### **DIRECTORS' REPORT**

#### **FOR THE HALF YEAR ENDED 30 JUNE 2020**

The Directors of Kina Securities Limited (the **Company**, or **Bank**) and its Subsidiaries (the **Group**) submit herewith the condensed interim consolidated financial statements of the Group for the half year ended 30 June 2020.

#### **Principal Activities**

The principal continuing activities of the Group during the half year were banking services, provision of share brokerage, fund administration, investment management services, asset financing, provision of personal and commercial loans, money market operations and corporate advice.

The Directors consider there are no unusual or other matters that warrant their comments and the Group's financial position and results from operations are properly reflected in these financial statements.

#### **Accounting Policies**

Details of accounting policies are shown in note 1 (c) to the accounts.

#### **Country of Incorporation**

The Company was incorporated in Papua New Guinea on 14 October 1985 and has its principal place of business in Port Moresby, Papua New Guinea.

#### **Registered Office**

Its registered office is Level 9, Kina Haus, Douglas Street, Port Moresby, National Capital District, 121, Papua New Guinea.

#### **Directors and Secretary**

The names of the directors of the Company in office during the accounting period are:

I. Taureka, Chairman	A Carriline
G. Pawson, Managing Director & Chief Executive Officer	P. Hutchinson
K. Smith-Pomeroy	J. Thomason

The company secretary is C. Chopra.

#### **Dividends**

Dividends declared for the half year amounted to K 17,574,714 (and paid for the half year ended 31 December 2019 amounted to K16,399,325).

#### **Results**

The operating profit attributable to equity holders for the half year for the Group was K 29,291,189 (2019: K 23,614,000).

#### **Impact of COVID-19**

The COVID-19 outbreak has broad implications for the financial sector and economy as a whole. The gradual cascading financial impact saw some sectors report financial difficulties and seek debt relief for cash flow and loan servicing. Kina took various measures to mitigate the impact of COVID-19 on its operations, considering implications for customers, suppliers and employees. The Papua New Guinea government classified banking and financial services as essential services. Accordingly, banking and superannuation administration services have continued to function at full capacity.

## **KINA SECURITIES LIMITED AND ITS SUBSIDIARIES**

### **DIRECTORS' REPORT**

#### **FOR THE HALF YEAR ENDED 30 JUNE 2020**

The Bank of PNG reduced the Kina Facility Rate by 2%. Accordingly, to support all new and existing customers, Kina reduced all local currency overdraft interest rates by 2% per annum to support business cash flows.

As at 30 June 2020, COVID-19 has not had a material impact on the financial position of the Group. The total aggregate exposure (TAE) of relief requests received represent only 5.7% of the Bank's total loan book of PGK 1.5 billion and the Group does not believe that these requests suggest a significant deterioration in credit quality. The Bank's liquidity and capital requirements remain above regulatory required minimum levels.

#### **Sale of Esiloan portfolio**

On 30 June 2020, Kina divested Esiloan portfolio to Nationwide Microbank Limited (MiBank) for an amount of PGK 32.5 million. The transaction was in line with the strategic partnership announced between Kina and MiBank in August 2019 to provide greater financial inclusion and provision of micro-finance to customers.

#### **Regulatory matters**

In May 2020, Kina announced a short form amalgamation which will simplify the Group's operating and capital structure. Kina Bank's capital adequacy ratio post the amalgamation of 15% remains compliant with BPNG's capital adequacy requirements in accordance with Prudential Standards 1/2003 – Capital Adequacy. The amalgamation has been progressed for regulatory approval.

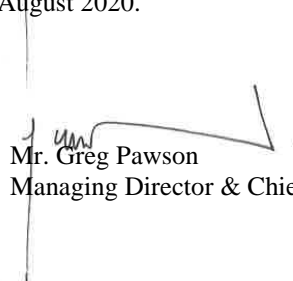

#### **Events subsequent to reporting date**

Details of events subsequent to reporting date are outlined in note 28 in this Financial report on page 31.

Signed at Port Moresby on behalf of the board on the 27<sup>th</sup> day of August 2020.

**Independent Auditor's Review Report  
to the shareholders of Kina Securities Limited**

We have reviewed the accompanying half-year financial report of Kina Securities Limited ("the Company"), which comprises the condensed interim consolidated statement of financial position as at 30 June 2020, and the condensed interim consolidated statement of comprehensive income, the condensed interim consolidated statement of cash flows and the condensed interim consolidated statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the Company and the entities it controlled at the end of the half-year or from time to time during the half-year as set out on pages 5 to 31.

