## WARNING FOR NEW ZEALAND INVESTORS

The warning statement below is required under the Financial Markets Conduct Regulations 2014 of New Zealand and relates to the Offer and Capital Distribution, which are made pursuant to those Regulations in New Zealand.

This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014. This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.

There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime. The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.

Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint. The taxation treatment of Australian financial products is not the same as for New Zealand financial products. If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant. If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

If the financial products are able to be traded on a financial product market and you wish to trade the financial products through that market, you will have to make arrangements for a participant in that market to sell the financial products on your behalf. If the financial product market does not operate in New Zealand, the way in which the market operates, the regulation of participants in that market, and the information available to you about the financial products and trading may differ from financial product markets that operate in New Zealand.

The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.

A copy of this PDS, other documents relating to the Offer and Capital Distribution and a copy of the Constitution have been, or will be, lodged with the New Zealand Companies Office and are, or will be, available at [www.business.govt.nz/disclose](http://www.business.govt.nz/disclose) (offer number, OFR12966). While the Offer and the Capital Distribution is being extended to New Zealand investors under the Mutual Recognition Regime, no application for listing and quotation is being made to NZX Limited.

#### UPDATED INFORMATION

Information regarding the Capital Distribution or the Offer may need to be updated from time to time. Any updated information about the Capital Distribution or the Offer that is considered not materially adverse to investors will be made available on the REIT's website [www.home-co.com.au](http://www.home-co.com.au). The Responsible Entity and HomeCo will provide a copy of the updated information free of charge to any eligible investor who requests a copy by contacting the Offer Information Line on +61 1800 754 866 (toll free within Australia) between 8.30am and 5.30pm (Sydney time) Monday to Friday (excluding public holidays) during the Offer Period. In accordance with

its obligations under the Corporations Act, the Responsible Entity may issue a supplementary PDS to supplement any relevant information not disclosed in this PDS. You should read any supplementary disclosures made in conjunction to this PDS prior to making any investment decision.

#### VARIATION OF THE OFFER

At any time prior to the allocation of the Units contemplated in this PDS:

- the Responsible Entity reserves the right in its absolute discretion, without advance notice and without liability, to vary the Offer or its procedures or to postpone or cancel the Offer; and
- HomeCo reserves the right in its absolute discretion, without advance notice and without liability, to vary the Capital Distribution or its procedures or to postpone or cancel the Capital Distribution.

#### FINANCIAL INFORMATION

Section 6 of this PDS sets out in detail the financial information referred to in this PDS and the basis of preparation of that information.

The Financial Information in this PDS should be read in conjunction with, and is qualified by reference to, the information contained in Section 6. All financial amounts contained in this PDS are expressed in Australian dollars and rounded to the nearest \$1,000 unless otherwise stated. Some numerical figures included in this PDS have been subject to rounding adjustments. Any discrepancies between totals and sums of components in tables contained in this PDS are due to rounding. All fees in the PDS are quoted exclusive of GST unless otherwise stated. All financial information, operational information, and Portfolio statistics contained in this PDS are believed to be current as at the date of this PDS.

#### NON-IFRS FINANCIAL INFORMATION

Investors should be aware that certain financial data included in this PDS is 'non-IFRS financial information' under Regulatory Guide 230 Disclosing non-IFRS financial information, published by ASIC. The Issuers believe this non-IFRS financial information provides useful information to users in measuring the financial performance and conditions of the REIT. The non-IFRS measures do not have standardised meanings prescribed by Australian Accounting Standards and therefore, may not be comparable to similarly titled measures presented by other entities, nor should they be construed as an alternative to other financial measures determined in accordance with Australian Accounting Standards. Investors are cautioned, therefore, not to place undue reliance on any non-IFRS financial information and ratios included in this PDS. Unless otherwise stated or implied, all pro forma data in this PDS gives effect to the underlying transactions and adjustments at the Completion date referred to in Section 6.

#### FORWARD-LOOKING STATEMENTS

Certain "forward-looking statements" have been provided in this PDS. These statements can be identified by the use of words such

as "anticipate", "believe", "expect", "project", "forecast", "estimate", "likely", "intend", "should", "could", "may", "target", "predict", "guidance", "plan" and other similar expressions. Indications of, and guidance on, future earnings and financial position and performance are also forward-looking statements. Preparation of these forward-looking statements was undertaken with due care and attention, however, forward looking statements remain subject to known and unknown risks, uncertainties and other factors, many of which are beyond the control of the Responsible Entity or HomeCo and their directors, officers, employees, agents and advisers. Consequently, such factors may impact the performance of the REIT or HomeCo such that actual performance differs materially to any performance indicated in the forward looking statements. Some of the risk factors that impact on forward looking statements in this PDS are set out in Section 7. No assurance can be provided that actual performance will mirror the guidance provided. Other than as required by law, none of the Responsible Entity, HomeCo and their respective directors, officers, employees or advisers or any other person gives any representation, assurance or guarantee that the occurrence of the events expressed or implied in any forward looking statements in this PDS will actually occur. You are cautioned not to place undue reliance on those statements. The forward looking statements in this PDS reflect the views held only immediately before the date of this PDS, unless otherwise stated. Subject to the Corporations Act and any other applicable law, each of the Responsible Entity, HomeCo and their respective directors, officers, employees and advisers disclaim any duty to disseminate after the date of this PDS any updates or revisions to any such statements to reflect any change in expectations in relation to such statements or any change in events, conditions or circumstances on which any such statement is based.

#### INDEPENDENT VALUATIONS

This PDS contains information regarding the independent valuations of the Properties by independent valuers as at 30 September 2020. Valuations are an opinion of the market value payable by a willing buyer at a point in time, not a guarantee of current or future market value. By necessity, valuations require the valuer to make subjective judgments that, even if logical and appropriate, may differ from those made by a purchaser or another valuer. Independent valuations are subject to a number of assumptions and conditions, which are set out in the summary of the valuations in Section 10. Property values can change substantially, even over short periods of time, and an independent valuer's opinion of value could differ significantly if the date of valuation were to change. A high degree of volatility in the real estate market may lead to fluctuations in values over a short period of time.

- experienced management, with the REIT to be managed by members of the HomeCo Group, an ASX-listed owner, developer and manager of diversified property investments; and
- alignment of interests between HomeCo and HomeCo Daily Needs REIT with HomeCo maintaining an investment of 27% of the total Units on issue, for at least 1 year following the Offer.

The establishment of HomeCo Daily Needs REIT is part of a proposal being put to Home Consortium (**HomeCo** or **HMC**) Securityholders at its Annual General Meeting on 18 November 2020. If approved, HomeCo Securityholders will receive 1 Unit in HomeCo Daily Needs REIT for every 2 Stapled Securities held in HomeCo via a distribution in-specie, resulting in the transfer of approximately 129 million HomeCo Daily Needs REIT Units for nil consideration to HomeCo Securityholders through a HomeCo capital reduction (the **Capital Distribution**).

Information regarding the Capital Distribution is contained in this PDS and an Explanatory Memorandum that will be distributed to HomeCo Securityholders by HomeCo.

In addition to the Capital Distribution by HomeCo, the REIT is undertaking an Offer of approximately 226 million Units to raise approximately \$300 million.

The Offer Price is \$1.33 per Unit.

The Offer to the public comprises:

- an Institutional Offer, which is open to Institutional Investors in Australia, New Zealand and certain other jurisdictions;
- an offer open to Australian and New Zealand resident retail clients of participating Brokers through the Broker Firm Offer; and
- a Priority Offer, which is open to select investors who have received a personal invitation to participate from HomeCo Daily Needs REIT, which is capped at \$15 million.

Members of the public wishing to subscribe for Units under the Offer must do so through the Broker Firm Offer.

Proceeds from the Offer will be used to fund the acquisition of three new properties by HomeCo Daily Needs REIT: Glenmore Park Town Centre (NSW), Gregory Hills Town Centre (NSW) and Coomera City Centre (QLD). The Offer proceeds will also be used to fund remaining capital expenditure for the centres under development in Richlands and Ellenbrook, provide HomeCo Daily Needs REIT with working capital, fund the transaction costs associated with the Proposal and provide balance sheet capacity to take advantage of acquisition and development opportunities.

HomeCo Daily Needs REIT has also signed a binding commitment letter with a syndicate of lenders for a new senior secured syndicated Debt Facility totalling \$400 million. It is expected that at Completion approximately \$231 million of the Debt Facilities will be drawn, including for the acquisition of Glenmore Park Town Centre (NSW), Gregory Hills Town Centre (NSW) and Coomera City Centre QLD, leaving approximately \$169 million available to be drawn down in the future as part of HomeCo Daily Needs REIT's development and investment strategy. HomeCo Daily Needs REIT's Gearing at Completion is expected to be 26%, with a target Gearing range of 30% to 40%.

10. Based on independent valuations as at 1 December 2020 for the 3 Acquisition properties and as at 30 September 2020 for the remaining 14 properties.

11. Calculated by number of Properties, with 16 out of 17 Properties metro-located.

12. Across all HomeCo Daily Needs REIT assets, including the recent Acquisitions: Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

13. By gross income for signed leases and signed MoUs across all HomeCo Daily Needs REIT assets including the recent Acquisitions: Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

14. Occupancy does not include Ellenbrook and Richlands.

HomeCo Daily Needs REIT will be externally managed. The Responsible Entity, HMC Funds Management Limited, a member of the HomeCo Group, will have responsibility for the governance and oversight of operations of HomeCo Daily Needs REIT. The Responsible Entity has appointed the Investment Manager and Property Manager, also members of the HomeCo Group, to provide certain asset management, investment management, development management, leasing and property management services to HomeCo Daily Needs REIT under the Management Agreements.

HomeCo Daily Needs REIT will maintain an ongoing relationship with HomeCo, given the Responsible Entity, Investment Manager and Property Manager are all members of the HomeCo Group. Two of the Directors of the Responsible Entity are also directors of HomeCo. HomeCo will maintain an investment in HomeCo Daily Needs REIT of approximately 27% of Units on issue, following Completion, which will be subject to a 1 year voluntary escrow arrangement.

The Responsible Entity will have its own majority independent Board consisting of 5 non-executive Directors. The Responsible Entity will determine the appropriate governance arrangements for HomeCo Daily Needs REIT, having regard to market best practice, the ASX Recommendations and ensuring that there are adequate arrangements to manage conflicts.

HomeCo Daily Needs REIT is forecast to achieve an FY21 annualised Distribution Yield per Unit (based on the Offer Price) of 5.5% for the period ending 30 June 2021, with 100% of the proposed distributions expected to be tax-deferred in FY21.

HomeCo Daily Needs REIT expects to target a normalised distribution payout ratio of 90% to 100% of FFO once its portfolio is fully stabilised. It is intended that distributions will be paid to Unitholders quarterly. The first distribution is expected to be a pro rata amount based on the period between the date of Completion and 31 March 2021.

An application will be made for HomeCo Daily Needs REIT to be listed, and to have the Units quoted, on the ASX, with a targeted listing date of 23 November 2020.

TOPIC	SUMMARY	REFERENCE
<p><b>What are the main benefits of an investment in Daily Needs REIT?</b> continued</p>	<p><b>Growth opportunities</b> The Portfolio has a positive growth outlook by way of structural lease escalations. HomeCo's sector expertise and management platform positions HomeCo Daily Needs REIT to take advantage of potential acquisition opportunities. Development upside in existing properties provides opportunity to further enhance earnings growth and portfolio quality.</p> <p><b>Management expertise</b> HomeCo Daily Needs REIT is to be managed by ASX listed HomeCo. The management team supporting the Responsible Entity has demonstrated experience in asset and funds management and property investment and management.</p> <p><b>Experienced Board and strong corporate governance</b> The Board will be comprised of majority independent, experienced and credentialed individuals including an independent Chairman. The Board is committed to a high standard of corporate governance and compliance.</p> <p><b>Alignment of interests between HomeCo and the REIT</b> HomeCo's interests are aligned with HomeCo Daily Needs REIT via the investment that HomeCo will maintain in the REIT, which following Completion, will be approximately 27% of Units on issue in HomeCo Daily Needs REIT. HomeCo will additionally enter into a voluntary escrow arrangement which prevents HomeCo from disposing of any Units held at Completion for a period of 1 year from Completion.</p>	Section 2.5

TOPIC	SUMMARY	REFERENCE
<p><b>What are the main risks of an investment in Daily Needs REIT?</b> continued</p>	<p><b>HomeCo Daily Needs REIT may be unable to lease vacant space in its Properties</b></p> <p>There is a risk that HomeCo Daily Needs REIT is unable to lease vacant space in its Properties. Should HomeCo Daily Needs REIT be unable to secure a tenant for a vacant property for a period of time, this will result in lower rental returns to HomeCo Daily Needs REIT, which could adversely affect the REIT's distributions.</p> <p>HomeCo Daily Needs REIT could also lose tenants due to a range of events including as a result of failure to renew a lease, weakening of tenant relationships, disputes with tenants or insolvency of tenants.</p> <p><b>The value of the Portfolio or individual Properties may fall</b></p> <p>The value of the Portfolio, or individual Properties within the Portfolio, may be impacted by a number of factors affecting the Australian property market generally, and HomeCo Daily Needs REIT in particular. As property valuation adjustments are reflected in HomeCo Daily Needs REIT's statement of profit and loss, any decreases in value would have a corresponding effect on the statement of profit and loss and HomeCo Daily Needs REIT's financial position and could impact upon distributions.</p> <p><b>Retail property sector concentration</b></p> <p>The Portfolio is principally comprised of retail properties and is therefore exposed to the retail property sector. As a result, HomeCo Daily Needs REIT's performance depends, in part, on the performance of the Australian retail property sector.</p> <p><b>Relationship with HomeCo</b></p> <p>HomeCo is expected to retain a substantial interest in the REIT. As such, HomeCo and its associates are likely to have the ability to determine (or have significant influence over) any resolution put to Unitholders, including a resolution to remove the Responsible Entity. HomeCo retains the right to appoint (and replace) all Directors on the Board of the Responsible Entity.</p> <p>In performing its roles of responsible entity of the REIT, co-owner of certain Properties, manager of the REIT and the Properties, property developer, and provider of corporate and other services, the interests of HomeCo and the REIT may not be aligned. Although many aspects of the relationship will be governed by the detailed agreements summarised in this PDS, these agreements were negotiated between affiliated entities.</p> <p><b>Completion of development pipeline</b></p> <p>HomeCo Daily Needs REIT's development pipeline consists of 2 properties, Richlands and Ellenbrook, that are expected to open in April 2021 and mid-2021 respectively. These developments are inherently exposed to development risk prior to completion and commencement of operations, which can impact on revenue generated, valuations and distributions.</p>	Section 7

TOPIC	SUMMARY	REFERENCE
<p><b>What are the main risks of an investment in Daily Needs REIT?</b> continued</p>	<p><b>E-commerce trends could materially reduce trading and activity at physical centres</b> There is a risk that consumer preferences for online shopping materially reduces the level of trading seen at Properties in the Portfolio. To mitigate this risk, the Portfolio has been weighted towards ‘essentials’ tenants including supermarkets, pharmacies and childcare.</p> <p><b>HomeCo Daily Needs REIT may not be able to meet its forecasts</b> The forward-looking statements, opinions and estimates provided in this PDS, including the Forecast Financial Information, are based on various assumptions, many of which are outside the control of HomeCo and HomeCo Daily Needs REIT. There can be no guarantee that the assumptions on which the forward-looking statements, opinions and estimates are based, will ultimately prove to be valid or accurate, including rents, property costs and corporate expenses incurred by HomeCo Daily Needs REIT.</p> <p><b>Model Portfolio</b> While the Portfolio has been constructed with reference to the Model Portfolio, the actual composition of the Portfolio may be inconsistent with the Model Portfolio at any given point in time. Moreover, the Responsible Entity may deem it necessary or in the best interests of Unitholders, to target a Portfolio composition that departs from the Model Portfolio in order to achieve the objectives of HomeCo Daily Needs REIT.</p> <p><b>Other risks</b> A number of other general investment risks are discussed in Section 7.</p>	Section 7

## 2 Overview of HomeCo Daily Needs REIT (continued)

Properties in the Portfolio are anchored by leading brands, including predominately national major supermarkets, daily needs and services businesses. The Portfolio has no exposure to department stores or discount department stores and limited exposure to specialty retail and fashion.

Rent charged to tenants at Properties in the Portfolio is positioned competitively compared to other retail landlords. The average gross rent across the Portfolio is \$349 per sqm,<sup>52</sup> which is attractive for tenants who are looking to reduce occupancy costs. This has resulted in greater earnings resilience than that of the broader retail sector amid the shift towards a more e-commerce driven economy and strong recent cash collection despite the impact of the COVID-19 pandemic. HomeCo Daily Needs REIT is well positioned to grow its rental income while retaining tenants for additional lease terms upon lease expiry by setting rents at the lower end of the retail cost curve.

Key features of the Portfolio include:

- a complementary mix of retailers and services;
- attractive locations that are close to large population centres, major road arterials and intersections, and public transport links;
- modern air-conditioned buildings with quality amenities (free WiFi, kids play centres, parent's rooms) and centre events (promotions, seasonal events);
- easy access with substantial on-grade car parking (~400 per centre, on average);
- convenient suburban locations rather than high-density, super-regional or CBD locations;
- a focus on daily needs and healthcare & wellness;
- over 60% of customers live less than a 15 minute 'drive and park' time away<sup>53</sup>; and
- ability to social distance with minimal dwell time.

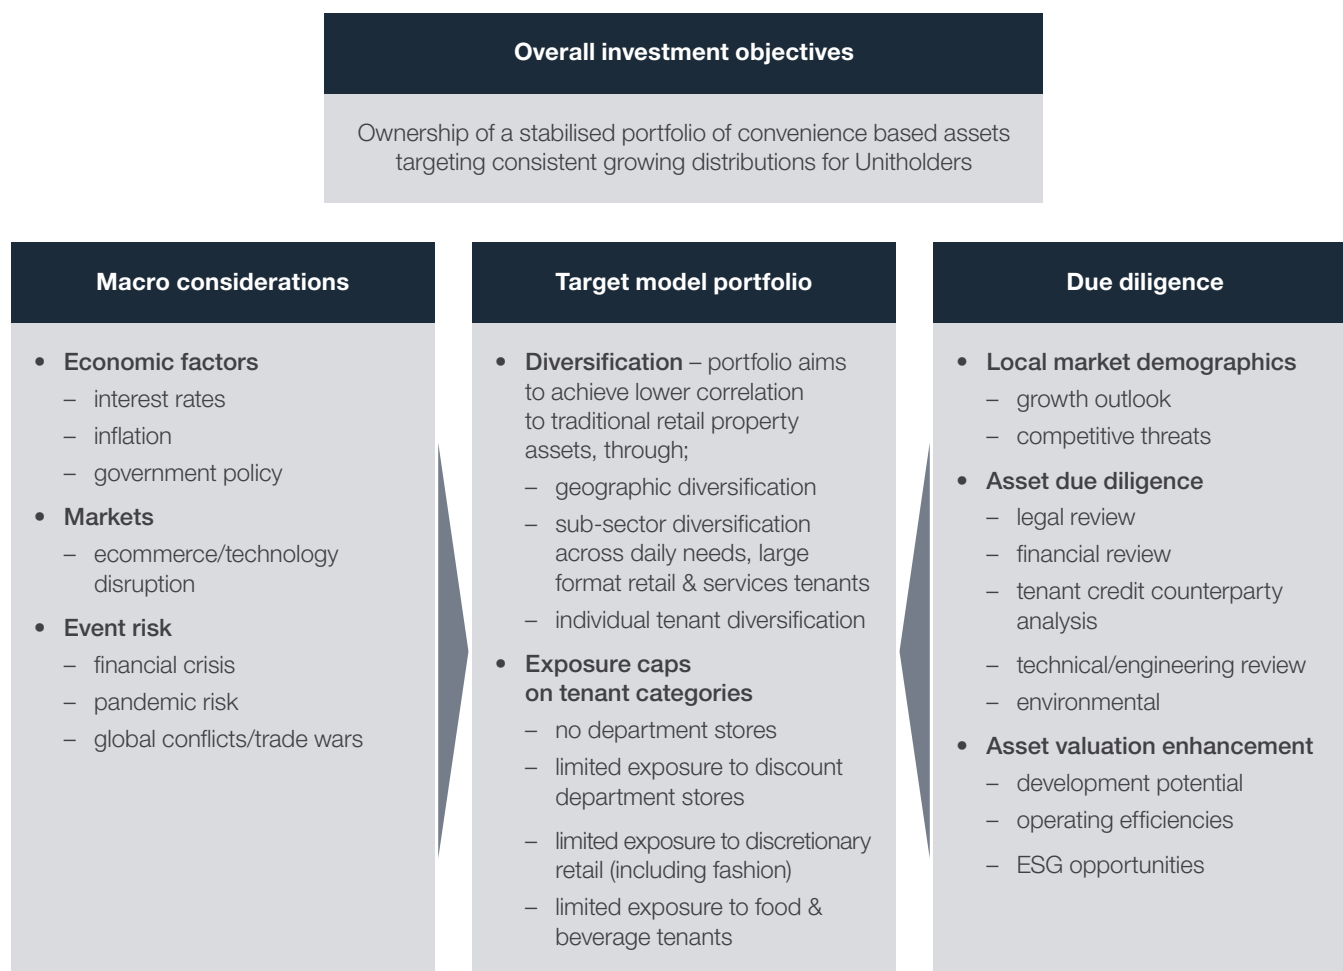

The Responsible Entity believes these features within each centre are key differentiating features.

### 2.3.3. Investment process

HomeCo Daily Needs REIT intends to acquire additional Properties over time that are consistent with its objectives and represent value-accretive investment opportunities that complement the REIT's strategy of targeting consistent and growing distributions.

### 2.3.4. Asset management

To manage risk and maximise returns to Unitholders, the Managers will undertake ongoing assessments of leasing opportunities, tenant incentives and capital expenditure requirements while maintaining engagement with tenants. The Managers will look for ways to improve the tenant experience and amenities at the Properties in order to retain and attract tenants; protect or enhance revenue; and improve the experience and offerings for all users of the Properties.

## 2.4. Establishment of HomeCo Daily Needs REIT

HomeCo Daily Needs REIT is being established as a standalone entity to deliver existing HomeCo Securityholders an investment in two vehicles with different investment attributes and characteristics:

- HomeCo Daily Needs REIT: 100% owned Portfolio of stabilised, predominately metro-located and convenience based assets targeting consistent and growing distributions to Unitholders; and
- HomeCo: owner, developer and manager of diversified property investments including HomeCo Daily Needs REIT.

## 2 Overview of HomeCo Daily Needs REIT (continued)

HomeCo has established the relevant trust, and registered it as a managed investment scheme to establish HomeCo Daily Needs REIT. In this regard, HomeCo will transfer its interests in 14 assets to HomeCo Daily Needs REIT and then distribute approximately 129 million Units to eligible HomeCo Securityholders who are registered holders of HomeCo Securities on the Capital Distribution Record Date through a capital reduction. The Capital Distribution will be on a pro rata basis with each eligible HomeCo Securityholder receiving 1 Unit for each 2 HomeCo Securities held on the Capital Distribution Record Date.

The Capital Distribution does not require eligible HomeCo Securityholders to pay any consideration for the transfer of Units or to complete an Application Form.

Concurrent with the Capital Distribution, the Responsible Entity is making the Offer of Units in HomeCo Daily Needs REIT. The Offer seeks to raise \$300 million, the proceeds of which will be used together with the Debt Facility to provide funding capacity for the Acquisitions. The Offer proceeds will also be used to fund remaining capital expenditure for the centres under development in Richlands and Ellenbrook, provide HomeCo Daily Needs REIT with working capital, fund the transaction costs associated with the Proposal and provide balance sheet capacity to take advantage of acquisition and development opportunities

### 2.5. Benefits of an investment in HomeCo Daily Needs REIT

#### 2.5.1. Diversified and defensive portfolio

On Completion, the Portfolio will consist of 15 operating centres and 2 centres under development with an independent valuation<sup>54</sup> of ~\$844 million.<sup>55</sup>

Key features of the Portfolio include:

- Geographic diversification:
  - strategically located Properties with 94%<sup>56</sup> of Properties in metropolitan growth corridors across NSW, VIC, QLD, WA and SA;
  - predominately metro-located assets; and
  - geographic split of Portfolio assets informed by the national GDP contribution of each State.
- Diversified, high-quality and defensive tenant exposure to convenience based daily needs real estate:
  - a high occupancy rate of 98%<sup>57</sup> and WALE of 8.4 years;<sup>58</sup> and
  - tenants consisting of leading national retailers and service providers with approximately 77%<sup>59</sup> exposure to national tenants and limited exposure to speciality retail (14%).<sup>60</sup>
- A low site coverage ratio of 31%<sup>61</sup> on a land bank holding of 629,000 sqm providing future expansion and alternate use opportunities.
- Supermarket anchored Neighbourhood Retail centres in the Portfolio have been accompanied with Large Format Retail.

54. Based on independent valuations as at 1 December 2020 for the 3 Acquisition properties and as at 30 September 2020 for the remaining 14 properties.

55. Includes all HomeCo Daily Needs REIT assets including the recent Acquisitions: Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

61. Ratio of GLA to site area, where GLA does not include carparks.

### 2.5.2. Solid valuations and strong recent cash collection, despite COVID-19 disruption

The Properties in the Portfolio have been independently valued at 30 September 2020 with valuations remaining either materially unchanged or continuing to increase, whilst maintaining average cash collection of 94%<sup>62</sup> over the period July 2020 to September 2020.

This has been a result of construction of the Portfolio composition in line with the Model Portfolio, resulting in exposure to predominately supermarket anchored neighbourhood shopping centres with exposure to LFR and limited exposure to specialty retail tenants:

- Neighbourhood Retail centres have experienced sales growth on a pickup in demand for essentials and an increased preference/need for consumers to shop locally for convenience and the ability to social distance; and
- for LFR centres, the homewares & electrical segment has performed well due to increased spending during the COVID-19 pandemic; the leisure & lifestyle segment has benefitted from government stimulus and an inability to travel, resulting in a shift in consumer spending towards lifestyle products.

### 2.5.3. Resilience to e-commerce trends

HomeCo Daily Needs REIT believes the Portfolio is better positioned to withstand structural changes relative to traditional regional and sub-regional shopping centres in the retail landscape due to increasing e-commerce, with 'essentials' exposure through supermarkets, pharmacists and childcare. The Portfolio has no exposure to department stores or discount department stores and limited exposure to specialty retail and fashion. Rents for the Portfolio's LFR and Health & Services tenants are significantly lower compared to other retail subsectors, providing a high level of sustainability.

### 2.5.4. HomeCo Daily Needs REIT is targeting consistent and growing distributions

HomeCo Daily Needs REIT is forecast to have an FY21 annualised Distribution Yield (based on the Offer Price) of 5.5% for the period from Completion to 30 June 2021, with 100% of the proposed FY21 distributions expected to be tax deferred.

The objective of delivering consistent and growing distributions is underpinned by a number of factors:

- stable and defensive operating portfolio, with sustainable cash flows backed by a WALE of 8.4 years<sup>63</sup>, significant national tenant exposure and limited specialty retail exposure;
- contracted rent escalations with fixed escalations on 63% of the portfolio (weighted average rent review across fixed leases of 3.5%<sup>64</sup> p.a.);
- average gross rent of \$349 per square metre at the lower end of the retail landlord cost curve; and
- appropriate capital structure, with a target Gearing range of 30% – 40%.

### 2.5.5. Growth opportunities

HomeCo Daily Needs REIT believes it offers an attractive growth profile supported by:

- **Structural lease escalations:** Fixed rental escalations for 63% of the Portfolio with these tenancies having a weighted average rent review of 3.5% per annum.<sup>65</sup>

62. Rent collection of contracted rent to 30 September 2020 at all HomeCo Daily Needs REIT assets, excludes Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

63. By gross income for signed leases and signed MoUs across all HomeCo Daily Needs REIT assets including the recent Acquisitions: Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

64. By gross income for signed leases and signed MoUs across all HomeCo Daily Needs REIT assets including the recent Acquisitions: Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

65. By gross income for signed leases and signed MoUs across all HomeCo Daily Needs REIT assets including the recent Acquisitions: Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

## 2 Overview of HomeCo Daily Needs REIT (continued)

- **Accretive developments:** HomeCo Daily Needs REIT will seek to redevelop existing Properties to drive value and growth through site optimisation and will take reasonable steps to mitigate development and delivery risk. This includes, but is not limited to, obtaining leasing pre-commitments and entering into fixed price contracts with builders and other service providers. HomeCo Daily Needs REIT has identified a pipeline of value enhancing development opportunities across a number of sites within the Portfolio with target returns on invested capital (ROIC) of 7-10%. These opportunities include:
  - **Pad sites:** Pad developments are the construction of new standalone tenancies outside the existing building in the car park;
  - **Expansions:** Expansion projects comprise the development of multiple tenancies either via new building developments or building extensions on vacant land or excess car parks; and
  - **Town centres:** Town centre developments encompass large scale projects on an existing site for new tenancies outside the existing building.
- **Acquisition opportunities:** HomeCo's sector expertise and the scale of its management platform positions HomeCo Daily Needs REIT to take advantage of acquisition opportunities within the Neighbourhood Retail sector, which is still largely privately owned. HomeCo will seek to identify acquisition opportunities to expand its portfolio and grow its market share.

