount of the distribution per Growthpoint Security for the 6 month period ending 31 December 2016 (or the applicable later period). If the Offer is successful, the transaction costs will be capitalised.
- The distribution per Growthpoint Security for the Merged Group for the year ending 30 June 2017 is forecast to be 22.3 cents per Growthpoint Security. This assumes a payout ratio of 95.6% of distributable income, in line with the payout ratio of the stand alone forecast for Growthpoint.
- The Forecast FY17 (Merged Group) number is based on the Full Ownership Scenario (see section 9.3(d)).

9.6 Sensitivity analysis

(a) Introduction

A summary of the possible impacts of movements in certain key assumptions on the pro forma Merged Group forecast income statement for the year ending 30 June 2017 and the pro forma Merged Group balance sheet as at 31 December 2015 are set out below. However, it should be noted that the disclosed changes in the key assumptions are not intended to be indicative of the complete range of variations that may occur.

Care should be taken in interpreting these sensitivities as they consider movements on an isolated basis, whereas in reality the effects of movements may be offset or compounded by movements in other variables. Furthermore, in the normal course of business, management would be expected to respond to any adverse changes in these key variables to minimise the net effect on financial performance.

9.7 Future prospects of the Merged Group beyond 30 June 2017

The stand alone forecast income statements for Growthpoint and GMF for the years ending 30 June 2016 and 30 June 2017, and the pro forma forecast income statement of the Merged Group for the year ending 30 June 2017, as set out in this section 9, do not necessarily represent the likely future financial performance of Growthpoint or GMF (both on a stand alone basis) or the Merged Group beyond the financial year ending 30 June 2017.

The Growthpoint Properties Australia Limited Directors have determined that there is not a reasonable basis to produce reliable and meaningful forecast financial information for Growthpoint or GMF (on a stand alone basis) or for the Merged Group beyond 30 June 2017.

9.8 Investigating Accountant's Report

The stand alone historical financial information in section 3.5, the pro forma historical financial information in section 9.4, and the forecast financial information for Growthpoint and GMF, and the pro forma forecast financial information for the Merged Group, in section 9.3, have been reviewed by Grant Thornton Corporate Finance Pty Ltd and its investigating accountant's report is set out in Attachment 3 of this Bidder's Statement. GMF Unitholders should read that report in full before deciding whether to accept the Offer.

9.9 Substantial holders of Growthpoint Securities following compulsory acquisition

So far as known to Growthpoint Properties Australia Limited based on publicly available information as at the Last Practical Date, if Growthpoint Properties Australia Limited acquires 100% of the GMF Units the substantial holders of Growthpoint Securities, will be as follows (this assumes that no GMF Unitholder elects to participate in the Cash Alternative Facility):

Substantial holder	Number of Growthpoint Securities held	Voting power <i>(assuming there are 627,506,504 Growthpoint Securities on issue)</i>
Growthpoint SA	381,773,404	60.84%

10. Potential risk factors

10.1 Introduction

If the Offer becomes or is declared unconditional, GMF Unitholders who accept the Offer will, subject to the terms of the Offer, be entitled to receive a combination of Growthpoint Securities and cash for their GMF Units.

The value of Growthpoint Securities is influenced by a range of factors, many of which will be beyond the control of the Merged Group. These risk factors are divided into:

- specific risks relating to Growthpoint's business and the Merged Group;
- property investment and valuation risks;
- the A-REIT sector; and
- other general risks.

Some of these risks are either related to A-REITs generally, or already relate to GMF's assets which will form part of the Merged Group and are therefore risks to which GMF Unitholders already have some exposure. However, a number of the risks will be new or potentially greater in impact than is currently the case in relation to GMF.

These risk factors do not take into account the investment objectives, financial and tax situation or the particular needs of individual GMF Unitholders.

10.2 Specific risks relating to Growthpoint's business and the Merged Group

(a) Acquisitions

A key element of Growthpoint's future strategy involves the acquisition of properties, companies or trusts to add to its property portfolio. Whilst it is Growthpoint's policy to conduct a thorough due diligence process in relation to any such acquisition, these transactions involve inherent risks, including:

- accurately assessing the value, strengths, weaknesses, contingent and other liabilities and potential profitability of acquisition candidates;
- ability to achieve identified and anticipated synergies;
- unanticipated costs and problems or latent liabilities such as the existence of asbestos or other hazardous material or environmental liabilities on the acquired properties;
- diversion of management attention from existing business;
- potential loss of its key employees or the key employees of any business it acquires;
- unanticipated changes in business industry or general economic conditions that affect the assumptions underlying the acquisition; and
- decline in the value of acquired properties, companies or securities.

Any one or more of these factors or other risks could cause Growthpoint not to realise the benefits anticipated to result from the acquisition of properties, companies or trusts and could have a material adverse effect on its ability to grow and on its financial position and financial performance.

(b) Change in risk and investment profile

GMF Unitholders who accept the Offer will be exposed to risk factors relating to Growthpoint, and to certain additional risks relating to the Merged Group and the integration of the two property groups.

These include risks relating to the operation of a broader suite of assets (both in nature and scale) than GMF owns. In particular, Growthpoint's assets include industrial real estate assets whereas GMF does not currently have exposure to this sector.

(c) Issue of Growthpoint Securities as consideration

GMF Unitholders who accept the Offer will receive, subject to the terms of the Offer, a combination of Growthpoint Securities and cash (except those GMF Unitholders who validly elect to participate in the Cash Alternative Facility). This will be a specified number of Growthpoint Securities, rather than a number of Growthpoint Securities with a specified market value.

As a result, the implied value of the consideration under the Offer (except those GMF Unitholders who validly elect to participate in the Cash Alternative Facility) will fluctuate depending upon the market value of Growthpoint Securities. The market value of Growthpoint Securities may be affected by a variety of factors, including the various risks set out in this section 10 (see, in particular, the "market risks" risk factor in section 10.5(f)).

Also, if all (or a significant number) of GMF Unitholders accept the Offer and Growthpoint issues a large number of new Growthpoint Securities, some of the GMF Unitholders who accept the Offer may not intend to continue to hold Growthpoint Securities. Future sales or issuances of a significant number of Growthpoint Securities (including under the Offer) could depress the short to medium term trading price of, and demand for, Growthpoint Securities.

(d) Integration risks

There are risks that any integration between the businesses of Growthpoint and GMF may take longer than expected and that anticipated efficiencies and benefits of that integration may be less than estimated.

(e) Due diligence

Growthpoint has conducted limited due diligence on GMF and its assets. There is a risk that Growthpoint may not have conducted due diligence on all material information and that any assumptions made during the due diligence period may prove to be false or incorrect. Further, the Merged Group will be subject to any unknown liabilities of GMF that may have an adverse effect on the Merged Group's performance and financial condition.

(f) Financial forecasts and other forward looking statements

There is a risk that the assumptions and contingencies used in the preparation of the forward looking financial information in section 9 (or other forward looking statements) may not ultimately prove to be valid or accurate, with the result that actual results (including earnings and distributions) may differ materially from those set out in section 9 (or in other forward looking statements, as applicable). The financial forecasts and other forward looking statements

contained in this Bidder's Statement depend on various factors, many of which are outside the control of Growthpoint.

(g) Availability of capital

Real estate investment is very capital intensive. The Merged Group's ability to raise funds in the future on favourable terms depends on a number of factors including general economic conditions, political, capital and credit market conditions and the reputation, performance and financial strength of the Merged Group's business. Many of these factors will be outside the control of the Merged Group.

Any downgrade to the Merged Group's credit rating may impact the Merged Group's access to capital.

If the Merged Group is unable to raise funds in the future on commercially acceptable terms, this will impact upon its strategy of acquiring more properties, and adversely affect the Merged Group's ability to grow and its financial position and financial performance.

