6 Purpose of the issue
(If issued as consideration for
the acquisition of assets, clearly
identify those assets)

Under the terms of Taylor Collison's mandate to act as the lead manager for the reverse listing of Langtech International via its acquisition and a capital raising by Crest Minerals Limited and the application for re-listing of Crest Minerals Limited and its name change to The Food Revolution Group Limited (Relisting), entered into on 12 May 2015, the Company agreed to issue to Taylor Collison options worth 2.5% of FOD at the time of Relisting, at an exercise price of 12 cents a share, with a term of 3 years.

This amounted to 5,726,622 options, which were issued on 19 February 2016 with shareholder approval. Unfortunately when they were issued, due to a clerical error, they were issued with an expiry date of 30 June 2018: see Annexure E to the notice of general meeting for the meeting held 15 December 2015 and the Appendix 3B issued on the ASX market announcements platform on 11 February 2016.

This expiry date should have been 19 February 2019.

Taylor Collison subsequently transferred 2,000,000 of these options to other parties. The 2018 notice of annual general meeting for FOD mistakenly said that those 2,000,000 options had been exercised, but this is not the case.

Accordingly, FOD's shareholders at its recent AGM approved the re-issue of only 3,726,622 options and therefore a further 2,000,000 options which have previously expired also still need to be re-issued, on the following terms:

- Each option is exercisable over one ordinary share in the Company
- Exercise price: \$0.12
- Expiry date: 19 February 2019

The full terms of the options are included at Appendix 1 to FOD's notice of annual general meeting.

+ See chapter 19 for defined terms.
