Industry Update

MARGARET KENNEDY

Managing Director VER Manager Pty Limited

Evolution of Convenience Industry

- The mix of customers' goods and services requirements are changing, supporting strong and consistent growth in the convenience sector¹
- The \$8.3 billion Petrol and Convenience industry (excluding fuel sales) grew by 4.5% in 2016 and industry dollar growth has consistently tracked between 3-5% per annum for the 5 years to 2016¹
- Viva Energy REIT's portfolio is aligned with Australia's population density and ideally placed to support the growing convenience offer and provide "last mile" delivery and "click and collect"

Evolution of Fuel Industry

- Australian automotive fuel sales have experienced +2.7% CAGR from July 2011 to June 2017¹
 - premium unleaded sales +5.0% CAGR over period¹
 - diesel sales +4.1% CAGR over period¹
- Diesel and premium fuels comprised over 70% of total Australian automotive fuel sales in year to June 2017¹
- The current composition of fuel demand is expected to change over time due to population growth, improved vehicle efficiency, changes in mobility choices and new fuels technology
- Electric vehicle sales represented less than 0.1% of total new vehicles sales in Australia in 2017
- Viva Energy REIT's portfolio is aligned with Australia's population density and ideally placed to participate in future revenues arising from new and alternative fuel technologies