Larger scale can contribute to enhanced leasing outcomes through increased access to and deeper relationships with tenants as well as cost efficiencies with service providers.

### 2.5.6. Demonstrated management expertise

HomeCo Daily Needs REIT will be managed by HomeCo.

HomeCo's team spans key investment management functions including property management, leasing, marketing, acquisitions and development. It is anticipated that HomeCo Daily Needs REIT will benefit from HomeCo's sophisticated management approach to maximise value by:

- leveraging HomeCo's relationships with tenants, contractors, suppliers and service providers;
- identifying assets with value-add development potential, obtaining council approvals to managing the construction and leasing of new tenancies; and
- undertaking due diligence and identifying potential future acquisitions for HomeCo Daily Needs REIT.

### 2.5.7. Experienced Board and strong corporate governance

HomeCo Daily Needs REIT's Board is comprised of experienced and credentialed individuals. The appointed Non-Executive Directors have a diverse range of expertise, financial and commercial experience and property industry knowledge and other skills that enable them to bring independent judgement to Board deliberations and decisions.

### 2.5.8. Alignment of interests between HomeCo and HomeCo Daily Needs REIT

HomeCo's interests are aligned with HomeCo Daily Needs REIT's through maintaining an investment which, following the Offer, will be approximately 27% of the total Units on issue.

HomeCo will additionally enter into a voluntary escrow arrangement which prevents HomeCo from disposing of any Units held at Completion for 1 year from Completion.

## 2.6. Risks of an investment in HomeCo Daily Needs REIT

HomeCo Daily Needs REIT is subject to risks that are both specific to its business operations in the property industry and to those of a general nature. Many of these risks are outside the control of the Responsible Entity, the Directors and management and if they were to eventuate, may adversely affect the future operating performance of, and the value of an investment in, HomeCo Daily Needs REIT. Section 7 of this PDS describes what the Responsible Entity currently believes to be the key risks associated with an investment in HomeCo Daily Needs REIT. There may be additional risks that should be considered in light of prospective investors' personal circumstances.

## 2.7. Financing arrangements

### 2.7.1. Borrowing policy

At Completion, HomeCo Daily Needs REIT is projected to have Gearing of 26%.

Under the Debt Facilities, HomeCo Daily Needs REIT's loan to value ratio must not exceed 50%. Notwithstanding this, the Board has approved a borrowing policy whereby Gearing will be maintained between 30% and 40%, with the ability to exceed the top end of the range, provided Gearing will be reduced to below 40% within a reasonable period of time.

### 2.7.2. Hedging policy

To manage the risk arising from the fluctuation of interest rates, HomeCo Daily Needs REIT may enter into fixed rate borrowings and/or interest rate swaps to convert floating rate borrowings to fixed rate borrowings.

To manage interest rate risk, HomeCo Daily Needs REIT may choose to have a portion of its total borrowings on a fixed interest rate basis. In deciding the appropriate level of interest rate hedging, HomeCo Daily Needs REIT will monitor market conditions on a regular basis.

### 2.7.3. Current financing arrangements

HomeCo Daily Needs REIT will enter into the Debt Facilities at or around Completion. The size of the Debt Facility is \$400 million. It is available to fund general corporate purposes including permitted acquisitions of real property. Interest is calculated through applying a margin to the applicable base rate (being the Australian Bank Bill Swap Reference Rate (Bid) (BBSY)). The applicable margin varies depending on the tranche of the Facility.

See Section 13.7 for further details of the Debt Facilities.

## 2.8. Distribution policy

HomeCo Daily Needs REIT expects to target a normalised distribution payout ratio of 90% to 100% of FFO once its portfolio is fully stabilised, with FY21 distributions expected to be 100% tax deferred. A payout ratio below this target may be adopted in circumstances where HomeCo Daily Needs REIT has identified value-accretive investment opportunities. The Board retains the discretion to vary the distribution policy.

The Responsible Entity intends to pay distributions quarterly, with Unitholders to receive distributions within 2 months following the end of each distribution period, being the three months ending 31 March, 30 June, 30 September and 31 December. The first distribution is expected to be paid in May 2021. The table below sets out the expected distribution schedule:

Quarter ending	Paid by
31 March	31 May
30 June	31 August
30 September	30 November
31 December	28 February

The Responsible Entity will continue to monitor the appropriateness of the distribution policy to ensure that it meets the ongoing objectives of HomeCo Daily Needs REIT and is in the best interests of Unitholders.

## 2 Overview of HomeCo Daily Needs REIT (continued)

### 2.9. Valuation policy

#### 2.9.1. Valuation basis

HomeCo Daily Needs REIT values its Properties on the basis of fair value.

The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of the valuation between a willing buyer and a willing seller in an arm's length transaction.

#### 2.9.2. Frequency of valuation

The Responsible Entity expects to conduct an investment property valuation process on a semi-annual basis.

Independent valuations are obtained on a rotational basis to ensure each Property is valued at least once every 24 months by an independent external valuer. For Properties not independently valued during a reporting period, a Directors' valuation is carried out to determine the appropriate carrying value of the Property when HomeCo Daily Needs REIT's financial reports are prepared. Where Directors' valuations are performed, the valuation methods include using the discounted cash flow and capitalisation methods.

All independent valuations are presented to the Audit and Risk Committee and the Board or a committee of the Board appointed for such purpose.

### 2.10. Reporting

For accounting and reporting purposes, HomeCo Daily Needs REIT's will report on a 30 June financial year basis. Formal reporting will be provided to Unitholders as at 30 June (full year) and 31 December (interim) each year.

An annual consolidated financial report of HomeCo Daily Needs REIT's will be provided to Unitholders in accordance with the Corporations Act. The annual consolidated financial report will be audited whilst the interim financial report will be subject to review by the auditor.

Industry overview

## 4 Industry overview

### 4.1. Introduction

HomeCo Daily Needs REIT is expected to own a Portfolio of Neighbourhood Retail, Large Format Retail and Health & Services assets. It operates in the Australian convenience retail property sector which is exposed to the following key themes:

- the convenience retail sector has had a higher growth of turnover compared to other retail sectors, such as department stores, clothing, footwear and personal accessory retailing;
- Neighbourhood Retail centre capitalisation rates compressed from 2014 onwards, supported by a lower interest rate environment; and
- Neighbourhood Retail and LFR sub-sectors have experienced increased foot traffic and leisure and lifestyle and certain furniture tenants have achieved double digit sales growth in the six months ended June 2020 (compared to prior comparable periods).

This industry overview is based on the recent performance and outlook for the Australian economy as a whole, and the convenience retail market more specifically.

### 4.2. Australian economic overview

#### 4.2.1. GDP growth

As reported by the ABS, Gross Domestic Product (**GDP**) fell by 7.0% in the quarter to June 2020, as the COVID-19 pandemic and the corresponding movement restrictions continued to impact economic activity.<sup>87</sup> Private demand detracted 7.9 percentage points from GDP, driven by a 12.1% fall in household final consumption expenditure.<sup>88</sup>

#### Australian GDP growth<sup>89</sup>

Source: Australian Bureau of Statistics; KPMG.

Despite the broader decline in private consumption, the ABS reported that spending on essentials and household goods (namely food, furniture and household appliances and tools) increased year-on-year for the six months ending June 2020,<sup>90</sup> supported by concerns about the impact and duration of lockdown policies, monetary and fiscal stimulus, and declines in other forms of private consumption, such as tourism.

#### 4.2.2. Monetary policy and Commonwealth Government bond yields

The outlook for interest rates is a key driver of investment demand for commercial real estate. Lower interest rates generally result in higher spreads between the net rental yields of real estate investments and the cost of debt financing those investments. As commercial real estate is typically acquired with some debt financing, if interest rates are lower, the financial returns to real estate investors will typically increase, stimulating further investment demand.

To support the Australian economy through the COVID-19 pandemic, the Reserve Bank of Australia (**RBA**) lowered the official cash rate to a record low of 0.25% in March 2020 and commenced a policy of bond yield targeting on Australian Government bonds for the first time. As at September 2020, both these policy settings remain in place. The RBA has resolved that it will not increase the cash rate until progress is being made towards full employment and the RBA is confident that inflation will be sustainably within the 2%-3% target band.<sup>91</sup>

The RBA's current policy settings have seen a reduction in funding costs. The 10-year Commonwealth Government bond rate was 0.78% at 30 September 2020 compared to a 10 year historical average of 2.37%.<sup>92</sup> Furthermore, the spread between the yield on Commonwealth Government 10-year Bonds and the DPS yield on listed real estate has widened over the year to ~336 basis points (**bps**).<sup>93</sup> This compares to a 10-year average of 237 basis points.<sup>94</sup>

### 4.3. Convenience retail overview

Convenience retail is characterised by offerings of everyday goods and services such as groceries, pharmacies, liquor stores, gyms and childcare. Neighbourhood Retail centres are an important supplier of convenience retail services as they are often anchored by a supermarket and complemented by a small number of specialty shops, such as pharmacies, liquor stores and essential services. LFR centres differ from Neighbourhood Retail as they generally supplement convenience retail such as supermarkets with traditional homemaker offerings such as furniture and electrical appliances.

#### 4.3.1. Market overview

##### 4.3.1.1. Neighbourhood Retail sector

Neighbourhood Retail centres are characterised by a convenience based, non-discretionary tenant mix. Sales growth in convenience retailing, as evidenced below, has outperformed household goods and traditional retailing due to its non-discretionary focus. Growth in household goods retailing was weaker for a few years post the GFC but has since recovered to achieve moderate levels of growth in recent years. Both convenience retailing and household goods retailing have outperformed traditional regional and sub-regional shopping centres, and continue to do so given the positive impact of COVID-19 on convenience spending (see section 4.2.1).

##### Australian retail turnover<sup>97</sup>

Source: Australian Bureau of Statistics

Furthermore, as illustrated below, Neighbourhood Retail rent levels are substantially lower than regional, sub-regional and CBD sub-sectors, providing an affordable alternative for retailers.

97. Turnover includes retail sales; online sales from store-based and non-store based retailers; wholesale sales; takings from repairs, meals and hiring of goods; commissions from agency activity; and from July 2000, the goods and services tax. Traditional retailing includes 'Department stores' & 'Clothing, footwear and personal accessory retailing'; Convenience retailing includes 'Food retailing', 'Café, restaurant and takeaway food services' & 'Other retailing' (based on Australian Bureau of Statistics categorisation). 'Other retailing' includes pharmaceutical, recreational goods retailing and other categories. Indexed to 100 as at 1 January 2010. Seasonally adjusted data shown given the Australian Bureau of Statistics' suspension of trend data.

## 4 Industry overview (continued)

### Rent between retail sub-sectors (average rent per sqm)<sup>98</sup>

Source: JLL Research

Despite the tightening in investment selection criteria and stricter bank funding requirements, there continues to be institutional, offshore and private investment demand for Neighbourhood Retail centres. Historically, Neighbourhood Retail yields have been higher than sub-regional yields but, as of June 2017, they have compressed below the average sub-regional yield.<sup>99</sup>

### Neighbourhood Retail centre capitalisation rates (%)

Source: JLL research

In the 12 months from March 2019 to February 2020, total online sales grew by 14.4% on average, and this trend has continued with the onset of COVID-19 and the associated shift to online purchasing.<sup>100</sup>

Neighbourhood Retail centres have historically been less susceptible to this trend given their relatively minimal exposure to competition from online retailers. In August 2020, online sales made up only 5.8% of total food sales, compared to non-food online sales, which made up 17.6% of total non-food sales (seasonally adjusted).<sup>101</sup> In addition, lifestyle tenants, including gyms, childcare, medical, government and general services increase dwell time and the frequency of foot traffic.

98. Reflects specialty rents for all sub-sectors as at Q2 FY20.

 100. Australian Bureau of Statistics – Retail Trade, Australia – August 2020.  
 101. Australian Bureau of Statistics – Retail Trade, Australia – August 2020.

#### 4.3.1.2. LFR sector

LFR centres contribute to 24.7% of all retail sales in Australia, representing \$81 billion of turnover in the year to 30 June 2020.<sup>102</sup> The sector occupies more than 35% of all retail floor space<sup>103</sup> and its rents are the lowest amongst all retail sub-sectors, providing retailers with affordability and stability (as illustrated in section 4.3.1.1).<sup>104</sup>

The LFR sector has experienced growth over the past few years, supported by its shift into more convenience-based offerings, such as supermarkets and pharmacies. More recently, this positioned the sector to take advantage of consumer spending trends including the increased spending on essentials and household goods during COVID-19 (as illustrated in section 4.2.1), given LFR centres typically contain such retailers.

Capitalisation rates and sale yields in the LFR sector compressed from 2014 onwards as interest rates began to decline and investors sought investments that generated stable cash flows above cash term deposit rates.

#### LFR centre capitalisation rates (%)

Source: JLL research

#### 4.3.1.3. Healthcare sector

The healthcare property sector is underpinned by demand driven by Australia's ageing population. Whilst the total population is predicted to grow at 1.8% p.a. from 2018 to 2028, the number of people aged over 65 is predicted to grow at 2.9% p.a. over the same period (pre the impact of COVID-19).<sup>105</sup> Given the higher prevalence of chronic diseases and disabilities in older age brackets, an increase in the number of Australians aged 65 years and older has driven healthcare spending.

In response to rising healthcare costs, the Federal Government has increased its focus on preventative care. In the 10 years to 2017-18, primary healthcare received the largest real increase in funding from government, growing 3.3% on average each year.<sup>106</sup> This resulted in a corresponding increase in the use of primary healthcare services, which includes general medical and dental practitioners, pharmacists, and other allied health professionals. In 2017-18, primary healthcare services accounted for 34% of Australia's total healthcare system expenditure.<sup>107</sup> This trend is forecast to continue, with Commonwealth health expenditure projected to increase from 4.2% of GDP in 2014-15 to 5.5% of GDP in 2054-55.<sup>108</sup>

## 4 Industry overview (continued)

### 4.4. Market outlook and summary

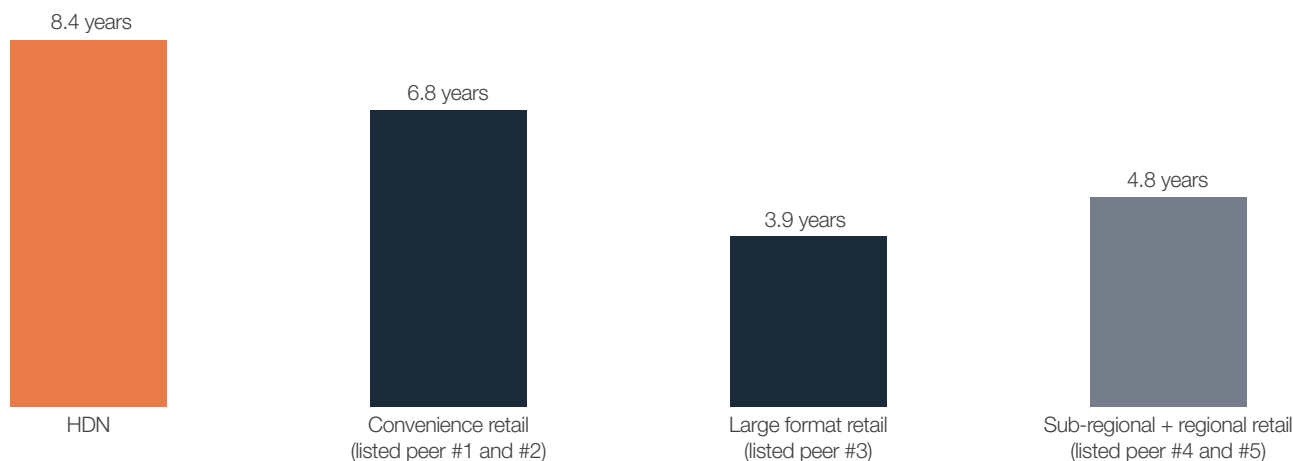

Supported by a retail and services offering that is predominantly non-discretionary in nature, convenience retail is positioned to grow in the future.

#### 4.4.1. Industry characteristics

Despite challenging economic conditions in the six months ended June 2020, the main component of convenience retail spending – groceries – continued to grow. In addition, convenience retail spending grew at a higher rate than other retail sectors (such as department stores, clothing, footwear and personal accessory retailing).<sup>109</sup>

In today's low interest rate environment, assets with long-term leases and structured income growth may offer investors attractive yields.

#### Weighted average lease expiry by retail sub-sector (years)<sup>110</sup>

#### 4.4.2. Low interest rate environment

The yield on Commonwealth Government 10-year Bonds is often used to benchmark property returns. The yield on Commonwealth Government 10-year Bonds at 30 September 2020 was 78bps – 417bps below the 4.94% yield on equivalent bonds at 30 September 2010, 10 years prior.<sup>111</sup>

Significant declines in yields on Commonwealth Government bonds generally lead to investors increasing their exposure to other asset classes which generate yield, such as listed real estate. Convenience retail is often considered attractive as a large proportion of the leases within convenience retail centres include fixed rental increases.

According to Bloomberg consensus figures, economists expect the RBA to maintain the cash rate at 0.25% over the next 18 months.

### 5.3. Ongoing relationship between HomeCo and HomeCo Daily Needs REIT

Home Consortium (a stapled entity consisting of Home Consortium Limited and Home Consortium Developments Limited) is an ASX-listed owner, developer and manager of diversified property investments. Home Consortium was listed on the ASX in October 2019 and trades under the code HMC. Information relating to Home Consortium, including announcements made by Home Consortium since its listing, is available at [www.asx.com.au](http://www.asx.com.au).

As described in this PDS, a number of agreements have been entered into between HomeCo Daily Needs REIT and members of the HomeCo Group. HomeCo will maintain an ongoing relationship with HomeCo Daily Needs REIT in the following manner:

- the Responsible Entity is a member of the HomeCo Group and as such, HomeCo retains the right to appoint (and replace) all Directors on the Board of the Responsible Entity;
- two of the Directors of the Responsible Entity are also directors of HomeCo;
- the Managers are members of the HomeCo Group;
- HomeCo will maintain an investment in HomeCo Daily Needs REIT and following Completion will have an investment of approximately 27% of Units on issue; and
- HomeCo will enter into a voluntary escrow arrangement which prevents HomeCo from disposing of any Units held at Completion for 1 year from Completion.

Certain expenses of the Responsible Entity and the Managers will also be reimbursed from assets of HomeCo Daily Needs REIT, pursuant to the Constitution and the Management Agreements. Further detail regarding the key terms of these agreements is contained in Section 13. In addition, fees and expenses payable to the Responsible Entity and the Investment Manager under the Constitution or the Investment Management Agreements may in certain circumstances be satisfied by the issue of Units.

Related party transactions carry a risk that they could be assessed and monitored less rigorously than arm's length third party transactions. It is important for Unitholders to be able to assess whether the Responsible Entity takes an appropriate approach to related party transactions. Refer to Section 5.7 below for details on HomeCo Daily Needs REIT's Conflicts of Interest and Related Party Policy and the procedures it has in place to manage conflicts of interest and related party transactions following Completion.

### 5.4. Non-executive Director equity participation

#### 5.4.1. Non-Executive Director Unit acquisition arrangement

Non-Executive Directors can elect to apply up to 50% of their after-tax Board fees to acquire Units under a Unit acquisition arrangement. The Units will be purchased on the Non-Executive Director's behalf on-market, at the prevailing market price, at the next available trading opportunity following payment of the fees, subject to HomeCo Daily Needs REIT's Securities Trading Policy.

The Independent Non-Executive Directors have each nominated to apply 50% of their after-tax Board fees payable in respect of FY21 to purchase Units under the Unit acquisition arrangement.

#### 5.4.2. Independent Non-Executive Director special purchase of Units

The Responsible Entity intends to make a one-off payment of fees to each Independent Non-Executive Director for additional time and effort contributed in relation to HomeCo Daily Needs REIT achieving Completion. The one-off payment will be applied, after the cost of any compulsory superannuation contributions and the deduction of tax, as required, to purchase Units on behalf of each Independent Non-Executive Director (at the Offer Price). The quantum of the payment will be equal to two times the consulting fees payable to the Independent Non-Executive Director in the lead up to Completion. The consulting fees will be determined based on the greater of \$10,000 per calendar month post commencement and \$25,000.

It is anticipated that a total of 122,807 Units will be granted to the Independent Non-Executive Directors, with each Independent Non-Executive Director receiving an average of 40,936 Units. Unless the Board determines otherwise, the Units purchased will be subject to disposal restrictions until the Independent Non-Executive Director retires from the Board.

### 5.5.2. Remuneration and related arrangements

#### 5.5.2.1. Directors

Under the Constitution, the Responsible Entity is entitled to be indemnified out of the REIT for costs incurred in relation to the proper performance of its duties. The Responsible Entity's practice is to reimburse the Directors' fees and expenses for independent, non-executive Directors only out of the REIT. This is limited to the reimbursement of reasonable expenses incurred by such persons for the purposes of attending Board meetings and the appropriate Director's fees, unless the Responsible Entity determines otherwise. As at the PDS Date, the annual independent non-executive chairman fees agreed to be paid out of the REIT to Simon Shakesheff with effect from ASX listing is \$150,000 per annum. The annual non-executive Directors' fees agreed to be paid out of the REIT to each of the proposed Directors Simon Tuxen and Stephanie Lai with effect from ASX Listing is \$100,000 per annum. Stephanie Lai will receive an additional \$30,000 for committee fees for her proposed role as chairperson of the Audit and Risk Committee. Simon Shakesheff will receive an additional \$10,000 for committee fees as a member of the Audit and Risk Committee.

The remaining Directors have waived their remuneration.

#### 5.5.2.2. Management

No fees or salaries are paid by the REIT to the directors, officers or employees of the Managers. Unless disclosed elsewhere in this PDS, no officer of a Manager currently has or has had any material beneficial interest, either direct or indirect, in the promotion of the REIT and in any property acquired or proposed to be acquired by the REIT, or any other similar transaction.

## 5.6. Custodian

The Custodian is Equity Trustees Limited (ACN 004 031 298). The Responsible Entity has entered into the Custody Deed with the Custodian, under which the Custodian has agreed to hold the assets of the REIT that are transferred or delivered to the Custodian on behalf of the Responsible Entity. A summary of the key terms of the Custody Deed is set out in section 13.6 of this PDS.

## 5.7. Corporate governance

The Responsible Entity recognises the importance of strong corporate governance and is committed to a high standard of both corporate governance and compliance. The Responsible Entity will determine the appropriate governance arrangements for HomeCo Daily Needs REIT, having regard to market practice, the ASX Recommendations and ensuring that there are adequate arrangements to manage potential conflicts. The corporate governance arrangements established by the Responsible Entity will be continually monitored in order to ensure that they remain effective and appropriate for HomeCo Daily Needs REIT.

The key corporate governance policies and practices that will be adopted by the Responsible Entity in respect of HomeCo Daily Needs REIT from Completion are summarised below.

The Board of the Responsible Entity is appointed by HomeCo to monitor the governance, operational and financial position and performance of the REIT. The Board seeks to ensure that the REIT is properly managed to protect and enhance Unitholders interests, and that the Responsible Entity, its Directors, officers and employees operate in an appropriate environment of corporate governance. Accordingly, the Board has created a framework for managing the REIT, including adopting relevant internal controls, risk management processes and corporate governance policies and practices that it believes are appropriate for the operation of the REIT and that are designed to promote the responsible management and conduct of the REIT.

### 5.7.1. ASX Corporate Governance Principles and Recommendations

The ASX Corporate Governance Council has developed the ASX Corporate Governance Principles and Recommendations 4th edition (**ASX Recommendations**) for ASX listed entities to promote investor confidence and assist companies in meeting stakeholder expectations. The ASX Recommendations are not prescriptive, but have provided guidelines against which entities have to report on an "if not, why not" basis.

The Board of the Responsible Entity has adopted policies recommended by the ASX Recommendations, to the extent that they are applicable to an externally managed listed entity. Under the Listing Rules, the REIT will be required to disclose the extent of its compliance with the ASX Recommendations for each reporting period. Where the REIT has not followed an ASX Recommendation, it will be required to identify the recommendation that has not been followed and give reasons for not following it. The REIT must also explain what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

The REIT intends to comply with all of the applicable ASX Recommendations from the time of Completion, including as they relate to the composition and operation of the Board and the Audit and Risk Committee. The REIT will also disclose, in the annual report, the extent of its compliance with the ASX Recommendations.

### 5.7.2. Board composition and independence

At Completion, the Board will comprise non-executive Directors, and the majority of Directors will be considered independent for the purposes of the ASX Recommendations. Simon Shakesheff, Simon Tuxen and Stephanie Lai are considered independent Directors. Detailed biographies of the Board members are provided in Section 5.2.1. It is the intention of HomeCo that the Board of the Responsible Entity remains majority independent.

The Board Charter (as summarised in Section 5.7.3) sets out guidelines to assist in considering the independence of Directors and has adopted a definition of independence that is based on that set out in the ASX Recommendations. In general, Directors will be considered to be independent if they meet those guidelines.

The Board is responsible for the overall governance of the Responsible Entity. The Board considers issues of substance affecting the Responsible Entity, with advice from external advisers as required. Each Director must bring an independent view and judgement to the Board and must declare all actual or potential conflicts of interest on an ongoing basis. Any issue concerning a Director's ability to properly act as a Director must be discussed at a Board meeting as soon as practicable, and a Director must not participate in discussion or resolutions pertaining to any matter for which the Director has a material personal interest.

### 5.7.3. Board Charter

The Board has adopted a written charter to provide a framework for the effective operation of the Board, including in its capacity as the responsible entity of the REIT. The Charter sets out the Board composition, the Board's role and responsibilities, the relationship and interaction between the Board and management and the authority delegated by the board to management and Board committees.

The key functions of the Board include:

- contributing to and approving management's development of strategy for the REIT, including setting performance objectives and approving operating budgets;
- monitoring performance and implementation of strategy and policy for the REIT;
- reviewing, ratifying and monitoring systems of risk management and internal control, and ethical and legal compliance;
- approving operating budgets, major capital expenditure, acquisitions and divestitures, monitoring capital management, and approving any transactions or matters in excess of authority levels delegated to management;
- monitoring and reviewing management processes aimed at ensuring the integrity of financial and other reporting and ensuring compliance with financial reporting requirements;
- approving the payment of distributions to Unitholders in accordance with the Constitution; and
- developing and reviewing corporate governance principles and policies.

The management function is conducted by the Managers as directed by the Board and in accordance with the Management Agreements. The Managers must supply the Board information in a form, timeframe and quality that will enable the Board to discharge its duties effectively. The Board collectively, and any Director individually, may seek independent professional advice at the Responsible Entity's expense, following consultation with the Chairman or the Board, with the advice being made available to the Board as a whole.

The Board retains oversight over all aspects of HomeCo Daily Needs REIT's business and affairs.

## 5 Key people, corporate governance and benefits (continued)

### 5.7.4. Board committees

The Board may from time to time establish appropriate committees to assist in the discharge of its responsibilities. The Board has established an Audit and Risk Committee. Membership of Board committees is based on the needs of the REIT, relevant legislation, regulatory and other requirements, and the skills and experience of Board members.

