Basic Earnings per share for the six months to 31 December 2018 was AUD 1.98 cents per share versus AUD (2.00) cents per share in the pcp an increase of 199%.

Dividend

As a result of the continued improvement in operating results and a strong cash position, the board of Acrow is pleased to announce an unfranked interim dividend from 1.0 cents per share with a dividend reinvestment plan (DRP) maintained. Further details are contained in a separate ASX announcement released today.

Managing Directors Comments

Managing Director Steven Boland said

"The HY19 results for Acrow continue the positive trajectory of the business since its listing in April 2018. The underlying EBITDA result of \$6.7 million is the best recorded for a six month period in over 10 years. With the successful integration of Natform coupled with the continued positive growth emanating from our core Formwork business, we continue to be in an excellent position to grow both our top and bottom line organically and via concentrated M & A activity."

Outlook

As a result of the record result from 2018 financial year, and the 1H FY19 performance the Company expects to continue to trade in line with expectations.

The pipeline for new contracts won is strong and the national business with a high quality defensible earnings base and geographic customer spread provides comfort towards the trading outlook ahead.

Acrow has now committed \$5.5m Growth Capital since its ASX listing into its core formwork equipment to support new Civil and Commercial opportunities.

Natform continues to trade well and in line with management expectations.