10.3 Property investment and valuation risk

(a) Risks from investments

The value of properties held by Growthpoint may fluctuate from time to time due to fluctuations in the property market and to other conditions. Factors relevant to determining the value of the properties held by Growthpoint include the rental income generated from the properties, the occupancy levels at the properties and the property yield from Growthpoint's properties. The valuations performed by Growthpoint's directors and externally by experts represent only the analysis and opinion of such persons at a certain date and do not guarantee present or future property values. The value of the properties are also affected by the expenses that are incurred by Growthpoint in managing and maintaining the properties.

Factors which may adversely impact upon returns generated by the properties include:

- the overall conditions in the national and local economy, such as changes to growth in gross domestic product, employment, inflation and interest rates;
- local real estate conditions, such as changes in the demand and supply for industrial, carpark or office rental space;
- the perception of prospective tenants regarding the attractiveness and convenience of the properties;
- changes in property laws and/or taxes;
- external factors including floods, fires, earthquakes, war, terrorist activities or other force majeure events;
- unforeseen capital expenditure;
- supply of new properties and other investment assets; and
- investor demand and liquidity in investments.

The values of the properties held by Growthpoint may materially impact the value of Growthpoint.

(b) Buildings condition and defects

There is a risk that latent defects in the properties held by Growthpoint may prevent the properties from being used for their intended purposes. If there are any latent defects in the properties, additional capital expenditure may be required, which may adversely affect the returns of Growthpoint.

(c) Property illiquidity risks

The nature of investments in property assets may make it difficult to generate liquidity in the short term if there is a need to respond to changes in economic or other conditions. For example, if there are only a limited number of potential buyers for the properties, the realisable value of those properties may be less than the book value of those properties. This may adversely impact the value of Growthpoint.

(d) Tenant risk

There is a risk that one or more tenants may default on their rental or other obligations under leases with Growthpoint, including as a result of insolvency or financial distress. This may lead to a material reduction in income, which may adversely impact the income value of the properties owned by Growthpoint.

In the above regard, it is noted that Peabody Energy Australia Pty Limited (**PEA**) is a tenant of Growthpoint, with some leases that expire in 2024 and which in aggregate represent 2% of Growthpoint's total rent revenue. PEA's ultimate parent entity is Peabody Energy Corporation (**PEC**). On 13 April 2016, PEC, together with a majority of PEC's wholly-owned US subsidiaries and a Gibraltar entity, voluntarily filed petitions under Chapter 11 of the US Bankruptcy Code in the US Bankruptcy Court for the eastern District of Missouri. Growthpoint understands that neither PEA nor any of its subsidiaries are part of the voluntary filing. However, if PEA (or, for that matter, any of Growthpoint's other tenants) were to become financially distressed and stop paying its rent, Growthpoint is of the view that this would reasonably be likely to have an adverse effect on Growthpoint's financial performance. Following the above mentioned entities entering bankruptcy protection under Chapter 11 of the United States Bankruptcy Code, PEA transferred cash equal to 6 months' rent and outgoings plus GST into an escrow account as a security deposit. Growthpoint believes that this security deposit should reduce any financial impact to Growthpoint if PEA does not comply with the terms of its leases.

PEA has informed Growthpoint Properties Australia Limited that, following the above mentioned entities entering bankruptcy protection under Chapter 11 of the United States Bankruptcy Code, in accordance with the lease terms PEA transferred cash equal to 6 months' rent and outgoings plus GST into an escrow account held by a major Australian law firm as a security deposit. This security deposit should reduce any financial impact to Growthpoint if PEA does not comply with the terms of its lease.

There is also a risk that Growthpoint will be unable to negotiate lease extensions from existing tenants or replace current leases with new tenants on economically favourable commercial terms once the leases end, or are terminated on their terms. Tenant defaults and the inability to replace current tenants on economically favourable terms will impact upon the financial performance of Growthpoint.

Growthpoint relies on a number of key tenants for a large portion of its revenue. Insolvency or financial distress of a key tenant, or a breach of lease by a key tenant, could have a material adverse effect on the income received by Growthpoint from its properties.

(e) Capital expenditure

There is a risk that unforeseen and unexpected capital expenditure on the properties may be required, including expenditure on remedial works. Any capital expenditure that is required will reduce the cash that is available to Growthpoint to service its debt or other obligations and may materially affect Growthpoint's earnings and distributions.

(f) Environmental

The properties held by Growthpoint may, from time to time, be exposed to a range of environmental risks, including, natural disasters (such as floods, fires, cyclones and earthquakes) and the existence of asbestos or other hazardous materials on the properties. If these hazardous materials are present on the properties, Growthpoint may be required to perform remedial work on the properties. The environmental risks, if realised, may potentially expose Growthpoint to third party liability. The environmental risks (including any such third party liability) could materially impact upon the earnings, distributions and property values of Growthpoint.

(g) Funding and refinancing risk

Growthpoint currently anticipates that it will be required to refinance its debt facilities referred to in section 7.2 when the facilities mature. However, there is a risk that Growthpoint will not be able to refinance this debt on commercially acceptable terms. Growthpoint's ability to refinance this debt will depend on a number of factors including general economic, political and capital and credit market conditions.

Growthpoint's financial forecast assumptions include the sale of approximately \$157 million of industrial property. If this sale does not proceed, Growthpoint may be required to raise capital to maintain Gearing within its target Gearing range of 35%-45%.

If Growthpoint is unable to raise additional funds on commercially acceptable and favourable terms, this could adversely affect its financial position, its ability to remain within targeted levels of Gearing and also its ability to acquire new properties or to refinance its debt in a timely manner.

(h) Interest rates

Growthpoint is currently required by its financiers to hedge or fix at least 75% of its interest rate exposure.

To the extent that interest rate exposure has not been hedged or fixed or where existing interest rate hedges expire, increases in long-term interest rates may have adverse implications on the funding costs of Growthpoint, resulting in a decrease in Growthpoint's distributable income. Fluctuations in long-term interest rates may also impact the earnings before interest of Growthpoint as this may affect the property markets in which Growthpoint operates.

(i) Insurance

Growthpoint currently maintains insurance cover that is customarily maintained by property owners and managers. Growthpoint's insurance provides a degree of protection for Growthpoint's assets, liabilities, officers and employees.

No assurance can be given that any insurance that Growthpoint currently maintains will:

- be available in the future on a commercially reasonable basis; or
- provide adequate cover against claims made against or by Growthpoint, noting that there are some risks that are uninsurable (such as nuclear, chemical and biological incidents) or risks where the insurance coverage is reduced (such as cyclone, earthquake, flood and fire).

Growthpoint also faces risks associated with the financial strength of its insurers to meet indemnity obligations when called upon which could have an adverse effect on Growthpoint's earnings.

If Growthpoint incurs uninsured losses or liabilities, its assets, profits and prospects may be adversely affected.

(j) Property market risks

Growthpoint will be subject to the prevailing property market conditions in the sectors in which it operates. Adverse changes in market sentiment or market conditions may impact Growthpoint's ability to acquire, manage or develop assets, as well as the value of Growthpoint's properties and other assets. These could materially adversely impact upon Growthpoint's value, earnings, gearing levels and the carrying value of its assets.

(k) Debt covenants

Growthpoint's debt facilities are subject to a number of covenants including interest coverage ratios and loan to value ratios. In the event of unforeseen fluctuations in rental income or a fall in property values, Growthpoint may be in breach of its loan covenants and be required to repay amounts outstanding under the debt facilities immediately and to sell properties at uneconomical prices. There is also a risk that unforeseen capital expenditure may be required under the terms of Growthpoint's current leases, which may reduce the cash available to Growthpoint to service its debt obligations. Additionally, it may adversely affect Growthpoint's distributable income.