COMMITTEE	OVERVIEW	PROPOSED MEMBERS
<b>Audit and Risk Committee</b>	<p>The Audit and Risk Committee assists the Board to carry out its accounting, auditing and financial reporting responsibilities, including with respect to the oversight of, among other things:</p> <ul style="list-style-type: none"> <li>• the reliability and integrity of the REIT's financial management, application of accounting policies, financial reporting systems and processes;</li> <li>• the appointment, remuneration, independence and competence of the REIT's external auditors;</li> <li>• the performance of the external audit functions and review of their audits;</li> <li>• the accounting judgments exercised by management in preparing the REIT's financial statements;</li> <li>• management's performance against the REIT's risk management framework;</li> <li>• the implementation and effectiveness of the REIT's system of risk management and internal controls;</li> <li>• the REIT's systems and procedures for compliance with applicable legal and regulatory requirement; and</li> <li>• the REIT's taxation risk management, financial risk management, business policies and practices, and risks associated with transactions of a strategic or routine nature.</li> </ul>	Stephanie Lai (Chair), Simon Shakesheff, Greg Hayes
<b>Remuneration Committee</b>	<p>Given that the REIT currently has no employees, the Responsible Entity has not established a remuneration committee. The Responsible Entity has applied for in-principle confirmation that ASX will grant, a waiver from the ASX requirement to establish a remuneration committee, as further described in Section 14.8 of this PDS.</p> <p>The remuneration of the proposed independent, non-executive Directors (comprising Simon Shakesheff, Simon Tuxen and Stephanie Lai as at the PDS Date) is determined by the Board, details of which are set out in Section 5.5.2.1 of this PDS. The remaining Directors have waived their remuneration.</p> <p>Management are employed or engaged by HomeCo Group members and not by the Responsible Entity. #### 5.7.5.1. Code of Conduct

The Responsible Entity recognises the need to observe the highest standards of corporate practice and business conduct. Accordingly, the Board has adopted a formal Code of Conduct, which is followed by all Directors, as well as all other officers and employees of the Managers, and all other persons that act on behalf of HomeCo Daily Needs REIT.

#### 5.7.5.2. Securities Trading Policy

The Responsible Entity has adopted a trading policy to regulate dealings in Units. The policy explains the type of conduct that is prohibited under the Corporations Act and other laws applicable to the Responsible Entity and HomeCo Daily Needs REIT. The policy sets out the restrictions that apply to such dealings including the "prohibited periods", during which certain persons are generally not permitted to deal in Units along with a procedure under which certain persons are required to submit prior notification and obtain written confirmation prior to dealings outside those "prohibited periods".

#### 5.7.5.3. Continuous Disclosure Policy

Once HomeCo Daily Needs REIT is listed on the ASX, the Responsible Entity will be required to comply with the continuous disclosure requirements of the Listing Rules, in addition to those disclosure requirements to which the Responsible Entity is currently subjected to under applicable law. Subject to the exceptions contained in the Listing Rules, the Responsible Entity will be required to disclose to the ASX any information concerning HomeCo Daily Needs REIT which is not generally available and which a reasonable person would expect to have a material effect on the price or value of Units.

The Responsible Entity is committed to observing its continuous disclosure obligations and has adopted a continuous disclosure policy which establishes procedures that are aimed at ensuring that Directors and management are aware of and fulfil their obligations in relation to the timely disclosure of material price sensitive information.

#### 5.7.5.4. Unitholder Communication Policy

The Responsible Entity has adopted a Unitholder Communication Policy. The Responsible Entity aims to ensure that Unitholders are provided with sufficient information to assess the performance of the REIT and that they are informed of all major developments affecting the state of affairs of the REIT in accordance with all applicable laws.

All announcements made to the market, including half year and annual financial results, will be posted on HomeCo Daily Needs REIT's website [www.home-co.com.au](http://www.home-co.com.au) as soon as they have been released by the Responsible Entity on the ASX. The full text of all notices of meetings and explanatory material, annual reports and copies of all investor presentations made to analysts and media briefings will be posted on HomeCo Daily Needs REIT's website.

#### 5.7.5.5. Whistleblower Policy

Reportable conduct under the whistleblower policy includes (but is not limited to):

- dishonest, corrupt, fraudulent or unlawful conduct or practices, including bribery;
- financial irregularities;
- unfair, dishonest or unethical dealings with a customer or third party; and
- unethical or serious improper conduct including breaches of any legal or regulatory obligations.

## 5 Key people, corporate governance and benefits (continued)

### 5.7.5.6. Anti-corruption Compliance Policy

The Board has adopted an Anti-corruption Compliance Policy to demonstrate its commitment to conducting its business and operations with honesty, integrity and the highest standards of personal and professional ethical behaviour, complementing its Code of Conduct. ### 5.7.5.7. Conflicts of Interest and Related Party Transactions Policy

The Responsible Entity has obligations under the Corporations Act and Listing Rules to have in place adequate arrangements to identify and manage conflicts of interest or duty and related party transactions. Given the relationships between the REIT and HomeCo Group, the Responsible Entity has adopted a Conflicts of Interest and Related Party Transactions Policy to ensure there are adequate arrangements to identify and manage conflicts of interest or duty and related party transactions.

In relation to related party transactions, the key elements of the policy include the following:

- the Board will consider the information provided in order to determine whether and how to proceed with any proposed related party transaction. In considering the information, the Board may seek further advice from appropriately qualified advisers and professionals required; and
- each related party transaction will be approved by Unitholders unless the Board determines that it falls within an appropriate exception, including where a transaction is on arm's length terms or terms that are more favourable to the business than arm's length terms.

In relation to conflicts of interest, the policy aims to

- identify any actual, perceived or potential conflicts of interest;

The Directors of the Responsible Entity and HomeCo believe that the Forecast Financial Information has been prepared with due care and attention, and consider the best-estimate general and specific assumptions in Section 6.5 to be reasonable at the time of preparing this PDS.

Due to its nature, the Pro Forma Statement of Financial Position does not represent the REIT's actual or prospective financial position.

The Financial Information has been prepared on the basis that the Proposal is completed on 26 November 2020 (the **Completion Date**). Prospective investors should be aware that the timing of actual events and the magnitude of their impact might differ from that assumed in preparing the Financial Information, and that any deviation in the assumptions on which the Financial Information is based may have a material positive or negative effect on the REIT's actual financial performance, FFO and/or financial position.

### 6.2.3. Preparation of the Forecast Financial Information

The Forecast Financial Information has been prepared by the Directors of the Responsible Entity and HomeCo based on an assessment of present economic and operating conditions and on a number of best-estimate assumptions, including the general assumptions and the specific assumptions set out in Section 6.5.

The Directors of the Responsible Entity and HomeCo have prepared the Forecast Financial Information with due care and attention. They consider all best estimate assumptions when taken as a whole to be reasonable at the time of preparing this PDS. However, this information is not fact and investors are cautioned to not place undue reliance on the Forecast Financial Information.

This information is intended to assist investors in assessing the reasonableness and likelihood of the assumptions occurring and is not intended to be a representation that the assumptions will occur. Investors should be aware that the timing of actual events and the magnitude of their impact might differ from that assumed in preparing the Forecast Financial Information, and that this may have a material positive or negative effect on the REIT's actual financial performance, financial position and/or FFO. Investors are advised to review the assumptions set out in Section 6.5 in conjunction with the sensitivity analysis set out in Section 6.6, the risk factors set out in Section 7, and other information set out in this PDS.

The Forecast Financial Information has been presented on a statutory and pro forma basis and assumes the Proposal is completed on the Completion Date of 26 November 2020.

The Pro Forma Forecast Statement of Profit and Loss for the 6 months to 30 June 2021 has been derived from the Statutory Forecast Statement of Profit and Loss for the period from the Completion Date to 30 June 2021, adjusted to exclude the profit and loss impact of any transactions, which are forecast to occur from the Completion Date to 31 December 2020. A reconciliation is shown in Table 4.

The Pro Forma Forecast FFO for the 6 months to 30 June 2021 has been derived from the Statutory Forecast FFO for the period from the Completion Date to 30 June 2021, adjusted to exclude the FFO impact of any transactions which are forecast to occur from the Completion Date to 31 December 2020.

See Section 6.5 for further details of the adjustments.

The Directors of the Responsible Entity and HomeCo have no intention to update or revise the Forecast Financial Information or other forward-looking statements, or to publish prospective financial information in the future, regardless of whether new information, future events or any other factors affect the information contained in this PDS, except where required by law.

#### 6.2.4. Non-IFRS financial measures and disclosure

The REIT uses certain measures to manage and report on its business that are not recognised under AAS or IFRS. These measures are collectively referred to as non-IFRS financial measures. These non-IFRS financial measures do not have a prescribed definition under AAS or IFRS and therefore may not be directly comparable to similarly titled measures presented by other entities.

These should not be construed as an indication of, or an alternative to, corresponding financial measures determined in accordance with AAS or IFRS. Although the Directors of the Responsible Entity, HomeCo and the Managers believe these non-IFRS financial measures provide useful information for measuring the financial performance and condition of the business, investors are cautioned not to place undue reliance on any non-IFRS financial measures included in the PDS.

In the disclosures in this PDS, the REIT uses the following non-IFRS financial measures:

- FFO, which has been determined with reference to best practice guidelines published by the Property Council of Australia in May 2019 and represents net (loss)/profit adjusted for straight-lining of rental income, amortisation of lease incentives, amortisation of capitalised debt establishment fees, acquisition and transaction costs, and rental guarantees. FFO is used by the Board of Directors of HomeCo Daily Needs REIT (the **Board**) to make strategic decisions and as an input to assessing an appropriate distribution to declare.
- EBITDA: earnings (or losses) before net finance costs, income tax expense or benefit, depreciation, amortisation, net fair value increment or decrement of investment properties and other gains;
- Distribution yield: represents the rate of return derived by dividing the annualised distribution per Unit by the Offer Price;
- NTA: net tangible assets, represents the REIT's net tangible assets;
- NTA per Unit: represents NTA divided by the number of Units on issue;
- Gearing (%): Borrowings (excluding unamortised debt establishment costs) less Cash and cash equivalents divided by Total Assets less Lease liabilities and Cash and cash equivalents.

Note:

- The rental guarantees represent the net present value of the expected cash flows to be received under the rental and incentive guarantees provided by the vendor for the property in Glenmore Park and Home Investment Consortium Company Pty Ltd as trustee for Home Investment Consortium Trust for the property in Parafield. They have been measured at fair value and are subtracted from the valuations of the Investment properties and Right-of-use assets for Glenmore Park and Parafield respectively.
- Investment property valuations are based on the Independent Valuations set out in Section 10.
- HomeCo Daily Needs REIT signed a contract prior to Completion to sell a parcel of land at its property in Hawthorn East to HomeCo, subject to the satisfaction of certain conditions precedent. Therefore this asset is classified as held for sale as at the Completion Date. The fair value of this asset is equal to the contracted sale value of \$14.1 million.
- As part of the acquisition of the property in Vincenia, HomeCo Daily Needs REIT acquired an option to acquire a neighbouring parcel of land for \$1.0 million.
- Non-current interest bearing borrowings balance represents \$231 million of drawn debt, net of unamortised Debt Facility establishment costs of \$6 million.
- Accumulated losses reflect acquisition and transaction costs expensed as a result of the Proposal and the Offer.
- Net Tangible Assets (NTA) per Unit is calculated as Total equity divided by Units on issue.
- Gearing is defined as Borrowings (excluding unamortised debt establishment costs) less Cash and cash equivalents divided by Total Assets less Lease liabilities and Cash and cash equivalents.

## 6 Financial Information (continued)

### 6.4.1. Liquidity and financing sources

In addition to funding the operation of daily needs focused centres, HomeCo Daily Needs REIT's primary requirement for cash is expected to arise from funding acquisitions and the completion of the remaining centres under development. Capex outstanding for the remaining centres under development and vacancies across operating assets is \$41 million.

HomeCo Daily Needs REIT's external finance facility is expected to be a \$400 million new Debt Facility, of which approximately \$231 million is expected to be drawn at the Completion Date on the basis that the Offer is fully subscribed to \$300 million. Details of the facility are included in Section 13.7.

HomeCo Daily Needs REIT intends to target a Gearing range of 30% - 40%. If the Offer is fully subscribed, the REIT's pro forma Gearing will be ~26%.

## 6.5. Assumptions underlying the Forecast Financial Information

The Directors of the Responsible Entity and HomeCo best estimate assumptions relating to the preparation of the Forecast Financial Information are set out below.

### 6.5.1. General assumptions

In preparing the Forecast Financial Information, the key best estimate general assumptions during the forecast period include:

- all tenant leases and leases entered into by the REIT are enforceable and are performed in accordance with their terms;
- an average CPI rate of 1.5% p.a.;
- no material acquisitions or disposals of investment properties, other than the Acquisitions which are being acquired as part of the Offer, as described in Section 13.8;
- no material disputes or litigation, beyond what is disclosed in Section 14.10;
- no material change in economic environment;
- no material increase in the level of Federal and State government restrictions due to COVID-19. Please refer to the sensitivity of a change in property rental income in Section 6.6 and for a summary of the risks relating to COVID-19 in Section 7;
- all Victorian properties are fully operational during the forecast period, which would require movement to the next step of Victoria's re-opening roadmap;
- no material increase in the level of tenant defaults or decrease in property rental income collection rate;
- no material change in competitive environment in which the REIT operates;
- no material change in credit markets;
- no material changes to the REIT's corporate or funding structure other than as set out in, or contemplated in, this PDS;
- no material change in capital expenditure requirements from those included in the Forecast Financial Information caused by factors outside the REIT's control;
- no significant change to the legislative regime and regulatory environment in the jurisdictions in which the REIT operates;
- no significant amendment to any material contract relating to the REIT's business;
- no material change in the management arrangements (including the manager) of the REIT;
- consistent application of the key accounting policies;
- no material changes in applicable AAS, other mandatory professional reporting requirements or the Corporations Act which have a material effect on the REIT's financial performance, financial position, accounting policies, financial reporting or disclosure during the period;
- no material changes to the Australian tax legislation;
- the REIT will be registered for GST and the amounts presented in the Financial Information are net of GST to the extent that it is expected to be recovered by the REIT;

- the acquisition and transfer of the leasehold titles of Parafield occurs prior to the Completion Date. Please refer to Section 13.11.2 for a summary of the Parafield arrangements;
- the Offer proceeds in accordance with the timetable set out in this PDS; and
- no underlying movement or revaluation of the fair value of the investment properties or other financial assets. This includes any mark-to-market movements in relation to the interest rate swaps put in place for the debt, as the Directors of the Responsible Entity and HomeCo do not believe such movements can be reliably estimated.

### 6.5.2. Specific assumptions

The key best estimate specific assumptions include:

#### Property rental income

- Property rental income comprises the majority of the REIT's revenue and is generated through operating leases. Property rental income includes outgoing recoveries;
- Property rental income has been forecast on a property-by-property basis and is based on the contractual terms of each existing signed lease, signed MoUs and issued MoUs;
- Rental receipts are assumed to increase according to the relevant underlying leases. The Portfolio has fixed, CPI and supermarket turnover based rental reviews; and
- HomeCo Daily Needs REIT has two properties under development in Richlands and Ellenbrook. The Forecast Financial Information assumes that the property in Richlands will open in April 2021. Ellenbrook is assumed to open after 30 June 2021. Property rental income for the property in Richlands is forecast to commence in April 2021 based on the contractual terms of each existing signed lease, signed MoUs and issued MoUs.

#### Straight-line lease adjustment to rental income

- In accordance with AAS, a straight-line lease adjustment is provided in relation to future fixed rental increases to ensure rental income is recognised on a straight-line basis over the term of the lease.

#### Re-letting and vacancy

- Letting up periods have been forecast property-by-property based on the manager's assessment of each tenancy having regard to current discussions and enquiry with both existing and prospective tenants. All vacant space not under a signed or issued MoU is not assumed to be let up in the forecast period;
- Retention rates for existing tenants have been forecast on a property-by-property basis based on the manager's assessment of each existing tenancy having regard to current discussions and enquiry with existing tenants;
- Lease incentives have been forecast on a tenant basis with reference to signed lease agreements or signed or issued MoUs. Lease incentives are assumed to be taken up in the form of rent free period or cash incentives over the term of each respective lease; and
- Leasing costs (commissions) have been assumed on the let up of each individual lease. Leasing costs are capitalised within investment properties.

#### Rental guarantees

- Following the Proposal and the Offer, the REIT will have two rental guarantees relating to its properties in Glenmore Park and Parafield for existing tenant incentives and/or potential vacancy, leasing expenses and tenant incentives incurred to secure a new tenant at the relevant properties;
- Refer to Section 13.11 for details regarding the rental guarantees;
- The Forecast Financial Information assumes that for these properties cash will be received and tenant incentives will be reimbursed in accordance with the rental guarantees. The level of rental guarantees assumed to be received has regard to the assumptions adopted in respect of tenant retention rates, let ups and lease incentives based on independent valuation forecasts; and
- The net present value of the cash flows expected to be received under the rental guarantees has been capitalised on HomeCo Daily Needs REIT's statement of financial position at the Completion Date and are measured at fair value.

## 6 Financial Information (continued)

### Lease incentives

- In accordance with AAS, lease incentives are capitalised and amortised on a straight-line basis over the term of the lease.

### Property outgoings

- Outgoings have been forecast on a property-by-property basis having regard to current outgoings and in accordance with the provisions of existing contracts or agreements. Outgoings, exclusive of non-recurring or one-off items, are forecast to increase in line with known increases to statutory rates and taxes, as agreed in existing service contracts, or by CPI;
- Outgoings include land tax, council rates, building insurance, water rates, cleaning, security, pest control, gardening and repairs and maintenance;
- Subject to the provisions of each existing lease agreement, a portion of the total property outgoings or percentage increase in property outgoings are recoverable by the REIT from tenants and recognised as part of rental income on a property-by-property basis; and
- Property outgoings relating to Ellenbrook and Richlands whilst the centres are under development have been capitalised and are excluded from statutory and pro forma forecast net profit/(loss) and FFO.

### Investment Management Fee and Property Management Fee

- The Investment Manager, HomeCo DNR Investment Management Pty Limited (a wholly owned subsidiary of HomeCo), is entitled to receive a Base Management Fee of 0.65% per annum of the GAV of the REIT up to \$1.50 billion, and 0.55% per annum of the GAV of the REIT greater than \$1.50 billion. Management fees will be paid monthly. In addition, the Responsible Entity will reimburse the Manager for the costs and expenses as described in Section 12;
- The Property Manager, HomeCo DNR Property Management Pty Limited (a wholly owned subsidiary of HomeCo), is entitled to receive property management fees for performing property management services, whether direct or indirect. In most instances, property management fees are recoverable from tenants through outgoings;
- The Property Manager is entitled to receive leasing fees for the provision of leasing services (as agreed between the Responsible Entity and the Manager). Where a third party leasing agent is engaged by the Manager to perform these functions, the Manager will not receive a leasing fee; and
- The Property Manager is entitled to receive development management fees for the provision of property development services (as agreed between the Responsible Entity and the Manager). Development management fees have been capitalised for Ellenbrook and Richlands whilst the centres are under development and are excluded from statutory and pro forma forecast net profit/(loss) and FFO.

### Other corporate expenses

- Other corporate expenses include Directors' fees, staff salaries and incentives, audit fees, legal fees, valuation fees, share registry fees, ASX listing fees, tax and compliance fees, insurance, and other costs which the REIT expects to incur. These other expenses have been forecast based on relevant agreements and quotes from external parties and by taking into account factors likely to influence the level of these expenses, including the REIT's estimated market capitalisation and gross assets.

### Net interest expense related to borrowings

- Borrowings under the new Debt Facility are forecast to incur an average all-in interest rate of 2.5% per annum inclusive of margins, commitment fees and forecast hedging arrangements;
- Establishment fees under the Debt Facility of \$6 million have been capitalised against the debt balance and will be amortised on a straight-line basis over the term of the Debt Facility;
- Interest income of 0.0% per annum on any cash balances; and
- Capitalisation of approximate interest costs associated with project capex spent on Ellenbrook and Richlands whilst the centres are under development, assuming an average interest rate of 2.5% per annum.

### Tax

- The REIT is expected to be treated as an Attribution Managed Investment Trust for Australian tax purposes. Under current Australian income tax legislation, the REIT is not liable for Australian income tax, including capital gains tax, on the basis that Unitholders will generally be liable for tax on the net income of the REIT on an attribution basis. Accordingly, no allowance for income tax has been made.

### Acquisitions and transaction costs

- Transaction costs include stamp duty, transfer duty, ASX listing fees, legal fees, adviser fees, printing and mailing, advertising and other expenses associated with the Offer;
- At the date of this PDS, these transaction costs have been estimated at \$45 million based on existing agreements and quotes on the basis of the Offer being fully subscribed to \$300 million;
- \$12 million of costs associated with raising equity have been netted against contributed equity;
- \$27 million are being expensed to the statutory forecast consolidated statement of profit and loss including \$21 million of stamp duty and transfer duty associated with the Proposal and Acquisitions; and
- the remaining \$6 million is the establishment fees of the new Debt Facility which have been capitalised.

### Capital expenditure

- Forecast based on the REIT's assessment on a property-by-property basis having regard to historical property expenditure, future capital expenditure requirements and reports prepared by various external consultants; and
- Development capital expenditure includes planning costs, consultant fees, incentives and construction costs for the centres under development in Ellenbrook and Richlands. The development capital expenditure is assumed to be funded from drawdowns on the Debt Facility.

### Distributions

- Forecast Distributions equivalent to an annualised 5.5% yield on the Offer Price are forecast for the periods from the Completion Date to 30 June 2021, and the 6 months to 30 June 2021. This reflects a FFO payout ratio of 109% and 107% in those periods respectively; and
- HomeCo Daily Needs REIT expects to target a normalised distribution payout ratio in the range of 90% and 100% of FFO once its portfolio is fully stabilised. Distributions are to be made quarterly with the first distribution expected to be paid in May 2021. It is expected to be a pro rata amount based on the period between the Completion Date and 31 March 2021. The Directors of the Responsible Entity will review and assess the appropriateness of the REIT's distribution policy on a half yearly basis.

## 6.6. Sensitivity analysis

The Forecast Financial Information is based on a number of assumptions that are subject to business, economic and competitive uncertainties and contingencies, many of which are beyond the control of the Directors of the Responsible Entity, HomeCo and the Managers. These estimates and assumptions are subject to change. The Forecast Financial Information is also subject to a number of risks as outlined in Section 7.

Investors should be aware that future events cannot be predicted with certainty and, as a result, deviations from the figures forecast in this PDS are to be expected.

To assist investors in assessing the impact of these assumptions on Pro Forma Forecast Financial Information, Table 7 sets out the sensitivity of the REIT's Pro Forma Forecast FFO to changes in certain key assumptions.

The sensitivity analysis is intended to provide a guide only and variation in actual performance could exceed the ranges shown.

## 6 Financial Information (continued)

**Table 7: Sensitivity analysis**

A\$ 000s	Pro forma forecast – 6 months to 30 June 2021	
<b>FFO</b>		<b>16,304</b>
<b>Incremental impact from change in assumptions:</b>		
25 basis points change in average annual interest rate <sup>1</sup>	+/-	(307)
1% change in property rental income received	+/-	314
50 basis points change in CPI	+/-	(16)
5% change in other corporate expenses	+/-	(47)

Note:

1. Assumes a 25 basis point (increase)/decrease to fixed and variable interest rates in the 6 months to 30 June 2021.

The estimated impact of changes in each of the variables has been calculated in isolation from changes in other variables to illustrate the likely impact on Pro Forma Forecast FFO. In practice, changes in variables may offset each other or may be cumulative.

### 6.7. Summary of significant accounting policies

The preparation of the Financial Information requires estimates, judgements and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities. Actual results may differ from these estimates under different assumptions or conditions. Revisions to estimates are recognised in the period in which the estimate is revised and in any future period affected.

The significant accounting policies below apply estimates, judgements and assumptions which could materially affect the financial results or financial position reported in future periods.

#### Consolidation

Subsidiaries are all entities over which the REIT has control. The REIT controls an entity when the REIT is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the REIT. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the REIT.

Intercompany transactions, balances and unrealised gains on transactions between REIT entities are eliminated.

Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the REIT. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss and consolidated statement of financial position respectively.

#### Revenue recognition

##### i) Property rental income

Rental income is recognised on a straight-line basis over the lease term for leases with fixed rate or guaranteed minimum rent review clauses, net of incentives.

##### ii) Other property income

The REIT recognises direct and indirect outgoings based on actual costs incurred in accordance with the terms of the related leases. Actual costs reflect the service provided. The amount of recoveries revenue is determined by the actual cost incurred and the terms in the lease. The outgoings recovered are recognised over the period the services are provided.

### iii) Rental guarantees

The rental guarantees relating to the properties in Glenmore Park and Parafield are capitalised on HomeCo Daily Needs REIT's statement of financial position. They are measured at fair value, equal to the net present value of expected future cash flows under the guarantee arrangements. The guarantee payments relating to the properties in Glenmore Park and Parafield are recorded in FFO as an adjustment to statutory net profit/(loss) over the period of the guarantee.

### iv) Interest

Interest revenue is recognised as interest accrues using the effective interest method.

## Leasing costs and tenant incentives

### i) Leasing costs

Leasing costs are costs that are directly associated with negotiating and arranging an operating lease (including commissions, fees and costs of preparing and processing documentation for new leases). These costs are capitalised and amortised on a 'straight line' basis over the term of the lease.

### ii) Tenant incentives

Incentives such as cash, rent-free periods, lessee or lessor owned fit outs may be provided to lessees to enter into a lease.

These incentives are capitalised and are amortised on a straight-line basis over the term of the lease as a reduction of rental income or an increase in property outgoings. The carrying amount of the tenant incentives is reflected in the fair value of investment properties.

## Management fees and other expenses

All expenses are recognised on an accrual basis. Management fees are recognised as the services are rendered. The services relate to property and fund management roles provided by the Manager. Management fees are charged in accordance with the management fee arrangements agreed with the REIT.

## Investment properties

Investment properties being freehold properties are held for long term rental yields and capital growth and are carried at fair value. Changes in fair value are measured in the statement of profit and loss. Gains and losses resulting from the sale of freehold property is measured as the difference between the latest carrying value of the asset at the date of disposal and is recognised when control over the property has been transferred.

## Leases

HomeCo Daily Needs REIT will lease a property in Parafield under a head lease agreement (ground lease) for the sub-letting to tenants. The lease has a 28 year term remaining with an option to extend.

The lease is recognised as a right of use asset and a corresponding lease liability at the date at which the leased asset is available for use by HomeCo Daily Needs REIT. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit and loss over the lease period so as to provide a constant periodic rate of interest on the remaining balance of the liability for each period. The right of use asset is valued in accordance with the investment property accounting policy set out in the Investment Properties policy above.

Lease liabilities are measured at the present value of the lease payments expected to be payable under the lease agreement, discounted using the interest rate implicit in the lease, if that rate can be determined, or the REIT's incremental borrowing rate.

The right of use asset is presented at fair value, measured to include the net present value of the cash flows expected to be generated from the occupation of the asset and the costs associated with holding and occupying the leased asset. The cash flows associated with the right of use asset are discounted using the weighted average cost of capital from the property. The value of any recognised lease liability is then added back to the fair value to determine the carrying value of the investment property.

## 6 Financial Information (continued)

### Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less loss allowance. Trade receivables are generally due for settlement within 30 days and therefore are all classified as current.

### Trade and other payables

These amounts represent liabilities for goods and services provided to the REIT prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

### Borrowings and borrowing costs

Borrowings are initially recognised at fair value, net of transaction costs incurred. After the initial recognition, borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the year of the borrowings using the effective interest method.

### Derivative financial instruments

Derivative financial instruments such as interest rate swaps are designated as financial instruments at fair value through the statement of profit and loss. The REIT does not designate any financial instruments as hedges in a hedging relationship; and Derivative financial instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value.

### Income tax

The REIT is intended to be treated as a “flow-through” entity for Australian income tax purposes under the Attribution Managed Investment Trust rules such that the net income of the REIT will be taxable in the hands of the Unitholders on an attribution basis.

## 6.8 Working Capital

The Board is of the opinion that the REIT will have sufficient working capital to carry out its stated business objectives. The REIT is expected to have \$5 million in cash at bank and \$169 million in undrawn debt capacity under the Debt Facility at Completion of the Offer and settlement of the Acquisitions. Therefore, HomeCo Daily Needs REIT is expected to have combined cash and undrawn debt reserves of \$174 million as at Completion of the Offer assuming settlement of the Acquisitions.

Refer to Section 13.7 for details on the Debt Facilities.

## Section 7

Investment risks

## 7 Investment risks

HomeCo Daily Needs REIT is subject to various risk factors. Some of these are specific to its business activities, while others are of a general nature. Individually, or in combination, these risk factors could have a material adverse impact on HomeCo Daily Needs REIT's assets and liabilities, financial position and performance, profits and losses and prospects, and the value of the Units.

The principal risk factors are described below.

The risks set out in this section 7 are not an exhaustive list of the risks associated with HomeCo Daily Needs REIT or the industry in which it operates, or an investment in the Units either now or in the future, and this information should be used as guidance only and read in conjunction with all other information presented in this PDS.

