

## Revasum's CTO to present at CS International in Brussels

**San Luis Obispo, California – 21 March 2019:** Revasum, Inc. (ASX: RVS, 'Revasum' or the 'Company') is pleased to announce that Chief Technology Officer, Dr. Rob Rhoades will be presenting at CS International in Brussels, Belgium on Tuesday 26 March 2019. This event is intended to provide timely, comprehensive coverage of every important sector within the compound semiconductor industry.

Dr. Rhoades' presentation, which will include a discussion of current and future Silicon Carbide (SiC) substrate processes, will be lodged with ASX prior to his presentation at CS International.

### About Revasum

Revasum (ARBN: 629 268 533) specializes in the design and manufacturing of equipment used for the global semiconductor industry. Revasum's equipment helps drive advanced manufacturing technology for critical growth markets, including automotive, IoT, and 5G. Our product portfolio includes state of the art equipment for the grinding, polishing, and chemical mechanical planarization processes used to manufacture devices for those key end markets. All of Revasum's equipment is designed and developed in close collaboration with our customers. Learn how we create the equipment that generates the technology of today and tomorrow, visit [www.revasum.com](http://www.revasum.com).