(l) Loss of key directors and employees

Growthpoint depends on the talent and experience of its directors, senior executives and employees. It is essential that appropriately skilled people be available in sufficient numbers to support Growthpoint. The loss of the services of any key director, executive or other employee could adversely impact upon Growthpoint's operations and accordingly its earning and returns.

10.4 A-REIT sector risks**(a) Counterparty/credit risk**

A-REITs are exposed to the risk that third parties, such as tenants, developers, service providers and financial counterparties to derivatives (including interest rate hedging instruments) and other contracts may not be willing or able to perform their obligations.

(b) Fixed nature of costs

Many costs associated with the ownership and management of property assets are fixed in nature. The value of properties (and the value attributed to Growthpoint) may be adversely affected if the income from the asset declines and these fixed costs remain unchanged.

(c) Land values

Events may occur from time to time that affect the value of land which may then impact the financial returns generated from particular property related investment businesses or projects. For example, unanticipated environmental issues may impact on the future earnings of Growthpoint. Such events may materially affect Growthpoint's earnings and value.

(d) Trust taxation status

Changes in taxation law (including goods and services taxes and stamp duties), or changes in the way tax laws are interpreted in the various jurisdictions in which Growthpoint operates, may impact the tax liabilities of Growthpoint, as well as the tax liabilities of Growthpoint Securityholders, due to the flow-through treatment associated with trusts (see below).

Under current income tax legislation, "flow-through" trusts are generally not liable for Australian income tax, including CGT,

provided securityholders are presently entitled to all of the income of those trusts each year. Should the actions or activities of a “flow-through” trust (their controlled entities or other trusts in which they hold an interest) result in the relevant trust being treated as a corporate unit trust or public trading trust for the purposes of Divisions 6B or 6C of the Tax Act respectively, the relevant trust would be taxed on its taxable income at a rate which is currently equivalent to the corporate income tax rate of 30 per cent.

We note however, that the unit trust rules in Division 6B of the Tax Act will be repealed with effect from 1 July 2016.

Further, from 1 July 2016, the trustee of a managed investment trust (**MIT**) will be able to make an irrevocable election to apply the new attribution MIT (**AMIT**) rules (with the option of applying the rules retrospectively, with effect from 1 July 2015).

If Growthpoint (a MIT) chooses to apply the new rules, broadly:

- it will be treated as a fixed trust for income tax purposes;
- it will use an attribution methodology in lieu of the existing present entitlement to income methodology (i.e. components of income and offsets will be attributed to members on a fair and reasonable basis, in accordance with their interests as set out in the trust’s constituent documents);
- unders and overs of a trust component may be reconciled in the income year they are discovered;
- an administrative penalty may apply to the responsible entity where an under or over arises due to the intentional disregard of a taxation law or recklessness by the responsible entity;
- the responsible entity may be liable to pay tax at the top marginal rate, where for a particular income year:
 - there is an under attribution of the determined income components; or
 - there is an over attribution of the determined tax offsets; and
- members will be taxed on the parts of the trust components that are attributed to them as if they derived those amounts in their own right and in the same circumstances as Growthpoint.

As noted above however, the new AMIT rules will only apply if the responsible entity elects to apply the new regime. Accordingly, the responsible entity will consider the benefits and costs of the new rules, before making a decision in this regard.

10.5 General risks

(a) General economic conditions

Growthpoint’s operating and financial performance is influenced by a variety of general economic and business conditions, including the level of inflation, interest rates, ability to access funding, oversupply and demand conditions and government fiscal, monetary and regulatory policies, changes in gross domestic product and economic growth. Prolonged deterioration in these conditions, including an increase in interest rates and an increase in the cost of capital could have a material adverse impact on Growthpoint’s operating and financial performance and financial position.

(b) Changes in accounting policy

Growthpoint must report and prepare financial statements in accordance with prevailing accounting standards and policies. There may be changes in these accounting standards and policies in the future which may have an adverse impact on Growthpoint’s financial performance and financial position as reported in its financial statements.

(c) Litigation and disputes

Legal and other disputes (including industrial disputes) may arise from time to time in the ordinary course of operations. There is a risk that material or costly disputes or litigation could impact on the Merged Group’s financial performance and the value of Growthpoint.

(d) Regulatory risk

Growthpoint may be affected by government legislation and regulations (including environmental and industrial relations legislation).

Changes in legislation and regulations pertaining to, but not limited to, stamp duty and taxation laws, environmental laws and industrial relations laws may have a material adverse effect on the forecast capital expenditure of Growthpoint or on Growthpoint’s financial position or financial performance (such as by directly or indirectly reducing its income from its properties, or increasing its costs in relation to the properties).

(e) Inflation

Higher than expected inflation rates generally or specific to the property sector could be expected to increase operating costs.

(f) Market risks

The price that Growthpoint Securities trade on the ASX may be determined by a range of factors, including:

- changes to local and international stock markets;
- inflation;
- changes in interest rates;
- general economic conditions;
- changes to the relevant indices in which Growthpoint may participate, the weighting that Growthpoint has in the indices and the implication of those matters for institutional investors that impact their investment holdings in Growthpoint Securities;
- global geo-political events, terrorist activities, hostilities and natural disasters;
- continuation of inclusion in key indexes including maintenance of sufficient liquidity, freefloat and market capitalisation;
- investor perceptions;
- changes in government, fiscal, monetary and regulatory policies; and
- demand and supply of listed property trust securities.

In the future, one or more of these factors may cause Growthpoint Securities to trade below current prices and may affect the revenue and expenses of Growthpoint. In addition, the stock market can experience price and volume fluctuations that may be unrelated or disproportionate to the operating performance of the Growthpoint.

(g) Work, health and safety risk

Growthpoint is subject to extensive laws and regulations governing health and safety matters, protecting both the public and its employees. Any breach of these obligations could adversely affect the results of Growthpoint and its reputation, and expose it to claims for financial compensation or adverse regulatory consequences. There is also risk associated with incidents relating to health and safety that do not result from any breach of obligations. For example, the risk of terrorist activity at a property owned by Growthpoint.

(h) Foreign exchange/currency risk

All information in this Bidder's Statement is presented in Australian dollars. Growthpoint Securityholders who reside outside of Australia, or who rely on funding denominated in a currency other than the Australian dollar, should be aware of the impact that fluctuations in exchange rates may have on the value of their investments in, and returns from, Growthpoint.

(i) Other factors

Other factors that may impact on Growthpoint's performance including changes or disruptions to political, regulatory, legal or economic conditions or to the national or international financial markets (including as a result of terrorist attacks, war or natural disasters).

Additional risks and uncertainties not currently known to Growthpoint may also have a material adverse effect on Growthpoint's business and the information set out above does not purport to be, nor should it be construed as representing, an exhaustive list of the risks affecting Growthpoint.

10.6 Application to the Merged Group

All of the risks detailed in this section 10 also apply to the Merged Group.

Accordingly, references in this section 10 to potential risks affecting Growthpoint will, in most cases, also be relevant to the Merged Group.

1 July 2016

Dear Directors

As requested by Growthpoint Properties Australia Limited in its capacity as Responsible Entity of Growthpoint Trust we provide this taxation report to be included in the Bidder's Statement to be dated on or around 1 July 2016. Terms defined in section 14 of the Bidder's Statement have the same meaning in this letter, unless the context otherwise requires.

