These Explanatory Notes form part of the Notice of Meeting and provide information to Shareholders about the items of business to be considered at the Annual General Meeting.

The Directors recommend that Shareholders read these Explanatory Notes, together with the Notice of Meeting, in their entirety before deciding how to vote in respect of the Resolutions.

#### ORDINARY BUSINESS

## 1. Resolution 1 - Adoption of Remuneration Report

#### 1.1 Introduction

The Corporations Act requires a resolution that the adoption of the Company's Remuneration Report be put to a vote at the Annual General Meeting.

The Remuneration Report describes the Company's remuneration policy for non-executive Directors, executive Directors and other senior executives. The Remuneration Report is set out from page 19 to 22 of the Company's 2018 Annual Report, which can be viewed in the "Investor Centre" section on the Company's website (<a href="http://www.buruenergy.com/asx-announcements/annual-reports/">http://www.buruenergy.com/asx-announcements/annual-reports/</a>).

The Chairman will give Shareholders a reasonable opportunity to ask questions about or make comments on the Remuneration Report.

Section 250R(3) of the Corporations Act provides that the vote on the Remuneration Report is advisory only and does not bind the Directors or the Company. However, the Board will take into consideration the outcome of voting on this Resolution when assessing the Company's remuneration policy in the future.

Shareholders should note, however, that if at least 25% of the votes cast on the adoption of the Company's remuneration report at two consecutive annual general meetings are against adopting the Company's remuneration report, and a resolution was not put to the vote at the first of those consecutive annual general meetings under a prior application of the two strikes rule, then Shareholders will have the opportunity to vote on a "spill resolution".

#### 1.2 Board Recommendation

The non-executive Directors recommend that Shareholders vote in favour of Resolution 1 to adopt the Remuneration Report. As Mr Eric Streitberg is an executive director, he has resolved not to make a recommendation about how Shareholders should vote on this item of business.

## 2. Resolution 2 - Re-election of Ms Eve Howell as a Director

#### 2.1 Introduction

Ms Eve Howell retires as required by article 9.3(c) of the Company's Constitution and, being eligible, offers herself for re-election as a Director of the Company. Ms Howell holds office until the conclusion of the AGM. If Resolution 2 is passed, Ms Howell will be re-elected and, therefore, continue as a Director of the Company.

Resolution 2 is an ordinary resolution and, in order to be passed, requires a simple majority of votes cast by Shareholders entitled to vote on the Resolution.

#### 2.2 Experience

Ms Howell was appointed as a Director in July 2014.

Ms Howell has over 40 years of experience in the oil and gas industry in a number of technical and managerial roles, primarily with Amoco Corporation, Apache Energy Ltd and Woodside Energy Ltd. She is currently a director of ASX-listed MMA Offshore Ltd.

Ms Howell has previously served on a number of boards including Tangiers Petroleum (as Executive Chairman), the Fremantle Port Authority, the Australian Petroleum Production and Exploration Association where she chaired the Environment Committee, and as a board member and President of the Australian Mines and Metals Association. She is a Graduate of the Australian Institute of Company Directors.

Ms Howell began her exploration career in the UK and since 1981 has worked for several Australian based companies including Apache during a time when the company developed significant oil production from the offshore Carnarvon Basin and became the second largest domestic gas supplier. She held various senior positions with Apache in Australia including Exploration Manager, Business Development Manager and Managing Director. Between 2006 and 2011, Ms Howell was a Woodside Executive Committee member, with her positions including Executive Vice President - North West Shelf and Executive Vice President – Health, Safety and Security for all Woodside's operations.

Ms Howell holds a Bachelor of Science (with Honours in Geology and Mathematics) from King's College, University of London and an MBA from the Edinburgh Business School.

#### 2.3 Board recommendation

The Directors, other than Ms Howell whose re-election is the subject of the Resolution, are of the view that the Board has benefitted and will continue to benefit from the skills, knowledge and experience that Ms Howell brings to the Company and recommend that Shareholders vote in favour of Resolution 2.

## 3. Resolution 3 – Approval of 10% Additional Placement Capacity

## 3.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity may seek shareholder approval at its annual general meeting to allow it to issue Equity Securities up to an additional 10% of its issued capital.

Accordingly, the effect of Resolution 3, if passed, will be to allow the Company to issue that number of Equity Securities that is equal to 10% of the number of Shares that are on issue during the period ending on the date that is 12 months after the Meeting (**Additional Placement Capacity**), in addition to the 15% permitted under ASX Listing Rule 7.1 and without subsequent Shareholder approval.

If Shareholders approve Resolution 3, the total number of Equity Securities the Company may issue pursuant to the Additional Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out in section 3.2 below).

As at the date of this Notice, the Company has 432,074,241 Shares on issue. The Company currently has the capacity to issue 64,811,136 Equity Securities under ASX Listing Rule 7.1.

