Operating and financial review

The half year ended 30 September 2017 commenced a period of consolidation and refocus for OFX, following several senior management changes in the previous financial year. In response, OFX appointed a new CEO in February 2017, Skander Malcolm, and made a conscious shift to intensify focus, and drive execution of the critical few priorities to deliver sustainable growth. In the half year ended 30 September 2017, OFX has done that; improving operating metrics, managing the cost base, efficiently executing marketing campaigns, enhancing the client experience and delivering to a technology roadmap. It has been a record half for transaction volumes, active clients and transactions per client, delivering a net operating income of \$53.6m.

A summary of financial results for the half year ended 30 September 2017 is below:

	Half year 30 September 2017 \$'000	Half year 31 March 2017 \$'000	Half year 30 September 2016 \$'000
Net operating income ²	53,638	51,523	53,592
EBTDA ³	13,377	14,263	13,489
EBTDA margin	24.9%	27.7%	25.2%
Net profit (after tax)	8,273	9,931	9,665
Earnings per share (cents)	3.45	4.14	4.03

¹ All dividends are fully franked based on the corporate tax rate of 30%.

² Net operating income is the combination of interest income and net income.

³ The Group actively uses its cash balances as part of its hedging strategy making the interest income integral to its earnings. For this reason, the Group regularly uses EBTDA (earnings before taxation, depreciation and amortisation) as a measure of performance. EBTDA is a non-IFRS unaudited measure

OFX Group Limited

In addition to the appointment of Skander, OFX has made recent important senior management appointments. Mike Kennedy was appointed President of North America, a strategic appointment in a growth region for the company, and Selena Verth was appointed as Chief Financial Officer, to support secure and sustainable growth.

An area of focus for OFX during the first half of the financial year has been restoring and enhancing client focus. Clients value a trusted and guiding hand through what is a very important and sensitive process. Supporting clients through this process is critical. Focusing on the client experience resulted in growth in fundamentals of OFX's business, with active clients increasing 5.1%, transactions increasing 12.2% and turnover increasing 8.1% at 30 September 2017.

OFX has re-positioned its marketing strategy. This half OFX focused in North America using targeted programmatic and "out of home" campaigns. This generated record registrations in the region and revenue growth of 11.9%. Under the leadership of Mike Kennedy, newly appointed President of North America, OFX's North American business is expected to continue its successful growth path.

OFX has continued to remain committed to investment in technology, sustaining investment in the half year ended 30 September 2017. This is a 3-year journey that began in the 2017 financial year and good progress has been made, upgrading the core-payments system and delivering new product features and benefits, on time and in budget. Investment and execution in growth enabling technology projects is on-going.

Financial performance in the half year ended 30 September 2017 remained broadly stable in terms of Net Operating Income (NOI) of \$53.6m. NPAT of \$8.3m decreased by \$1.4m, in due to the normalisation of the effective tax rate to 25% following the implementation of the Offshore Banking Unit (OBU) where revenue from foreign exchange transactions with clients outside of Australia, not buying or selling AUD, is taxable at a reduced rate of 10%. Depreciation and amortisation costs increased compared to prior period due to investment in technology over the last twelve months.

OFX's business is subject to external influences of macro-economic events and conditions. The half year ended 30 September 2017 saw challenging macro-economic conditions. The AUD appreciated against major currencies and adversely impacted the translation of revenue being repatriated. Despite this, OFX achieved strong growth in lead revenue indicators, with transactions and turnover increasing 12.2% and 8.1% respectively, when compared to a volatile prior period that included Brexit.

Directors' Report (continued)

Operating and financial review (continued)

The Group's financial position remains strong. The balance sheet consists predominantly of cash and client liabilities, with the cash position net of client liabilities increasing to \$44.9 million at 30 September 2017 from \$41.5 million at 30 September 2016. The Group currently has no external debt. The financial position provides a good platform to pursue future growth opportunities and, coupled with our regulatory record, provides our banking partners with assurance on our ability and diligence.

Rounding amounts

The Group is of the kind referred to in Australian Securities and Investments Commission Legislative Instrument 2016/191, and in accordance with that Instrument amounts in the Directors' Report and the financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

Chief Executive Officer/Chief Financial Officer declaration

The Chief Executive Officer and the Chief Financial Officer have given the declarations to the Board concerning the Group's Financial Statements and other matters as required under section 295A(2) of the Corporations Act 2001.

Auditors' independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 in relation to the review for the half year ended 30 September 2017 is on page 6 of this report.

This report is made in accordance with a resolution of Directors.

On behalf of the Board

Note 1. Basis of preparation

This consolidated interim financial report for the half year ended 30 September 2017 has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

This consolidated interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 31 March 2017 and any public announcements made by OFX Group Limited during the half year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year.

The Group has not early adopted any other standard, interpretation or amendment that has been issued but not yet effective.

Compliance with IFRS as issued by the IASB

Compliance with Australian Accounting Standards ensures that the financial report complies with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). Consequently, this financial report has also been prepared in accordance with and complies with IFRS as issued by the IASB.