INTRODUCTION

This taxation information has been prepared to provide a broad summary of the Australian income tax and goods and services tax considerations for GMF Unitholders that dispose of their GMF Units and are Australian individual unitholders. The taxation information provided below is intended only as a guide. The Australian taxation consequences for GMF Unitholders will ultimately depend upon their individual circumstances. Accordingly, it is recommended that GMF Unitholders seek professional taxation advice in relation to their own position. The information applies only to individuals who hold their GMF Units on capital account.

The comments below do not address any taxation implications which might arise in countries other than Australia.

Non-resident for Australian taxation purposes

Non-residents are broadly not entitled to claim any capital gains tax ("CGT") discount on disposal of a CGT asset where they are subject to Australian taxes. The capital gains discount is explained further below.

New non-resident withholding tax rules in relation to the acquisition of Australian real property were enacted on 25 February 2016. Broadly, the purpose of the new withholding tax rules is to assist in the collection of a non-resident's capital gains tax liability. The new rules apply to contracts entered into on or after 1 July 2016.

Grant Thornton Australia Limited ABN 41 127 556 389 ACN 127 556 389

'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton Australia Ltd is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thornton Australia Limited.

Liability limited by a scheme approved under Professional Standards Legislation. Liability is limited in those States where a current scheme applies.

The new rules impose a 10% non-final withholding obligation on the purchasers of certain Australian assets where they acquire it from a relevant foreign resident. The obligation does not require withholding as such, but does require the purchaser to pay 10% of the first element of the cost base (usually, the purchase price) to the Commissioner. This amount may be withheld from the payment the purchaser makes to the vendor. The obligation will apply to the acquisition of an asset that is:

- taxable Australian real property;
- an indirect Australian real property interest; or
- an option or right to acquire such property or such an interest.

In relation to indirect Australian real property interests, broadly, the GMF Units held by a GMF Unitholder should not be considered to be indirect Australian real property interests unless either:

- the GMF Unitholder, together with its associates (as defined in the Tax Act), holds at the time of accepting the Offer, or have held for at least a 12 month period in the 24 month period prior to accepting the Offer, 10% or more of the total number of GMF Units on issue; or
- the GMF Unitholder holds the GMF Units in carrying on a business through a permanent establishment in Australia.

Growthpoint Properties Australia Limited will need to assess whether the relevant GMF Units constitute indirect Australian real property interests where:

- it purchases the GMF Units from a person it knows or reasonably believes is a foreign resident;
- it purchases the GMF Units from a GMF Unitholder with a registered address outside of Australia; or
- it is required to pay the relevant consideration overseas.

Where Growthpoint Properties Australia Limited considers that it will be required to withhold under these rules, it will contact the relevant GMF Unitholder to confirm that withholding is required. In such circumstances, Growthpoint Properties Australia Limited may request that the relevant GMF Unitholder provides a declaration that the GMF Units they are disposing of are not indirect Australian real property interests as at the date of the transaction. Where such a declaration is requested, Growthpoint Properties Australia Limited can provide a draft declaration for the GMF Unitholder to complete.

GMF Unitholders that are not Australian tax residents should seek their own taxation advice on the consequences of the disposal of their GMF Units and ongoing interest in Growthpoint Securities under any relevant foreign tax laws and Australian tax legislation.

* * * * *

The information below is based on existing tax law and established interpretations as at the date of this letter and may be subject to change over time.

Proposal

The proposed transaction is set out in the Bidder's Statement.

Taxation consequences for resident GMF Unitholders

GMF Unitholders that elect to participate in the Cash Alternative Facility per Section 6 of the Bidder's Statement

GMF Unitholders that elect to participate in the Cash Alternative Facility will receive cash consideration (only) for the disposal of their GMF Units. The total cash consideration will be paid to the GMF Unitholder from both Growthpoint Properties Australia Limited (in respect of the cash component of the standard consideration) and Growthpoint SA (under the Cash Alternative Facility).

The disposal of GMF Units will have CGT implications for the GMF Unitholders. Broadly, the GMF Unitholders must include any realised capital gain or loss on the disposal of their GMF Units in the calculation of their net capital gain or loss for the year. The date of disposal of the GMF Units will generally be taken to be the latter of:

- the date which GMF Unitholders accept the Offer; or
- the date when GMF Units are compulsorily acquired.

A GMF Unitholder who is an individual and will derive a capital gain on the disposal of their GMF Units to the extent that the capital proceeds (ie. the total cash received) on disposal exceeds the CGT cost base of the GMF Units. A GMF Unitholder will incur a capital loss on the disposal of the GMF Units to the extent that the capital proceeds on disposal are less than the CGT reduced cost base of the GMF Units.

GMF Unitholders that do NOT elect to participate in the Cash Alternative Facility

As above, the disposal of GMF Units in accordance with Section 7 of the Bidder's Statement will similarly have CGT implications. However, in connection with the disposal of GMF Units, the cash received and market value of the Growthpoint Securities (i.e. each Growthpoint Security consists of a unit in Growthpoint Trust and a share in Growthpoint Properties Australia Limited stapled together) will be the capital proceeds for the purposes of calculating the capital gain or loss. Given that Growthpoint Securities are listed on the ASX, one basis for determining the market value of the Growthpoint Securities received is to use its closing price on the ASX on the date of disposal. For further information regarding valuation, GMF Unitholders should seek specific advice or refer to the ATO website for guidance at <https://www.ato.gov.au/general/capital-gains-tax/in-detail/calculating-a-capital-gain-or-loss/market-valuation-for-tax-purposes/>.

Generally, the CGT cost base of each GMF Unit will include the amount paid by each GMF Unitholder to acquire their GMF Units, together with any capital costs of acquisition or disposal, reduced by any tax deferred distributions (see below for further detail) or returns of capital made by GMF whilst each GMF Unitholder held their GMF Units.

Possible reduction in capital gain

CGT discount

Most GMF Units were allotted on 29 October 2014 under the GMF IPO and GMF also commenced trading on this date. Where a GMF Unitholder has held GMF Units for 12 months or more at the time of disposal, being the time of acceptance of the Offer, and there is a net capital gain, a discount factor of 50% ("CGT discount") may be available to that individual. For information purposes we note that a trust and superannuation fund may also be entitled to a CGT discount of 50% and 33% respectively should certain conditions be satisfied. The CGT discount is not available to Australian companies.

In applying the CGT discount, any available capital losses will firstly be deducted from the gross capital gain before the discount is applied. GMF Unitholders should seek their own independent advice in this respect.

Partial scrip for scrip roll-over

If you elect to participate in the Cash Alternative Facility (Section 6) then the following comments will not apply to you.

Scrip for scrip roll-over relief may be available to defer the capital gains resulting from a disposal of GMF Units. This roll-over relief does not apply where a GMF Unitholder would make a capital loss on disposal. However, this is generally conditional on Growthpoint Properties Australia Limited, on behalf of Growthpoint Trust, becoming the owner of 80% or more of the voting units in GMF as part of the arrangement.

The proposed transaction involves GMF Units being exchanged for Growthpoint Securities. Only the portion of the GMF Units exchanged for Growthpoint Units will be eligible for the scrip for scrip roll-over relief. Accordingly, only partial scrip for scrip roll-over relief may be available to defer any potential capital gains realised on the disposal of GMF Units. The value of the GPAL Shares and cash would still be subject to CGT. For further assistance regarding valuation see above. Additionally, Growthpoint has provided some guidance on its website in connection with the value split between Growthpoint Trust and Growthpoint Properties Australia Limited (and therefore, their respective securities comprising the components of Growthpoint Securities) at the following link: <http://growthpoint.com.au/investor-centre/securityholder-information/distributions/>

Where scrip for scrip roll-over does apply, GMF Unitholders will broadly retain the historical cost base of their former GMF Units apportioned across the new Growthpoint Units that they hold. The cost base of the GPAL Shares will be equal to the market value on the date of disposal for CGT purposes.