If Resolution 3 is passed, the Company will have the capacity to issue a further 43,207,424 Equity Securities under ASX Listing Rule 7.1A.

Resolution 3 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 3 for it to be passed.

Set out below is more background information on ASX Listing Rule 7.1A and the specific disclosures required by ASX Listing Rule 7.3A.

## 3.2 ASX Listing Rule 7.1A

ASX Listing Rule 7.1A enables an Eligible Entity to seek Shareholder approval by special resolution at its annual general meeting to have the Additional Placement Capacity.

An entity will be an "Eligible Entity" if, as at the date of the relevant annual general meeting, the relevant entity:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300 million.

The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of approximately \$110 million.<sup>1</sup>

Pursuant to the Additional Placement Capacity, the Company may only issue Equity Securities belonging to an existing quoted class of the Company's Equity Securities. As at the date of this Notice, the only class of the Company's Equity Securities that are quoted on ASX are Shares (ASX: BRU).

The exact number of Shares that the Company may issue under an approval under ASX Listing Rule 7.1A will be calculated according to the following formula:

## $(A \times D) - E$

Where:

- A is the number of Shares on issue 12 months before the date of issue or agreement:
- (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
- (ii) plus the number of partly paid shares that became Shares in the previous 12 months:
- (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under ASX Listing Rules 7.1 and 7.4. This does not include an issue of Shares under the Company's 15% placement capacity without shareholder approval; and
- (iv) less the number of Shares cancelled in the previous 12 months.
- **D** is 10%.

-

The Company's market capitalisation was determined by reference to the Company's closing share price on 8 April 2019 (being the last practicable trading date prior to the date of this Notice).

E is the number of Shares issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of Ordinary Securities under ASX Listing Rule 7.1 or 7.4.

## 3.3 Information required by ASX Listing Rule 7.3A

In accordance with ASX Listing Rule 7.3A, the Company provides the following information:

## (a) Minimum price

The minimum price at which Shares may be issued is 75% of the volume weighted average price of Shares, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- the date on which the price at which the Shares are to be issued is agreed;
   or
- (ii) if the Shares are not issued within 5 trading days of the above date, the date on which the Shares are issued.

#### (b) Date of issue

Shares may be issued under the Additional Placement Capacity during the period commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under ASX Listing Rule 7.1A ceases to be valid),

(Additional Placement Capacity Period).

## (c) Risk of voting dilution

If Shares are issued pursuant to the Additional Placement Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- the market price for Shares may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A (ie the date of the Meeting, if Resolution 3 is passed); and
- Shares may be issued under the Additional Placement Capacity at a discount to the market price for those securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Shares.

The table below shows the potential dilution of existing Shareholders calculated in accordance with the formula in ASX Listing Rule 7.1A.2 (assuming that Resolution 3 is passed by Shareholders), on the basis of the current market price of Shares and the current number of Shares on issue as at the date of this Notice.

The Board is of the view that the Scenarios 2 and 3 are unlikely to arise, however, certain aspects of these scenarios are specifically required to be set out by the ASX Listing Rules and are therefore included as per those rules. Accordingly, the

assumptions below are hypothetical and should not be viewed as an indication as to future issue prices, the performance of Buru's Share price or the number of shares on issue.

The table assumes differing numbers of Shares on issue (ie variable "A" in the above formula) and issue prices for Shares over three scenarios, but in each scenario it is assumed that the Company issues the maximum number of Shares available under the Additional Placement Capacity. For example:

- Variable A differs across each scenario. Scenario 1 assumes there is no change to the number of Shares on issue. Scenarios 2 and 3 then assume an increase of 50% and 100% (respectively) to the number of Shares on issue. There may be an increase in the number of Shares on issue as a result of issues that do not require Shareholder approval (for example, a pro rata entitlement offer).
- Within each scenario, three different issue prices for the Shares are assumed. One of the issue prices is the closing Share price on 8 April 2019 (being the last practicable trading day prior to the date of this Notice). The other two issue prices then assume a 50% decrease to that closing Share price and a 100% increase to that price.

Number of Shares on issue ("A" in ASX Listing Rule 7.1A.2)	Dilution						
	Issue price per Share	\$0.1275 50% decrease in issue price	\$0.2550 Issue Price (i.e. closing price as at 8 April 2019)	\$0.5100 100% increase in issue price			
Scenario 1 432,074,241 Current variable "A"	Shares issued – 10% voting dilution	43,207,424	43,207,424	43,207,424			
	Funds raised	\$5,508,947	\$11,017,893	\$22,035,786			
Scenario 2 648,111,361 50% increase in variable "A"	Shares issued – 10% voting dilution	64,811,136	64,811,136	64,811,136			
	Funds raised	\$8,263,420	\$16,526,840	\$33,053,679			
Scenario 3 864,148,482 100% increase in variable "A"	Shares issued – 10% voting dilution	86,414,848	86,414,848	86,414,848			
	Funds raised	\$11,017,893	\$22,035,786	\$44,071,572			

The scenario-analysis in the above table has been prepared on the basis of the following assumptions:

(i) There are currently 432,074,241 Shares on issue as at the date of this Notice of Meeting.

