Special Dividend

PROFIT ON SALE OF BUILDING

Dicker Data Limited (ASX: DDR) (**Company**) is pleased to announce that it will be paying a special dividend as a result of the realised profit on the recent sale of its property asset. On 1st August 2019 the Company announced the sale of its property located at 230 Captain Cook Drive, Kurnell for a consideration of \$36m and the transaction was fully settled on 15 August 2019. The profit realised on the sale of property was just over \$12m.

This dividend is in addition to the regular quarterly interim dividends that are paid or proposed to be paid as announced in the dividend update on 4 March 2019. Whilst the final interim dividend is expected to be at 5.00 cents per share as well, the Board of Directors will take into account the projected earnings of the Company in determining the final quantum of the dividend to be declared at that time. Should any of the circumstances change and projected earnings vary to forecast which results in a change in the dividend amount to be paid, an update will be provided to the market.

For and on behalf of the Board,
