### **DIVERSITY POLICY 2020**

#### **INTRODUCTION**

This is an up-date of the Company's previous Diversity Policy 2018.

A1 Investments & Resources Limited ("the Company") has epitomised diversity from its inception as China Century Limited, when a majority of our shareholders, directors and management were Taiwanese, Chinese and ethnic Chinese Australians.

When the Company changed its name to A1 Investments & Resources Limited it remained equally, or indeed more diverse with new Singaporean, Japanese, Japanese Australians and Australian born Australians as new shareholders, directors and managers, whilst many of the original ethnic Chinese shareholders still remained.

As A1 Investments & Resources Limited the Company has operated a diverse range of investment and food industry related business whilst employing a diverse group of employees. These businesses have further expanded to food production and we remain an employer of diversity, particularly in association with our joint venture partner, Qualipac in Queensland and our new sea cucumber project in Western Australia in association with the Tidal Moon group ("TM group")(being Tidal Moon Pty Limited ["TM"] and Tidal Moon Australia Pty Limited ["TMA"]).

In 2018-19 the Company proposed to enter a long term arrangement with an Aboriginal corporation and to employ directly or indirectly aboriginal persons. The finalisation of that arrangement is not yet complete, but the Company remains committed to the project.

In 2019 the Company also entered a long term arrangement with TM to develop the sea cucumber industry in Shark Bay in Western Australia. TM is a company controlled and owned by Aboriginal persons. TM and the Company arranged the incorporation of TMA in which both companies are shareholders. The operational division of the project sees TM undertake the fishing and harvesting of sea cucumbers and TMA the processing. The Company and the TM group is committed to employing and training local Aboriginal persons.

The Company recognises the need to seek to understand the interconnected elements of land, family, traditional law and language of Australian indigenous Aboriginal culture when dealing with or employing Aboriginal persons.

The Company states that it acknowledges and respects all the elders, past, present and future that are the custodians of the lands and waters comprising and surrounding Bundybunna and Shark Bay and any other lands or waters in Australia upon which the Company intends to operate.

The purpose of the Policy is to assist employees in making decisions related to business conduct. This Policy is applicable throughout the Company for all directors and employees, full-time, part-time and contractors. The Company is also encouraging our business partners including the TM group to adopt a similar policy, or to simply adhere to this policy.
