ASX Release

27 February 2020

Damstra acquires APE Mobile to expand its paperless product suite, drive cross-sell revenue and accelerate its international growth strategy

- APE Mobile is a leading provider of digital form and workflow management solutions to the civil construction and mining industries.
- APE Mobile's paperless solution digitises safety and compliance requirements ranging from inspections and audits, risk assessments, incident and hazard management, and health and safety.
- Consistent with Damstra's strategy, the acquisition aims to fast-track the vision of making site operations totally paperless and represents a significant opportunity to cross-sell this integrated solution to existing Damstra clients.
- APE Mobile further enhances the value proposition to potential new clients to manage safety and compliance in a 100% paperless manner, fully integrated with Damstra's market-leading digital workforce and asset management solution.
- Total purchase consideration of cash and scrip of \$5.5 million funded by \$2.5 million in cash from Damstra's existing reserves, as well as the issue of Damstra shares to the vendors equivalent to up to \$3.0 million.

Damstra Holdings Limited ("**Damstra**" or the "**Company**", ASX: DTC), an Australian-based provider of integrated workplace management solutions, today announces it has completed the acquisition of Applied Project Experience Pty Ltd ("**APE Mobile**") for a total consideration of \$5.5 million.

APE Mobile is a leading provider of digital form and workflow management solutions. The business was established in 2013 and has ~90 customers, predominately in the construction and mining industries. APE Mobile has a proven business model in offshore markets and a growing international customer base across the United Kingdom and United States.

The acquisition of APE Mobile is consistent with Damstra's strategy to pursue acquisitions that provide entry into new markets, consolidate existing markets, establish new clients and cross-selling opportunities, and deepen product, technology and organisational capability.

Damstra CEO, Christian Damstra, said: "APE Mobile's core solution is a logical extension of our existing product suite, further strengthening our differentiated offering and reflecting our approach to develop technology that supports client needs. We aim to fast-track Damstra's

vision of making site operations totally paperless, enhancing our value proposition of delivering digital workplace management within a fully integrated solution.”

Strategic rationale

APE Mobile’s digital form and workflow management solution forms part of Damstra’s vision to enable clients to move to 100% “paperless environments”.

This technology enhances field productivity by digitising all site paperwork while allowing customers to retain their existing forms and workflow processes. As highlighted by APE Mobile’s international client base, this product offering has global appeal and is expected to play a key role in Damstra’s international growth strategy.

Table: Digital form and workflow management

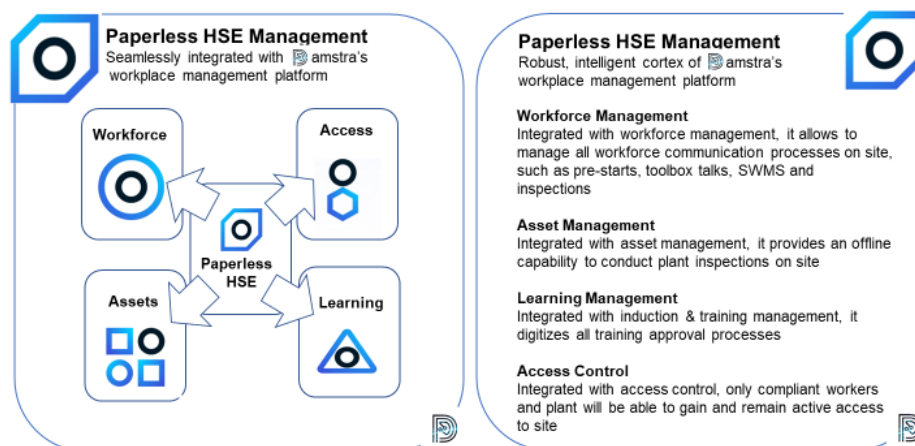

APE’s paperless collaboration tool and enhanced, digital site intelligence introduces a new capability to the Damstra product suite and reinforces the value of Damstra’s proposition of “real time” data availability and insights. The key applications of this solution are safety and compliance requirements ranging from inspections & audits, risk assessments, incident & hazard management and health and safety audits.

With the integration of this functionality into Damstra’s workplace management, users benefit from consistent information, greater collaboration and progress monitoring, reduced cost of rework, and improved safety and compliance on-site. This “digitisation” will be fully integrated into Damstra’s core workplace management products and modules.

The Open API architecture of APE Mobile allows for an easy integration with any ERP, project management, and other software systems which is consistent with the Damstra strategy on “integration” and information sharing.

Acquisition

APE Mobile generated audited revenue of \$1.3 million in FY19. The EBITDA impact of the acquisition, after accounting for transaction costs, is expected to be positive but immaterial to Damstra's forecast EBITDA for FY20. Damstra's Prospectus forecast for FY20 did not include any contribution from acquisition-driven growth initiatives.

Damstra has agreed to pay a total purchase price of \$5.5 million to the securityholders of APE Mobile (the "**Vendors**"), including RCF Jolimont Mining Innovation (Australia) LP and Viburnum Funds. The purchase consideration comprised the payment of \$2.5 million in cash from Damstra's existing cash reserves (which has been paid by Damstra), as well as the issue of up to 2,739,724 ordinary shares in Damstra ("**Shares**") to certain Vendors equivalent to up to \$3.0 million in two tranches.¹ The Shares will be issued at a deemed issue price equal to the 15-day VWAP of Damstra Shares immediately prior to completion of the acquisition, being 26 February 2020, (\$1.095 per Share). These new Shares will rank equally with existing Shares. The Tranche 1 Shares (defined below) will be issued tomorrow.

The Shares will be issued by the Company without disclosure utilising its existing placement capacity under ASX Listing Rule 7.1.

An Appendix 3B in relation to the proposed issue of Shares will be lodged separately today. An Appendix 2A in relation to the Tranche 1 Shares (defined below) is also attached to this announcement. A cleansing notice under section 708A(5)(e) of the *Corporations Act 2001* (Cth) will be lodged tomorrow upon the issue of the Tranche 1 Shares.

Ends

Authorised for release to the ASX by Johannes Risseeuw, Executive Chairman.

¹ Shares representing \$2.25 million to be issued to the Vendors on 28 February 2020, resulting in the issue of 2,054,793 new Shares at a deemed issue price of \$1.095 per Share ("**Tranche 1 Shares**"). Shares representing up to \$0.75 million will be deferred for nine months until 26 November 2020 (or as soon as reasonably practicable thereafter), which will result in a further issuance of up to 684,931 Shares at a deemed issue price of \$1.095 per Share ("**Tranche 2 Shares**"). Should Damstra make a claim under the warranty regime of the share sale

deed before 26 November 2020, the number of Tranche 2 Shares issued to the Vendors will be reduced to reflect the value of the claims once resolved.

Application for quotation of +securities

Information or documents not available now must be given to ASX as soon as available. Information and documents given to ASX become ASX's property and may be made public.

If you are an entity incorporated outside Australia and you are seeking quotation of a new class of +securities other than CDIs, you will need to obtain and provide an International Securities Identification Number (ISIN) for that class. Further information on the requirement for the notification of an ISIN is available from the Create Online Forms page. ASX is unable to create the new ISIN for non-Australian issuers.

*Denotes minimum information required for first lodgement of this form, with exceptions provided in specific notes for certain questions. The balance of the information, where applicable, must be provided as soon as reasonably practicable by the entity.