Scrip for scrip roll-over is a choice that each GMF Unitholder makes. There is no requirement for all GMF Unitholders to elect to apply this roll-over. GMF Unitholders should seek their own independent advice in this respect.

Taxation of Growthpoint Securities

Future Distributions

Growthpoint Trust

As with GMF, Growthpoint Trust is a Managed Investment Trust ("MIT") for tax purposes. Growthpoint Trust will provide all Growthpoint Unitholders with an annual taxation statement that outlines the distributions from Growthpoint Trust. Income will retain its character passing through Growthpoint Trust to the unitholders.

5

From time to time distributions will include tax-deferred distributions. Broadly, these are non-assessable distributions in the hands of the Growthpoint Unitholders when received unless and until the total tax deferred amounts received by a Growthpoint Unitholder exceed the cost base of the Growthpoint Units. For CGT purposes, amounts of tax deferred distributions received reduce the cost base of the Growthpoint Units for Growthpoint Unitholders and therefore affect the unitholder's capital gain/loss on subsequent disposal of the units. A Growthpoint Unitholder will make an immediate capital gain to the extent a tax deferred distribution is more than the Growthpoint Unitholder's cost base of the Growthpoint Units. It is therefore imperative that Growthpoint Unitholders monitor their Growthpoint Units' cost base for CGT purposes.

Growthpoint Properties Australia Limited

Growthpoint Properties Australia Limited may distribute a dividend in accordance with Corporations Act requirements and Income Tax rules. Dividends may be franked up to 30% where Growthpoint Properties Australia Limited is distributing after tax dividends. A franking credit represents a tax credit in the hands of the ultimate beneficiary of the dividend (where that beneficiary is an Australian tax resident).

Goods and Services Tax ("GST")

The acquisition and disposal of GMF Units is not subject to GST. However, GMF Unitholders may incur GST on costs that relate to their participation in the Offer and should seek their own independent advice in relation to the GST implications.

Other issues

GMF Unitholders will be invited to quote their Tax File Number ("TFN") or Australian Business Number ("ABN") in respect of the acquisition of Growthpoint Securities. GMF Unitholders are not obliged to provide the TFN or ABN. However, if a GMF Unitholder does not provide their TFN or ABN or an exemption, tax may be withheld at a rate of 49% on any gross distributions made to them on their Growthpoint Securities (with entitlement to claim an income tax credit in respect of the tax withheld).

If any of the defeating conditions are not fulfilled, and Growthpoint Properties Australia Limited decides to rely on that non-fulfilment, then any contract resulting from acceptance of the Offer will become void at (or, in some cases, shortly after) the end of the Offer Period, and the relevant GMF Units will be returned to the holder.

GMF Unitholders who are Ineligible Foreign Unitholders or Unmarketable Parcel Unitholders will not be entitled to receive Growthpoint Securities as consideration for their GMF Units pursuant to the Offer, unless Growthpoint Properties Australia Limited otherwise determines in its absolute discretion.

A GMF Unitholder is an Ineligible Foreign Unitholder for the purposes of the Offer if their address as shown in the register of unitholders of GMF is in a jurisdiction other than Australia or its external territories, New Zealand or Singapore. However, such a GMF Unitholder will not be a Foreign Unitholder if Growthpoint Properties Australia Limited otherwise determines (in its absolute discretion) that it is:

- not unlawful, onerous or impracticable to make the Offer to a GMF Unitholder in the relevant jurisdiction and to issue Growthpoint Securities to such a GMF Unitholder on acceptance of the Offer; and
- not unlawful for such a GMF Unitholder to accept the Offer in such circumstances in the relevant jurisdiction.

Notwithstanding anything else in this Bidder's Statement, Growthpoint Properties Australia Limited is not under any obligation to spend any money, or undertake any action, in order to satisfy itself concerning any of these matters.

A GMF Unitholder is an Unmarketable Parcel Unitholder for the purposes of the Offer if, were they to accept the Offer, Growthpoint Securities would be issued to them which would not constitute a Marketable Parcel. A Marketable Parcel is a parcel of securities that (among other things) has a value of not less than \$500.

The Growthpoint Securities which would otherwise have been issued to any such Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders will instead be issued to a nominee approved by ASIC, who will sell these Growthpoint Securities. The net proceeds of the sale of such securities will then be remitted to the relevant Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders. See section 13.7 for further details.

12.18 Fees

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay administration fees where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities & Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

(a) Fees and other costs

This section shows fees and other costs that you may be charged in respect of Growthpoint Securities. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of Growthpoint as a whole

Except as otherwise stated, the fees and costs set out below are inclusive of GST and take into account expected input tax credits or reduced input tax credits for GST on fees and charges where applicable.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees when your money moves in or out of the fund		
Establishment fee The fee to open your investment	Nil	N/A
Contribution fee The fee on each amount contributed to your investment	Nil	N/A
Withdrawal fee The fee on each amount you take out of your investment	Nil	N/A
Exit fee The fee to close your investment	Nil	N/A
Management costs		
The fees and costs for managing your investment	<p>GPAL is entitled to a management fee of up to 0.4% per annum of the value of Growthpoint Trust's gross assets, plus a performance fee of 15% of the Growthpoint Trust's performance in excess of a benchmark index multiplied by the market capitalisation of the trust (capped at an amount that would result in GPAL being paid an amount of management fees and performance fees in aggregate equal to 1% per annum of the value of Growthpoint Trust's gross assets). Due to the internalised management structure of Growthpoint, these fees do not represent a cost to Growthpoint Securityholders.</p> <p>GPAL is also entitled to reimbursement of the administration and management costs that it properly incurs in respect of Growthpoint Trust.</p> <p>GPAL has waived its right to receive the fees to which it is entitled and instead, currently charges Growthpoint Trust for its actual costs in managing the trust plus 2.5%. On this basis, the total management costs are estimated to be 0.4% per annum of the gross asset value of Growthpoint Trust. Actual expenses vary and may be higher than this estimate.</p>	<p>The GPAL management fee accrues daily and is payable monthly in arrears out of the assets of Growthpoint Trust.</p> <p>The GPAL performance fee (if applicable) in respect of a financial year is calculated and paid in arrears within one month of the end of that financial year, and is paid out of the assets of the Growthpoint Trust,</p> <p>GPAL is entitled to be reimbursed for its costs when they are incurred.</p>

(b) Example of annual fees and costs⁶⁹

The following table gives an example of how the fees and costs can affect your investment over a one year period. You should use these tables to compare this product with other managed investment products.

Example	Amount	Balance of \$50,000 with a contribution of \$5,000 during the year
Contribution fee	Nil	For every additional \$5,000 you invest, you will be charged \$0.00
PLUS Management Costs	0.4% per annum of the gross assets of Growthpoint Trust	And, for every \$50,000 you have invested you will be charged \$200 each year ⁷⁰
EQUALS cost of fund		If you had an investment of \$50,000 at the beginning of the year and you invested an additional \$5,000 during that year, you would be charged and expenses of between \$200 ⁷¹ and \$220 ⁷² for that year

(c) Additional explanation of fees and costs**(1) Management costs**

The management costs in the tables above are the fees and costs paid for general administration of Growthpoint Trust and comprise an estimate of all fees and expenses recoverable by GPAL.

As set out above, GPAL is not currently charging any of the fees to which it is entitled under the Growthpoint Trust Constitution and, instead, charges the Growthpoint Trust for its actual costs in managing the trust plus 2.5%. Even if it was to charge those fees, they would not represent a cost to Growthpoint Securityholders due to the internalised management structure of Growthpoint.

