

1st Available changes name to 1st Group

1st Available Limited (ASX: 1ST), the Australian online health portal, today announced that following the resolution passed by shareholders at the Annual General Meeting held on Monday 28 November 2016, the company will change its name from '1st Available Limited' to '**1st Group Limited**' effective Friday 9 December 2016.

The new name separates the name of the company from its growing stable of product brands. The name change will enable the continued expansion of the group with less confusion between the name of the listed public company and its product brands and subsidiaries.

The change only affects the name of the ASX-listed parent company and does not impact any of the trading names or brands within the group. The company's ASX ticker code (ASX:1ST) also remains unchanged.