There can be no guarantee that HomeCo Daily Needs REIT will achieve its stated objectives or that any forward looking statement or forecasts will eventuate.

Before deciding whether to invest in HomeCo Daily Needs REIT, you should read the entire PDS and satisfy yourself that you have a sufficient understanding of these potential risks and should consider whether an investment in HomeCo Daily Needs REIT is suitable for you after taking into account your own investment objectives, financial circumstances and tax position. You should seek professional advice from your accountant, stockbroker, lawyer or other professional adviser.

### 7.1 Risks specific to an investment in the REIT

#### 7.1.1 COVID-19 impact

The COVID-19 pandemic has had a significant impact on the global and Australian economy and the ability of businesses, individuals and governments to operate. Emergency powers and restrictions have been enacted on an international, Federal and State level in Australia which, amongst other things, have restricted travel and the ability of individuals to leave their homes, travel to places of work and has disrupted the ordinary patterns of consumption of goods and services.

Furthermore, the National Cabinet's Code of Conduct setting out leasing principles for small to medium enterprises (**SMEs**) in Australia has been given effect through state and territory legislation or regulation. The Code applies to SME tenants whose turnover is under \$50 million and who are also eligible for the Australian Government's JobKeeper program. While there is some variation amongst the states and territories, in general landlords are required to grant rent relief to eligible tenants on a proportionate basis, in line with their reduction in trade due to COVID-19. A number of states and territories have extended their regulatory regime until 31 December 2020 and have indicated further extensions and variations to the categories of tenants covered by mandatory relief, and the scope and nature of that relief, are possible.

Some tenants at Properties within the Portfolio have already experienced an adverse impact on sales and supply chains, borne out of ongoing international and domestic travel restrictions, government lockdown measures, and broader global uncertainty around a recovery of business activity.

Certain assets in the Portfolio were afforded significant rental abatements during first quarter 2020. NOI and cash collections has normalised post rental renegotiations in June 2020, with cash collections of 94% for the period July 2020 to September 2020.<sup>112</sup>

The economic impact of COVID-19 has already increased the level of unemployment in some of HomeCo Daily Needs REIT's key markets and could reduce further consumer and business spending, particularly after the various fiscal stimulus measures associated with COVID-19 are brought to an end by respective governments.

Given the high degree of uncertainty surrounding the extent and duration of COVID-19, it is not currently possible to assess the full impact of COVID-19 on HomeCo Daily Needs REIT. There is a prospect that store closures on a more significant scale may once again occur if the COVID-19 outbreak cannot be adequately contained, which could limit all or a material amount of trading at Properties within the Portfolio. Further, a number of aspects of HomeCo Daily Needs REIT's tenants may be directly or indirectly affected by government, regulatory or health authority actions, work stoppages, lockdowns, quarantines and travel restrictions associated with COVID-19, including disruption to supply chain and workforce, particularly the availability of products and logistics (including shipping of products) and government-imposed shut downs of manufacturing and distribution centres affecting the supply of products to customers. There is a risk that if the duration of events surrounding COVID-19 are protracted, HomeCo Daily Needs REIT may need to take additional measures in order to respond appropriately.

112. Rent collection of contracted rent to 30 September 2020 at all HomeCo Daily Needs REIT assets, excludes Glenmore Park Town Centre NSW, Gregory Hills Town Centre NSW and Coomera City Centre QLD.

In particular, HomeCo Daily Needs REIT owns 5 convenience centres in Victoria which have been subject to lock-down restrictions imposed by the Victorian government. Some tenants' operations may have been impacted by these lock-down restrictions, resulting in a deterioration of financial performance which may, in the future, impact upon the ability of HomeCo Daily Needs REIT to collect rent in the ordinary course. No guarantee can be provided in relation to the length of the lock-downs currently in place or when operating conditions will return to normal after lock-downs are lifted. As such, the ongoing performance of tenants within those centres remains uncertain.

There are also other changes in the domestic and global macroeconomic environment associated with the events relating to COVID-19 that are beyond the control of HomeCo Daily Needs REIT and may be exacerbated in an economic recession or downturn. These include but are not limited to: (i) changes in inflation, interest rates and foreign currency exchange rates; (ii) changes in employment levels and labour costs; (iii) changes in aggregate investment and economic output; and (iv) other changes in economic conditions which may affect the income and expenses of HomeCo Daily Needs REIT.

### 7.1.2. The REIT's rental income may decline

HomeCo Daily Needs REIT's primary source of income is generated through its leasing arrangements with the tenants of the Properties within the Portfolio.

Following Completion, distributions made from the REIT will be largely dependent on the rents received from tenants across the Portfolio, expenses incurred during operations and capital expenditure incurred. The REIT's rental income and expenditure may be affected by a number of factors, including, amongst others:

- overall economic conditions;
- local real estate conditions;
- the financial condition of tenants;
- ability to attract new tenants;
- ability to extend leases or replace outgoing tenants with new tenants;
- incentives offered to attract prospective tenants;
- increase in rental arrears and vacancy periods;
- reliance on a key tenant that leases a material proportion of the Portfolio;
- competition from new or existing properties;
- changes in retail tenancy laws;
- an increase in unrecoverable outgoings;
- supply and demand in the property market; and
- external factors including pandemics, terrorist attacks, significant security breaches or a major world event.

The REIT expects to receive rental income from its Portfolio, as described in Section 6. However, there is a risk that rental income might be materially different to the income described in the Financial Information set out in Section 6. Additionally, the forecasts included in this PDS make a number of assumptions in relation to the occupancy rate, the level of rental income and outgoings recoveries, including that all existing leases are performed in accordance with their terms. Rental income may decline for a number of reasons, including as a result of:

- failure of existing tenants to perform existing leases in accordance with their terms;
- failure on the part of the REIT to enforce contracted rent increases or agree market rental reviews; or
- termination of a lease by a tenant due to convenience or failure on the part of the REIT to meet lease terms (including performance hurdles).

This has the potential to decrease the value of the REIT and would also have an adverse impact on the REIT's financial performance and distributions.

## 7 Investment risks (continued)

### 7.1.3. The REIT may be unable to lease properties, or they may be vacant

As at the date of this PDS, approximately 98%<sup>113</sup> of HomeCo Daily Needs REIT's operating Properties are occupied and approximately 93%<sup>114</sup> of HomeCo Daily Needs REIT's operating Properties' tenancies are trading, with the balance of Properties (or parts thereof) currently vacant. Certain vacancies are the subject of "agreements for lease" or a "memorandum of understanding" between HomeCo Daily Needs REIT and the proposed tenant. There is a risk that, despite there being an agreement for lease on memorandum of understanding in place, HomeCo Daily Needs REIT is not able to enter into a lease with the proposed tenant in respect of the vacant properties. Should HomeCo Daily Needs REIT be unable to secure a tenant for a vacant property for a period of time, this will result in lower rental returns to HomeCo Daily Needs REIT, which could materially adversely affect HomeCo Daily Needs REIT's financial performance and distributions.

Leases of Properties come up for renewal on a periodic basis. There is a risk that HomeCo Daily Needs REIT may not be able to negotiate suitable lease extensions with existing tenants or replace outgoing tenants with new tenants on the same terms or at all or be able to find new tenants to take over space that is currently unoccupied. The ability to secure lease renewals or to obtain replacement tenants may be influenced by any leasing incentives granted to prospective tenants and the supply of properties in the market which in turn, may increase the time required to let vacant space. Should HomeCo Daily Needs REIT be unable to secure a replacement tenant for a period of time or if replacement tenants lease the Property on less favourable terms than existing lease terms, this will result in lower rental returns to HomeCo Daily Needs REIT, which could materially adversely affect HomeCo Daily Needs REIT's financial performance and distributions.

HomeCo Daily Needs REIT could lose tenants due to a range of events including as a result of failure to renew a lease, the termination of a lease due to change of control, deterioration in the level of service provided to tenants, weakening of tenant relationships or disputes with tenants, consolidation of a tenant's sites or insolvency of tenants. Any of these factors could adversely affect the financial performance of HomeCo Daily Needs REIT and distributions.

### 7.1.4. The value of the Portfolio or individual Properties may fall

The value of the Portfolio, or individual properties within the Portfolio, may be impacted by a number of factors affecting the Australian property market generally, as well as HomeCo Daily Needs REIT in particular, including:

- changes in property income;
- changes in discount rates used by valuers;
- fluctuating occupancy levels;
- tenant defaults;
- material change in quality of tenant;
- increases in supply or falls in demand for property;
- a downturn in local property markets or property markets in general; and
- general economic conditions, including prevailing interest rates.

The Responsible Entity intends to have the Properties independently revalued regularly in accordance with its valuation policy. Reported valuations will represent only the analysis and opinion of the valuation experts at a certain date, and are not guarantees of present or future property values.

The valuations contained in the Valuation Reports reflect the relevant valuers' assessment of the value of the relevant Property as at 30 September 2020 (for 14 properties) and as at 1 December 2020 (for the acquisition properties). Property values may fall if the underlying assumptions on which the valuation reports are based change in the future. Valuations may differ depending on the valuer appointed. A valuation may not reflect the actual price that would be realised if a Property is sold. As property valuation adjustments are reflected in HomeCo Daily Needs REIT's statement of profit and loss, any decreases in value would have a corresponding effect on the statement of profit and loss and HomeCo Daily Needs REIT's financial position and performance, and on distributions.

113. Occupancy does not include Ellenbrook and Richlands.

114. Occupancy does not include Ellenbrook and Richlands.

### 7.1.5. Retail property sector concentration

The Portfolio is principally comprised of retail properties and is therefore exposed to the retail property sector. As a result of this exposure, HomeCo Daily Needs REIT's performance depends, in part, on the performance of the Australian retail property sector. In addition, if any of the sub-sectors in New South Wales, Queensland, Victoria, Western Australia or South Australia experience a downturn in activity, HomeCo Daily Needs REIT's financial performance and distributions may be adversely impacted.

### 7.1.6. Tenant concentration

Whilst the REIT has a diverse tenant mix, approximately 62% of the gross property income from the Portfolio is generated from the top 20 tenants. There is therefore a risk that if one or more of the major tenants ceases to be a tenant, HomeCo Daily Needs REIT may not be able to find suitable replacements or may not be able to secure lease terms that are as favourable as current terms. HomeCo Daily Needs REIT's financial performance could be adversely impacted if HomeCo Daily Needs REIT is unable to secure a replacement tenant for a major tenant for a period of time or if replacement tenants lease the property on less favourable terms.

### 7.1.7. Responsible entity and management

By investing in HomeCo Daily Needs REIT, Unitholders have delegated investment decisions to the Responsible Entity and its officers. The Responsible Entity has delegated the day to day management of HomeCo Daily Needs REIT and the Portfolio to the Managers, and is also assisted by other external service providers.

Accordingly, HomeCo Daily Needs REIT is reliant on the management expertise, support, experience and strategies of the key executives of HomeCo and other third parties, which cannot be assured. If Home Consortium Developments Limited (and its subsidiaries) and other third parties do not perform as service providers this could have an adverse impact on the management and performance of HomeCo Daily Needs REIT and therefore distributions and the Unit price. The past performance of HomeCo is not a guarantee of the future performance of HomeCo Daily Needs REIT.

The ability of the Managers to discharge their respective responsibilities in terms of managing the Portfolio business model depends to a significant extent, on the experience, knowledge and performance of its key personnel; in particular the senior management of HomeCo as disclosed in Section 5. The loss of key personnel, a sustained underperformance by key personnel or any delay in the appointment of their suitable replacements may therefore materially adversely affect the financial performance of HomeCo Daily Needs REIT and distributions.

In addition, if HMC Funds Management Limited is replaced as responsible entity of HomeCo Daily Needs REIT by an entity that is not a related body corporate of the HomeCo Group, there is potential for adverse effects to be experienced by HomeCo Daily Needs REIT due to the loss of the services of the Managers (as the Investment Management Agreement and Property Management Agreement will provide the incoming responsible entity and/or the Managers a right to terminate in these circumstances). If the agreements are terminated as a result of the change in responsible entity, the Managers will be entitled to a compensation payment under the relevant agreement.

### 7.1.8. Relationship with HomeCo

Although HomeCo Daily Needs REIT believes that its close association with HomeCo will bring many benefits, there are also certain risks that are inherent in the relationship.

HomeCo is expected to retain a substantial interest in HomeCo Daily Needs REIT. As such, HomeCo and its associates are likely to have the ability to determine (or have significant influence over) any resolution put to Unitholders, including a resolution to remove the Responsible Entity.

In performing its roles of responsible entity of HomeCo Daily Needs REIT, co-owner of certain of the Properties, manager of the REIT and the Properties, property developer, and provider of corporate and other services, the interests of HomeCo and HomeCo Daily Needs REIT may not be aligned. Although many aspects of the relationship will be governed by the detailed agreements summarised in this PDS, these agreements were negotiated between affiliated entities.

After Completion, to the extent not constrained by those agreements, it should be assumed that HomeCo will pursue its own interests. Because of its dependence on HomeCo and the limited termination rights in the agreements between the REIT and HomeCo, it may be difficult for HomeCo Daily Needs REIT to negotiate amendments to those agreements, and it would be difficult for HomeCo Daily Needs REIT to remove HomeCo from any of the roles it will perform with respect to the Properties and the operation of HomeCo Daily Needs REIT.

## 7 Investment risks (continued)

In addition, HomeCo has the power to appoint and remove directors to the Board of the Responsible Entity, and Unitholders will not have such power. The only way for Unitholders to change the Board and management of HomeCo Daily Needs REIT would be to vote to remove the Responsible Entity (noting that HomeCo will retain a substantial interest in HomeCo Daily Needs REIT and could vote on such a resolution). Such an action would have the consequences under the agreements between HomeCo Daily Needs REIT and HomeCo below.

Finally, HomeCo conducts a business that is complementary to that of HomeCo Daily Needs REIT. HomeCo has an asset-based investment strategy. In considering investment opportunities, the Managers and Responsible Entity must make a decision as to which of HomeCo Daily Needs REIT, or HomeCo, or any other funds managed in the future by the Responsible Entity or members of the HomeCo Group, will have the opportunity to participate in the relevant opportunity. The Investment Manager has committed to first offer to HomeCo Daily Needs REIT any opportunity to acquire an investment in an asset that the Investment Manager identifies and which falls within HomeCo Daily Needs REIT's investment strategy (subject to certain exceptions), however neither HomeCo Daily Needs REIT, nor any HomeCo Group member (nor any other fund), will otherwise have priority over the other in relation to any investment opportunity.

### 7.1.9. Transactions that are signed but not completed

Completion of the Acquisitions or transfer of the Properties has not yet occurred and will not occur until after the Meeting. Some of the Acquisitions are conditional upon the consent of third parties which, whilst unlikely, have not been given at the date of this PDS and may not be provided. Where the consent of a third party is not received, the acquisition may not proceed and the Portfolio will differ from that set out in this PDS. That may have an adverse impact on HomeCo Daily Needs REIT's financial performance and distributions.

In addition, certain exemptions from stamp duty have been sought or obtained. If these exemptions are not available, including if conditions are not satisfied, stamp duty may be payable. This may have an adverse impact on HomeCo Daily Needs REIT's financial performance and distributions.

### 7.1.10. Consent risk

In order for HomeCo Daily Needs REIT to acquire the Parafield asset (and for the parent guarantee to be transferred to HomeCo Daily Needs REIT), the consent of the airport owner is required. Those consents may not be forthcoming, including prior to Completion, and so there may be a period after Completion before that acquisition can take place (and the guarantee be assigned or transferred) or the acquisition may not occur. That may have an adverse impact on HomeCo Daily Needs REIT's financial performance and distributions.

### 7.1.11. Model Portfolio

While the Portfolio has been constructed with reference to the Model Portfolio, the actual composition of the Portfolio may be inconsistent with the Model Portfolio at any given point in time. Moreover, the Responsible Entity may deem it necessary or in the best interests of Unitholders, to target a Portfolio composition that departs from the Model Portfolio in order to achieve the objectives of HomeCo Daily Needs REIT.

Finally, the Model Portfolio may be modified over time to reflect updated quantitative analysis, which could cause the actual composition of the Portfolio to differ from the Model Portfolio.

### 7.1.12. E-commerce trends could materially reduce trading activity at HomeCo Daily Needs REIT centres

There has been an observed trend towards consumers using e-commerce sales channels when purchasing goods and services. This trend has resulted in significant disruption to the operations of traditional retailers, some of which are tenants within the Portfolio centres.

There is a risk that consumer preferences for online shopping may, over time, reduce the level of trading seen at Properties in the Portfolio. Moreover, the overall disruption to retailing in Australia associated with e-commerce may ultimately impact upon the rents that can be charged by retail focused landlords, such as HomeCo Daily Needs REIT.

While HomeCo Daily Needs REIT can take steps to mitigate its exposure to these trends, a fundamental shift away from in-store shopping across all retail categories would likely have a negative impact on HomeCo Daily Needs REIT's financial performance, financial position and distributions.

#### **7.1.13. Certain related parties are also major tenants on arm's length terms**

In addition to their unitholdings, the Spotlight Retail Group (through the Spotlight and Anaconda brands), the Chemist Warehouse Group and Aurrum Childcare are significant tenants of HomeCo Daily Needs REIT as they are controlled by persons who are also on the board of the Responsible Entity and/or HomeCo. Leases entered into with the Spotlight Retail Group (through the Spotlight and Anaconda brands), the Chemist Warehouse Group and Aurrum Childcare are entered into on arm's length terms and the REIT has put in place the related party protocols summarised in Section 5.7.5.7 in order to address any related party issues connected with future leases. Pursuant to waivers to be granted by ASX, no Unitholder approval will be required in relation to the entry or extension of a lease with one or more of these related parties, provided certain conditions are satisfied.

#### **7.1.14. The REIT's dependence on corporate services from HomeCo**

HomeCo Daily Needs REIT will receive corporate services in some areas from HomeCo. The REIT will be reliant on HomeCo for the provision of those corporate services on satisfactory terms and will be reliant on HomeCo for the standard of services it receives. As a result, it will have limited control over the standard of those services and may need to negotiate with HomeCo regarding their cost. If there is any disruption to the provision of these services, there may be a negative impact on the ability of HomeCo Daily Needs REIT to advance its business plans.

HomeCo Daily Needs REIT has undertaken due diligence inquiries to ensure that the creation of HomeCo Daily Needs REIT as a separately listed entity does not trigger any unforeseen costs to either HomeCo or HomeCo Daily Needs REIT (including taxes or charges) and does not trigger any third party rights under contractual arrangements. However, there is a risk that such costs or rights may be triggered or that a claim may be made that such costs or rights have been triggered.

#### **7.1.15. Capital expenditure requirements may be higher than expected**

The forecast capital expenditure described in Section 6 represents HomeCo Daily Needs REIT's current best estimate of the associated costs in maintaining and developing the Portfolio over the forecast period. Whilst capital expenditure is not anticipated to be significant, there is a risk that the required capital expenditure will exceed the current forecasts, which could lead to increased funding costs and adversely impact distributions.

Some examples of circumstances that may require capital expenditure in excess of the forecast amount include property damage caused by fire, flood or other disaster, changes to laws or council requirements such as environmental, building or safety regulations, or property defects or environmental issues that become apparent in the future and need to be repaired or addressed. Any required or unforeseen material capital expenditure on the properties that is not covered by insurance could impact the REIT's financial performance and distributions.

#### **7.1.16. Development activities may involve higher risks**

In seeking to maximise returns for investors, HomeCo Daily Needs REIT intends to develop the existing development sites and tenancies yet to open at trading sites. As described in Section 2, HomeCo Daily Needs REIT will consider opportunities to enhance the value of the broader Portfolio and may selectively acquire new properties which have development potential. There are typically higher risks associated with development activities than holding developed assets.

The risks faced by HomeCo Daily Needs REIT in relation to existing or future development projects will depend on the terms of the transaction at the time. HomeCo Daily Needs REIT seeks to mitigate the risks associated with development projects by employing the following risk mitigation strategies:

- ensuring that it has lease commitments (in the form of agreements for lease) in respect of at least 50% of the GLA before commencing development; and
- backing contractor obligations with unconditional bank guarantees.

Development activities require various approvals from the relevant State planning authorities. There is a risk that the relevant approvals may not be obtained on the basis of HomeCo Daily Needs REIT's application, are on conditions that are unsatisfactory or may not be granted at all. Changes in government regulations and policies, failure to obtain or delays in the granting of planning approvals may affect the amount and timing of HomeCo Daily Needs REIT's future profits.

## 7 Investment risks (continued)

There is a risk that a contractor engaged on any given project is unable to complete the specified works on time or could default on other obligations under its contract. Completion of construction works may be delayed for a number of reasons, including industrial disputes, inclement weather, permitted variations to the works, changes to legislative requirements, delays in authority inspections or regulatory approvals or a builder experiencing financial difficulties. Even where a development is under a fixed price contract, there is a risk of potential contractor default where actual development costs are materially greater than expected. In those circumstances, the actual development costs may not be able to be funded by the contractor and the development may not complete unless HomeCo Daily Needs REIT agrees to bear the excess costs or is able to replace the contractor. However, HomeCo Daily Needs REIT may not be able to replace the contractor with another with similar experience and/or on terms as advantageous to it. In addition, HomeCo Daily Needs REIT may suffer loss of rent in respect of a delay in completion. Any of these factors could materially adversely affect the financial performance of HomeCo Daily Needs REIT and distributions.

Development works are underway at certain properties in the Portfolio. Following completion of these development works, HomeCo Daily Needs REIT may be exposed to residual defects. In each case, the residual defects risk have been sought to be mitigated through the inclusion of certain contractual protections in relevant construction contracts including the provision of warranties regarding the quality, standards, performance and insurance of the contracted works, and obligations on third parties to rectify defects which are backed by unconditional bank guarantees. Notwithstanding this, the REIT remains exposed to potential losses (i) which may not be covered by the provisions of the contract or may exceed the amounts set aside in the bank guarantees (or arise after the bank guarantee is released), or (ii) may be incurred in the event of a counterparty default if a claim were made. This could materially adversely affect the financial performance of HomeCo Daily Needs REIT and distributions.

HomeCo Daily Needs REIT may be exposed to delay claims from tenants (in the form of rent abatements) if there is a delay in construction works and handover. HomeCo Daily Needs REIT manages this risk in its building contracts and build programs.

### 7.1.17. There may be risks associated with acquisitions

HomeCo Daily Needs REIT will continue to seek to identify new property assets for acquisition, including those identified by the Investment Manager. There is a risk that HomeCo Daily Needs REIT or the Investment Manager will be unable to identify future properties that meet its investment objectives, or if such properties are identified, that they can be acquired on appropriate terms. Any failure to identify appropriate properties or successfully acquire such properties could adversely affect the growth prospects and the financial performance of HomeCo Daily Needs REIT.

HomeCo Daily Needs REIT has endeavoured, and will endeavour, to do all reasonable and necessary due diligence on acquisition properties. However, there is a risk that potential issues are uncovered subsequent to due diligence and that these risks cannot be fully mitigated by the warranties and indemnities in the sale agreements, or related insurance arrangements, for those acquisitions. If an unforeseen liability arises in respect of which the purchaser is not able to be indemnified, this may adversely impact the financial performance of HomeCo Daily Needs REIT and distributions. Also, there can be no guarantee as to the financial capacity of vendors of properties. In these circumstances, if a warranty or other claim was made under an acquisition agreement, there is a risk that funds may not be available to meet that claim. Any inability to recover amounts claimed from vendors could materially adversely affect HomeCo Daily Needs REIT's financial performance.

There is also a risk that acquired properties do not perform as expected due a variety of factors including but not limited to tenants vacating the properties or tenant default.

In relation to the Portfolio, some of the information regarding the Acquisitions has been derived from information made available by or on behalf of the vendors of each property. Although HomeCo Daily Needs REIT (and its advisers) have conducted reasonable levels of due diligence, they have not verified the accuracy and completeness of all information provided to it. To the extent that any of this information is incomplete, inaccurate or misleading, there is a risk that the financial performance of HomeCo Daily Needs REIT may differ from its expectations, potentially adversely. Further, if the properties have not been managed consistently with expectations, there is a risk that the financial performance of HomeCo Daily Needs REIT may differ from expectations, potentially adversely, including writing down the carrying value of assets.

### 7.1.18. Properties are illiquid

Property assets are by their nature illiquid investments. If it were necessary or desirable for HomeCo Daily Needs REIT to sell one or more of the properties in the Portfolio, it may not be able to do so within a short period of time or it may not be able to realise a property for the amount at which HomeCo Daily Needs REIT has valued it. Any protracted sale process, inability to sell a Property or sale at a price that is less than HomeCo Daily Needs REIT's valuation of the Property may adversely affect HomeCo Daily Needs REIT's financial performance and distributions.

#### **7.1.19. There may be environmental compliance costs and liabilities**

Notwithstanding the environmental and legal due diligence conducted in relation to the Portfolio, unforeseen environmental issues may affect any of the properties in the Portfolio.

Whilst HomeCo Daily Needs REIT is not aware of any material environmental contamination at any of its Properties, there is a risk that a property (or a property close to a Property in the Portfolio) may be contaminated now or in the future. Government environmental authorities may require HomeCo Daily Needs REIT to remediate such contamination and HomeCo Daily Needs REIT may be required to undertake any such remediation at its own cost. HomeCo Daily Needs REIT may be liable to remedy sites affected by environmental issues even in circumstances where HomeCo Daily Needs REIT is not responsible for causing the environmental liability. The cost of such remediation could be substantial. In addition, if HomeCo Daily Needs REIT is not able to remediate the site properly, this may adversely affect its ability to sell the relevant property or to use it as collateral for future borrowings. Any such event could adversely impact HomeCo Daily Needs REIT's financial performance and distributions.

In addition, environmental laws impose penalties for environmental damage and contamination which may be material. Whilst the nature of HomeCo Daily Needs REIT's operations are such that the risk should be minimal, should a person be exposed to a hazardous substance at a property within the Portfolio, they may make a personal injury claim against HomeCo Daily Needs REIT. Such a claim could be material.

An environmental issue may also result in interruptions to the operations of a Property. Any lost income caused by such an interruption to operations may not be recoverable.

HomeCo Daily Needs REIT and the operations of property tenants are subject to government environmental legislation. New or more stringent environmental laws or regulations could be introduced in the future, for example in relation to climate change, which may require HomeCo Daily Needs REIT to incur additional material expenditure to ensure that the required compliance is maintained. While environmental issues are continually monitored, there is no assurance that HomeCo Daily Needs REIT's operations or those of a tenant of a property will not be affected by an environmental incident or subject to environmental liabilities, which could impact the reputation and financial performance of HomeCo Daily Needs REIT and distributions.

#### **7.1.20. The REIT may not be able to meet its forecasts**

This PDS contains Forecast Financial Information for the period from the Completion Date to 30 June 2021 and the six month period to 30 June 2021. The forward-looking statements, opinions and estimates provided in this PDS, including the Forecast Financial Information, rely on various factors, many of which are outside the control of HomeCo and HomeCo Daily Needs REIT. There can be no guarantee that the assumptions on which the forward-looking statements, opinions and estimates are based, will ultimately prove to be valid or accurate, including rents, property costs and corporate expenses incurred by HomeCo Daily Needs REIT.

HomeCo Daily Needs REIT and HomeCo can give no assurance that HomeCo Daily Needs REIT's actual results will not differ materially from those presented in the Forecast Financial Information. Any material adverse difference may adversely affect the value of the Units.

#### **7.1.21. Failure of risk management and internal control strategies**

HomeCo Daily Needs REIT will implement risk management strategies and internal controls involving processes and procedures intended to identify, monitor and mitigate the risks to which it is subject, including risks related to liquidity, interest rates, counterparties, compliance, market conduct, bribery and corruption, anti-money laundering and counter terrorism funding compliance, insurance and operational, all of which are important to HomeCo Daily Needs REIT's reputation and business operations.

However, there are inherent limitations with any risk management and internal control framework as there may exist, or emerge in the future, risks that HomeCo Daily Needs REIT has not adequately anticipated or identified. If any of HomeCo Daily Needs REIT's risk management and internal control processes and procedures prove ineffective or inadequate, or are otherwise not appropriately implemented, the financial performance of HomeCo Daily Needs REIT and distributions and could be adversely impacted.