OFX Group Limited

Note 2. Segment Information

The operating segments presented below reflect how senior management and the board of directors (the chief operating decision makers) allocate resources to the segments and review their performance.

The chief operating decision makers examine the performance both from a product and geographic perspective and have identified five reportable segments.

The two products are international payment services and international payment solutions:

- International payment services are monitored by geographic region (based on client location) and provide bank to bank currency transfers servicing businesses and consumers.
- International payment solutions are monitored globally and provide strategic partners with a package which includes: OFX technology platform; client service; compliance sophistication; banking relationships; and payments capabilities.

EBTDA (earnings before taxation, depreciation and amortisation) has been presented as the measure of segment profitability in the current reporting period, replacing EBITDA (earnings before interest, taxation, depreciation and amortisation) presented in prior reporting periods. The Group actively uses its cash balances as part of its hedging strategy making interest income integral to its earnings. For this reason, the chief operating decision makers regularly use EBTDA as an effective measure of performance.

OFX Group Limited

Note 5. Fair values of assets and liabilities

A financial instrument's categorisation within the valuation hierarchy is based on the lowest level input that is significant to the fair value measurement:

Level	Instruments	Valuation process
Level 1 - Traded in active markets and fair value is based on recent unadjusted quoted prices.	Cash and cash equivalents, amounts due from financial institutions, client liabilities, creditors and receivables.	These instruments are held at amortised cost. Fair values are considered to approximate to their carrying amounts as they are short term in nature.
Level 2 - Not actively traded and fair value is based on valuation techniques which maximise the use of observable market prices.	Over the counter derivatives.	Foreign currency forward contract valuations are based on observable spot exchange rates and the yield curves of the respective currencies.
Level 3 – Not actively traded and fair value is based on at least one input which is not observable in the market due to illiquidity or complexity.	None – the Group does not hold any of these instruments.	Not applicable.

All derivative financial instruments held by the Group at fair value are categorised within Level 2.

Note 6. Ordinary share capital

Ordinary shares are classified as equity and measured based on the proceeds from issuing the shares less the directly attributable incremental costs, net of tax.

There are 240,000,000 fully paid ordinary shares (2016: 240,000,000). Ordinary shares entitle the holder to vote and to receive dividends and the proceeds of the company if it is liquidated in proportion to the number of shares held.

There are 3,803,088 (2016: 3,455,895) restricted ordinary shares issued to KMP in connection with the Executive Share Loan Plan.

Note 7. Dividends paid and distributions paid or provided for

Dividends are recognized as a liability and a reduction to retained earnings when declared. All dividends recognized in the year were fully franked (2017: all).

	Half Year 30 September 2017 \$'000	Half Year 30 September 2016 \$'000
Final dividend from the preceding year \$0.029 (2016: \$0.031) per share	(6,960)	(7,440)
Total dividends recognised and paid	(6,960)	(7,440)

OFX Group Limited

Note 7. Dividends paid and distributions paid or provided for (continued)

On 13 November 2017, the Board determined a dividend of \$0.024 per share (\$5,760,000) as the interim dividend for 2018. This dividend was determined after 30 September 2017 and so is not reflected in this financial report. As the Company is a holding company with no trading profits, this dividend will be funded through the profits of the subsidiaries.

Ex-dividend date	30 November 2017
Record date	1 December 2017
Payment date	15 December 2017

	2017 \$'000	2016 \$'000
Franked dividends		
Franking credits available for subsequent financial years based on a tax rate of 30% (2016: 30%)	4,111	6,081

The above amounts represent the balance of the franking account as at the end of the financial period, adjusted for the franking credits that will arise from paying the current tax liability, but before taking account of the interim declared dividend for 2018.

Note 8. Events occurring after balance sheet date

Other than the dividends presented in Note 7, there were no other material post balance sheet events occurring after the reporting date requiring disclosure in these financial statements.

Directors' Declaration

In the Directors' opinion:

(a) the financial statements and notes for the half year ended 30 September 2017 are in accordance with the Corporations Act 2001, including;

(i) complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements, and

(ii) giving a true and fair view of the consolidated entity's financial position as at 30 September 2017 and of its performance for the financial year ended on that date, and

(b) there are reasonable grounds to believe that OFX Group Limited will be able to pay its debts as and when they become due and payable, and

(c) Note 1 confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the Directors.

Independent auditor's review report to the members of OFX Group Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of OFX Group Limited (the company), which comprises the consolidated statement of financial position as at 30 September 2017, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes and the directors' declaration for OFX Group Limited (the consolidated entity). The consolidated entity comprises the company and the entities it controlled during that half-year.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Australian Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 30 September 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of OFX Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of OFX Group Limited is not in accordance with the *Corporations Act 2001* including:

1. giving a true and fair view of the consolidated entity's financial position as at 30 September 2017 and of its performance for the half-year ended on that date;
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
