## **Acrux TGA audit outcome**

**Melbourne, Australia; 16 April 2020:** Acrux Limited (ASX:ACR, “Acrux” or the “Company”) is pleased to confirm the outcome of a recent Australian Therapeutic Goods Administration (TGA) Good Manufacturing Practice (GMP) audit of the Company’s facilities in West Melbourne.

Acrux confirms that there were no Critical Deficiencies or Major Deficiencies noted by the TGA. As is common in these types of audits a small number of Other Deficiencies were noted and Acrux will be able to outline to the TGA its plan to close out these deficiencies within the requested response timelines. These deficiencies are not considered by Acrux to be material in nature.

TGA licence holders are regularly inspected by the TGA to ensure compliance with GMP standards.

**Acrux Product Development and Technical Affairs Director, Felicia Colagrande said:**

*“I am extremely pleased with the result of the audit of the Acrux facility by the TGA. It is a testament to the hard work of all Acrux staff. The successful inspection of the Acrux facility provides Acrux with the ability to manufacture Phase 2 and Phase 3 clinical trial drug product.”*

Authorised by the Board of Acrux Limited.
