

The fax numbers for this facility are:

For announcements sent within Australia	1300 135 638
For announcements sent from New Zealand	0800 449 707
For announcements not sent from Australia or New Zealand	+61 2 9347 0005 +61 2 9778 0999

These fax numbers have a number of incoming lines, with a transmission automatically directed to the next available line.

The cost of sending a fax to the MAO from anywhere in Australia or New Zealand to the relevant 1300 or 0800 fax numbers will be the price of a local telephone call.

Documents received by fax are automatically converted into a PDF image file and processed by the MAO in much the same way as a PDF file received via ASX Online.

To ensure that faxed documents are readable and can be processed quickly, ASX requests that parties apply the following guidelines when faxing documents to the MAO:

- documents must be typed and not handwritten, preferably using a standard font such as Arial, Courier, Helvetica, Times or Times New Roman and in no less than 11 point type;
- where possible, include original documents rather than photocopies in the fax transmission that are printed on plain, white or gloss paper;
- use reasonable spacing between paragraphs and avoid underlining or background shading;
- ensure tables are well-spaced and that the data in them is in a legible font;
- note that faxed documents are reproduced in black and white and ensure that any graphics or charts that include colours will still be legible if converted to black and white;
- transmit the fax on 'fine' mode;⁴⁴ and
- follow the guidelines on headers to announcements above and include a suitable header or title on any cover page for the fax and at the top of the actual announcement itself.

The cover page for a fax should include the total number of pages in the transmission and the contact details for a person the MAO can contact in case of problems with the transmission.

It should be noted that any cover page included in a fax transmission to the MAO will also be included in the document released on MAP and the sender should ensure that it is appropriate for that purpose.

19. Enquiries

Any enquiries about whether an announcement has been received or released by the MAO should be directed to the MAO.

The ASX Online Help Desk can also assist with any technical issues a user may be experiencing in accessing or using ASX Online.

⁴⁴ Note that a transmission report generated by the sender's fax machine to show that a fax transmission to the MAO was successful is not an acknowledgement that the transmission has been released to the market for the purposes of Listing Rule 15.7. A listed entity sending an announcement to ASX by fax for release to the market must wait until it receives the email from ASX referred to in the text accompanying note 22 confirming that the announcement has been released to the market.
