(b) Shares issued upon vesting of share rights

296,697 shares were issued in satisfaction of share rights that have vested and been exercised. These shares have been issued to the Company's CEO and Managing Director and other participating executives.

These share rights were granted pursuant to the Company's Long Term Incentive Plan established at the time of the Company's IPO in October 2015. (Details of the shares rights and the plan are set out in the 2018 Remuneration Report).

The share rights that vested were assessed against the total shareholder return (TSR) performance condition. The compound annual growth rate of TSR as measured from listing in October 2015 (share price \$1.40) to the volume weighted average share price in the period 1 July 2018 to 30 September 2018 (inclusive) (including dividends taken to be reinvested) was 20.3%. Accordingly, 60% of the share rights to be tested at this point, vested and were available to be exercised.