GPAL does not intend to charge any fee, other than its costs (plus 2.5% margin) of operating Growthpoint Trust, while it remains responsible entity of that trust. However, it is possible for fees and expenses to increase up to the maximums outlined below.

(2) Management fee

Under the Growthpoint Trust Constitution, GPAL is entitled to a management fee of up to 0.4% per annum of the value of Growthpoint Trust's gross assets for its role in managing and administering Growthpoint Trust, payable monthly in arrears.

(3) Performance fee

Under the Growthpoint Trust Constitution, GPAL is entitled to a performance fee of 15% of amount by which the accumulation index of Growthpoint Trust exceeds the return in respect of the S&P/ASX 300 Property Accumulation index multiplied by the market capitalisation of Growthpoint Trust. This fee is capped at an amount that would result in GPAL being paid an amount of management fees and performance fees in aggregate equal to 1% per annum of the value of Growthpoint Trust's gross assets. Performance in excess of the benchmark index that would result in this cap being exceeded, as well as any shortfall in performance as against the benchmark index, may be carried forward for up to three years.

(4) Expense recoveries

Under the Growthpoint Trust Constitution, GPAL is entitled to recover all costs and expenses properly incurred in managing and administering Growthpoint Trust, including in relation to the following:

- fundraising costs;
- the appointment of any consultant, agent or broker;

- asset acquisition, custody, management and disposal expenses; and
- bank fees, government fees and taxes.

As noted above, GPAL currently charges Growthpoint Trust its costs and expenses plus 2.5% in lieu of the fees that GPAL is otherwise entitled to under the Growthpoint Constitution. On this basis, GPAL estimates that Growthpoint Trust will incur expenses of approximately 0.4% of the gross asset value of Growthpoint Trust per annum. This estimate has been included in the tables set out above in this section 12.18.

(5) Foreign asset acquisition fee

Under the Growthpoint Trust Constitution, GPAL is entitled to a fee of 1% of the value of any foreign asset acquired by Growthpoint Trust, payable on completion of that acquisition.

(6) Debt placement fee

Under the Growthpoint Trust Constitution, GPAL is entitled to a fee of 1% of any amount drawn down under any new or refinanced debt facility that it enters into on behalf of the Growthpoint Trust.

(7) Custodial fee

Under the Growthpoint Trust Constitution, GPAL is entitled to a fee of up to 0.05% per annum of the value of any assets of the Growthpoint Trust that it holds in a custodial capacity, calculated at the end of each month and payable within seven days of the end of each month.

(8) GST

13.1 Offer

- (a) Growthpoint Properties Australia Limited offers to acquire all (but not some only) of Your Units on and subject to the terms and conditions set out in this section 13 of this Bidder's Statement.
- (b) The consideration under the Offer is \$1.25 and 0.3968 Growthpoint Securities for each of Your Units. If this calculation results in an entitlement to a fraction of a Growthpoint Security or a fraction of a cent, that fraction will be rounded down to the next whole number of Growthpoint Securities or the nearest whole cent (as the case may be).
- (c) If, at the time the Offer is made to you, you are an Ineligible Foreign Unitholder, you will not receive Growthpoint Securities. Instead, you are offered and will be sent a cash amount determined in accordance with section 13.7 of this Bidder's Statement.
- (d) The Growthpoint Securities to be issued under the Offer will be credited as fully paid.
- (e) By accepting the Offer, you undertake to transfer to Growthpoint Properties Australia Limited not only the GMF Units to which the Offer relates, but also all Rights attached to those GMF Units (see section 13.5(c)(6) and section 13.6(c)).

- (g) If, at the time the Offer is made to you, or at any time during the Offer Period, another person is, or is entitled to be, registered as the holder of some or all of Your Units, then:
 - (1) a corresponding offer on the same terms and conditions as the Offer will be deemed to have been made to that other person in respect of those GMF Units;
 - (2) a corresponding offer on the same terms and conditions as the Offer will be deemed to have been made to you in respect of any other GMF Units you hold to which the Offer relates; and
 - (3) the Offer will be deemed to have been withdrawn immediately at that time.
- (h) If at any time during the Offer Period you are registered as the holder of one or more parcels of GMF Units as trustee or nominee for, or otherwise on account of, another person, you may accept as if a separate offer on the same terms and conditions as the Offer had been made in relation to each of those distinct parcels and any parcel you hold in your own right. However, if at the time the document is given, the Offer is still subject to a defeating condition that relates only to the happening of an event or circumstance referred to in section 652C(1) or (2) of the Corporations Act, Growthpoint Properties Australia Limited will provide the consideration due to you within 21 days after the Offer becomes unconditional.
- (c) If you accept the Offer, Growthpoint Properties Australia Limited is entitled to all Rights in respect of Your Units. Growthpoint Properties Australia Limited may require you to provide all documents necessary to vest title to those Rights in Growthpoint Properties Australia Limited, or otherwise to give it the benefit or value of those Rights. If you do not give those documents to Growthpoint Properties Australia Limited, or if you have (or any previous owner of Your Units has) received the benefit of those Rights, Growthpoint Properties Australia Limited will deduct from the consideration otherwise due to you the amount (or value, as reasonably assessed by Growthpoint Properties Australia Limited) of those Rights, excluding the value of any franking credits attached to the Rights. Any such deduction will be made, first, from any cash amount that is due to you and, to the extent that such cash amount is insufficient, then from any Growthpoint Securities otherwise due to you on the basis that one Growthpoint Security has a value of \$3.15.
- (d) If you have accepted the Offer and you are an Ineligible Foreign Unitholder or an Unmarketable Parcel Unitholder, you will receive your share of the proceeds from the sale of the Growthpoint Securities in accordance with section 13.7.
- (e) Payment of any cash amount to which you are entitled under the Offer will be made by cheque in Australian currency. Cheques will be posted to you at your risk by ordinary mail (or in the case of overseas unitholders, by airmail) to either (at the discretion of Growthpoint Properties Australia Limited):
- (1) the address as shown on your Acceptance Form; or
 - (2) the address as shown on the latest version of the GMF's register of unitholders as requested and obtained by Growthpoint Properties Australia Limited (the **Relevant Register**).
- (f) The obligation of Growthpoint Properties Australia Limited to issue and allot any Growthpoint Securities to which you are entitled will be satisfied by Growthpoint Properties Australia Limited:
- (1) entering your name on the register of members of Growthpoint Properties Australia Limited and the register of unitholders of Growthpoint Trust; and
 - (2) dispatching or procuring the dispatch to you by pre-paid post to either your address as shown on your Acceptance Form or your address as recorded in the Relevant Register (at the discretion of Growthpoint Properties Australia Limited), an uncertificated holding statement in your name. If Your Units are held in a joint name, an uncertificated holding statement will be issued in the name of, and forwarded to, the holder whose name appears first in the Relevant Register.
- (g) If at the time you accept the Offer, any authority, clearance or approval is required for you to receive any consideration for Your Units, including (but not limited to) any authority, clearance or approval of:
- (1) the Reserve Bank of Australia (whether under the *Banking (Foreign) Exchange Regulations 1959* (Cth) or otherwise);
 - (2) the Minister for Foreign Affairs (whether under the *Charter of the United Nations Act 1945* (Cth), the *Charter of the United Nations (Dealing with Assets) Regulations 2008* (Cth) or any other regulations made thereunder, or otherwise);
 - (3) the ATO; or

- (4) any other person as required by any other law of Australia that would make it unlawful for Growthpoint Properties Australia Limited to provide any consideration for Your Units,

then you will not be entitled to receive any consideration for Your Units until all requisite authorities, clearances or approvals have been received by Growthpoint Properties Australia Limited.