## 7 Investment risks (continued)

### 7.1.22. The REIT may suffer loss for which it is not insured

HomeCo Daily Needs REIT intends to maintain appropriate insurance coverage in respect of the Portfolio if insurance coverage is available on commercial terms and at acceptable prices. Insurance cover may not be available for certain types of losses (for example, losses caused by war, riots and civil commotion) or even if it is available it may be too expensive. Any losses incurred due to uninsured risks, or a loss in excess of the insured amounts, could lead to a loss of some of the capital invested by HomeCo Daily Needs REIT, and could adversely affect the financial performance of HomeCo Daily Needs REIT and distributions.

Increases in insurance premiums as a result of insurance claims or otherwise may also adversely affect HomeCo Daily Needs REIT's financial performance and distributions.

### 7.1.23. Intellectual Property

HomeCo Daily Needs REIT will trade under the name "HomeCo" and use logos on its Portfolio that references the term "HomeCo". The use of this branding is an important aspect of HomeCo Daily Needs REIT's marketing strategy as it differentiates its centres from those of its competitors and attracts visitors to its centres.

If a third party accuses HomeCo Daily Needs REIT of infringing its intellectual property rights or if a third party commences litigation against the REIT for the infringement of trade mark or other intellectual property rights, HomeCo Daily Needs REIT may incur significant costs in defending such action, whether or not it ultimately prevails. In addition, parties making claims against HomeCo Daily Needs REIT may be able to obtain injunctive or other equitable relief that could limit or prevent HomeCo Daily Needs REIT from commercialising the Portfolio, especially the use of the term "HomeCo" and the HomeCo logo.

In the event of a successful claim of infringement against HomeCo Daily Needs REIT, it may be required to pay damages. Defence of any litigation could impact HomeCo Daily Needs REIT's ability to conduct its business and could cause it to incur substantial expenditure.

### 7.1.24. The REIT may be unable to refinance, repay or renew its debt

HomeCo Daily Needs REIT uses bank debt to partially fund its business operations. The first and second tranches of the debt facilities the REIT will have in place on Completion (being the Debt Facilities described in Section 13.7) will both expire three (3) years after the date of financial close under the Debt Facilities. HomeCo Daily Needs REIT will be subject to various financial and non-financial covenants under the Debt Facilities which could limit its future financial flexibility.

Interest payable on the Debt Facilities will depend on the interest rate, which is comprised of a base interest rate plus a variable interest rate margin. An increase in interest rates or an increase in the margins on which financing can be obtained may increase HomeCo Daily Needs REIT's financing costs. For example, the applicable margin for each tranche of the Debt Facilities will increase as the loan to value ratio increases.

If HomeCo Daily Needs REIT's financial performance deteriorates, including due to a decline in rental income or the value of the Portfolio, HomeCo Daily Needs REIT may be unable to meet the covenants under the Debt Facilities. This may require HomeCo Daily Needs REIT to seek amendments, waivers of covenant compliance or alternative borrowing arrangements, to reduce debt or raise additional equity.

If a breach of covenant under the Debt Facilities were to occur, there is no assurance that a debt financier would consent to an amendment or waiver, or that debt financiers would not exercise enforcement rights, including cancelling the Debt Facilities, requiring immediate repayment or enforcing their security. If a debt financier enforces its security over the relevant assets of a subsidiary of HomeCo Daily Needs REIT which has provided security to support HomeCo Daily Needs REIT's debt financing and forces a sale of the secured property, there is a risk that the value received may be less than the amount of the secured obligations and may be less than the optimal sale price. If HomeCo Daily Needs REIT is unable to repay or refinance the Debt Facilities upon maturity or in the event of a breach of covenant, HomeCo Daily Needs REIT may have to seek further equity, dispose of assets or enter into new debt facilities on less favourable terms. These factors could materially adversely affect HomeCo Daily Needs REIT's ability to operate its business, acquire new properties and fund capital expenditure and could materially adversely affect the financial performance of HomeCo Daily Needs REIT and distributions, and HomeCo Daily Needs REIT may suffer reputational damage which could result in lenders being unwilling to extend additional finance or potentially raise future borrowing costs.

In the future, HomeCo Daily Needs REIT may also need to access additional debt financing to grow its operations and its Portfolio. If HomeCo Daily Needs REIT is unable to refinance, repay or renew its debt facilities or otherwise obtain debt finance on favourable terms, HomeCo Daily Needs REIT may not meet its growth targets, which may adversely impact HomeCo Daily Needs REIT's financial performance and distributions.

HomeCo Daily Needs REIT's ability to extend the Debt Facilities or to borrow money for refinancing, capital expenditure or acquisitions will depend on a range of factors including general economic conditions, debt and equity market conditions, as well as HomeCo Daily Needs REIT's financial position, financial performance and reputation. Changes in the above factors may impact the cost or availability of funding, and accordingly HomeCo Daily Needs REIT's financial performance, financial position and distributions. There can be no assurances that future financing will be available on terms acceptable to HomeCo Daily Needs REIT, or at all.

To the extent that HomeCo Daily Needs REIT incurs variable rate indebtedness that is unhedged, increases in interest rates may increase the cost of borrowing and this may adversely affect HomeCo Daily Needs REIT's ability to make timely payments in respect of the Debt Facilities. In order to reduce exposure to the impact of moving interest rates, the REIT intends to enter into interest rate swaps at or around Completion.

However, where interest bearing indebtedness is hedged, hedging arrangements themselves involve risk, such as the risk that counterparties may fail to honour their obligations under these arrangements, and that such arrangements may not be effective in reducing exposure to movements in interest rates.

#### **7.1.25. No guarantee of distributions or capital returns**

HomeCo Daily Needs REIT does not give a guarantee as to the amount of any income or capital return from the Units or the performance of HomeCo Daily Needs REIT as its ability to pay distributions is subject to many variables.

Even if HomeCo Daily Needs REIT is able to pay a distribution, its ability to maintain and/or increase distributions over time cannot be guaranteed as its ability to do so is dependent on a number of factors including rental income, acquisitions and completion of developments on time or to budget. If any of these factors are not met, HomeCo Daily Needs REIT's ability to maintain or increase distributions may be adversely impacted.

Furthermore, there may be restrictions on HomeCo Daily Needs REIT's ability to pay distributions to Unitholders during the term of the Debt Facilities. As a general matter, HomeCo Daily Needs REIT is permitted to pay distributions as it sees fit, other than where an event of default or a potential event of default under the Debt Facilities is continuing or during any remedy period.

#### **7.1.26. Retail tenancies legislation**

Retail tenancies legislation in force in each Australian State and Territory regulates the terms on which leases and licences are granted to tenants of retail premises. For example, in certain of those jurisdictions, retail tenancies legislation prohibits a landlord from recovering land tax in respect of any site from which a retail business is conducted. As a retail business is carried on at each property in the Portfolio, HomeCo Daily Needs REIT has considered the potential application of retail tenancies legislation in respect of the its business and, in the case of each lease, considers that such legislation by its terms does not apply to the leases or, if it does apply, it intends to comply with applicable legislation.

There is a risk that retail tenancies legislation in any Australian State or Territory may be amended in a manner unfavourable to HomeCo Daily Needs REIT or that HomeCo Daily Needs REIT does not comply with applicable retail tenancies legislation. In that event, HomeCo Daily Needs REIT may be adversely impacted as a result.

#### **7.1.27. Laws and regulation may change**

In the ordinary course of its business, HomeCo Daily Needs REIT is subject to a range of laws and regulations. These laws and regulations include those relating to tenancies, planning and zoning, employment, property and taxation (including GST and stamp duty).

Changes to laws and regulations in these areas may adversely affect HomeCo Daily Needs REIT, the value of the Portfolio, including by increasing its costs either directly (for example, by increasing a tax or duty HomeCo Daily Needs REIT is required to pay) or indirectly (for example, by increasing the cost of complying with a particular legal requirement or increasing competition for tenants from other landlords). Any such change may adversely affect HomeCo Daily Needs REIT's financial performance and distributions.

## 7 Investment risks (continued)

### 7.1.28. Treatment of the REIT as a “flow-through” entity

The information in this PDS assumes that the REIT will be treated as a “flow-through” entity for Australian income tax purposes under the Attribution Managed Investment Trust rules such that the net income of the REIT will be taxable in the hands of the Unitholders on an attribution basis. However, the REIT would lose this “flow-through” status if:

- there was a legislative change which removed the “flow-through” status of property trusts; or
- the REIT engaged in activities which lead to it being taxed on its net income at the corporate tax rate for Australian income tax purposes.

Depending on the Unitholder’s individual circumstances, a loss of the “flow-through” treatment of the REIT may adversely affect the after-tax investment returns.

### 7.1.29. Occupational health and safety

There is a risk that liability arising from occupational health and safety matters at a property in the Portfolio may be attributable to HomeCo Daily Needs REIT as the landlord instead of, or as well as, the tenant. Such liability may include fines and penalties imposed by regulatory authorities as well as claims for compensation from injured parties, and may not be fully covered by insurance policies. Any such liabilities may be incurred by HomeCo Daily Needs REIT (which are not covered by insurance policies) and could materially adversely affect the financial performance of HomeCo Daily Needs REIT and distributions.

### 7.1.30. The REIT may be involved in disputes or litigation

HomeCo Daily Needs REIT may be the subject of complaints from or litigation by Unitholders, tenants, landlords, governmental agencies or other third parties. For example, tenants may claim that rent is not due and payable, governmental agencies may claim that HomeCo Daily Needs REIT has not paid rates or other taxes or is not compliant with applicable planning or zoning laws and third parties may claim for breach of contract or object to the use of the Portfolio by HomeCo Daily Needs REIT.

Any complaints, disputes, claims or litigation in which HomeCo Daily Needs REIT is involved may result in a financial penalty, the inability of HomeCo Daily Needs REIT to conduct its business or implement its strategy and/or damage to HomeCo Daily Needs REIT’s reputation and may divert financial and managerial resources away from running HomeCo Daily Needs REIT’s business. Any of these potential outcomes may adversely affect HomeCo Daily Needs REIT’s financial performance and distributions.

### 7.1.31. Insolvency of the REIT

In the event of any insolvency or winding up of HomeCo Daily Needs REIT, the claims of HomeCo Daily Needs REIT’s creditors will rank ahead of those of its Unitholders. Under such circumstances HomeCo Daily Needs REIT will first repay or discharge all claims of its creditors.

Any surplus assets will then be distributed to HomeCo Daily Needs REIT’s Unitholders. All Unitholders will rank equally in their claim and will be entitled to an equal share per Unit.

### 7.1.32. Security or data breach including from cyberattacks

HomeCo Daily Needs REIT will collect, process and store, through the ordinary course of its operations, a wide range of data, including confidential data relating to its tenants. Measures that HomeCo Daily Needs REIT employs to secure and protect technology systems and data may not be sufficient to prevent system failures or data breaches arising from factors beyond its control and/or to detect or prevent unauthorised access to, or disclosure of, confidential information and data. There is a risk that HomeCo Daily Needs REIT’s systems, or those of its third-party service providers, fail, or are subject to disruption as a result of external threats or system errors. Cyber-attacks, data theft, data loss, human error or malfeasance may also result in data breaches resulting from unauthorised access to, or disclosure of information, including sensitive and/or confidential information, whether malicious or inadvertent. Despite seeking to maximise the protection of data, there is a risk that HomeCo Daily Needs REIT is exposed to a security breach or successful cyberattack.

Any systemic failure and/or data security breaches could result in significant disruption to HomeCo Daily Needs REIT’s services, loss of system integrity, breaches of HomeCo Daily Needs REIT’s obligations under applicable data protection laws or contractual agreements, an obligation under privacy laws to notify individuals and the Australian Information Commissioner of the breach, reputational damage, and could reduce its ability to retain existing tenants and generate new tenants, each of which could have a material adverse effect on HomeCo Daily Needs REIT’s financial performance and distributions.

Further, there is a risk that HomeCo Daily Needs REIT may be unable to provide critical business processes due to a potential distributed denial-of-service attack, resulting in disruption of services, loss of customers and financial and reputational damage.

## 7.2. General risks

### 7.2.1. The REIT's unit price may fluctuate

On Completion, HomeCo Daily Needs REIT will become subject to the general market risk that is inherent in all securities traded on a stock exchange. This may result in fluctuations in its Unit price that are not explained by the fundamental operations and activities of HomeCo Daily Needs REIT. There is no guarantee that the price of the Units will increase following quotation on ASX, even if HomeCo Daily Needs REIT's earnings increase.

The Units may trade at, above or below the Offer Price due to a number of factors, including:

- general market conditions;
- fluctuations in the local and global market for listed stocks;
- changes to government policy, legislation or regulation;
- inclusion in or removal from particular market indices (including S&P/ASX indices); and
- the nature of the markets in which HomeCo Daily Needs REIT operates.

Other factors that may negatively affect investor sentiment and influence HomeCo Daily Needs REIT specifically or the stock market more generally include acts of terrorism, an outbreak of international hostilities, civil unrest, fires, floods, earthquakes, labour strikes, civil wars, natural disasters, outbreaks of disease or other man-made or natural events.

### 7.2.2. Trading in the Units may not be liquid

There can be no guarantee that an active market for the Units will develop following Completion of the Offer. There may be relatively few potential buyers or sellers of the Units on the ASX at any given time. This may increase the volatility of the market price of the Units. It may also affect the prevailing market price at which Unitholders are able to sell their Units. This could result in Unitholders receiving a market price for their Units that are less than the price that they paid.

As noted at Section 2, on Completion, HomeCo will hold 27% of the Units, which will be subject to a 1 year voluntary escrow arrangement. The fact that HomeCo cannot trade its Units for one year may reduce the liquidity of trading in Units and this could also reduce the prevailing market price at which Unitholders are able to sell their Units.

### 7.2.3. Unitholders may suffer dilution

HomeCo Daily Needs REIT may issue more Units in the future in order to fund acquisitions or investments or to reduce its debt. While HomeCo Daily Needs REIT will be subject to the constraints of the ASX Listing Rules regarding the percentage of its capital that it is able to issue within a 12-month period (other than where exceptions apply), any such equity raisings may dilute the interests of Unitholders.

### 7.2.4. Taxation changes may occur

The taxation treatment for Unitholders is dependent upon the tax law as currently enacted in Australia. Changes in tax or stamp duty law or changes in the way tax or stamp duty law is expected to be interpreted in Australia may adversely impact HomeCo Daily Needs REIT's returns or the distributions paid to Unitholders.

An investment in the Units involves tax considerations that differ for each investor. Investors are encouraged to seek professional tax advice in connection with any investment in HomeCo Daily Needs REIT.

### 7.2.5. Expected future events may not occur

Certain statements in this PDS constitute forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance and achievements of HomeCo Daily Needs REIT to differ materially from any future results, performance or achievements expressed or implied in such forward-looking statements.

Given these uncertainties, prospective investors should not place undue reliance on such forward-looking statements. In addition, under no circumstances should a forward-looking statement be regarded as a representation or warranty by HomeCo Daily Needs REIT or any other person referred to in this PDS that a particular outcome or future event is guaranteed.

## 7 Investment risks (continued)

### 7.2.6. Impact of climate change

Climate change presents a potentially material risk to HomeCo Daily Needs REIT. The increasing severity of acute weather events (such as heatwaves, cyclones and storms) and chronic climate impacts may affect one or more of the Properties in the Portfolio (and associated communities) through physical damage, operating costs, ability to trade, consumer visitation and retail sales. These acute weather events may be sudden and acute or more gradual in nature. For example, a Property may be damaged by storms or flooding which requires extensive repairs and may impact sales at that Property. Alternatively, tenants may be impacted by disruptions to sales or their supply chains. HomeCo Daily Needs REIT has conducted both high-level and asset-level assessments of physical risks in order to identify and mitigate those risks.

Transitioning to a lower-carbon economy may entail extensive policy, legal, technology and market changes to address mitigation and adaption requirements related to climate change. These may require HomeCo Daily Needs REIT to incur costs to address these changes. The transition to a low carbon economy may enable HomeCo Daily Needs REIT to realise opportunities such as reducing its reliance on the electricity grid by generating onsite renewable energy which also protects its business from future energy market and policy uncertainty.

### 7.2.7. Force majeure events may occur, such as COVID-19

Events may occur within or outside Australia that could impact upon the global and Australian economies, the operations of HomeCo Daily Needs REIT and the price of the Units. These events include but are not limited to acts of terrorism, an outbreak of international hostilities, civil unrest, fires, floods, earthquakes, labour strikes, civil wars, natural disasters, outbreaks of disease or other man-made or natural events that can have an adverse effect on HomeCo Daily Needs REIT's ability to conduct its business.

The events relating to COVID-19 have resulted in significant market falls and volatility including in the prices of securities trading on ASX and on other foreign securities exchanges. There is continued uncertainty as to the further impact of COVID-19 including in relation to governmental action, work stoppages, lockdown, quarantines, travel restrictions and the impact on the Australian and global economy and share markets. In light of recent Australian and global macroeconomic events, including though not limited to the impact of COVID-19 and other factors, it is likely that Australia and other international economies will remain in recession or downturn of uncertain severity and duration which would further affect consumer spending, continue to impact on the operating and financial performance and prospects of the REIT and continue to interfere with HomeCo Daily Needs REIT's business.

The nature and extent of the effect of the COVID-19 outbreak on the performance of HomeCo Daily Needs REIT remains unknown. Any governmental or industrial measures taken in response to COVID-19 may adversely impact HomeCo Daily Needs REIT's operations and are likely to be beyond the control of HomeCo Daily Needs REIT. HomeCo Daily Needs REIT are monitoring the situation closely and considering the impact of COVID-19 on HomeCo Daily Needs REIT's business and financial performance. However, the situation is continually evolving, and the consequences are therefore inevitably uncertain. In compliance with its continuous disclosure obligations, HomeCo Daily Needs REIT will continue to update the market in regard to the impact of COVID-19 on its business and any adverse impact on HomeCo Daily Needs REIT.

### 7.2.8. Accounting standards may change

The Australian Accounting Standards to which HomeCo Daily Needs REIT adheres are set by the Australian Accounting Standards Board ("AASB") and are consequently outside the control of HomeCo Daily Needs REIT and the Directors of the Responsible Entity. Changes in accounting standards issued by the AASB or changes to the commonly held views on the application of those standards could materially adversely affect the financial performance and position reported in HomeCo Daily Needs REIT's financial statements.

### **8.8.3. Minimum and maximum Application size**

The minimum Application size under the Broker Firm Offer is \$2,000 worth of Units in aggregate. There is no maximum Application size under the Broker Firm Offer. The Responsible Entity, in consultation with the Underwriters, reserves the right not to accept Applications in the Broker Firm Offer that are from persons they believe may be Institutional Investors or reject or scale back any Applications (or aggregation of Applications) in the Broker Firm Offer and in increments of at least \$500 thereafter. The Responsible Entity may determine a person to be eligible to participate in the Broker Firm Offer, and may amend or waive the Broker Firm Offer application procedures or requirements, in its discretion in compliance with applicable laws.

### **8.8.4. Broker Firm Offer Opening Date and Broker Firm Offer Closing Date**

The Broker Firm Offer opens at 9.00am (Sydney Time) on 27 October 2020 and is expected to close at 5.00pm (Sydney Time) on 16 November 2020. The Responsible Entity and the Underwriters elect to close the Broker Firm Offer or any part of it early, extend the Broker Firm Offer or any part of it, or accept late Applications either generally or in particular cases. The Broker Firm Offer or any part of it may be closed at any earlier time and date, without further notice. Your Broker may also impose an earlier closing date. Applicants are therefore encouraged to submit their Applications as early as possible. Contact your Broker for instructions.

### **8.8.5. Application Monies**

Applicants under the Broker Firm Offer must pay their Application Monies to their Broker in accordance with instructions provided by that Broker.

### **8.8.6. Allocation policy**

The allocation of Units to Brokers was determined by the Joint Lead Managers and the Responsible Entity. Units which were allocated to Brokers for allocation to their retail clients will be issued to the Applicants nominated by those Brokers (subject to the right of the Joint Lead Managers and the Responsible Entity to reject, aggregate or scale back Applications). It will be a matter for each Broker as to how they allocate Units among their retail clients, and they (and not the Joint Lead Managers, the co-Managers or the Responsible Entity) will be responsible for ensuring that retail clients who have received an allocation from them receive the relevant Units.

Applicants in the Broker Firm Offer will be able to call the Offer Information Line on +61 1800 754 866 (toll free within Australia) between 8.30 am and 5.30 pm (Sydney time) Monday to Friday (excluding public holidays) during the Offer Period to confirm their allocation. Applicants under the Broker Firm Offer will also be able to confirm their allocation through the Broker from whom they received their allocation.

However, if you sell Units before receiving a holding statement, you do so at your own risk, even if you obtained details of your holding from the Offer Information Line or confirmed your allocation through the Broker from whom you received your allocation.

## **8.9. Priority Offer**

### **8.9.1. Who can apply?**

The Priority Offer is open to selected investors in eligible jurisdictions who have received a Priority Offer invitation to acquire Units under this PDS. If you are a Priority Offer Applicant, you will receive a personalised invitation to apply for Units in the Priority Offer. The Priority Offer is capped at \$15 million. The Priority Offer is not open to persons who are in the United States.

### **8.9.2. How to apply**

If you have received a personalised invitation to apply for Units under the Priority Offer and you wish to apply for all or some of those Units, you must apply in accordance with the instructions provided in your personalised invitation to apply.

Recipients of the Priority Offer invitation should read the separate Offer letter and this PDS carefully and in their entirety before deciding whether to apply under the Priority Offer. ## 8 Details of the Offer (continued)

To apply under the Priority Offer, you must complete the Priority Offer Application Form in accordance with the instructions provided in your Priority Offer invitation.

By making an Application, you declare that you were given access to this PDS, together with an Application Form. The Corporations Act prohibits any person from passing an Application Form to another person unless it is attached to, or accompanied by, a hard copy of this PDS or the complete and unaltered electronic version of this PDS.

Applications must be received by no later than 5.00pm (Sydney time) on 16 November 2020 and it is your responsibility to ensure that this occurs.

Applications under the Priority Offer must be for a minimum of \$2,000 worth of Units in aggregate and in increments of \$500. Your personalised invitation may indicate the maximum amount of Units that you may apply for.

### 8.9.3. How to pay

Payment may be made via BPAY® only. Application monies must be received by the Registry by 5:00pm (Sydney Time) on 16 November 2020. ### 8.9.4. Allocation policy

The allocation of Units among Applicants in the Priority Offer will be determined by the Responsible Entity in consultation with the Joint Lead Managers. There is no assurance that any Applicant will be allocated any Units, or the number of Units for which the Applicant applied.

## 8.10. Institutional Offer

### 8.10.1. Invitations to bid

Under the Institutional Offer, Institutional Investors in Australia, New Zealand and certain other eligible jurisdictions outside the United States were invited to bid for an allocation of Units under this PDS. The Joint Lead Managers separately advised the Institutional Investors of the Application procedures for the Institutional Offer.

### 8.10.2. Allocations under the Institutional Offer

The allocation of Units among Applicants in the Institutional Offer was determined by agreement between the Joint Lead Managers and the Responsible Entity. The Joint Lead Managers and the Responsible Entity had absolute discretion regarding the basis of allocation of Units among Institutional Investors.

Participants in the Institutional Offer have been advised of their allocation of Units, if any, by the Joint Lead Managers. The allocation policy was influenced, but not constrained, by the following factors:

- the Applicant's existing ownership in HomeCo;
- the timing and level of engagement by the Applicant with the Responsible Entity;
- number of Units bid for by particular Applicants;
- the timeliness of the bid by particular Applicants;
- HomeCo Daily Needs REIT's desire for an informed and active trading market following Completion;
- overall anticipated level of demand under the Broker Firm Offer, Priority Offer and Institutional Offer;
- the size and type of funds under management of particular Applicants;
- the likelihood that particular Applicants will be long term Unitholders; and
- any other factors that the Responsible Entity and the Joint Lead Managers considered appropriate.

## 8.11. Acknowledgements of Applicants

- to become a unitholder of HomeCo Daily Needs REIT and to be bound by the terms of the Constitution and the terms and conditions of the Offer;
- that the Responsible Entity and the Lead Managers and their respective officers or agents, are authorised to do anything on behalf of the Applicant(s) necessary for Units to be allocated to the Applicant(s), including to act on instructions received by the Registry upon using the contact details in the Application Form;
- that, in some circumstances, the Responsible Entity may not pay distributions;
- that the information contained in this PDS (or any supplementary or replacement PDS) is not financial product advice or a recommendation that Units are suitable for the Applicant(s), given the investment objectives, financial situation or particular needs (including financial and taxation issues) of the Applicant(s);
- that the Applicant(s) is/are a resident of Australia or New Zealand (except as applicable to the Institutional Offer, Priority Offer and Broker Firm Offer);
- that the Offer may be withdrawn by the Responsible Entity and/or may otherwise not proceed in the circumstances described in this PDS; and

By submitting an Application, each Applicant in the Offer will be taken to have represented, warranted and agreed as follows:

## 8 Details of the Offer (continued)

### 8.12. Underwriting arrangements of the Offer

The Offer is fully underwritten. Goldman Sachs, Macquarie Capital, and the Responsible Entity have entered into an Underwriting Agreement under which Goldman Sachs and Macquarie Capital, have been appointed as managers and underwriters of the Offer. Goldman Sachs and Macquarie Capital, have agreed, subject to certain conditions and termination events, to underwrite applications for all Units under the Offer. The Underwriting Agreement is subject to a number of conditions precedent and sets out a number of circumstances under which Goldman Sachs or Macquarie Capital, may terminate the Underwriting Agreement and its underwriting obligations.

A summary of certain terms of the Underwriting Agreement and underwriting arrangements, including the termination provisions, is provided in Section 13.13.

### 8.13. Restrictions on distribution

No action has been taken to register or qualify this PDS, the Units or the Offer or otherwise to permit a public offering of the Units in any jurisdiction outside of Australia and New Zealand.

This PDS does not constitute an offer or invitation to apply for Units in any jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or invitation or issue under this PDS.

This PDS may not be released or distributed in the United States, and may only be distributed to persons outside the United States to whom the Offer may lawfully be made in accordance with the laws of any applicable jurisdiction.

This PDS does not constitute an offer to sell, or a solicitation of an offer to buy, securities in the United States.

The Units have not been, and will not be, registered under the US Securities Act or the securities law of any state of the United States and may not be offered, sold, re-sold, pledged or transferred in the United States or to US Persons except in accordance with US Securities Act registration requirements or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the US Securities Act and any other applicable state securities law.

See Section 14.3 for further details regarding foreign selling restrictions.

### 8.14. Discretion regarding the Offer

The Responsible Entity may withdraw the Offer at any time before the issue of Units to successful Applicants. If the Offer, or any part of it, does not proceed, all relevant Application Monies will be refunded (without interest). The Responsible Entity and the Joint Lead Managers also reserve the right to close the Offer or any part of it early, extend the Offer or any part of it, accept late Applications or bids either generally or in particular cases, reject any Application or bid, or allocate to any Applicant or bidder fewer Units than applied or bid for.

### 8.15. ASX listing, registers and holding statements, conditional and deferred settlement trading

#### 8.15.1. Application to ASX for listing of HomeCo Daily Needs REIT and quotation of Units

The Responsible Entity will apply within seven days of the PDS Date for admission of HomeCo Daily Needs REIT to the Official List and quotation of the Units on the ASX. HomeCo Daily Needs REIT's expected ASX code will be 'HDN'.

ASX takes no responsibility for this PDS or the investment to which it relates. The fact that ASX may admit HomeCo Daily Needs REIT to the Official List is not to be taken as an indication of the merits of HomeCo Daily Needs REIT or the Units offered for subscription.

If permission is not granted for the official quotation of the Units on ASX, all Application Monies received by the Responsible Entity will be refunded (without interest) as soon as practicable in accordance with the requirements of the Corporations Act.

Subject to certain conditions (including any waivers obtained by the Responsible Entity from time to time), the Responsible Entity will be required to comply with the Listing Rules.

### 8.15.2. CHESSE and issuer sponsored holdings

The Responsible Entity has applied (or will apply) to participate in the ASX's Clearing House Electronic Sub-register System (**CHESSE**) and will comply with the Listing Rules and the ASX Settlement Operating Rules. CHESSE is an electronic transfer and settlement system for transactions in units quoted on ASX under which transfers are affected in an electronic form.

When the Units become approved financial products (as defined in the ASX Settlement Operating Rules), holdings will be registered in one of two sub-registers, being an electronic CHESSE sub-register or an issuer sponsored sub-register. For all successful Applicants, the Units of a unitholder who is a participant in CHESSE or a unitholder sponsored by a participant in CHESSE will be registered on the CHESSE sub-register. All other Units will be registered on the issuer sponsored sub-register.