*Directors' Responsibility for the Half-Year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with International Financial Reporting Standards and the *Papua New Guinea Companies Act 1997* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with International Standard on Review Engagements ISRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Papua New Guinea Companies Act 1997* including: giving a true and fair view of the consolidated entity's financial position as at 30 June 2020 and its performance for the half-year ended on that date; and complying with International Accounting Standard 34 *Interim Financial Reporting* and the *Papua New Guinea Companies Act 1997*. As the auditor of Kina Securities Limited, ISRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

*Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Kina Securities Limited is not in accordance with the *Papua New Guinea Companies Act 1997*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2020 and of its performance for the half-year ended on that date; and

(b) complying with International Accounting Standard 34 *Interim Financial Reporting* and the *Papua New Guinea Companies Act 1997*.

*Other Information*

We have no interest in the Company or any relationship other than that of the auditor of the Company.

## **NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 30 JUNE 2020**

---

### **1. Significant accounting policies**

The Company and its subsidiaries are incorporated in Papua New Guinea. The Group's business activities include banking services, provision of share brokerage, fund administration, investment management services, asset financing, and provision of personal and commercial loans, money market operations and corporate advice.

The company is listed on the Port Moresby Stock Exchange (**PNGX**) and the Australian Securities Exchange (**ASX**). The address of its operational office is Level 9, Kina Haus, Douglas Street, Port Moresby, National Capital District, 121, Papua New Guinea

#### a) Statement of compliance

These condensed interim consolidated financial statements of Kina Securities Limited and its subsidiaries ("the **Group**") have been prepared in accordance with IAS 34: *Interim Financial Reporting*. The half year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial statements.

These condensed interim consolidated financial statements have been reviewed, not audited. They were approved for issue by the Board of Directors on 27 August 2020.

#### b) Basis of presentation

These condensed interim consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets.

#### c) Impact of COVID-19

The domestic environment sees new macroeconomic challenges that have broad implications for the financial sector and the economy as a whole. The most prominent of these is COVID-19 which presents challenges for investment, economic activity, aggregate demand, and places a strain on the government's fiscal and monetary operations. PNG has been economically impacted by COVID-19. The options to address the impacts are being pursued. Further deterioration will be a direct result of how COVID-19 progresses not only domestically but internationally with the resultant impacts on trade. In attempting to mitigating the above risks, the government and prudential regulators have had to offer support and change monetary policies to adapt to the current market environment. The impact of these still remain uncertain.

#### Consideration of the financial statements and further disclosures

The Group has carefully considered the impact of COVID-19 in preparing its condensed interim financial statements for the period ended 30 June 2020. The key impacts on the financial statements, including the application of critical estimates and judgements are as follows:

##### *Loans and advances to customers*

The Group has introduced repayment deferral measures for customers impacted by COVID-19 for retail and small business customers. The repayment deferral arrangements were deemed continuations of customers' existing loans and were therefore accounted for as non-substantial loan modifications.

**KINA SECURITIES LIMITED AND ITS SUBSIDIARIES**  
**NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2020**

---

**1. Significant accounting policies (continued)**

*Provision for impairment*

In March 2020, the IASB published *IFRS 9 and COVID-19*, a document which highlights the requirements within *IFRS 9 Financial Instruments* relevant to the impact of COVID-19 on the recognition of expected credit losses. The publication reinforces the fact that IFRS 9 does not provide a mechanistic approach in accounting for impairment provisions.

In assessing forecast conditions, the Group has incorporated the effects of COVID-19 and government support measures on a reasonable and supportable basis. The IFRS 9 impairment methodology, and the definition of default have remained consistent with prior periods.

The circumstances are unique in that many of the deferred loans were performing prior to COVID-19, and either continue to perform, or have genuine prospects of recovery once government restrictions are eased. COVID-19 repayment deferrals were not borrower specific, but rather addressed to broad ranges of customers, and have therefore not been classified automatically as Stage 2 loans.

*Assessment of impairment of non-current assets*

The Group assessed goodwill for indicators of impairment. Severe disruptions to the airline, travel and tourism sector caused by international travel restrictions were the primary impacts in the PNG market and the Group considered the impacts on the businesses dealings in these sectors. The Group also considered whether volume of relief requests indicated a significant change in expectations on future profitability and concluded that given current information the likelihood is remote and there were no impairment indicators

d) Accounting policies and disclosures

The accounting policies and methods of computation adopted are consistent with those adopted and disclosed in the Group's annual financial report for the year ended 31 December 2019. The accounting policies are consistent with International Financial Reporting Standards.

