Forward looking statement

- These materials prepared by Evolution Mining Limited (or “the Company”) include forward looking statements. Often, but not always, forward looking statements can generally be identified by the use of forward looking words such as “may”, “will”, “expect”, “intend”, “plan”, “estimate”, “anticipate”, “continue”, and “guidance”, or other similar words and may include, without limitation, statements regarding plans, strategies and objectives of management, anticipated production or construction commencement dates and expected costs or production outputs.
- Forward looking statements inherently involve known and unknown risks, uncertainties and other factors that may cause the Company’s actual results, performance and achievements to differ materially from any future results, performance or achievements. Relevant factors may include, but are not limited to, changes in commodity prices, foreign exchange fluctuations and general economic conditions, increased costs and demand for production inputs, the speculative nature of exploration and project development, including the risks of obtaining necessary licenses and permits and diminishing quantities or grades of reserves, political and social risks, changes to the regulatory framework within which the Company operates or may in the future operate, environmental conditions including extreme weather conditions, recruitment and retention of personnel, industrial relations issues and litigation.
- Forward looking statements are based on the Company and its management’s good faith assumptions relating to the financial, market, regulatory and other relevant environments that will exist and affect the Company’s business and operations in the future. The Company does not give any assurance that the assumptions on which forward looking statements are based will prove to be correct, or that the Company’s business or operations will not be affected in any material manner by these or other factors not foreseen or foreseeable by the Company or management or beyond the Company’s control.
- Although the Company attempts and has attempted to identify factors that would cause actual actions, events or results to differ materially from those disclosed in forward looking statements, there may be other factors that could cause actual results, performance, achievements or events not to be as anticipated, estimated or intended, and many events are beyond the reasonable control of the Company. Accordingly, readers are cautioned not to place undue reliance on forward looking statements. Forward looking statements in these materials speak only at the date of issue. Subject to any continuing obligations under applicable law or any relevant stock exchange listing rules, in providing this information the Company does not undertake any obligation to publicly update or revise any of the forward looking statements or to advise of any change in events, conditions or circumstances on which any such statement is based.

Non-IFRS Financial Information

- The Company results are reported under International Financial Reporting Standards (IFRS). This presentation also includes non-IFRS information including EBITDA and Underlying profit. The non-IFRS information has not been subject to audit or review by the Company’s external auditor and should be used in addition to IFRS information.

Edna May	270 – 310		0.0	0.0
Cracow	320 – 350		4.0 – 6.0	2.5 – 4.5
Ernest Henry	1,300 – 1,360		0.0	0.0
Corporate			0.0	5.0 – 7.0
Group	480 – 520	32.0 – 42.0	13.0 – 20.0	20.0 – 30.0

1. Depreciation & Amortisation FY18 guidance includes fair value unwind at Cowal & Mungari and amortisation of Ernest Henry prepayment (10-12%).

2. Resource definition is included in the Sustaining Capital guidance on Slide 14

Statutory profit reconciliation

- Acquisition & Integration costs of A\$5.8M after tax relate to Ernest Henry and Pajingo transactions
- Non cash deferred tax adjustment amounting to A\$20.4M
- Accounting loss on sale of Pajingo of A\$3.6M

Reconciliation of Underlying to Statutory Profit A\$M

Underlying net profit reconciliation

Underlying Net Profit After Tax A\$M

	2016 A\$M
Underlying profit after income tax as presented at 30 June 2016	226.9
Fair value amortisation included in underlying profit	(58.2)
Tax effect of adjustments	(34.2)
<u>Underlying profit after income tax 2016</u>	<u>134.5</u>

* As presented in the 30 June 2016 financial statements, underlying profit excluded the fair value adjustments related to the acquisition of Cowal and Mungari. Following the completion of the purchase price allocation the fair value amortisation is included in underlying profit. All changes were non-cash items. For consistency, the 2016 underlying profit has been amended to reflect this treatment. No change to statutory profit was required. Underlying profit is a non-IFRS measure. If the fair value amortisation was excluded in 2017, underlying profit after tax would have been \$238.1 million.

Taxation

- All unrestricted tax losses utilised during the year to June 2017
- Tax liability of A\$36.2M at 30 June 2017, payable in December 2017 with tax instalments thereafter
- Restricted tax losses recorded on balance sheet as an asset amount to A\$20.4M.
 - A\$1.5M for Conquest acquired tax losses restricted by an available fraction of 7.8%
 - A\$16.4M of La Mancha acquired tax losses restricted by an available fraction of 16.5%
 - A\$2.5M of Phoenix Gold acquired tax losses restricted by an available fraction of 2.7%

Income Tax Expense Reconciliation (A\$M)

1. The available fraction limits the annual rate at which losses may be recouped against taxable income.