Following Completion, Unitholders will be sent a holding statement that sets out the number of Units that have been allocated to them. This statement will also provide details of a Unitholder's Holder Identification Number (**HIN**) for CHESSE holders or, where applicable, the Unitholder Reference Number (**SRN**) of issuer sponsored holders.

Unitholders will subsequently receive statements showing any changes to their unitholding. Certificates will not be issued.

Unitholders will receive subsequent statements shortly after the end of the month in which there has been a change to their holding and as otherwise required under the Listing Rules and the Corporations Act. Additional statements may be requested at any other time either directly through the Unitholder's sponsoring broker in the case of a holding on the CHESSE sub-register or through the Registry in the case of a holding on the issuer sponsored sub-register. HomeCo Daily Needs REIT and the Registry may charge a fee for these additional issuer sponsored statements.

### 8.15.3. Conditional and deferred settlement trading and selling Units on market

It is expected that trading of the Units on ASX on a conditional and deferred settlement basis will commence on 23 November 2020.

Trades occurring on ASX before the date on which the Securities are issued will be conditional on the Capital Distribution and settlement of the Offer (**Conditions**). Conditional and deferred settlement trading will continue until the Responsible Entity has advised ASX that the Conditions have been satisfied, which is expected to be on 26 November 2020.

If the Conditions have not been satisfied by the end of the conditional and deferred settlement trading period or the Offer is withdrawn, the Offer will not complete and all trades conducted during the conditional and deferred settlement trading period will be invalid and will not settle. All Application Monies received will be refunded to Applicants. No interest will be paid on any Application Monies refunded as a result of the Offer not completing.

Following satisfaction of the Conditions, trading on ASX will be on an unconditional but deferred settlement basis until the Responsible Entity has advised ASX that initial holding statements have been dispatched to Unitholders. Trading on ASX is expected to commence on a normal settlement basis on 30 November 2020. Following the issue and transfer of Units, successful Applicants will receive a holding statement setting out the number of Units issued to them under the Capital Distribution and the Offer. It is expected that holding statements will be dispatched by standard post on 27 November 2020.

It is the responsibility of each person who trades in Units to confirm their own holding before trading in Units. Investors will be able to confirm their holdings by telephoning the Daily Needs Offer Information Line on +61 1800 754 866 (toll free within Australia) between 8.30am and 5.30pm (Sydney time) Monday to Friday (excluding public holidays) during the Offer Period. If you sell Units before receiving a holding statement, you do so at your own risk. The Responsible Entity, the Share Registry, the Joint Lead Managers and the Co-Managers disclaim all liability, whether in negligence or otherwise, if you sell Units before receiving your holding statement, even if you obtained details of your holding from the Daily Needs Offer Information Line or confirmed your firm allocation through a Broker.

## 8 Details of the Offer (continued)

### 8.16. Return of Application Monies

Application Monies for the Units may be held for up to one month, starting on the day on which the money was received, before the Units are issued or the Application Monies are returned.

Application Monies will be refunded (in full or in part) in Australian dollars where an Application is rejected, an Application is subject to scale-back or the Offer is withdrawn (either partially or completely) or cancelled.

No interest will be paid on any refunded amounts. Refund cheques will be sent following completion of the Offer or as otherwise applicable in the circumstances outlined above.

Dear Directors

### **PART 1 – INDEPENDENT LIMITED ASSURANCE REPORT ON PRO FORMA STATEMENT OF FINANCIAL POSITION, STATUTORY FORECAST FINANCIAL INFORMATION AND PRO FORMA FORECAST FINANCIAL INFORMATION**

#### **1. Introduction**

We have been engaged by HMC Funds Management Limited (“Responsible Entity”) as responsible entity of HomeCo Daily Needs REIT (the “REIT”) and Home Consortium (a stapled entity comprised of Home Consortium Limited and Home Consortium Developments Limited) (together “HomeCo”) to report on the pro forma statement of financial position, statutory forecast financial information and pro forma forecast financial information of the REIT for inclusion in the product disclosure statement to be dated on or about 16 October 2020 (the “PDS”), and to be issued by the Responsible Entity and HomeCo. The PDS is being issued by the Responsible Entity in respect of an offer of 226 million units in the REIT at an offer price of \$1.33 per unit to raise \$300 million (the “Offer”) and by HomeCo in respect of a transfer of its interests in the portfolio of assets to the REIT and then a distribution of approximately 129 million units to eligible HomeCo securityholders through a capital reduction (the “Capital Distribution”).

Expressions and terms defined in the PDS have the same meaning in this report.

The nature of this report is such that it can only be issued by an entity which holds an Australian Financial Services Licence under the *Corporations Act 2001*. Ernst & Young Strategy and Transactions Limited (“Ernst & Young Strategy and Transactions”) holds an appropriate Australian Financial Services Licence (AFS Licence Number 240585). Graeme Browning is a Director and Representative of Ernst & Young Strategy and Transactions. We have included our Financial Services Guide as Part 2 of this report.

## 2. Scope

### Pro Forma Statement of Financial Position

You have requested Ernst & Young Strategy and Transactions to review the pro forma consolidated statement of financial position of the REIT at the completion date, being 26 November 2020, the “Completion Date” (the “Pro Forma Statement of Financial Position”) as set out in table 5 of Section 6.4 of the PDS.

The Pro Forma Statement of Financial Position represents the REIT’s financial position at the Completion Date, and has been prepared to reflect the effects of the pro forma adjustments described in Section 6.2.2 of the PDS.

The Pro Forma Statement of Financial Position has been prepared in accordance with the stated basis of preparation, being the recognition and measurement principles contained in Australian Accounting Standards (“AAS”), other than that it includes adjustments which have been prepared in a manner consistent with AAS, that reflect the impact of certain transactions and the Offer as if they occurred as at the Completion Date.

Due to its nature, the Pro Forma Statement of Financial Position does not represent the REIT’s actual or prospective financial position.

### Statutory Forecast Financial Information

You have requested Ernst & Young Strategy and Transactions to review the following financial information of the REIT:

- ▶ the statutory forecast consolidated statement of profit and loss for the period from the Completion Date to 30 June 2021 as set out in table 1 of Section 6.3.1 of the PDS; and
- ▶ the statutory forecast consolidated funds from operations for the period from the Completion Date to 30 June 2021 as set out in table 2 of Section 6.3.2 of the PDS.

(Hereafter the “Statutory Forecast Financial Information”).

The directors’ best-estimate assumptions underlying the Statutory Forecast Financial Information are described in Sections 6.5.1 and 6.5.2 of the PDS.

## 9 Independent Limited Assurance Report (continued)

The stated basis of preparation used in the preparation of the statutory forecast consolidated statement of profit and loss is in accordance with recognition and measurement principles contained in AAS.

The statutory forecast consolidated funds from operations has been prepared in accordance with the stated basis of preparation, representing the statutory forecast consolidated net profit after tax adjusted for the acquisition and transaction costs, straight-lining of rental income, amortisation of lease incentives, amortisation of capitalised establishment fees, movement in AASB 16 leasehold liabilities and the income tax expense with reference to the best practice guidelines published by the Property Council of Australia (PCA) in May 2019.

### **Pro Forma Forecast Financial Information**

You have requested Ernst & Young Strategy and Transactions to review the following pro forma forecast financial information of the REIT:

- ▶ the pro forma forecast consolidated statement of profit and loss for the six months ending 30 June 2021 as set out in table 1 of Section 6.3.1 of the PDS; and
- ▶ the pro forma forecast consolidated funds from operations for the six months ending 30 June 2021 as set out in table 2 of Section 6.3.2 of the PDS.

(Hereafter the “Pro Forma Forecast Financial Information”).

The Pro Forma Statement of Financial Position, the Statutory Forecast Financial Information and the Pro Forma Forecast Financial Information together form the “Financial Information”.

The pro forma forecast consolidated statement of profit and loss has been derived from the statutory forecast consolidated statement of profit and loss of the REIT, adjusted to exclude the profit and loss impact of any transactions which are forecast to occur from the Completion Date to 31 December 2020.

The pro forma forecast consolidated funds from operations for the six months ending 30 June 2021 has been derived by adjusting the pro forma forecast net profit after tax of the REIT for the six months ending 30 June 2021 on the basis calculated in table 2 of Section 6.3.2 of the PDS.

The pro forma forecast consolidated statement of profit and loss has been prepared in accordance with the stated basis of preparation, being the recognition and measurement principles contained in AAS.

The pro forma forecast consolidated funds from operations has been prepared in accordance with the stated basis of preparation, representing the pro forma forecast consolidated net profit after tax adjusted for straight-lining of rental income, amortisation of lease incentives, amortisation of capitalised establishment fees, movement in AASB 16 leasehold liabilities and the income tax expense with reference to the best practice guidelines published by the Property Council of Australia (PCA) in May 2019.

Due to its nature, the Pro Forma Forecast Financial Information does not represent the REIT's actual or prospective financial performance and funds from operations for the six months ending 30 June 2021.

The Financial Information is presented in the PDS in an abbreviated form, insofar as it does not include all of the presentation and disclosures required by Australian Accounting Standards and other mandatory professional reporting requirements applicable to general purpose financial reports prepared in accordance with the *Corporations Act 2001*.

### **3. Directors' Responsibility**

#### ***Pro Forma Statement of Financial Position***

The directors of the Responsible Entity and HomeCo (the "Directors") are responsible for the preparation and presentation of the Pro Forma Statement of Financial Position, including the basis of preparation and selection and determination of the pro forma adjustments included in the Pro Forma Statement of Financial Position. This includes responsibility for such internal controls as the Directors determine are necessary to enable the preparation of the Pro Forma Statement of Financial Position that are free from material misstatement, whether due to fraud or error.

#### ***Statutory Forecast and Pro Forma Forecast Financial Information***

The Directors are responsible for the preparation and presentation of the Statutory Forecast Financial Information for the period from the Completion Date to 30 June 2021, including the basis of preparation and the best-estimate assumptions underlying the Statutory Forecast Financial Information. They are also responsible for the preparation and presentation of the Pro Forma Forecast Financial Information for the six months ending 30 June 2021, including the basis of preparation, selection and determination of the pro forma adjustments made to the Statutory Forecast Financial Information and included in the Pro Forma Forecast Financial Information. This includes responsibility for such internal controls as the Directors determine are necessary to enable the preparation of Forecast and Pro Forma Forecast Financial Information that is free from material misstatement, whether due to fraud or error.

### **4. Our Responsibility**

#### ***Pro Forma Statement of Financial Position***

Our responsibility is to express a limited assurance conclusion on the Pro Forma Statement of Financial Position based on the procedures and the evidence we have obtained.

#### ***Statutory Forecast Financial Information and Pro Forma Forecast Financial Information***

Our responsibility is to express a limited assurance conclusion on the Statutory Forecast Financial Information and Pro Forma Forecast Financial Information, the best-estimate assumptions underlying the Statutory Forecast Financial Information and Pro Forma Forecast Financial

## 9 Independent Limited Assurance Report (continued)

Information, and the reasonableness of the Statutory Forecast Financial Information and Pro Forma Forecast Financial Information themselves, based on our limited assurance engagement.

We have conducted our engagement in accordance with the Standard on Assurance Engagements ASAE 3450 *Assurance Engagements involving Corporate Fundraisings and/or Prospective Financial Information*.

Our limited assurance procedures consisted of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other limited assurance procedures. A limited assurance engagement is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain reasonable assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express an audit opinion.

Our engagement did not involve updating or re-issuing any previously issued audit or limited assurance reports on any financial information used as a source of the Financial Information.

### 5. Conclusions

#### ***Pro Forma Statement of Financial Position***

Based on our limited assurance engagement, which is not an audit, nothing has come to our attention that causes us to believe that the Pro Forma Statement of Financial Position of the REIT at the Completion Date as set out in table 5 of Section 6.4 of the PDS, is not presented fairly, in all material respects, in accordance with the stated basis of preparation, as described in Section 6.2.1 of the PDS.

#### ***Statutory Forecast Financial Information***

Based on our limited assurance engagement, which is not an audit, nothing has come to our attention that causes us to believe that:

- the Directors' best-estimate assumptions used in the preparation of the Statutory Forecast Financial Information of the REIT for the period from the Completion Date to 30 June 2021 do not provide reasonable grounds for the Statutory Forecast Financial Information;
- in all material respects, the Statutory Forecast Financial Information:
  - is not prepared on the basis of the Directors' best estimate assumptions as described in Sections 6.5.1 and 6.5.2 of the PDS; and
  - is not presented fairly in accordance with the stated basis of preparation, as described in Section 6.2.1 of the PDS; and
- the Statutory Forecast Financial Information itself is unreasonable.

### ***Pro Forma Forecast Financial Information***

Based on our limited assurance engagement, which is not an audit, nothing has come to our attention that causes us to believe that:

- the Directors' best-estimate assumptions used in the preparation of the Pro Forma Forecast Financial Information of the REIT for the six months ending 30 June 2021 do not provide reasonable grounds for the Pro Forma Forecast Financial Information;
- in all material respects, the Pro Forma Forecast Financial Information:
  - is not prepared on the basis of the Directors' best estimate assumptions as described in Sections 6.5.1 and 6.5.2 of the PDS; and
  - is not presented fairly in accordance with the stated basis of preparation, as described in Section 6.2.1 of the PDS; and
- the Pro Forma Forecast Financial Information itself is unreasonable.

### ***Statutory Forecast Financial Information and Pro Forma Forecast Financial Information***

The Statutory Forecast Financial Information and Pro Forma Forecast Financial Information has been prepared by management of the Responsible Entity and HomeCo and adopted by the Directors in order to provide prospective investors with a guide to the potential financial performance and funds from operations of the REIT for the period from the Completion Date to 30 June 2021 and for the six months ending 30 June 2021. There is a considerable degree of subjective judgement involved in preparing forecasts since they relate to events and transactions that have not yet occurred and may not occur. Actual results are likely to be different from the Statutory Forecast Financial Information and Pro Forma Forecast Financial Information since anticipated events or transactions frequently do not occur as expected and the variation may be material. The Directors' best-estimate assumptions on which the Statutory Forecast Financial Information and Pro Forma Forecast Financial Information is based relate to future events and/or transactions that management of the Responsible Entity and HomeCo expect to occur and actions that such management expect to take and are also subject to uncertainties and contingencies, which are often outside the control of the REIT. Evidence may be available to support the Directors' best-estimate assumptions on which the Statutory Forecast Financial Information and Pro Forma Forecast Financial Information is based however such evidence is generally future-oriented and therefore speculative in nature. We are therefore not in a position to express a reasonable assurance conclusion on those best-estimate assumptions, and accordingly, provide a lesser level of assurance on the reasonableness of the Directors' best-estimate assumptions. The limited assurance conclusions expressed in this report have been formed on the above basis.

Prospective investors should be aware of the material risks and uncertainties in relation to an investment in the REIT which are detailed in the PDS and the inherent uncertainty relating to the Statutory Forecast Financial Information and Pro Forma Forecast Financial Information. Accordingly, prospective investors should have regard to the investment risks and sensitivities as described in Sections 7 and 6.6 respectively of the PDS. The sensitivity analysis described in

## 9 Independent Limited Assurance Report (continued)

Section 6.6 of the PDS demonstrates the impact on the Pro Forma Forecast Financial Information of changes in key best-estimate assumptions. We express no opinion as to whether the forecast or pro forma forecast will be achieved.

We disclaim any assumption of responsibility for any reliance on this report, or on the Statutory Forecast Financial Information and Pro Forma Forecast Financial Information to which it relates, for any purpose other than that for which it was prepared. We have assumed, and relied on representations from certain members of management of the Responsible Entity and HomeCo, that all material information concerning the prospects and proposed operations of the REIT has been disclosed to us and that the information provided to us for the purpose of our work is true, complete and accurate in all respects. We have no reason to believe that those representations are false.

### 6. Restriction on Use

Without modifying our conclusions, we draw attention to Section 6.2.1 of the PDS, which describes the purpose of the Financial Information. As a result, the Financial Information may not be suitable for use for another purpose.

### 7. Consent

Ernst & Young Strategy and Transactions has consented to the inclusion of this limited assurance report in the PDS in the form and context in which it is included.

### 8. Independence or Disclosure of Interest

Ernst & Young Strategy and Transactions does not have any interests in the outcome of the Offer or the Capital Distribution other than in the preparation of this report for which normal professional fees will be received.

Yours faithfully

## 10 Summary of Valuation Reports (continued)

### Valuation Methodology and Rationale

Our primary method of valuation has been the capitalisation approach, with consideration also having been given to the Discounted Cash Flow and Direct Comparison approaches to value. A summary of these adopted valuation approaches as provided below.

#### Capitalisation Approach

The capitalisation approach to value involves the assessment of the current annual market rental value of the property. Our assessment of current annual market rental value has been based on an analysis of comparable rental evidence. The current market rental has then been capitalised at a rate derived from establishing a relationship between rental returns and the sale prices of comparable investment properties.

#### Discounted Cash Flow Analysis

The discounted cash flow analysis takes into account the ability of the property to generate income over a 10 year period based on certain assumptions. Provision is made for leasing up periods upon the expiry of the various leases throughout the 10 year time horizon. Each year's net operating income during the period is discounted to arrive at the present value of expected future cash flows. The property's anticipated sale value at the end of the period (i.e. its terminal or reversionary value) is also discounted to its present value and added to the discounted income stream to arrive at the total present Market Value of the property.

#### Direct Comparison Approach

Under the direct comparison approach we have compared the subject property to the analysis of the identified comparable sales evidence on a \$/m<sup>2</sup> of gross lettable area basis.

### Valuation Summary

We have arrived at our individual Market Value assessments after considering recent sales of comparable properties and having regard to the subject property's investment attributes. We have used both the capitalisation and discounted cash flow methods in arriving at our assessment of Market Value with the adopted analysis and valuation of the property being outlined as follows:

	Property Name	Adopted Capitalisation Rate	Adopted Discount Rate	IRR (10 Yr)	Equated Market Yield	Adopted Value	\$/m <sup>2</sup> GLA
1	HomeCo Braybrook	6.00%	6.75%	6.68%	6.05%	\$58,000,000	\$4,296
2	HomeCo Hawthorn East	5.50%	6.25%	6.08%	5.50%	\$68,000,000	\$5,942
3	HomeCo Keysborough	6.25%	7.25%	7.40%	6.19%	\$40,500,000	\$3,422
4	HomeCo Mornington	6.00%	6.75%	6.60%	6.05%	\$47,000,000	\$4,236
5	Woolworths Rosenthal	5.50%	6.00%	5.51%	5.52%	\$30,500,000	\$6,304
6	HomeCo Penrith	6.00%	7.25%	7.15%	6.01%	\$51,000,000	\$4,157
7	Prestons Place Shopping Centre	5.50%	6.00%	5.45%	5.61%	\$36,600,000	\$7,081
8	Vincentia Marketplace	6.00%	6.50%	6.47%	6.01%	\$60,000,000	\$6,264

### Company Qualifications

Savills Valuations Pty Ltd (“Savills”) has prepared this summary letter for inclusion in the PDS on the following conditions:

1. This letter is a summary of the valuation reports only. Any reliance should therefore be based upon the actual possession or sighting of the original valuation reports duly signed and countersigned by Savills. Such reliance is subject to the assumptions, limitations and disclaimers contained therein. Savills disclaim liability to any party using this summary letter without reference to the actual valuation reports.
2. Savills has prepared the valuations and this letter based on information provided by the instructing party. Savills believes that this information is accurate and complete, however Savills has not independently verified such information.
3. Savills is not providing advice about a financial product, nor the suitability of the investment set out in the PDS. Savills does not, nor do the valuers, hold an Australian Financial Services Licence and neither are operating under such a licence in providing their opinion as to the value of the properties detailed in this letter and the valuation reports.
4. Savills has prepared this summary for inclusion in the PDS and has only been involved in the preparation of this summary and the valuation referred to therein. Savills specifically disclaim liability to any person in the event of any omission from, or false or misleading statements included in the PDS, that were not prepared by Savills.
5. The valuation reports are current at the date of valuation only. The value assessed therein may change significantly and unexpectedly over a relatively short period of time (including as a result of general market movements or factors specific to the particular property). Liability for losses arising from such subsequent changes in value are excluded as is liability where the valuation is relied upon after the date of the valuation.
6. The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a “Global Pandemic” on the 11th March 2020, has impacted global financial markets. Travel restrictions have been implemented by many countries. Market activity is being impacted in many sectors. As at the valuation date we consider that we can attach less weight to previous market evidence for comparison purposes to fully inform opinions of value. Indeed, the current response to COVID-19 means that we are faced with an unprecedented set of circumstances on which to base a judgement. Our valuation is are therefore reported on the basis of ‘material valuation uncertainty’ as per VPS 3 and VPGA 10 of the RICS Red Book Global. Consequently, less certainty – and a higher degree of caution – should be attached to our valuation than would normally be the case. Given the unknown future impact that COVID-19 might have on the real estate market, we recommend that you keep the valuation of the subject properties under frequent review.
7. Neither this letter nor the valuation reports may be reproduced in whole or in part without the prior written consent of Savills.
8. Savills’s liability is limited by a scheme approved under Professional Standards Legislation.

## 10 Summary of Valuation Reports (continued)

**Valuers Interest**

We confirm that Savills Valuations Pty Ltd and the appointed Valuers nominated with the full valuation report, do not have any pecuniary interest that would conflict with the proper valuation of the subject properties and the valuation being made independently of Home Consortium Limited and/or its officers. Neither the Valuers nor Savills Valuations Pty Ltd are licensed to provide financial services and the information detailed herein (and the full valuation report) is not intended to provide advice on your investment decision.

Attention: The Directors  
HomeCo

Dear Directors,

## Home Consortium – Valuation Summary

### 1. Introduction

Jones Lang LaSalle Advisory Services Pty Ltd ('JLL') accepted written instructions, received on 28 September 2020, by Mr William McMicking, Finance Director, Home Consortium (HomeCo).

The instructions request that we undertake a market valuation of the 100% interest in the following properties:

- HomeCo Tingalpa, 261 New Cleveland Road, Tingalpa, Queensland; and
- HomeCo Richlands, 144 Pine Road, Richlands, Queensland.

The valuations have been undertaken as at 30 September 2020 and have been prepared for reliance by HomeCo for inclusion within a Product Disclosure Statement (PDS).

**This valuation summary letter is a summary of the valuations only and must not be relied upon for the purpose of assessing the property as an investment opportunity.**

As per the agreed brief we provide herein a valuation summary letter for inclusion in a prospectus to be issued by HomeCo. We accept no responsibility for reliance upon this valuation summary letter which must be read in conjunction with the full valuation reports.

### Brief Property Description

#### HomeCo Tingalpa

Formerly a purpose-built former Masters Home Improvement Store, HomeCo Tingalpa comprises a single level Large Format Retail (LFR) Centre. In 2017, the improvements were reconfigured into 7 tenancies ranging in size from 100m<sup>2</sup> to 3,981m<sup>2</sup>, consisting of 5 LFR tenancies (≥400m<sup>2</sup>) and 2 specialty tenancies (<400m<sup>2</sup>), which provide a total Gross Lettable Area (GLA) of 10,365m<sup>2</sup>. An administrative and staff mezzanine component is positioned to the front of the building and is accessed via an internal stairwell. Ancillary improvements comprise bitumen sealed parking for 300 vehicles as advised, concrete driveways, trolley bays, basic landscaping and lighting to the Property boundaries, a pylon sign and extensive fascia signage.

The improvements are constructed upon an irregular-shaped allotment classified as 'Emerging Community Zone' pursuant to the Brisbane City Plan 2014. Total site area is 27,720m<sup>2</sup>.

The Property is situated to the junction of New Cleveland Road and Manly Road at Tingalpa, approximately 14.5 kilometres (km) east of Brisbane's General Post Office (GPO).

#### HomeCo Richlands

The improvements comprise a former retail warehouse (Masters Home Improvement Store) which is currently being repurposed and expanded as a single level, enclosed mall Hybrid Centre. Upon completion of the redevelopment works, the improvements will be configured to include a full-line supermarket (Fresh and Save Supermarket), gymnasium (Goodlife Health Club) and childcare facility (Guardian Early Learning), supported by 4 large format retailers and 11 specialty tenancies, providing a total GLA of 12,518m<sup>2</sup>. Ancillary improvements will comprise on-site car parking for approximately 415 vehicles.

The redevelopment works commenced 1 June 2020 and are due to be completed by 27 February 2021.

## 10 Summary of Valuation Reports (continued)

The improvements are constructed upon an irregular-shaped allotment classified as 'District Centre Zone' pursuant to the Brisbane City Plan 2014. Total site area is 48,610m<sup>2</sup>.

The Property is situated to the south-eastern alignment at the intersection of Pine and Garden Roads, at Richlands, approximately 20.5km south-west of Brisbane's Central Business District (CBD).

Our assessment of these properties is subject to various critical assumptions as outlined in Section 6 and 7 of this valuation summary letter.

### 2. Reliance on this Letter

This letter summarises our full valuation reports, which are dated 30 September 2020, and is subject to the assumptions, limitations and disclaimers contained therein.

This letter alone does not contain all of the data and supporting information which is included in our report. We accept no responsibility for reliance upon this valuation summary letter, which must be read in conjunction with the full valuation reports, together with all of the risks and critical assumptions contained therein.

### 3. Valuer's Experience and Interest

The Valuer who prepared the valuation report is Mr Charles Chapman. The Valuer has over 10 year valuation experience in a range of property types and is authorised under the requirements of the Australian Property Institute and Queensland Valuers Registration Board to practise as a valuer in the State of Queensland.

### 4. Conflict of Interest

The above mentioned Valuer does not have any pecuniary interest that could reasonably be regarded as being capable of affecting their ability to give an unbiased opinion of the Property's value or that could conflict with a proper valuation of the Properties.

### 5. Basis of Valuation

#### Market Value

The value given herein is that of the market value of the property as defined by the International Valuation Standards Committee (IVSC), and endorsed by the API and PINZ, which is as follows:

*"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."*

We confirm that this valuation has been undertaken on the basis of the price that might reasonably be expected if the property was sold at the date of valuation assuming:

- a willing, but not anxious, buyer and seller;
- a reasonable period within which to negotiate the sale, having regard to the nature and situation of the property and the state of the market for property of the same kind;
- that the property was reasonably exposed to that market;
- that no account is taken of the value of other advantages or benefits additional to market value, to the buyer incidental to ownership of the property being valued;
- that the current proprietor has sufficient resources to allow a reasonable period for the exposure of the property for sale; and
- that the current proprietor has sufficient resources to negotiate an agreement for the sale of the property.

Included within the valuations are Lessor-owned items of building fixtures, fittings, plant and equipment. These items exclude all movable equipment, furniture, furnishings and tenant owned fit-out and improvements.

## 6. Valuation Methodologies

In arriving at our opinion of market value for the Properties, we have adopted the capitalisation of net income and discounted cash flow approaches as our primary methodologies. The direct comparison approach is used as a support methodology, where the value is analysed on a rate per square metre of GLA.

Our valuation has been undertaken utilising the JLL proprietary valuation model.

### Capitalisation Approach

The capitalisation approach involves the addition of our opinion of market rent for the various components of the property, and the deduction of outgoings in order to determine the net market income of the property. This net market income is capitalised at the adopted capitalisation rate to derive a core value.

Adjustments (for rental reversions, letting up allowances and capital expenditure) have been made where appropriate in order to derive the resultant value.

### Discounted Cash Flow Approach

We have undertaken a discounted cash flow analysis over a 10-year investment horizon to derive a net present value for each Property. The cash flow outputs are summarised and appended to this report.

We stress that the estimating of future rentals and values is a very problematic exercise which at best should be regarded as an indicative assessment of possibilities rather than absolute certainties. The process of making forward projection of key elements includes assumptions regarding a considerable number of variables which are acutely sensitive to changing conditions, variation in any of which may significantly affect value.

### Direct Comparison Approach

The direct comparison approach to valuation compares the Property to sales of similar properties within the surrounding locality and analyses these on a rate per square metre of GLA basis.

When analysing the sales evidence, we have taken into consideration the location attributes, building improvements, lease terms and conditions, access, zoning, date of purchase etc. of the sales and we have compared them to the Subject.

### Hypothetical/Residual Approach

Noting HomeCo Richlands is mid-redevelopment, in assessing the value of this Property, a hypothetical residual approach to valuation has been implemented whereby we have assessed the 'As if Complete' value and then applied a capital deduction for the estimated cost to complete, based upon information provided to us. An allowance for profit and risk equivalent to 10% of the outstanding cost to complete has similarly been incorporated as a capital deduction.

