REVIEW AND RESULTS OF OPERATIONS

Orbital UAV operates within the tactical unmanned aerial vehicle ('UAV') market. The Group provides world leading propulsion system solutions that deliver customer flight endurance, reliability and power-to-weight advantages.

Key milestones achieved during the period include:

- o Establishing a dedicated Orbital UAV facility in the United States;
- o The successful divestment of REMSAFE for \$2,200,000;
- o Power and weight improvements delivered on the Mark II N20 propulsion system; and
- o Receiving US flight clearance for the new Mark II N20 propulsion system.

Financial Review

The Group's consolidated revenue for the period was \$5,941,000 (2016: \$8,764,000) with a comprehensive loss after taxes of \$1,587,000 (2016: \$1,748,000).

At 31 December 2017, cash, term deposits and receivables were \$20,900,000. Net cash used in operating activities during the period was \$3,667,000 (2016: \$2,134,000).

Change in Operations

Orbital secured an exclusive lease over a purpose built facility in Hood River, Oregon in the United States of America ("US Facility"). The new facility will expand existing UAV engine assembly and service capabilities and strengthen key client relationships in the region.

The Group divested its non-core REMSAFE division, for an unconditional cash payment of \$2,200,000. The divestment provides additional working capital and Management the opportunity to focus exclusively on the expanding UAV business. Orbital recognised a gain on sale of discontinued operations of \$1,317,000 (2016: \$nil) recorded in the Statement of Profit or Loss for the half-year ended 31 December 2017.

There were no other significant changes in the nature of the activities of the Group during the year.

Outlook

The Group's US Facility will be commissioned in the first half of 2018. The US Facility enables greater customer engagement and will accelerate additional business development opportunities. The focus on completing the N20 power and weight upgrades across the half-year ended 31 December 2017 now shifts to ramping N20 production, to meet customer demand in the second half of the financial year.

Audit partner rotation

In June 2017 the Board approved the extension of the lead partner rotation from five years to seven years in accordance with section 324DB of the *Corporations Act 2001* and the Corporations Legislation Amendment (Audit Enhancement) Act 2012.

The reasons why the Board approved the extension included:

- Mr Dachs, the Lead Audit Partner, has a detailed understanding of the Group's business and strategies, its systems and controls and this knowledge is considered to be valuable to the Board at this point in time.
- The existing independence and service metrics in place with EY and Mr Dachs, are sufficient to ensure that auditor independence would not be diminished in any way by such an extension.
- Mr Dachs will continue to abide by the independence guidance provided in APES 110 'Code of Ethics for Professional Accountants' as issued by the Accounting Professional and Ethical Standards Board and EY's own independence requirements.
- The threats of self-interest and familiarity have been mitigated as EY appointed a new Engagement Quality Review Partner.

DIRECTORS' REPORT

FOR THE HALF-YEAR ENDED 31 DECEMBER 2017

- The Board of Directors are of the view that Mr Dachs' continued involvement with the Group as the Lead Audit Partner will not in any way diminish the audit quality provided to the Group.

LEAD AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

The lead auditor's independence declaration is set out on page 3 and forms part of the Directors' Report for the half year ended 31 December 2017.

ROUNDING

The Group is of a kind referred to in ASIC Corporations (Rounding in Financial/ Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Instrument, amounts in the half-year financial report and Directors' Report have been rounded off to the nearest thousand dollars unless otherwise indicated.

Signed in accordance with a resolution of the directors.

The Group is principally engaged in the provision of smart technology that delivers improved performance outcomes in the unmanned aerial vehicle, safety and productivity and consumer sectors. Further information on the nature of operations of the group is provided in the Directors' Report.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

Statement of Compliance with IFRS

This general purpose condensed financial report for the half-year ended 31 December 2017 has been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the annual financial report.

It is recommended that the half-year financial report be read in conjunction with the annual report for the year ended 30 June 2017 and considered together with any public announcements made by the Company during the half-year ended 31 December 2017 in accordance with the continuous disclosure obligations of the ASX listing rules.

The financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standards and other authoritative pronouncements of the AASB.

The consolidated financial statements have also been prepared on the historical cost basis, except for investments in marketable securities which are measured at fair value.

