WEBCENTRAL GROUP LIMITED (ASX: WCG)

UPDATE ON WEB.COM SCHEME – FIRB APPROVAL OBTAINED

Webcentral Group Limited (**Webcentral**) refers to its ASX announcement dated 15 September 2020, which noted that:

- Webcentral had entered into a scheme implementation deed dated 12 July 2020 (**SID**) with Web.com Group, Inc. (**Web.com**) under which it is proposed that Web.com will acquire all of the shares in Webcentral for \$0.10 per share (the **Scheme**) and that Web.com has offered to increase the cash consideration payable under the Scheme to \$0.155 per share (**Web.com Counterproposal**);
- Webcentral had received a non-binding indicative proposal from 5G Networks Limited (**5GN**) to acquire all of the shares in Webcentral by way of a conditional off-market takeover bid (**5GN Proposal**).¹ The consideration under the 5GN Proposal is proposed to be 1 5GN share for every 12 Webcentral shares; and
- the Webcentral Board is currently assessing whether it considers the Web.com Counterproposal would provide an equivalent or superior outcome to Webcentral shareholders when compared to the 5GN Proposal.

WEB.COM FIRB APPROVAL OBTAINED

Webcentral has received confirmation from Web.com that it has received confirmation from the Foreign Investment Review Board (**FIRB**) that it has no objection to the proposed Scheme. Accordingly, the proposed Scheme is now free from any funding or regulatory conditions and remains subject only to customary closing conditions (including Webcentral shareholder and Court approval).

ASSESSMENT BY THE WEBCENTRAL BOARD

The Webcentral Board is continuing to assess whether it considers that the Web.com Counterproposal would provide an equivalent or superior outcome to Webcentral shareholders when compared to the 5GN Proposal.

¹ As mentioned in further detail in Webcentral's ASX announcement dated 7 September 2020, the only proposed defeating conditions to the takeover bid are (a) a 50.1% minimum acceptance condition, (b) a no 'prescribed occurrences' condition and (c) a no material adverse change condition.

The pre-conditions to the takeover bid are the negotiation of, and entry into, a bid implementation agreement between 5GN and Webcentral and also a unanimous board recommendation. Neither of these pre-conditions has been satisfied.

TAKE NO ACTION

Webcentral continues to advise that no action should be taken by Webcentral shareholders pending the outcome of the assessment of the Web.com Counterproposal and the 5GN Proposal by the Webcentral Board and its advisers.

The Webcentral directors note that there is no assurance that the Scheme (as is proposed to be amended by the Web.com Counterproposal) or the 5GN Proposal will proceed.

The SID provides that Webcentral must use its best endeavours to procure that none of the Webcentral directors change their recommendation in favour of the Scheme until after the conclusion of the matching right process.

In light of the above, no Webcentral Board Member recommends, supports or endorses the 5GN Proposal at this stage and the Webcentral Board continues to unanimously recommend that Webcentral shareholders vote in favour of the Scheme at the scheme meeting – Webcentral shareholders are referred to Webcentral's ASX announcement dated 13 July 2020 and Webcentral's scheme booklet dated 21 August 2020 for further information and details.

Webcentral will keep Webcentral shareholders informed of any material developments.