**2. Critical accounting estimates and judgments**

The preparation of interim consolidated financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim consolidated financial statements, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2019 except as disclosed otherwise. Key estimates used in preparation of consolidated financial statements for the year ended 31 December 2019 and this interim financial information are as follows:

- Significant increase in credit risk;
- Recognition of deferred tax asset for carried forward tax losses;
- Estimated allowance for loans and advances to customers;
- Estimated goodwill impairment; and
- Estimated useful life of intangible asset;

**6.2 Movement in expected credit loss by stage**

The Group monitors all financial assets that are subject to impairment requirements to assess whether there has been a significant increase in credit risk since initial recognition. If there has been a significant increase in credit risk the Group will measure the loss allowance based on lifetime rather than 12-month ECL. On the basis of whether there is a significant increase in credit risk, the Group classifies the exposures into following stages:

- Stage 1** These exposures are regarded as performing loans and lower loss rates are applied in determining the ECL representing ECL equivalent to 12 months expected losses.
- Stage 2** Exposures are classified as Stage 2 if credit rating has worsened since initial recognition or if facility is overdue by specified number of days.
- Stage 3** Stage 3 exposures are considered in default in accordance with the definition of default above.

The table below analyses the movement of the loss allowance during the period per class of assets except for those where there have been no significant movement in the ECL since prior year or where no ECL is recognised.

In relation to investment in government inscribed stocks and other financial assets, there have been no significant movements in the ECL during the period. ECL is managed every month by both the Credit and Risk & Finance departments. The monthly arrears report and required Loan Loss provision is calculated. We believe the current provision levels adequately capture any potential risk arising out of normal business and COVID-19 related events and actions.

**6.5 Credit quality of financial assets at amortised cost**

The Group uses credit risk grades as a primary input into the determination of whether there has been a significant increase in credit risk in addition to information on days past due. The following table provides how each credit grade is defined and its mapping to external credit rating:

Credit risk grades	S&P rating	Description
A	A's	Low risk. Minimum total assets of +K2,000 m and very strong repayment capacity.
B	B's	Low to fair risk Minimum total assets of +K1,000 m and strong repayment capacity.
C	B's	Moderate risk Minimum total assets of +K100 – K200 m and sound repayment capacity.
D	unrated	Acceptable risk. Sound financial history demonstrating surplus repayment capacity.
E	unrated	Watch list/special mention. Credit weaknesses are evident and repayment capacity is jeopardised.
F	unrated	Substandard
G	unrated	Doubtful

**16. Intangible assets (continued)**

Customer deposits relationship was recognised when Maybank (PNG) Limited was acquired on 30 September 2015 and the ANZ SME and Retail Business acquisition on 23 September 2019. The value was derived on the present value of the expected benefit from existing funds coming from depositors. The intangible asset was estimated to have a useful life of five years based on the expected length of the customer deposits relationship.

The value of work in progress additions relate to software system upgrades and new software system implementation to support the acquisition of ANZ.

On 30 September 2015, the Group, through Kina Ventures Limited, a 100% owned subsidiary of Kina Securities Limited, acquired all of the shares in Maybank (PNG) Limited and Maybank Property (PNG). Maybank (PNG) and Maybank Property (PNG) are the PNG subsidiaries of Malaysia’s largest bank. The acquisition strengthened Kina Bank’s investment in PNG as it was an excellent fit for its then expansion program.

The goodwill arising on this acquisition was recorded at K92,786,000. The goodwill was attributable to Maybank (PNG) Limited’s strong position and synergies expected to arise after the Group’s acquisition of the new subsidiary. None of the goodwill is expected to be deductible for tax purposes.

**b. Earnings per share (EPS)**

Basic earnings per ordinary share is calculated by dividing the net profit attributable to shareholders by the weighted average number of ordinary shares in issue during the period. The group has dilutive potential ordinary shares in the form of performance rights issued to senior management. However, it does not have any material impact on the EPS calculation. Consequently, basic earnings per ordinary share equals diluted earnings per share.

**c. Share-based payment reserve**

In July 2015, after the Company was listed on the Australian Securities Exchange and Port Moresby Stock Exchange, Kina established various incentive arrangements to assist in the attraction, motivation and retention of management and its employees. Share options were granted to the Managing Director & Chief Executive Officer (“CEO”) and other senior executive employees. These included a short term incentive plan (“STI Plan”), long term incentive plan (“LTI Plan”) and retention plan (“RI Plan”), established under the *Kina Performance Rights Equity Incentive Plan*. The share based payment expense recognised for the period ended 30 June 2020 is K 2,137,118 (2019: K 2,883,120). Current provision in the reserve account is sufficient.