The Company is of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, dated 24 March 2016, and in accordance with that Instrument, amounts in the financial report and Directors' Report have been rounded off to the nearest thousand dollars unless otherwise indicated.

Certain comparatives have been reclassified to conform with current year presentation.

New Accounting Standards and Interpretations

The accounting policies adopted and methods of computations used are consistent with the most recent annual financial report. From 1 July 2017, the Group has adopted all the standards and interpretations effective as at 1 July 2017. Adoption of these standards and interpretations did not have a material impact on the Group. The Group has not elected to early adopt any new standards or amendments.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2017

3. OPERATING SEGMENTS

Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the executive management team (the chief operating decision makers) in assessing performance and in determining the allocation of resources.

The operating segments are identified by management based on the manner in which the product is sold, whether retail or wholesale, and the nature of the services provided, the identity of service line manager and country of origin. Discrete financial information about each of these operating businesses is reported to the executive management team on at least a monthly basis.

The reportable segments are based on the similarity of the products produced and sold and/or the services provided, as these are the sources of the Group's major risks and have the most effect on the rates of return.

Operating segment comparatives have been reclassified to conform with current year presentation, with the "Safety and Productivity" operating segment removed due to the Group's divestment of REMSAFE Pty Ltd (refer to note 11 for further detail).

Management has assessed the deferred tax asset as recoverable based on forecasted future taxable profits in the Group's business plan. The Group's business plan has been developed using existing customer contracts for Unmanned Aerial Vehicles as the basis for forecasting future revenues and taxable profits from the supply of high-value UAV Propulsion systems.

7. FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(a) Other financial assets (continued)

Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss represented the Group's non-controlling interest in equity shares of a listed entity held at 30 June 2017. Fair value of these equity shares were determined by reference to published price quotations in an active market.

During the period, the Group sold its non-controlling interest in equity shares with the change in fair value from 30 June 2017 realised as other income of \$132,000 in the statement of profit or loss.

Short term deposits at amortised cost

Short term deposits represents term deposits with financial institutions for periods greater than 90 days and less than 365 days earning interest at the respective term deposit rates at time of lodgement.

Due to the short-term nature of the deposits, its carrying value approximates fair value. Short term deposits are only invested with a major financial institution to minimise the risk of default by counter parties.

The Group has pledged \$585,000 (30 June 2017: \$737,000) held as collateral for financing facilities.

Loans and advances - secured

The Government of Western Australia had previously provided the company with a fully utilised loan facility of \$19,000,000 under the terms of a "Development Agreement". During the 2010 year Orbital reached agreement with the WA Government through the Department of Commerce for the restructure of the Non-Interest Bearing Loan.

Under the agreed restructure, the original loan has been terminated and replaced by a new loan of \$14,346,000 with the following terms and conditions.

- Term 2010 to 2025.
- Repayments Commencing May 2010 at \$200,000 per annum.
- Repayments Increasing annually to a maximum of \$2,100,000 per annum in 2023.
- Interest free

The restructured loan's net fair value utilising a market interest rate of 6.52% was \$7,558,000 on initial recognition.

Subsequent to initial recognition the loan is carried at amortised cost. Amortisation for the period ended 31 December 2017 was \$264,000 (31 December 2016: \$270,000). The carrying value as at 31 December 2017 is \$8,366,000 (30 June 2017: \$8,102,000), of which \$860,000 relates to short term borrowings (30 June 2017: \$860,000) and \$7,506,000 relates to long term borrowings (30 June 2017: \$7,242,000).

This loan facility is secured by way of a first ranking floating debenture over the whole of the assets and undertakings of the Company.

(c) Fair values

Comparison of fair values to carrying amounts by class of financial instrument, other than those where their carrying amounts approximate fair value:

| | Carrying Amounts | | Fair Value | |
|------------------------------------|------------------|--------|------------|--------|
| | 31 Dec | 30 Jun | 31 Dec | 30 Jun |
| | 2017 | 2017 | 2017 | 2017 |

| Total | 8,366 | 8,102 | 6,981 | 6,586 |

The Group assessed that the fair value of cash and short-term deposits, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The following methods and assumptions were used to estimate the fair values of financial instruments:

- The fair values of the quoted equity shares are based on price quotations at the reporting date in active markets.
- The fair value of the Group's secured loan is calculated by discounting the expected future cash flows at the prevailing market interest rate at reporting date 31 December 2017: 12% (30 June 2017: 12%).

