Presentation Additional Information**

Evolution Mining would like to provide additional information in relation to slide 7 of the Diggers and Dealers 2019 Presentation released on the ASX Markets Announcements platform earlier today.

All-in Sustaining Costs (AISC) were sourced directly from publicly released company results for the March 2019 quarter. Results for the June 2019 quarter are not yet available for the entire peer group.

An average AUD:USD foreign exchange rate of 0.712 for the March 2019 quarter was used to calculate US dollar AISC for the Australian gold producers.

Yours sincerely