**20. Related party transactions**

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions or where there are common directors and shareholders. Kina Securities Limited (incorporated in Papua New Guinea), is the parent entity of the Group which owns 100% of the ordinary shares of its subsidiaries, unless otherwise stated.

A number of banking transactions are entered into with related parties in the normal course of business. These include loans, deposits and foreign currency transactions and provision of certain services to the Group by companies where there is common directorship. These transactions were carried out on normal commercial terms and at normal market rates.

From time to time during the year, Directors and Senior Management of the Parent and subsidiaries have deposits in Kina Bank Limited accounts on normal terms and conditions. Brokerage rates for buying and selling shares for the Senior Management and staff are discounted.

**21. Investment under trust**

The Group acts as trustee holding or placing of assets on behalf of superannuation funds and individuals. These assets are not assets of the Group and, therefore, are not included in its Consolidated Statement of Financial Position (**balance sheet**). The Group is also engaged in investing client monies. A corresponding liability in respect of these monies is also excluded from the balance sheet. Investments under trust at balance sheet are:

**23. Contingent liabilities**

***Litigations and claims***

Contingent liabilities exist in respect of actual and potential claims and proceedings that have not been determined. An assessment of the Group's likely loss has been made on a case by case basis for the purposes of the financial statements and specific provisions are made where appropriate. As at 30 June 2020, the Group is a party to some litigation before the courts, however, management does not believe these will result in any material loss to the Group. There was no litigation matter of a material nature that is not already provided for in the consolidated financial statements

***Other contingent liabilities***

The Bank guarantees the performance of customers by issuing guarantees to third parties. The risk involved is essentially the same as the credit risk involved in extending loan facilities to customers, therefore these transactions are subject to the same credit origination, portfolio maintenance and collateral requirements applied

to customers applying for loans. As the facilities may expire without being drawn upon, the notional amount does not necessarily reflect future cash requirements. The credit risk of these facilities may be less than the notional amount but as it cannot be accurately determined, the credit risk has been taken as the contract notional amount.

**24. Capital commitments**

There was a total of K 2,805,209 relating to commitments under contracts for capital expenditure at reporting date (31 December 2019: K4,802,205).

**25. Fair value estimation**

There is no material difference between the fair value and carrying value of the Group's financial assets and liabilities.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (**Level 1**).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (**Level 2**).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (**Level 3**).

The following table presents the Group's assets and liabilities that are measured at fair value at;

Unlisted investments are classified as Level 3. There is no material movement in value of unlisted investments since the last reporting period.

**26. Financial risk factors**

The Group's activities expose it to variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The condensed interim financial statements do not include all the financial risk management information and disclosure required in the annual financial statements. They should be read in conjunction with the Group's annual financial statements at 31 December 2019. There have not been any material changes in the risk management department or in any risk management policies since the year end.

**27. Liquidity risk**

Compared to year-end, there was no material change in the contractual undiscounted cash flows for financial liabilities.

**28. Events after the balance sheet date**

Subsequent to the financial reporting date, the directors declared a dividend of AUD 4 cents / PGK 10 toea per share (K17.5 million). payable to stockholders on 2 October 2020.

Kina's corporate restructuring is expected to be completed at the end of August 2020. As per the simplification plan, Kina Bank Limited ("KBL") and two interceding holding companies, Kina Ventures Limited ("KVL") and Kina Properties Limited ("KPL") are to be amalgamated into Kina Securities Limited. The amalgamation simplifies the Group's operating and capital structure. Kina Bank's capital adequacy ratio post amalgamation remains compliant with BPNG's capital adequacy requirements in accordance with Prudential Standard 1/2003 - Capital Adequacy.

There remains significant uncertainty on how the COVID-19 pandemic will evolve in future. Considerations on the impact and duration of the pandemic is still uncertain and will need to be assessed on an ongoing basis. In accordance with *IAS 10 Events after the Reporting Date*, the Group considered whether events after the reporting date confirmed conditions existing before the reporting date. The outbreak of COVID-19 brought financial difficulties to some sectors and the economy as a whole. Kina took various measures to provide relief to existing customers including reducing the currency overdraft rates by 2% per annum to support business cash flows and continues to do so.