REMSAFE contingent consideration

On 13 October 2016, the Group increased its interest in REMSAFE to 100% in consideration for 1,000,000 Orbital shares issued at a price of \$0.86 per share. At this date, it was agreed a further 2,000,000 Orbital shares will be transferred as consideration should REMSAFE achieve \$25,000,000 accumulated annual sales for any 12 month period; and a further 2,000,000 Orbital shares should REMSAFE achieve \$40,000,000 accumulated annual sales for any 12 month period (refer to "REMSAFE Update" ASX release dated 13 October 2016). The contingent consideration arrangement was classified as equity.

On 18 December 2017, the Group sold its 100% interest in REMSAFE to the Avidsys Group (refer to note 11 for further detail). Should the REMSAFE business satisfy a milestone pertaining to the contingent consideration arrangement discussed above, Avidsys is obliged to reimburse Orbital for the value of consideration transferred under the arrangement up to a maximum amount of \$2,200,000. No value has been assigned to the reimbursement and therefore the impact on the financial statements is \$nil.

The Company has two employee share plans in which key management personnel participate.

(a) Employee Share Plan No.1

Under the terms of the Company's Employee Share Plan, eligible employees are each offered shares in the Company at no cost to the employees, to the value of \$1,000 per annum. Shares offered are held in escrow for a period of 3 years or until the date the employee ceases employment with the Company.

During the period there were 73,328 (31 December 2016: 61,875) shares issued under Employee Share Plan No. 1 to eligible employees at a market value on the day of issue of \$38,000 (31 December 2016: \$57,000).

Under the Performance Rights Plan, performance rights could only be issued if the terms and conditions detailed below are satisfied.

A performance right is a right to acquire one fully paid ordinary share in the Company. Until they are exercised, performance rights:

- (a) do not give the holder a legal or beneficial interest in shares of the Company; and
- (b) do not enable participating executives to receive dividends, rights on winding up, voting rights or other shareholder

(b) Executive Long Term Incentive – 2018 Performance Rights Plan (continued)

Performance rights issued under the Performance Rights Plan will be exercisable if:

- (a) a performance hurdle is met over the periods specified by the Board; or
- (b) the Board allows early exercise on cessation of employment (see "Cessation of employment" below); or
- (c) it is determined by the Board in light of specific circumstances.

The performance conditions are based on market capitalisation and share price milestones with the following performance timeframes and targets:

| | | Total | | 595,000 |

On 11 August 2017, Orbital announced the appointment of Mr T M Alder as Managing Director and Chief Executive Officer. The announcement also set out the material terms of his employment which included the grant of two performance rights for each share acquired by Mr T M Alder during the period 11 August 2017 to 31 December 2017 ("Share Acquisition Performance Rights" or "SAPR's"). During the relevant period, Mr T M Alder acquired 372,333 Orbital Shares resulting in the maximum entitlement of 647,250 SAPR's. However, due to a drafting error in the Notice of Meeting to the 2017 Annual General Meeting, the terms of the SAPRs approved by the Shareholders were different from those agreed with Mr T M Alder and announced on 11 August 2017. Consequently: (i) Orbital has not issued any SAPRs to Mr T M Alder pursuant to the shareholder approval at the 2017 Annual General Meeting; and (ii) SAPRs with the correct terms, which are set out below, are still subject to Shareholder approval.

Independent auditor's review report to the members of Orbital Corporation Limited

Report on the half-year financial report

Conclusion

We have reviewed the accompanying half-year financial report of Orbital Corporation Limited (the Company) and its subsidiaries (collectively the Group), which comprises the statement of financial position as at 31 December 2017, the statement of profit or loss, statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the consolidated financial position of the Group as at 31 December 2017 and of its consolidated financial performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Directors' responsibility for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, anything has come to our attention that causes us to believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Group's consolidated financial position as at 31 December 2017 and its consolidated financial performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the Group, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act* 2001.