13.7 Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders

- (a) If you are an Ineligible Foreign Unitholder or an Unmarketable Parcel Unitholder, you will not be entitled to receive Growthpoint Securities as part of the consideration for Your Units as a result of accepting the Offer, and Growthpoint Properties Australia Limited will:

- (1) arrange for the issue to a nominee approved by ASIC (the **Nominee**) of the number of Growthpoint Securities to which all Ineligible Foreign Unitholders and all Unmarketable Parcel Unitholders (including you) would have been entitled but for section 13.1(c) and the equivalent provision in each other offer under the Offer. Growthpoint Properties Australia Limited may arrange for the Growthpoint Securities to be issued to the Nominee in tranches. Growthpoint Properties Australia Limited has the sole and complete discretion as to when and in how many tranches to aggregate the Growthpoint Securities to be issued as a result of acceptances of the Offer;
- (2) cause the Growthpoint Securities so issued to be offered for sale by the Nominee (in one or more tranches) on the ASX as soon as practicable and otherwise in the manner, at the price and on such other terms and conditions as are determined by the Nominee, and the Nominee will remit the proceeds of such sale to Growthpoint Properties Australia Limited; and
- (3) pay to you the amount ascertained in accordance with the following formula, being your pro rata share of the proceeds from the Growthpoint Securities sold in the relevant sale tranche, less brokerage and sale expenses:

$$\frac{N \times YS}{TS}$$

where:

'**N**' is the amount which is received by the Nominee upon the sale of the Growthpoint Securities in the relevant tranche under this section 13.7 less brokerage and sale expenses;

'**YS**' is the number of Growthpoint Securities which would, but for section 13.1(c), otherwise have been allotted to you; and

'**TS**' is the total number of Growthpoint Securities allotted to the Nominee in the relevant tranche under this section 13.7.

- (b) You will be sent your share of the proceeds of the sale of Growthpoint Securities by Growthpoint Properties Australia Limited in Australian currency, by cheque drawn on an Australian bank.
- (c) Payment will be made by cheque posted to you at your risk by ordinary mail (or in the case of overseas unitholders, by airmail) at either the address as shown on your Acceptance Form or the address shown on the Relevant Register within the period required by the Corporations Act.
- (d) Under no circumstances will interest be paid on your share of the proceeds of the sale of Growthpoint Securities by

Growthpoint Properties Australia Limited or the Nominee, regardless of any delay in remitting these proceeds to you.

- (e) The Nominee may sell the Growthpoint Securities in such manner, at such price or prices and on such terms as the Nominee determines, and at the risk of the Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders. The Nominee will sell the Growthpoint Securities on ASX following the issue of those securities to it and the Nominee has sole and complete discretion with regards to the number of tranches in which to sell the Growthpoint Securities that are issued to it.
- (f) As the market price of Growthpoint Securities will be subject to change from time to time, the sale price of the Growthpoint Securities sold by the Nominee and the proceeds of those sales cannot be guaranteed. Neither Growthpoint Properties Australia Limited or the Nominee gives any assurance as to the price that will be achieved for the sale of the Growthpoint Securities by the Nominee.
- (g) The Nominee will be appointed by, and will provide the Nominee services to, Growthpoint Properties Australia Limited. In acting as Nominee, the Nominee will not be acting as agent or sub-agent of any Ineligible Foreign Unitholder or Unmarketable Parcel Unitholder, does not have duties or obligations (fiduciary or otherwise) to any Ineligible Foreign Unitholder or Unmarketable Parcel Unitholder and does not underwrite the sale of the Growthpoint Securities.

GROWTHPOINT TAKEOVER BID TO ACQUIRE GPT METRO OFFICE FUND

Summary:

- Growthpoint announces takeover bid to acquire GPT Metro Office Fund
- Offer consideration comprises \$1.25 cash and 0.3968 Growthpoint securities per GMF unit, giving an implied value of approximately \$2.50 per GMF unit

- Growthpoint has acquired a 13% interest in GMF and has entered into a Facilitation Agreement with GPT

Growthpoint takeover bid and Bidder's Statement

Growthpoint Properties Australia Limited as responsible entity for the Growthpoint Properties Australia Trust ("Growthpoint" or "GOZ") today announced a proposal to acquire all of the outstanding units in GPT Metro Office Fund ("GMF" or "GPT Metro") by way of an off-market takeover bid (the "Offer" or "Growthpoint Takeover Bid"). The Offer is conditional on, among other things, a 50.1% minimum acceptance condition.

In addition, Growthpoint today lodged its Bidder's Statement with the Australian Securities and Investments Commission, a copy of which is attached to this announcement as Annexure 1. The Bidder's Statement contains the full terms and conditions of the Offer. It is anticipated that the Offer will open in mid-to-late July 2016 and close approximately 1 month after it opens (unless extended).

Mixed Consideration

The Offer provides for GMF unitholders to receive the following consideration per GMF unit (the "Mixed Consideration"):

- \$1.25 cash; and
- 0.3968 Growthpoint securities.¹

Based on the closing price of a Growthpoint security of \$3.15 on 30 June 2016, the Offer implies consideration of approximately \$2.50 per GMF unit. The table below outlines the implied premia based on the implied value of the Offer.

Cash Alternative Facility

Alternatively, instead of receiving the Mixed Consideration, GMF unitholders may elect to receive 100% cash consideration for all their GMF units, by electing to participate in the Cash Alternative Facility.²

Under the Cash Alternative Facility, Growthpoint Properties Limited ("Growthpoint SA") is offering to acquire all the Growthpoint securities that would otherwise be issued to GMF unitholders under the Offer at a price of \$3.15 per

¹ Each Growthpoint security comprises a share in Growthpoint Properties Australia Limited stapled to a unit in Growthpoint Properties Australia Trust. As described in further detail in the Bidder's Statement, Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders (each as defined in the Bidder's Statement) who accept the Offer will not be entitled to receive Growthpoint securities. Fractional entitlements will be rounded down.

² Details of the Cash Alternative Facility are set out in section 6 of the Bidder's Statement. Ineligible Foreign Unitholders and Unmarketable Parcel Unitholders are not eligible to participate in the Cash Alternative Facility.

Growthpoint security. This means that any GMF unitholder who participates in the Cash Alternative Facility will receive approximately \$2.50 cash for each of their GMF units.³

The Growthpoint Takeover Bid is at a significant premium

The Growthpoint Takeover Bid is superior to the Centuria Takeover Bid

Growthpoint believes that Growthpoint Takeover Bid is superior to the takeover bid that is being made by Centuria Property Funds Limited in its capacity as responsible entity for the Centuria Metropolitan REIT ("CMA") ("Centuria Takeover Bid") as announced to ASX on 16 June 2016. The table below highlights the relative benefits of the Growthpoint Takeover Bid, clearly demonstrating a superior outcome for GMF unitholders.

³ This price equates to the cash consideration received under the Offer of \$1.25 per GMF unit plus the value of 0.3968 Growthpoint securities acquired by Growthpoint SA at a price of \$3.15 ($\$1.25 + 0.3968 \times \$3.15 = \2.50).

Acquisition of 13% of the units in GPT Metro

Growthpoint also announced today it has acquired approximately 16.7 million GMF units from GPT RE Limited in its capacity as responsible entity of the General Property Trust representing an approximate 13% relevant interest, for consideration of \$2.45 per GMF unit.

Facilitation Agreement

Growthpoint and GPT Management Holdings Limited (“GPT”) have today entered into a facilitation and property rights deed relating to the provision of services and the transition of management of GMF and rights over certain GPT owned properties in Sydney Olympic Park (the “Facilitation Agreement”).

Under the Facilitation Agreement, and in return for the services and rights provided, Growthpoint has agreed to pay GPT \$9 million, conditional on Growthpoint either holding at least a 50.1% relevant interest in GMF or declaring the Offer unconditional.

