About Megaport

Megaport is the global leading provider of Elastic Interconnection services. Using Software Defined Networking (SDN), the Company's global platform enables customers to rapidly connect their network to other services across the Megaport Network. Services can be directly controlled by customers via mobile devices, their computer, or our open API. Megaport connects 1,490 customers in 528 enabled data centres globally. Megaport is an Alibaba Cloud Technology Partner, AWS Technology Partner, AWS Networking Competency Partner, Google Cloud Interconnect Partner, IBM Direct Link Cloud Exchange provider, Microsoft Azure Express Route Partner, Nutanix Direct Connect Partner, Oracle Cloud Partner, and Salesforce Express Connect Partner.

About Megaport Cloud Router

Launched in January 2018, Megaport Cloud Router (MCR) enables customers to instantly provision and control virtual routers through Megaport's web-based portal. Enterprises and Service Providers can unlock powerful use cases such as cloud-to-cloud networking and deploy Virtual Points of Presence (VPOPs) without the need to purchase or maintain physical routing equipment. MCR enables customers to rapidly deploy services, granularly control traffic, and reduce total cost of ownership. More information about MCR can be found at: <https://www.megaport.com/services/megaport-cloud-router/>
