About Damstra

Damstra is an Australian-based provider of integrated workplace management solutions to multiple industry segments across the globe. The Company develops, sells and implements integrated hardware and software-as-a-service (SaaS) solutions in industries where compliance and safety are of utmost importance. These solutions assist Damstra's clients to better track, manage and protect their staff, contractors and their organisations, and to reduce the risks associated with worker health, safety and regulatory compliance.

The Company has been operating since 2002 and has grown from providing an Australian mining contractor management solution to an integrated workplace management solution provider with a growing client base in international markets.