We advise we have not been provided with fully scoped building contracts for the repurposing works. Our valuation assumes the cost to complete of \$11,371,766 (exclusive of a profit and risk factor) or \$12,508,943 (inclusive of a profit and risk factor) is sufficient to deliver the reconfigured premises on the assumptions as outlined below:

- That the advised GLA subject to the proposed reconfiguration are correct and will be the areas approved and constructed. Should these areas prove to be materially different, we reserve the right to review our valuation;
- That all usual building services will be provided within a Centre of this nature, including but not limited to, male, female and disabled amenities; air-conditioning; loading docks; fire protection (i.e. sprinklers and fire extinguishers throughout); security systems including CCTV etc.;
- That the proposed development works will be completed in a good workman like manner in accordance with all Council requirements and both current and pending approvals;
- That all fire and electrical services meet the Building Code of Australia requirements;
- That Certificates of Occupancy are provided by the relevant authority upon completion of all construction and relevant fit-out works;
- That construction is carried out to a standard suitable for the proposed uses, meeting the Building Code of Australia requirements and any other legal requirement(s);
- That the proposed development works will comply with appropriate statutory, building and fire safety regulations;
- That the proposed development works are completed to the satisfaction of the incoming tenants; and
- The all redevelopment works are completed on or prior to 27 February 2021.

## 10 Summary of Valuation Reports (continued)

We advise that in regard to the total outstanding cost of development (as it relates to HomeCo Richlands only), we have relied upon costings and a development program as provided by Home Co and make no warranty as to the appropriateness of these inputs as at the date of valuation. We have relied upon the advised costings provided for the purpose of this valuation, assuming them to be adequate for all conversion works to be completed. Should the outstanding cost or timeframe to complete the redevelopment works materially change from those utilised within the valuation, we reserve the right to review our valuation.

Due to various critical assumptions, we advise that under no circumstances is the 'As if Complete' assessment suitable for reliance for any purpose.

### 7. Critical Assumptions, Conditions and Limitations

In the preparation of the valuation assessments we have made a variety of key assumptions and important comments. In this regard we advise that the entire reports, including annexures, must be read and understood by the nominated parties to whom reliance is extended so that the various assumptions and comments are understood in the context of the adopted valuation.

Should the parties to the reports have any concerns or queries regarding the contents or key assumptions made in the preparation of the valuations, those issues should be promptly directed to the nominated Valuers for comment and review.

Key Assumptions and Important Comments are outlined below and overleaf:

#### Verifiable Assumptions

- |                                      |  |
|--------------------------------------|--|
| <b>Market Movement</b>               | <ul style="list-style-type: none"> <li>▪ The valuations are current as at the date of valuation only. The value assessed herein may change significantly and unexpectedly over a relatively short period of time (including as a result of general market movements or factors specific to the particular property). We do not accept liability for the losses arising from such subsequent changes in value.</li> <li>▪ Without limiting the generality of the above and the following statement, we do not assume any responsibility or accept any liability for losses arising from such subsequent changes in value in circumstances where the valuations are relied upon after the expiration of 90 days from the date of valuation, or such earlier date if you become aware of any factors that have any effect on the valuation. However, it should be recognised that the 90 day reliance period does not guarantee the value for that period; it always remains a valuation at the date of valuation only.</li> <li>▪ Each report is relevant at date of valuation and to the circumstances prevailing at that time. However, within a changing economic environment experiencing fluctuations in interest rates, inflation levels, rents and global economic circumstances, acceptable returns on investment may, as a consequence, be susceptible to future variation. We therefore strongly recommend that before any action is taken involving an acquisition, disposal, shareholding restructure or other transaction more than 90 days after the date of this report, you consult the Valuer.</li> </ul> |
| <b>Environmental / Contamination</b> | <ul style="list-style-type: none"> <li>▪ Our valuations have been made assuming an audit would be available which would satisfy all relevant environmental and occupational health and safety legislation. If a property's current status needs to be clarified, an Environmental Audit should be undertaken and should any subsequent investigation show that the site is contaminated, this valuation may require revision. Our valuations exclude the cost to rectify and make good the Properties, which may have become contaminated as a result of past and present uses. Our valuations therefore assume that there are no environmental issues with the land holdings.</li> </ul>  |
| <b>Native Title</b>                  | <ul style="list-style-type: none"> <li>▪ We have not undertaken any formal native title searches, and our valuations are made on the assumption that there are no Native Title Claim issues relating to the Centres. If any Native Title Claim issues are found to relate to the Centres, we reserve the right to review our valuation.</li> </ul>   |
| <b>Information</b>                   | <ul style="list-style-type: none"> <li>▪ We have relied upon the accuracy, sufficiency and consistency of the information supplied to us. JLL accepts no liability for any inaccuracies contained in the information provided by Home Co or other parties, or for conclusions which are drawn either wholly or partially from that information. Should inaccuracies be subsequently discovered, we reserve the right to amend our valuation assessment.</li> <li>▪ We have relied on building areas, income figures and expense figures as provided by the instructing party or its agents and made specified adjustments where necessary.</li> </ul>  |
| <b>Current Title Searches</b>        | <ul style="list-style-type: none"> <li>▪ We have considered any dealings on the Current Title Searches in arriving at our opinion of value and assume good and marketable title. For a detailed Summary of the dealings noted on the Titles and each report, we refer you to the Current Title Searches annexed to each report.</li> <li>▪ We have not fully searched the notifications on title and our valuations assume good and marketable title and that each property is free of encumbrances, restrictions, mortgages, charges, and other financial liens or other impediments of an onerous nature, which would affect value.</li> <li>▪ We have also assumed that there are no other easements, rights of way or notations other than those referred to in the valuation(s) or on the Current Title Searches.</li> </ul>  |

### Verifiable Assumptions

- Site**
- We have relied on the land dimensions and areas as provided on the Survey Plans as searched and annexed. In certain cases physical checking of land dimensions and areas is difficult or not practical due to proximity of adjoining buildings, steep terrain or inaccessible title boundaries. JLL accepts no responsibility if any of the land dimensions or the area shown on title is found to be incorrect.
  - As the building improvements appear to lie within the title boundaries, it is unlikely that any encroachments would exist. A Licensed Surveyor would need to confirm that the building improvements lie on or within the title curtilage. This valuation is made on the assumption that there are no encroachments by or upon the Property.
  - Our valuation assumes that there are no archaeological entitlements with the land holding.
  - Our valuation also assumes that the Property is not affected by any road alteration or resumption proposals.
  - In relation to HomeCo Richlands, we highlight that the Applicant has made a written request to Brisbane Council, dated 3 July 2020, seeking a minor change to the Material Change of Use - Centre Activity approval outlined above. The proposed changes relate to various architectural amendments and subsequent changes to conditions. Urbis, as town planners for the Applicant, Home Co, advise that the proposed change, in the context of the change assessment criteria set out in Section 81 of the Planning Act 2016 are considered to be 'minor' changes and not be 'substantially different' to the approved development. Further detail relating to the Development Approval is outlined in *Section 2.5* of the valuation report.
- Asbestos**
- The improvements forming HomeCo Tingalpa were originally built circa 2012 (and subsequently repurposed in 2017) by which time the use of asbestos materials in building construction had been discontinued.
  - We have been provided an Asbestos Fibre Identification Analysis (dated 4 February 2014) completed by Environmental and Laboratory Solutions which detailed that asbestos containing materials were identified on the site. We have assumed that this material was removed prior to the construction of the existing improvements, which were also constructed in 2014.
  - Other than stated within this report, we have not undertaken any formal searches regarding the existence of asbestos in or on the Property. We are not experts in this area and therefore in the absence of an environmental consultant's report concerning the presence of any asbestos fibre in or on the Property, our valuation is made on the assumption that there are no health risks from asbestos. If any asbestos related health risk is found to exist on or within the Property, we reserve the right to review our valuation.
- Non-Conforming Building Products and Fire Safety**
- We have assumed (unless stated otherwise herein) that the improvements are compliant with the Building Code of Australia (BCA) along with the relevant fire safety codes and regulations and do not pose a fire compliance risk, nor require immediate rectification. We have made no allowances in our valuation for rectification works.
  - Our visual inspection is not a conclusive indicator of the actual presence of non-conforming building products and/or fire safety issues within the Property. If subsequent to the writing of this valuation an independent expert's report reveals the existence of any non-conforming building products previously not disclosed to the valuer in writing, then this valuation should be referred back to the valuer for further review and possible amendment. In this paragraph, non-conforming building products means building products and materials that do not satisfy the quality requirements of technical standards (including the Building Code of Australia) or legislative requirements, and/or building products and materials that have been incorrectly or inappropriately used.
- Environmental / Contamination**
- Our valuations have been made assuming an audit would be available which would satisfy all relevant environmental and occupational health and safety legislation. If a property's current status needs to be clarified, an Environmental Audit should be undertaken and should any subsequent investigation show that the site is contaminated, this valuation may require revision. Our valuations exclude the cost to rectify and make good the Properties, which may have become contaminated as a result of past and present uses. Our valuations therefore assume that there are no environmental issues with the land holdings.
- GST**
- In relation to our GST assumptions, we are not taxation or legal experts and we recommend competent and qualified advice be obtained. Should this advice vary from our interpretation of the legislation and Australian Taxation Office rulings current as at the date of valuation, we reserve the right to review and amend our valuations accordingly.
- Occupancy/Lease Info**
- We highlight that per our instructions, our valuation of HomeCo Tingalpa has been undertaken subject to a related party lease, that being to Anaconda who occupy Tenancy 4. Should the valuation be required on an alternate basis, this should be requested of the Valuer.
  - We note the lease to BCF in HomeCo Tingalpa is not registered on the Current Title Search. We would recommend the lease be registered on title to protect the rights and interests of each party to the lease.
  - Where we have sighted Agreements to Lease and/or Disclosure Statements only or in instances where we have sighted draft documentation only, we have assumed that formal lease documentation is prepared and executed in accordance with the details provided in the document(s) sighted.
  - Where we have been unable to sight relevant lease documentation, we have relied upon the information contained within the tenancy schedule and other financial information provided to us and assume that formal lease documentation has been prepared and executed in accordance with the details provided within the tenancy schedule/financial information.

Home Consortium Limited ('HomeCo')  
19 Bay Street  
Double Bay NSW 2028

Attention: The Directors  
HomeCo

Dear Directors,

## Home Consortium – Valuation Summary

### 1. Introduction

Jones Lang LaSalle Advisory Services Pty Ltd ('JLL') accepted written instructions, received on 8 October 2020, by Mr William McMicking, Finance Director, Home Consortium (*HomeCo*).

The instructions request that we undertake a market valuation of the 100% interest in Coomera City Centre, 1 Commercial Street, Upper Coomera, Queensland (*Subject/Centre/Property*).

The valuation has been undertaken as at 1 December 2020 and has been prepared for reliance by HomeCo for inclusion within a Product Disclosure Statement (PDS).

**This valuation summary letter is a summary of the valuation only and must not be relied upon for the purpose of assessing the Property as an investment opportunity.**

As per the agreed brief we provide herein a valuation summary letter for inclusion in a prospectus to be issued by HomeCo. We accept no responsibility for reliance upon this valuation summary letter which must be read in conjunction with the full valuation report.

#### Brief Property Description

Coomera City Centre was completed in early 2018 and comprises an open mall Neighbourhood Centre, configured over a single level with on grade parking. More particularly, the Centre has a total Gross Lettable Area (GLA) of 7,336.7 square metres (m<sup>2</sup>), underpinned by Coles, together with 29 specialty retailers.

Ancillary improvements comprise a total of 410 car parking bays (approximately 25% of which are positioned under shade sail structures) in addition to 2 signage pylons and basic landscaping to the Property boundaries.

The improvements are situated upon an irregular shaped allotment designated 'Centre Zone' pursuant to Gold Coast City Plan. The total site area is 29,060m<sup>2</sup>.

The Property is located within the established retail, commercial and residential locality of Upper Coomera, approximately 22km north-west of the Southport Central Business District (CBD) and 54km south-east of the Brisbane CBD.

### 2. Reliance on this Letter

This letter summarises our full valuation report, which is dated 1 December 2020, and is subject to the assumptions, limitations and disclaimers contained therein.

This letter alone does not contain all of the data and supporting information which is included in our report. We accept no responsibility for reliance upon this valuation summary letter, which must be read in conjunction with the full valuation report, together with all of the risks and critical assumptions contained therein.

### 3. Valuer's Experience and Interest

The Valuer who prepared the valuation report is Mr Charles Chapman. The Valuer has over 10 years valuation experience in a range of property types and is authorised under the requirements of the Australian Property Institute and Queensland Valuers Registration Board to practise as a valuer in the State of Queensland.

## 10 Summary of Valuation Reports (continued)

### 4. Conflict of Interest

The above mentioned Valuer does not have any pecuniary interest that could reasonably be regarded as being capable of affecting their ability to give an unbiased opinion of the Property's value or that could conflict with a proper valuation of the Property.

### 5. Basis of Valuation

#### Market Value

The value given herein is that of the market value of the Property as defined by the International Valuation Standards Committee (IVSC), and endorsed by the API and PINZ, which is as follows:

*"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."*

We confirm that this valuation has been undertaken on the basis of the price that might reasonably be expected if the Property was sold at the date of valuation assuming:

- a willing, but not anxious, buyer and seller;
- a reasonable period within which to negotiate the sale, having regard to the nature and situation of the Property and the state of the market for property of the same kind;
- that the Property was reasonably exposed to that market;
- that no account is taken of the value of other advantages or benefits additional to market value, to the buyer incidental to ownership of the Property being valued;
- that the current proprietor has sufficient resources to allow a reasonable period for the exposure of the Property for sale; and
- that the current proprietor has sufficient resources to negotiate an agreement for the sale of the Property.

Included within the valuation is Lessor-owned items of building fixtures, fittings, plant and equipment. These items exclude all movable equipment, furniture, furnishings and tenant owned fit-out and improvements.

### 6. Valuation Methodology

In arriving at our opinion of market value for the Property, we have adopted the capitalisation of net income and discounted cash flow approaches as our primary methodologies. The direct comparison approach is used as a support methodology, where the value is analysed on a rate per square metre of GLA.

Our valuation has been undertaken utilising the JLL proprietary valuation model.

#### Capitalisation Approach

The capitalisation approach involves the addition of our opinion of market rent for the various components of the Property, and the deduction of outgoings in order to determine the net market income of the Property. This net market income is capitalised at the adopted capitalisation rate to derive a core value.

Adjustments (for rental reversions, letting up allowances and capital expenditure) have been made where appropriate in order to derive the resultant value.

#### Discounted Cash Flow Approach

We have undertaken a discounted cash flow analysis over a 10-year investment horizon to derive a net present value for the Property. The cash flow outputs are summarised and appended to this report.

We stress that the estimating of future rentals and values is a very problematic exercise which at best should be regarded as an indicative assessment of possibilities rather than absolute certainties. The process of making forward projection of key elements includes assumptions regarding a considerable number of variables which are acutely sensitive to changing conditions, variation in any of which may significantly affect value.

### Direct Comparison Approach

The direct comparison approach to valuation compares the Property to sales of similar properties and analyses these on a rate per square metre of GLA basis.

When analysing the sales evidence, we have taken into consideration the location attributes, building improvements, lease terms and conditions, access, zoning, date of purchase etc. of the sales and we have compared them to the Subject.

### 7. Critical Assumptions, Conditions and Limitations

In the preparation of the valuation assessment we have made a variety of key assumptions and important comments. In this regard we advise that the entire report, including annexures, must be read and understood by the nominated parties to whom reliance is extended so that the various assumptions and comments are understood in the context of the adopted valuation.

Should the parties to the report have any concerns or queries regarding the contents or key assumptions made in the preparation of the valuation, those issues should be promptly directed to the nominated Valuer for comment and review.

Key Assumptions and Important Comments are outlined below and overleaf:

#### Verifiable Assumptions

##### Market Movement

- Our valuation is current as at the date of valuation only. The value assessed therein may change significantly and unexpectedly over a relatively short period of time (including as a result of general market movements or factors specific to the particular Property). We do not accept liability for the losses arising from such subsequent changes in value.
- Without limiting the generality of the above and the following statement, we do not assume any responsibility or accept any liability for losses arising from such subsequent changes in value in circumstances where the valuation is relied upon after the expiration of 90 days from the date of valuation, or such earlier date if you become aware of any factors that have any effect on the valuation. However, it should be recognised that the 90 day reliance period does not guarantee the value for that period; it always remains a valuation at the date of valuation only.
- This report is relevant at date of valuation and to the circumstances prevailing at that time. However, within a changing economic environment experiencing fluctuations in interest rates, inflation levels, rents and global economic circumstances, acceptable returns on investment may, as a consequence, be susceptible to future variation. We therefore strongly recommend that before any action is taken involving an acquisition, disposal, shareholding restructure or other transaction more than 90 days after the date of the report, you consult the Valuer.

##### Information

- We have relied upon the accuracy, sufficiency and consistency of the information supplied to us. JLL accepts no liability for any inaccuracies contained in the information provided by the Owner / Managing Agent and HomeCo plus other parties, or for conclusions which are drawn either wholly or partially from that information. Should inaccuracies be subsequently discovered, we reserve the right to amend our valuation assessment.
- We have relied on building areas, income figures and expense figures as provided by the instructing party or its agents and made specified adjustments where necessary.
- If any pre-purchase building audit/report indicates any adverse issues relating to the building, the report should be returned to the valuer for comment.
- As at the date of valuation, outstanding incentives total \$256,092. Pursuant to the terms of purchase however; all outstanding incentives are the responsibility of the Vendor and are therefore assumed will be paid out on settlement. This forms a critical assumption the to the assessment undertaken.
- The lease to Coles allows for the recovery of select expenses over the base year (year ending 30 June 2019). We advise the Landlord has not had the base year outgoings expenses audited. In conjunction with the Property Manager, we have estimated the base year outgoings amount based upon expenses as outlined to us. In the absence of an independent audit, we make no warranty as to the veracity of the base year amount adopted and/or subsequent recovery of \$40,769 as derived. Should an independent review determine a base year amount/recovery that materially differs to that adopted herein, this valuation should be referred back to the Valuer to ascertain the corresponding impact on value.
- We have been provided a signed indicative letter of offer to purchase, dated 9 September 2020. Salient terms of the offer are outlined in *Section 9.6*. In the event that negotiations regarding the sale of the Property lead to a change in the purchase price, the report should be returned to the valuer for comment.

##### Current Title Search

- We have considered any dealings on the Current Title Search in arriving at our opinion of value and assume good and marketable title. For a detailed summary of the dealings noted on the Title and in this report, we refer you to the Current Title Search annexed to the valuation.
- We have not fully searched the notifications on title and our valuation assumes good and marketable title and that the Property is free of encumbrances, restrictions, mortgages, charges, and other financial liens or other impediments of an onerous nature, which would affect value.
- We have also assumed that there are no other easements, rights of way or notations other than those referred to in the valuation or on the Current Title Search.

#### Verifiable Assumptions

- Assignment**
- This clause applies upon any request that this valuation be assigned to a party other than the intended recipients named herein. Notwithstanding anything else, including any agreement by JLL subsequent to this report's date that it will assign this valuation:
    - a. Our valuation is deemed not to be assigned unless the request for the assignment, confirmation, reissue or other act occurred within 90 days of the date of the valuation.
    - b. Any assignment is deemed to be in reliance upon, and is conditional upon, the assignee's acknowledgement that JLL:
      - has not re-inspected the Property prior to the assignment occurring;
      - has not undertaken further investigation or analysis as to any changes since the initial valuation; and
      - accepts no responsibility for reliance upon the initial valuation other than as a valuation of the Property as at the date of the initial valuation.
- Limited Liability Scheme**
- JLL are participants in the Australian Property Institute (API) limited liability scheme. This scheme has been approved under Professional Standards legislation and is compulsory for all API members.
- Reliance**
- Reliance on this valuation report is permitted only:
    - a. by a party expressly identified by the report as being permitted to rely on it;
    - b. when the given party has received the report directly from JLL; and
    - c. for a purpose expressly identified by the report as being a permitted use of the report.
- Currency**
- All amounts stated in this report are in Australian Dollars unless otherwise indicated.
- Conflict of Interest**
- The Valuer/Firm (in addition to the principal valuer) has no Potential Conflict of Interest or Pecuniary Interest (real or perceived) relating to the Property.
- Market Uncertainty**
- The outbreak of the Novel Coronavirus (COVID-19) was declared as a 'Global Pandemic' by the World Health Organisation on 11 March 2020. We have seen global financial markets impacted and travel restrictions and recommendations being implemented by many countries, including Australia.
  - The real estate market is being impacted by the uncertainty that the COVID-19 outbreak has caused. Market conditions are changing daily at present. As at the date of valuation we consider that there is a significant market uncertainty.
  - Our valuation is current at the date of valuation only. The value assessed herein may change significantly and unexpectedly over a relatively short period of time (including as a result of factors that the Valuer could not reasonably have been aware of as at the date of valuation). We do not accept responsibility or liability for any losses arising from such subsequent changes in value.
  - Given the valuation uncertainty noted, we recommend that the user(s) of this report review this valuation periodically.
- Tenant Covenant Strength**
- Although we reflect our general understanding of the status of the tenants based on publicly available information which may not be up to date, we are not qualified to advise you on the financial standing of the tenants. Based on the information currently available, we have formed the following view regarding the covenant status of the tenants:
    - *"With the ongoing outbreak of COVID-19 virus, uncertain trading and credit market conditions may lead to rapid changes in covenant strength and/or sentiment."*

## 8. Rental and Sales Evidence Summary

The inclusion of all the sales and rental evidence considered for the Property valued is not practical in this valuation summary letter.

Analysis and application of market derived evidence considered for the Property is contained within the valuation report.

## 9. Valuation Summary

We provide overleaf a summary of the adopted value as at 1 December 2020.

The Property was inspected prior to the date of valuation and our valuation reflects the Valuer's view of the market at the date of inspection, and do not purport to predict the future. Our assessment assumes that there are no material changes to the Property or the market between the date of inspection and the date of valuation, and we reserve the right to review the valuation if there are material changes to the Property or the market over this period.

Yours faithfully

## 10 Summary of Valuation Reports (continued)

### HomeCo Daily Needs REIT (DNR) Valuation Summary Letter

#### Material Assumptions

Material assumptions are contained within the full valuation reports. This Summary Letter should be read in conjunction with The Valuations and we cannot fully summarise all matters discussed within The Valuations within this Summary Letter. That said, some of the primary matters that could affect The Valuations are noted below; however, we caution that such matters are not limited to the following:

#### All Assets

The Novel Coronavirus (COVID-19), was declared a pandemic by the World Health Organisation on 11 March 2020. This health crisis has significantly impacted global financial markets.

The majority, if not all, of the property sectors have been adversely impacted in some way. Therefore, market evidence for some assets which were negotiated pre COVID-19 should be appropriately discounted as it is in most cases, no longer representative of current market conditions.

Our valuation is therefore reported on the basis of 'material valuation uncertainty' as per VPS 3 and VPGA 10 of the RICS Red Book Global Standards and the API Valuation Protocol – Significant Valuation Uncertainty. Consequently, less certainty – and a higher degree of caution – should be attached to our valuation than would normally be the case.

Additionally, given the unknown future impact that COVID-19 might have on the real estate market, we recommend that you keep the valuation of the property under frequent review.

We reserve the right to review and in appropriate circumstances revise our valuation report should any of the key assumptions and comments set out in this report result in matters that will have a material impact on value.

#### HomeCo Joondalup & HomeCo Butler

We note the existing relationship between the ownership structure of the property and the 'Spotlight Retail Group' (which includes Anaconda and Chemist Warehouse), which is understood to be shareholders in the Home Consortium brand. Notwithstanding, these tenants are well regarded national retailers which provide a significant drawcard to the Centre, and The Valuations have been undertaken under the assumption the respective leases are binding as per the terms and conditions contained within.

We have not been provided with final executed copies of the lease agreements to the various tenancies and have assumed that any heads of agreement, unsigned or unregistered leases noted within our report are converted to signed, registered leases as per the details provided. Legal advice is strongly recommended, with the valuer notified of any variations as The Valuations may change.

#### Proposed HomeCo Ellenbrook

The lease agreement to Spudshed includes works to construct the tenancy including the installation of refrigeration which have commenced as at the date of valuation. It is assumed that in the event the development as proposed does not proceed, that the proprietor will not be held accountable for any losses experienced as per the works sunset clause and termination clause within the Spudshed lease.

#### Glenmore Park Town Centre

We assume all information provided by the Instructing Party (Home Consortium Limited) and the information available in the Data Room is correct and current. As HomeCo progresses through its due diligence process, there will be new information that will come available and likely uploaded to the data room. We highlight, we have adopted the available information as at 15 September 2020. There will likely be some variations with new deals or tenants vacating or renewing. If there are any major changes post 15 September 2020 these changes should be specifically brought to our attention for consideration and possible reassessment.

As part of the transaction it is the Vendor's obligation to resolve a number of compliance issues as detailed in Section 5.2 of The Valuation. Funds will be held in escrow for any required costs post settlement. We recommend the Reliant Party consider the above and obtain progress updates on completion of the required works and ensure the funds in escrow are sufficient to rectify these issues.

We have been provided with a Technical Due Diligence Report prepared by Knight Frank dated 2 September 2020. The report highlights a number of issues which 'are to be considered' and some which should be addressed 'immediately'. We recommend HomeCo review the report in detail and action all necessary items as The Valuation is prepared on this basis.

#### Gregory Hills Town Centre

We have been provided with a Technical Due Diligence Report prepared by Knight Frank dated 18 September 2020. The report highlights a number of issues which are 'to be considered' and some which should be addressed 'immediately'. We recommend HomeCo review the report in detail and action all necessary items as The Valuation is prepared on this basis.

The lease documentation refers to a Head Lease and Sub Lease arrangement. HomeCo is acquiring the Freehold Interest. The Head Lease / Sub Lease arrangement is in place between Dart West (Developer) and Trustees of the Marist Brothers (Registered Proprietor). We are not privy to the specific Head Lease arrangement, however, understand any such arrangement will be dissolved. As such we have disregarded any reference to the Head Lease and Sub Lease when reviewing the lease documentation. If the arrangement differs in anyway The Valuation should be returned for review and possible amendment.

## HomeCo Daily Needs REIT (DNR) Valuation Summary Letter

**Glenmore Park Town Centre & Gregory Hills Town Centre**

We comment that the Primary Valuer has not physically inspected the subject property, however the Secondary Valuer has undertaken a full site inspection. Notwithstanding, the Primary Valuer's involvement has been undertaken pursuant to the APIs, "Protocol – Time of Crisis and/or State of Emergency Inspection requirements when undertaking valuations of real property" effective as at 29 March 2020.

This protocol deals with valuations undertaken by API members where a full (physical or personal) inspection of the property cannot be undertaken.

**All Assets – Verifiable Assumptions**

In addition to the above we have made a number of Verifiable / General Assumptions throughout The Valuations. As this is a Summary Letter only, we have detailed those specific and important assumptions above and refer the reader to The Valuations for additional valuation assumptions.

**Conflict of Interest**

We confirm that the Valuers have no conflict of interest that could reasonably be regarded as being capable of affecting that person's ability to give an unbiased opinion of the value or that could conflict with The Valuations.

**Basis of Valuation**

We have assessed The Valuations on the basis of Freehold title, subject to existing tenancies.

Included in the amount of each valuation are normal fixtures and fittings. Excluded from the amount are items of furniture and furnishings, and tenant's fixtures and fittings. The Valuations are determined on the basis that the properties, the title thereto and use are not affected by any matter other than that mentioned in The Valuations.

The Valuations have been completed in accordance with the following definition of Market Value as defined by the International Valuation Standards Council (IVSC) and endorsed by the API:

**Market Value**

*"Market Value is the estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently, and without compulsion."*

We further note that this valuation has been undertaken for financial reporting purposes and has been completed in accordance with International Financial Reporting Standards 13 (as defined in the International Valuation Standards 2017 – Fair Value), Australian Accounting Standards Board AASB 13 – Fair Value Measurement and AASB 140 – Investment Property. The respective Fair Value definitions are as follows:

**Fair Value Definition**
**IFRS 13**

*"...Fair Value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date."*

**AASB 13**

*"...the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date."*

**AASB 140**

*"...the amount for which an asset could exchange between knowledgeable, willing parties in an arm's length transaction."*

**Highest & Best Use**

The Fair Value of an asset is determined by reference to its highest and best use, that is, the use of the asset that is physically possible, legally permissible and financially feasible.

We believe that the current use of the property is reflective of its highest and best use.

