DICKER DATA APPOINTED AS NUTANIX DISTRIBUTOR ACROSS ANZ

The Board of Directors of Dicker Data Limited (ASX: **DDR**) are pleased to announce our appointment as a distributor for Nutanix (NASDAQ: **NTNX**) for the Australian and New Zealand markets. The agreement will see the two parties work together to provide enterprise customers with more simplified and convenient cloud management services and applications.

David Dicker, Chairman and CEO, Dicker Data Limited, said “There’s been a surge in demand within our partner community for hybrid cloud solutions recently. As a result, we’ve already delivered a number of Nutanix hyperconverged solutions on Intel Datacentre Block hardware. We view their products as a strategic growth opportunity for us and as demand is continually increasing for hyperconverged solutions, the time is now right for us to establish a direct relationship with Nutanix and to invest in scaling the partnership.”

The new partnership comes into effect from 1 August 2019.

For and on behalf of the Board,

David Dicker
Chairman & CEO