A copy of the Facilitation Agreement is attached to this announcement as Annexure 2.

Growthpoint Managing Director, Timothy Collyer, said: “The proposed merger of Growthpoint and GPT Metro Fund continues to represent a compelling value proposition for GMF unitholders. Growthpoint is firmly of the view that the Growthpoint Takeover Bid is superior to the Centuria Takeover Bid, offering a higher implied offer value, exposure to a larger, higher quality and more diversified portfolio, enhanced governance through Growthpoint’s internalised management structure and the increased value certainty afforded by the Growthpoint Takeover Bid, given the higher proportion of cash consideration, the relative liquidity of Growthpoint securities and the ability to receive 100% cash consideration under the Cash Alternative Facility from Growthpoint SA.

We are pleased to have agreed the Facilitation Agreement with GPT, which will be invaluable in reducing risk for current and new Growthpoint securityholders, ensuring an orderly and cost efficient transition of management and potential strategic portfolio benefits in the Sydney Olympic Park precinct.”

⁸ This market capitalisation figure is based on there being 583,125,744 Growthpoint securities currently on issue and 44,380,760 new Growthpoint securities being issued as a result of the Offer (assuming that Growthpoint acquires all of the GMF units under the Offer that it does not already own), and that the price of a Growthpoint security is \$3.15

⁹ This market capitalisation figure is based on there being 119,407,764 CMA securities currently on issue and 128,533,501 new CMA Securities being issued as a result of the CMA Takeover Bid (assuming that CMA acquires all of the GMF units under the Centuria Takeover Bid that it does not already own), and that the price of a CMA security is \$2.14.

The historical financial information, as set out in the Bidder's Statement comprises:

- The historical financial performance of Growthpoint for the years ended 30 June 2014 and 30 June 2015, and the six months ended 31 December 2014 and 31 December 2015;
- The historical statement of cashflows of Growthpoint for the years ended 30 June 2014 and 30 June 2015, and the six months ended 31 December 2014 and 31 December 2015; and

- The summary historical financial metrics of GMF as described in **Section 5.5** of the Bidder's Statement for the period ended 30 June 2015 and the six months ended 31 December 2015

(hereafter, the "**GMF Historical Financial Information**");

(collectively hereafter, the "**Historical Financial Information**").

The stated basis of preparation is the recognition and measurement principles contained in Australian Accounting Standards applied to the Historical Financial Information.

The Historical Financial Information has been extracted from the audited financial reports of Growthpoint and GMF for the years ended 30 June 2015 which were audited by KPMG, and the reviewed financial report of Growthpoint and GMF for the 6 months ended 31 December 2015. KPMG issued unmodified opinions on all of the financial reports. The Historical Financial Information is presented in the Bidder's Statement in an abbreviated form, insofar as it does not include all of the presentation and disclosures required by Australian Accounting Standards and other mandatory professional reporting requirements applicable to general purpose financial reports prepared in accordance with the Corporations Act 2001 (Cth).

Pro Forma Historical Financial Information

The Pro Forma Historical Financial Information, as set out in the Bidder's Statement comprises:

- The pro forma financial position of the Merged Group as at 31 December 2015

(hereafter, the "**Pro Forma Historical Financial Information**").

The stated basis of preparation is the recognition and measurement principles contained in Australian Accounting Standards applied to the Pro Forma Historical Financial Information and the events or transactions to which the pro forma adjustments relate, as described in **Section 9.4** of the Bidder's Statement, as if those events or transactions had occurred as at the date of the Historical Financial Information. Due to its nature, the Pro Forma Historical Financial Information does not represent the Merged Group's actual or prospective financial position.

Forecast Financial Information

The forecast financial information, as set out in the Bidder's Statement comprises:

- the Growthpoint stand alone forecast income statement for the years ending 30 June 2016 and 30 June 2017 ("**Growthpoint Forecast Financial Information**"); and
- the GMF stand alone forecast income statement for the years ending 30 June 2016 and 30 June 2017 ("**GMF Forecast Financial Information**")

(hereafter, the "**Forecast Financial Information**").

The directors' best-estimate assumptions underlying the Forecast Financial Information are described in **Sections 9.3** of the Bidder's Statement. The stated basis of preparation used in the preparation of the Forecast Financial Information is the recognition and measurement principles contained in Australian Accounting Standards and the accounting policies adopted by Growthpoint and GMF (included in **Section 9.3** of the Bidder's Statement).

Pro Forma Forecast Financial Information

- The Pro Forma Forecast income statement of the Merged Group for the year ending 30 June 2017.

(hereafter, the "**Pro forma Forecast Financial Information**").

The Pro forma Forecast Financial Information has been derived from the Growthpoint Forecast Financial Information and the GMF Forecast Financial Information, after adjusting for the effects of the pro forma transactions and/or adjustments described in **Section 9.3(g)** of the Bidder's Statement ("**the Pro forma Adjustments**"). The stated basis of preparation used in the preparation of the Pro forma Forecast Financial Information is the recognition and measurement principles contained in Australian Accounting Standards

applied to the Growthpoint Forecast Financial Information and the GMF Forecast Financial Information and the events or transactions to which the Pro forma Adjustments relate, as if those events or transactions had occurred as at 1 July 2016. Due to its nature, the Pro forma Forecast Financial Information does not represent the Merged Group's actual or prospective financial performance for the year ending 30 June 2017. The Forecast Financial Information and Pro forma Forecast Financial Information has been prepared by management and adopted by the Directors in order to provide a guide to the potential financial performance of Growthpoint, GMF and the Merged Group for the year ending 30 June 2017. There is a considerable degree of subjective judgement involved in preparing forecasts since they relate to events and transactions that have not yet occurred and may not occur. Actual results are likely to be difference from the Forecast Financial Information since anticipated events or transactions frequently do not occur as expected and the variation may be material.

The Directors' best estimate assumptions on which the Forecast Financial Information and Pro forma Forecast Financial Information is based relate to future events or transactions that management expect to occur and action that management expects to take and are also subject to uncertainties and contingencies, which are often outside the control of Growthpoint, GMF and the Merged Group. Evidence may be available to support the assumptions on which the Forecast Financial Information and Pro forma Forecast Financial Information is based, however such evidence is generally future oriented and therefore speculative in nature. We are therefore not in a position to express a reasonable assurance conclusion on those best estimate assumptions, and accordingly provide a lesser level of assurance on the reasonableness of the Directors' best estimate assumptions. We do not express any opinion on the achievability of the results. The limited assurance conclusion expressed in this report has been formed on the above basis.

Prospective investors should be aware of the material risks and uncertainties relating to an investment in the Merged Group, which are detailed in the Bidder's Statement, and the inherent uncertainty relating to the prospective financial information. Accordingly, prospective investors should have regard to the investment risks and sensitivities set out in **Section 10** of the Bidder's Statement. The sensitivity analysis set out in **Section 9.6** of the Bidder's Statement demonstrates the impacts on the Pro Forma Historical Information, Forecast Financial Information and Pro Forma Forecast Financial Information of changes in key assumptions. The Pro Forma Historical Information, Forecast Financial Information and Pro forma Forecast Financial Information is therefore only indicative of the financial performance which may be achievable. We express no opinion as to whether the Forecast Financial Information will be achieved.

We have assumed, and relied on representations from certain members of management of Growthpoint that all material information concerning the prospects and proposed operations of the Merged Group has been disclosed to us and that the information provided to us for the purpose of our work is true, complete and accurate in all respects. We have no reason to believe that those representations are false.

A review consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Accordingly, we do not express an audit opinion.

Our engagement did not involve updating or re-issuing any previously issued audit or review report on any financial information used as a source of the financial information.
