Dear Sirs/Mesdames:

Re: Paladin Energy Ltd. ("PEL" or the "Company")

We are acting as legal counsel in the Province of British Columbia, Canada, to Matthew Woods, Hayden White and Gayle Dickerson of KPMG in their capacity as joint and several deed administrators (the "Administrators") for the Company pursuant to a deed of company arrangement dated December 8, 2017 (the "DOCA").

By way of background, we have been informed that:

- 1. PEL (subject to deed of company arrangement) is listed on the ASX.
- 2. PEL is currently under the control of the Administrators, who were appointed by the directors in July 2017 as part of a solvency protection regime in Australia.
- 3. We understand that the Administrators have received a proposal from PEL's bondholders for a deed of company arrangement, which will involve a major restructure ("**Proposed Restructure**") to PEL's balance sheet by:

19<sup>th</sup> Floor, 885 West Georgia Street Vancouver, British Columbia, Canada V6C 3H4 Telephone (604) 891-3688 Fax (604) 891-3788

- (a) converting PEL's approximately \$667,800,000.00 existing debt into equity; and
- (b) raising \$115,000,000.00 of new debt.
- 4. The debt to be converted to equity is:
  - (a) \$283,300,000.00 owed to Deutsche Bank AG and other creditors (acquired from Électricité de France S.A. as announced by PEL on December 22, 2017); and
  - (b) \$384,500,000.00 owed to current PEL bondholders.
- 5. The conversion will happen through a court sanctioned process in Australia where 98% of the existing shares in PEL are transferred from the existing shareholders. The shares will be transferred as follows ("Transfer"):
  - (a) 70% to existing bondholders and Deutsche Bank AG in proportion to their claims against PEL;
  - (b) 25% to the subscribers for the \$115,000,000.00 new debt; and
  - (c) 3% to the underwriters of the \$115,000,000.00 new debt.
- 6. Practically, the Transfer will involve initially transferring the shares to three (3) separate trustees (each a "Trustee"). Once the relevant share recipient has confirmed that it has received the required regulatory approvals the Trustee will transfer the shares to it. Where the share recipient does not obtain the required regulatory approvals, the Trustee will sell the relevant shares and deliver the proceeds to the share recipient.

In arriving at the opinion expressed below, we have examined and relied on copies or originals of the following documents (the "**Documents**"):

- (a) Explanatory Statement dated December 22, 2017 issued by the Company (the "Explanatory Statement"); and
- (b) a certificate from an officer of the Company dated January 31, 2018 (the "Certificate of Officer"), a true copy of which is attached hereto.

In addition to the Documents, we have examined such other documentation as we have considered necessary to provide this opinion.

The Explanatory Statement describes a capital restructuring of the Company proposed to be effected through the DOCA. If the DOCA is implemented, approximately 98% of the ordinary shares of the Company will be transferred (the "**Proposed Transfer**") to creditors of the Company and other investors in exchange for the extinguishment of the majority of the Company's existing debts and the raising of US\$115 million in new funds. Under the DOCA, no consideration would be paid to the transferring shareholders for the common shares of the Company transferred in the Proposed Transfer.

On January 18, 2018, the Proposed Transfer received approval by the Supreme Court of New South Wales under section 444GA of the Australia *Corporations Act 2001*.
