### Further Explanation of the Results

For the period ended 31 December 2016

### **Result** for the year

	31 Dec 16 \$'000	31 Dec 15 \$'000	Change %
EBIT	780	859	(9.2)
Net finance costs	(369)	(460)	
Profit before income tax	411	399	3.0

EBIT for the period to December 2016 reduced from the previous corresponding period, due in the main to some patchy sales results in the first quarter of the financial year. Reduced facility usage and renegotiated terms with our primary lender reduced the burden of finance costs on the business this reporting period and as a result the profit before tax of the business rose by 3.0% over the previous corresponding period.

Whilst inventory levels had increased at the reporting date, this is more a function of project inventory being held for installation, along with other fast moving items shipped to major retailers in January rather than December. Other key metrics of the business remained steady over the period, and we have successfully introduced some new brands to the market which will assist our second half results.

Further explanation of the result is included in the segment results below.

#### **Segment** Results

#### Lifestyle Entertainment Segment

**Sales revenue** down 16.9% to \$14,357,000 (Dec 15: \$17,284,000). **EBIT** down 39.0% to \$759,000 (Dec 15: \$1,245,000).

Our Lifestyle Entertainment group remained profitable; however results were down on those achieved during the previous corresponding period. Market conditions in the first quarter of the financial year were slower industry-wide for our dealer based business and this impacted our results.

Sales to the major retail market were also subdued during the period, as the current release models of one of our major suppliers were unable to maintain the competitive advantage seen in the previous corresponding period. Recent product launches at international trade shows provide us with renewed confidence for future reporting periods.

Other key brands continued to show performance improvement, with further successes expected in the second half of the financial year. We continue to work on improving returns from each brand that the group represents in the market place. Opportunities for growth from new agencies added to our portfolio will be enhanced by ongoing marketing efforts in the coming months, and we continue to seek new brands that are complementary or are considered to be in growth areas.

### **Professional** Segment

Sales revenue up 2.9% to \$10,039,000 (Dec 15: \$9,758,000). EBIT up 275% to \$142,000 (Dec 15: \$(81,000)).

Ambertech's professional segment returned growth over the previous corresponding period, driven by strong sales performance from our dealer based business in professional products. Our media systems offerings in this segment are predominantly project based, with recurring revenue from support contracts. This area had a significant amount of presales activity during the period under review; however the number of completed projects, particularly in growth areas such as law enforcement, defence and mining with communications systems, were lower this period.

### **New Zealand Segment**

**Sales revenue** up 6.1% to \$1,960,000 (Dec 15: \$1,848,000). **EBIT** up 64.9% to \$(33,000) (Dec 15: \$(94,000)).

Ambertech has focused on expanding our product offerings in New Zealand and leveraging more off our Australian operations in order to restore profitability to this segment. During the period under review we have continued to see market share gains, and the pipeline for future projects that would assist in returning this segment to profits continues to improve.

### **Outlook** for the business

Whilst the second half of the financial year is typically a more difficult period for our Lifestyle Entertainment segment, we are confident that some new sales and marketing initiatives in the coming months will assist with future results, particularly as we look to boost the growth potential of new brands recently introduced under the Ambertech banner.

Our pipeline for completing capital equipment sales in our media systems area continues to be uncertain, although the level of pre sales and tender work is very encouraging, across both our traditional media market and new growth area markets.

### INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Ambertech Limited

We have reviewed the accompanying half-year financial report of Ambertech Limited, which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

### Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act* 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Ambertech Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Ambertech Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Ambertech Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001