- (ii) The issue price set out in the fourth column above is the closing price of the Shares on ASX on 8 April 2019 (being the last practicable trading date prior to the date of this Notice).
- (iii) The Company issues the maximum possible number of Shares under the Additional Placement Capacity.
- (iv) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (v) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional Placement Capacity, based on that Shareholder's holding at the date of the Meeting.
- (vi) Other than as indicated in the table, the Company does not issue any additional Shares during the Additional Placement Capacity Period.
- (vii) The table shows only the effect of issues of Shares under ASX Listing Rule 7.1A, not under the existing 15% placement capacity under ASX Listing Rule 7.1.
- (viii) No Options are exercised during the Additional Placement Period and before the date of the issue of the Shares.
- (ix) The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.

## (d) Purpose of issue under Additional Placement Capacity

The purpose of any issue would be set out for Shareholders at the time of such an issue. However, in general terms, the Company could issue Shares under the Additional Placement Capacity to raise cash to fund the Company's forward exploration and development work programs, for general working capital expenses, or acquiring new assets (including any expenses associated with such an acquisition).

In some circumstances, the Company may issue Shares under the Additional Placement Capacity for a non-cash consideration. In such circumstances, the Company would release to the market a valuation of the non-cash consideration that demonstrates that the issue price of the Shares is no less than the minimum issue price provided for in Listing Rule 7.1A.3.

#### (e) Allocation policy under the Additional Placement Capacity

The identity of placees for the issue of Shares under the Additional Placement Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

Accordingly, the recipients of any Shares to be issued under the Additional Placement Capacity have not yet been determined. However, the recipients of Shares could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the Additional Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at the time, including, but not limited to, a pro-rata entitlement offer or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Shares on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

## (f) Previous approval under ASX Listing Rule 7.1A

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 8 May 2018 (**Previous Approval**).

During the 12 month period preceding the date of the Annual General Meeting to which this Notice of Meeting relates, being on and from 16 May 2018 to 16 May 2019, the Company has not issued any Equity Securities under the Previous Approval.

For the purposes of ASX Listing Rule 7.3A.6(a), the Company notes that it has issued Shares and unlisted Options in the 12 month period preceding the date of the Annual General Meeting to which this Notice of Meeting relates, being on and from 16 May 2018 to 16 May 2019. The total number of Equity Securities issued in the 12 months preceding this Meeting and the percentage they represent of the total number of Equity Securities on issue at the commencement of that 12 month period are as follows:

	Equity Securities
Number of securities on issue on at commencement of 12 month period	432,021,333 Shares 4,550,000 unlisted Options <sup>2</sup> 436,571,333 = total Equity Securities
Securities issued during 12 month period	52,908 Shares 5,250,000 unlisted Options <sup>3</sup> 5,302,908 = total Equity Securities
Percentage that Equity Securities issued represent of total number of Equity Securities on issue at commencement of 12 month period	Shares = 0.01% Unlisted Options = 1.20% Total = 1.21%

Page 11

<sup>&</sup>lt;sup>2</sup> The 4,550,000 unlisted Options are exercisable at \$0.31 and expire on 31 Dec 2019

 $<sup>^3</sup>$  The 5,250,000 unlisted Options are exercisable at \$0.50 and expire on 31 Dec 2020

The table in Schedule 2 sets out the details required by ASX Listing Rule 7.3A.6(b) in respect of the issues of Equity Securities by the Company during the 12 month period preceding the date of this Notice of Meeting.

## (g) Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A

When the Company issues Shares pursuant to the Additional Placement capacity, it must give to ASX:

- (i) a list of the recipients of the Shares and the number of securities issued to each (not for release to the market), in accordance with ASX Listing Rule 7.1A.4; and
- (ii) the information required by ASX Listing Rule 3.10.5A for release to the market which, amongst other things, includes details of the dilution of existing Shareholders caused by the relevant issue.

## 3.4 Voting exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 3.

#### 3.5 Board recommendation

Although no decision has been made by the Board to undertake any issue of securities, the Board considers it prudent for the Company to have the opportunity to take advantage of the flexibility to be able to issue additional securities provided under ASX Listing Rule 7.1A. The Board believes that Resolution 3 is in the best interests of the Company and its Shareholders and recommends that Shareholders vote in favour of the Resolution.