## 10 Summary of Valuation Reports (continued)

HomeCo Daily Needs REIT (DNR) Valuation Summary Letter

### Valuation Methodology

In determining market value, we have examined the available market evidence and applied this analysis to both the traditional capitalisation approach and the discounted cash flow approach. These approaches have in turn been checked by the direct comparison approach, analysed on a rate per square metre of total lettable area.

For Asset 3, we have utilised the direct comparison approach both on an analysed rate per square metre of lettable area and also site area. This approach has been checked by the summation approach.

### Capitalisation Approach

The central premise of this approach is that the adopted capitalisation rate is derived from the yields indicated by sales of similar property investments. The yield derived from comparable sales evidence is purported to reflect any expectations of future growth in income and capital value.

The capitalisation of net income approach has been undertaken by applying a yield to the potential market net income (market capitalisation). To the value derived, adjustments have been made for any relevant rental reversions including letting up allowances for vacant space, incentives, leasing fees, capital expenditure and other appropriate capital allowances.

### Discounted Cash Flow

We have also determined the market value of the assets (excluding Asset 3) through the use of DCF analysis. The DCF approach involves the discounting of the net cash flow on a monthly basis over the assumed cash flow period at an appropriate rate to reflect risk to derive a market value. The net cash flow comprises the cash inflows less the cash outflows over the cash flow period, with the addition of the terminal value in the final cash flow period.

Cash inflows comprise income from the property adjusted to reflect actual rental income, speculative rental income and rental growth, whilst cash outflows comprise outgoings adjusted to reflect anticipated inflation, lease incentives and leasing and marketing fees. The terminal value is determined by the capitalisation of the imputed net market income in the month after the final cash flow period with allowances for any relevant capital adjustments.

The projected income stream reflects the anticipated growth, or otherwise, inherent in a property investment based upon the physical, tenancy or market characteristics related to that property. In addition to projected outgoings and allowances, future capital expenditure is reflected in the cash flow.

The future values quoted for property, rents and costs are projections only formed on the basis of information currently available to us and are not representations of what the value of the property will be as at a future date. This information includes the current expectations as to property values and income that may not prove to be accurate.

Having regard to the above factors we have prepared a 10 year cash flow projection for each asset (excluding the development site) in which we have assumed that the property is sold at the commencement of the eleventh year of the cash flow. The cash flow has been prepared on a tenant-by-tenant monthly basis and is based upon the following assumptions.

Our valuation has been undertaken on a GST exclusive basis.

## HomeCo Daily Needs REIT (DNR) Valuation Summary Letter

### Direct Comparison

The direct comparison approach entails an analysis of market transactions that compare to the subject property with adjustments made for varying points of difference. The approach compares sales on a rate per square metre of site area which reflects the differences in marketability, utility, location and physical attributes.

### Summation

The summation method involves adding the 'added value' of the improvements to the estimated unimproved value of the subject site (Proposed HomeCo Ellenbrook).

### Asset Summary

Below we highlight the individual asset types, land area and also lettable area. These are detailed as follows:

Asset Details				
No.	Asset Name & State	Asset Type	Land Area	Lettable Area

We refer the reader to The Valuations for a full discussion on location, improvements, trade area overview, market commentary, sales evidence, valuation calculations and a detailed income analysis (where applicable). The Valuations also detail the strengths, weakness, opportunities and threats for each asset.

### Valuation Summary

We have assessed the Market Value of the freehold interest for the 5 assets as at the respective dates of valuation being 30 September 2020 (Asset 1, 2 & 3) and 1 December 2020 (Asset 4 & 5). These assessments are listed below and are subject to the qualifications, assumptions and recommendations contained within The Valuations.

The properties have been inspected prior to the respective dates of valuation. Given potential changes to the market and the property, The Valuations represent our opinion as at the dates of valuation only. We do not accept any liability for losses arising from such subsequent changes in value.

For the purpose of The Valuations, we have assumed that the property and the market have remained unchanged between our inspection dates and the dates of valuation.

The individual assessments are as follows:

## Section 11

### Taxation

# 11 Taxation

## 11.1 Tax consequences of acquiring Units under the Offer

The initial cost base of a Unit will generally include the amount paid to acquire the Unit, plus certain incidental costs of acquisition and disposal (e.g. brokerage fees and stamp duty) that are not otherwise deductible to the Unitholder. The reduced cost base of a Unit will be similarly determined.

## 11.2 Taxation of HomeCo Daily Needs REIT

HomeCo Daily Needs REIT intends to elect into the AMIT regime. Accordingly, this summary has been prepared on the basis that HomeCo Daily Needs REIT is an AMIT.

As an AMIT, HomeCo Daily Needs REIT will be required to determine its 'determined trust components' each income year, which broadly reflect the taxable income of HomeCo Daily Needs REIT split into various classes of income for tax purposes. These components are then 'attributed' to the Unitholders.

The Responsible Entity is not subject to tax in respect of the income and gains derived by HomeCo Daily Needs REIT provided the Responsible Entity attributes (in full) the 'determined trust components' of HomeCo Daily Needs REIT to Unitholders within three months of the end of each income year and the Responsible Entity limits HomeCo Daily Needs REIT's activities to undertaking, or controlling entities that undertake, 'eligible investment business' for Australian taxation purposes.

It is intended that HomeCo Daily Needs REIT will be administered such that all of HomeCo Daily Needs REIT's 'determined trust components' in each income year will be attributed to Unitholders and HomeCo Daily Needs REIT undertakes only 'eligible investment business'. On this basis, HomeCo Daily Needs REIT should not have any liability for Australian income tax (other than non-resident withholding tax).

## 11.3 Taxation of Distributions

Distributions to Unitholders may comprise taxable, capital gain and non-assessable components. The Australian tax treatment of those components depends upon whether the Unitholder is an Australian-resident or non-resident.

### 11.3.1. Australian resident Unitholders

#### Taxable component

An Australian resident Unitholder will include in their assessable income the taxable component of the distribution in the year to which the distribution relates (i.e. the year in which HomeCo Daily Needs REIT derives and attributes the income, not when the distribution is physically received by the Unitholder). Tax is levied on the taxable component at the Unitholder's marginal tax rate.

If the taxable component of a distribution includes a franked dividend, Unitholders should be entitled to a tax offset equal to the amount of the associated franking credit, provided certain requirements are met.

#### Capital gain component

To the extent that a net capital gain is included in HomeCo Daily Needs REIT's taxable income, the Australian resident Unitholder should be regarded as having derived a capital gain equal to the Unitholder's attributed share of such net capital gain. Where the attributed capital gain includes a discount capital gain component, the Unitholder is required to 'gross up' the amount of the capital gain included in their assessable income by the discount applied by HomeCo Daily Needs REIT (i.e. 50%). Australian resident Unitholders can then apply any available capital losses from other sources to reduce the capital gain and then apply their own CGT discount factor, if applicable.

In the case of a Unitholder that is an individual or a trust the CGT discount is 50% and in the case of a complying superannuation entity the CGT discount is 33.33%. Companies are not entitled to a CGT discount on capital gains.

For completeness, it is noted that the Australian Government has proposed that MITs and AMITs will no longer be able to apply the CGT discount method at the trust level. If the proposed change is legislated, HomeCo Daily Needs REIT should still identify any CGT gains eligible for discount, so that Unitholders can calculate their CGT discount on any discountable capital gains attributed to them by HomeCo Daily Needs REIT.

## 11 Taxation (continued)

### Non-assessable component

In broad terms, the non-assessable component (i.e. tax-deferred component) represents the excess of the income distributed by HomeCo Daily Needs REIT over the taxable component and capital gain component of that distribution. Non-assessable amounts received by an Australian resident Unitholder will generally not be included in that Unitholder's assessable income.

### CGT cost base adjustments

The CGT cost base of a Unitholder's units in HomeCo Daily Needs REIT will be increased by the amount of the taxable component and capital gain component (grossed up to reflect the capital gains tax discount concession) and reduced by the gross amount distributed to the Unitholder and the Unitholder's share of any tax offsets (including franking credits). If the cost base of a Unit is reduced to nil, any subsequent amount distributed to a Unitholder in excess of the taxable component and CGT gain component will be taxable on receipt as a capital gain.

Eligible Australian resident Unitholders who are individuals, trustees or complying superannuation entities may be entitled to apply the applicable CGT discount factor to reduce any such capital gain (after the application of any capital losses).

### 11.3.2. Non-resident Unitholders

#### Taxable component – Dividends and Interest

Unfranked dividends and interest income distributed by HomeCo Daily Needs REIT will be subject to withholding tax which is generally imposed at a rate of 30 per cent for dividends and 10 per cent for interest. This is a final withholding tax. Franked dividends distributed by HomeCo Daily Needs REIT are not subject to withholding tax.

Non-resident Unitholders that are residents of a country that has entered into a double tax agreement with Australia may be entitled to a lower rate of withholding tax.

#### Taxable component – Other Income

Distributions from HomeCo Daily Needs REIT of income other than dividends and interest should be subject to MIT withholding tax.

The Responsible Entity will withhold MIT withholding tax from such distributions to the extent they represent taxable income of HomeCo Daily Needs REIT. However, taxable income of HomeCo Daily Needs REIT that is non-Australian sourced income or capital gains on assets that are not 'taxable Australian property' ('taxable Australian property' mainly includes direct and indirect interests in land situated in Australia) will not be subject to MIT withholding tax.

In calculating the taxable income of HomeCo Daily Needs REIT for non-resident withholding tax purposes, HomeCo Daily Needs REIT will be required to include the full amount of any capital gains HomeCo Daily Needs REIT derives from the disposal of 'taxable Australian property' (i.e. HomeCo Daily Needs REIT must disregard the availability of the discount capital gains tax concession).

The MIT withholding tax rate will depend on the country in which the relevant non-resident Unitholder is a resident. For residents of countries with which Australia has an 'effective exchange of information on tax matters' and which have been specified in the legislation for these purposes the rate will normally be 15%. For residents of other countries the MIT withholding rate will be 30%.

### Non-assessable component

The remainder of distributions to non-resident Unitholders will comprise the non-assessable component. This portion of a distribution is generally not immediately taxable in a Unitholder's hands.

A non-resident Unitholder's CGT cost base will be increased by the amount of the taxable component (including any grossed up CGT concession amount) and reduced by the amount distributed to the Unitholder and the Unitholder's share of any tax offsets (excluding franking credits).

Where a non-resident Unitholder that (together with its associates) holds 10 per cent or more of the units of HomeCo Daily Needs REIT and the CGT cost base of a Unit is reduced to nil, any amount distributed to that non-resident Unitholder in excess of the taxable component and capital gain component will give rise to an immediate capital gain to the Unitholder. The CGT discount is not available for non-resident Unitholders.

## 11.4. Disposal of Units

### 11.4.1. Australian Residents

Upon disposal of a Unit, a Unitholder should make a capital gain if the capital proceeds for the disposal exceed the cost base of the Unit. A Unitholder should make a capital loss if the capital proceeds are less than the reduced cost base of the Unit.

For disposals of a Unit, individuals, complying superannuation entities or trustees that have held their Units for at least 12 months may be entitled to benefit from the CGT discount to reduce the amount of the capital gain (after application of capital losses) from the disposal of their Units by:

- 50% in the case of individuals and trusts (for trustees, the ultimate availability of the discount for the beneficiaries of a trust will depend on the particular circumstances of the beneficiaries); or
- 33.33% for complying superannuation entities.

The CGT discount will not be available to a Unitholder that is a company.

### 11.4.2. Non-Residents

For Unitholders who are not Australian tax residents, the disposal of their Units should have no CGT consequences if the Units are not “taxable Australian property”.

A Unit should generally only be taxable Australian property for non-resident Unitholders who:

- just before the CGT event or throughout a 12 month period that began no earlier than 24 months before that time, the Unitholder, either alone or together with their associates, hold a 10% or greater interest in HomeCo Daily Needs REIT and more than 50% of the value of HomeCo Daily Needs REIT’s assets is attributable to Australian real property; or
- are individuals who made an election to disregard a CGT event I1 capital gain or capital loss in respect of their Units when they ceased to be an Australian tax resident.

For Units disposed of otherwise than on the ASX, non-resident Unitholders may not be subject to foreign resident CGT withholding tax of 12.5% on the disposal of their Units.

## 11.5. Other matters

### 11.5.1. TFN and ABN

A Unitholder is not obliged to quote a TFN, or where relevant, ABN, to HomeCo Daily Needs REIT.

However, if an Australian resident Unitholder does not provide their TFN, ABN or details of their exemption from having to provide a TFN or ABN to HomeCo Daily Needs REIT, tax may be withheld (currently at a rate of 47%) on all or part of the distributions paid by HomeCo Daily Needs REIT. However, Unitholders are entitled to claim an income tax credit/refund (as applicable) in respect of the tax withheld in their income tax returns.

### 11.5.2. GST

No GST should be payable in respect of acquisitions of Units pursuant to the Offer. The acquisitions involve dealings with securities, so the various supplies will be input taxed.

There may be an indirect GST cost for GST registered Unitholders on any costs they incur, as input tax credits will generally not be available for GST incurred in respect of supplies relating to the dealings with these Units (e.g. legal and other adviser fees). This will depend on the circumstances of the particular Unitholder.

### 11.5.3. Stamp duty

No stamp duty should be payable in respect of acquisitions of Units pursuant to the Offer. This is provided that HomeCo Daily Needs REIT is admitted to the ASX and all of the units of HomeCo Daily Needs REIT are quoted on the ASX at all relevant times (including for example the dates of issue, purchase or transfer of the Unit or agreement for such purchase or transfer) and provided that no person, either alone or with associated persons, acquires a 90% or greater interest in the Units in HomeCo Daily Needs REIT.

## Section 12

Fees and  
other costs

## 12 Fees and other costs

The Corporations Act requires the Responsible Entity to include the following standard consumer advisory warning. The information in the consumer advisory warning is standard across all product disclosure statements and is not specific to information on fees and costs in the REIT.

### DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

### TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities & Investments Commission (ASIC) website ([www.moneySMART.gov.au](http://www.moneySMART.gov.au)) has a managed investment fee calculator to help you check out different fee options.

### 12.1 Fees and other costs

The following table shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the REIT as a whole.

Taxes are set out in Section 11.

You should read all the information about fees and costs because it is important to understand their impact on your investment. All fees are quoted before GST.

TYPE OF FEE OR COST	AMOUNT	HOW AND WHEN PAID
<b>Fees when your money moves in or out of the fund</b>		
<b>Establishment fee</b> The fee to open your investment.	Nil	Not applicable.
<b>Contribution fee</b> The fee on each amount contributed to your investment.	Nil	Not applicable.
<b>Withdrawal fee</b> <b>The fee on each amount you take out of your investment.</b>	Nil	Not applicable.
<b>Termination fee</b> The fee to close your investment	Nil	Not applicable.

## 12 Fees and other costs (continued)

<b>Management fees and costs</b>		
<i>The fees and costs for managing your investment are:</i>		
<b>Investment Management Fee</b> A fee for the management and operation of the REIT	The Investment Manager is entitled, from Completion, to an Investment Management Fee equal to 0.65% per annum of Gross Asset Value ( <b>GAV</b> ) up to and including \$1.50 billion, and 0.55% per annum of GAV on GAV in excess of \$1.50 billion.	To be paid from the income or assets of the REIT monthly in arrears.
<b>Property Management Fee</b> A fee for the management and operation of the Portfolio	The Property Manager is entitled, from Completion, to a Property Management Fee equal to 3% of gross income.	To be paid from the income or assets of the REIT monthly in arrears.

<b>Service fees</b>		
<b>Investment switching fee</b> The fee for changing investment options.	Nil	Not applicable

## 12.2. Example of annual fees and costs

The following table gives an example of how the fees and costs to the REIT can affect your investment over a 1 year period.

You should use this table to compare this product with other managed investment products. All amounts are exclusive of GST.

Type of fee or cost		Balance of \$50,000 with a contribution of \$5,000 during year
Contribution Fees	Nil	For every additional \$5,000 you have in the REIT you will be charge \$0
<b>Management Costs</b>		
Management fees	0.65% per annum of GAV	For every \$50,000 you have in the REIT, you will be charged \$325. <sup>1</sup>
Property management fees	3.00% of gross income	For every \$50,000, you will be charged \$110, assuming Property Management Fees equate to 22 basis points of GAV. <sup>2</sup>
<b>EQUALS costs to fund</b>	If you had an investment of \$50,000 at the beginning of the year and you invested an additional \$5,000 at the beginning of the year, you would be charged fees and expenses of \$479 for that year.	

Note:

1. This amount has been estimated based on the REIT's expected GAV at Completion of below \$1.50 billion and applies the full management fee of 0.65% per annum of GAV. This is an estimate only and it is likely that the REIT's GAV, and therefore the amount of the management fee payable to the Responsible Entity will change over time. This amount is an estimate only based on the expected costs of managing the administering the REIT (excluding the management base fee).
2. Based on FY21 annualised Property Management Fees as a percentage of GAV on Completion.

## 12.3. Fees and costs associated with the Capital Distribution and the Offer

The following table sets out the fees and costs expected to be incurred in connection with the Capital Distribution and the Offer and the proportion of those fees and costs which the REIT will be responsible for.

### 12.3.1. Stamp duty costs

There should be no stamp duty arising on the Capital Distribution or Units acquired under the Offer. This is provided that HomeCo Daily Needs REIT is admitted to the ASX and all of the units of HomeCo Daily Needs REIT are quoted on the ASX on the Capital Distribution Date and at all relevant times (including for example the dates of issue, purchase or transfer of the Unit or agreement for such purchase or transfer) and provided that no person, either alone or with associated persons, acquires a 90% or greater interest in the Units in HomeCo Daily Needs REIT.

Stamp duty is payable on the acquisitions of new land assets and duty will be payable on the acquisitions of Glenmore Park Town Centre, Gregory Hills Town Centre and Coomera City Centre, and is estimated to be approximately \$15.3 million. Stamp duty will be payable in Victoria and Queensland on the acquisition of the Portfolio from HomeCo and is estimated at approximately \$4.7 million (provided stamp duty exemption and concessional relief applies in NSW, WA and Victoria). Victorian stamp duty will be payable on the float of HomeCo Daily Needs REIT (i.e. when all of its Units are quoted on the ASX) and is estimated at \$1.4 million.

### 12.3.2. Offer management, stamp duty, transfer duty, advisers', consultants' and other transaction costs

Transaction costs are estimated to be approximately \$45 million and include stamp duty relating to the Acquisitions, transfer duty, offer management fees, advisers' and consultants' fees, printing, marketing, property valuation fees and costs associated with establishing a listed entity (such as registry, Responsible Entity and initial listing fee). These costs will be paid by the REIT from the proceeds of the Offer.

## 12 Fees and other costs (continued)

Type of fee or cost (inclusive of GST)	Amount (A\$ 000s)
ASX and one-off listing costs	500
Underwriting and other advisor fees	16,420
Debt underwriting	6,400

<b>Total</b>	<b>44,715</b>

### 12.4. Additional explanation of fees and costs

#### 12.4.1. Operating expenses

To the extent permitted by the Corporations Act, the Responsible Entity and the Managers are entitled to recover all costs and expenses incurred in the proper performance of their duties as Responsible Entity and Managers of the REIT, including in relation to:

- the REIT's external advisers, such as the REIT's Auditor, accounting and tax advisers and legal advisers;
- ongoing fees payable to the ASX and ASIC or other regulatory and government authorities;
- fees payable to the Registry;
- fees payable to valuers and other consulting service providers;
- fees payable to the Custodian (refer to Section 13.6 for a description of the fees payable to the Custodian); and
- expenses (including travel), costs (excluding salaries) and disbursements incurred by HomeCo personnel in relation to the management and administration of the REIT and the Portfolio.

### 12.5. Fees to related parties under other arrangements

Certain fees and expenses will be paid from assets of the REIT to related parties of the REIT, including pursuant to the Management Agreements. See below for further detail on the fees payable under those agreements. Certain of these amounts, which are summarised below, are not included in the above tables as "management costs", as they are of a kind that would typically be incurred if investors acquired the relevant properties directly and not through the Fund.

HomeCo may also earn additional fees in relation to services which the REIT engages it to undertake on an arm's length basis.

#### 12.5.1. Investment Management Agreement

Under the Investment Management Agreement, the Investment Manager is entitled to:

- **Management Fee:** 0.65% per annum of GAV on GAV up to and including \$1.50 billion, and 0.55% per annum of GAV on GAV in excess of \$1.50 billion. The management fee is payable monthly in arrears.
- **Acquisition Fee:** 1.00% of the purchase price of any assets directly or indirectly acquired by the REIT in proportion to the REIT's economic interest in the asset; and
- **Disposal Fee:** 0.50% of the sale price of any assets directly or indirectly disposed of by the REIT in proportion to the REIT's economic interest in the asset.

The Investment Manager is also entitled to be paid or reimbursed for all reasonable expenses properly incurred in the performance of the services, including all taxes and amounts it pays to third parties for which it is also separately indemnified.

Refer to Section 13.4.9 for further details on costs and expenses.

### 12.5.2. Property Management Agreement

Under the Property Management Agreement, the Property Manager is entitled to:

- **Property Management Fee:** 3% of gross income for each property for each month;
- **New Tenant Lease Fee:** 15% of the Face Rent for the first year of a lease term where the tenant is new to the Property (any costs associated with an external party to assist with leasing are payable directly by the Property Manager and will not be an additional cost to the REIT);
- **Lease Renewal Fee:** 7.5% of the Face Rent for the first year of a new lease if an existing tenant enters into a new lease, including by way of exercise of an option to renew, to continue leasing their current tenancy in the Property (any costs associated with an external party to assist with leasing are payable directly by the Property Manager and will not be an additional cost to the REIT);
- **Lease Administration and Design Fees:** charge on a cost recovery basis, unless payable by the tenant; and
- **Development Management Fee:**
  - 5% of development costs in relation to the first \$2.5 million of project costs at each project; and
  - 3% of developments costs thereafter.

The Property Manager is also entitled to be paid or reimbursed for all reasonable expenses properly incurred in the performance of the services.

### 12.5.3. Responsible Entity Fees

Under the Constitution, the Responsible Entity is entitled to be paid a fee equal to 1% per annum (plus GST) of GAV but will not be paid this fee while the Managers are receiving the fees under the Management Agreements. This fee will be calculated on a pro-rata basis for any part period.

The Responsible Entity will also be reimbursed for all expenses incurred, including those in connection with the establishment, promotion and operation of the REIT, in properly performing its duties.

The Responsible Entity may elect that it be issued Units in lieu of cash payment of the management fees or reimbursement of expenses incurred in connection with the operation of the REIT. The number of Units to be issued to the Responsible Entity will be based on the amount of management fee to be paid or the expenses to be reimbursed (including any GST) by way of issue of Units, divided by the volume weighted average price of Units for each of the 10 trading days immediately before the management fee is payable or the day on which the expenses are reimbursable.

## 12.6. Fee changes

The Responsible Entity may not increase the fees payable to it as set out in the Constitution without a special resolution of Unitholders first having varied the Constitution. A special resolution requires 75% of the votes cast by those Unitholders entitled to vote on the resolution (by value).

The Investment Manager's or Property Manager's fees may not be amended without the agreement of the Responsible Entity and the Investment Manager or Property Manager.

## 12.7. Taxes

Unless stated otherwise, all fees in this Section 12 are inclusive of non-recoverable GST and less a full input tax credit or reduced input tax credit. For additional information in relation to the taxation implications of an investment in the REIT, please see Section 11.

## Section 13

Summary  
of important  
documents

## 13 Summary of important documents

Set out below is a summary of certain material contracts relating to the REIT which an investor would reasonably regard as material and which investors and their professional advisers would reasonably expect to find described in this PDS for the purpose of making an informed assessment of an investment in the REIT under the Offer.

This Section contains a summary of the material contracts and their substantive terms which are not otherwise disclosed elsewhere in this PDS. Summaries are included for information only, do not purport to be complete and are qualified by the text of the contracts themselves.

### 13.1. Summary of the Constitution

A general summary of the rights attaching to the Units and other key provisions of the Constitution are set out below. This summary is not intended to be exhaustive and is qualified by the Constitution, Corporations Act, exemptions and declarations by ASIC, Listing Rules, waivers by ASX and the general law.

#### 13.1.1. Units

The beneficial interest in the REIT is divided into Units. Each fully paid Unit confers an equal undivided interest and a partly paid Unit confers an interest of the same nature which is proportionate according to the amount of the application price that has been paid on the Unit. A Unit confers an interest in the assets of the REIT as a whole, subject to the liabilities. It does not confer an interest in a particular asset of the REIT. The Responsible Entity may issue options and financial instruments in accordance with the Constitution.

#### 13.1.2. Income and distributions

The Responsible Entity must determine the distributable income of the REIT for each distribution period. Unless the Responsible Entity determines otherwise, distributable income is the amount equal to the greater of:

- the amount calculated in accordance with generally accepted accounting principles as the income of the REIT for the Financial Year (excluding any unrealised amounts such as unrealised asset revaluation amounts); or
- the amount equal to the net income of the REIT (as defined in section 95 of the *Income Tax Assessment Act 1936* (Cth)) for the distribution period as reduced by any amounts that are not represented by a net accretion to the trust estate (including, without limitation, franking credits) and the amount of \$1.

Unless expressly determined otherwise by the Responsible Entity before the end of a Financial Year, the distributable income for that Financial Year shall not in any event be less than the amount that the Responsible Entity must distribute if it is not to be assessable (or liable to pay more Tax than the minimum amount of Tax properly assessable) on any portion of the net income of the REIT (as defined in section 95 of the *Income Tax Assessment Act 1936* (Cth)).

#### 13.1.3. Transfer of Units

If the Units are not officially quoted, transfer may be effected by instruments of transfer that are in accordance with the Constitution and in a manner prescribed by the Responsible Entity. While the Units are officially quoted, Units may be transferred in any manner prescribed by the Responsible Entity subject to the Constitution and the ASX Settlement Operating Rules.

#### 13.1.4. Redemptions

While the REIT is listed, a Unitholder may make a redemption request in respect of some or all of their Units by giving the Responsible Entity notice in writing of the request, or in any manner approved by the Responsible Entity. While the Units are officially quoted but are not stapled, the Responsible Entity may, subject to and in accordance with the Corporations Act (including any ASIC relief) and any requirements under the ASX Settlement Operating Rules, purchase Units and cause the Units to be cancelled. While the Units are officially quoted and stapled, the Responsible Entity may, subject to the Corporations Act and the Listing Rules, purchase Units on ASX or any other financial market on which the trading of Units is permitted, and also off-market.

## 13 Summary of important documents (continued)

### 13.1.5. Powers of the Responsible Entity

The Responsible Entity in its capacity as trustee of the REIT has power to:

- invest in, dispose of or otherwise deal with property and rights in its absolute discretion, including the power to invest in a controlled entity and derivatives;
- borrow or raise money whether or not on security of the assets of the REIT;
- incur all types of obligations and liabilities including guarantees;
- enter into an arrangement with a person to underwrite the subscription or purchase of Units, options or financial instruments on such terms as the Responsible Entity determines;
- apply for quotation of any Units, options or financial instruments on any exchange where similar instruments are listed and traded; and
- enter into management agreements in respect of the Portfolio.

The Responsible Entity may authorise any person to act as its agent or delegate (in the case of a joint appointment, jointly and severally) to hold title to any asset of the REIT, perform any act or exercise any discretion within the Responsible Entity's power, including the power to appoint in turn its own agent or delegate.

### 13.1.6. Meetings

The Responsible Entity may at any time convene a meeting of Unitholders and must do so if the Corporations Act or the ASX Operating Rules require.

### 13.1.7. Limitation of liability and indemnity in favour of the Responsible Entity

Subject to the Corporations Act, whilst the Responsible Entity acts in good faith and in the proper performance of its duties, the Responsible Entity is not liable in contract, tort or otherwise to Unitholders for any loss suffered in any way relating to the REIT.

Subject to the Corporations Act, the liability of the Responsible Entity to any person other than a Unitholder in respect of the REIT is limited to the amount the Responsible Entity actually receives under its right to be indemnified from the assets of the REIT.

The Responsible Entity is entitled to be indemnified out of the assets of the REIT for any liability incurred by it in properly performing any of its duties in relation to the REIT, or by, to the extent permitted by the Corporations Act, any liability incurred as a result of any act or omission of a delegate or agent appointed by the Responsible Entity.

### 13.1.8. Liability of Unitholders

In the absence of a separate agreement with a Unitholder or creditor, the recourse of the Responsible Entity and any creditor of the REIT against a Unitholder in connection with the REIT is limited to the assets of the REIT. The liability of a Unitholder is limited to the amount, if any, which remains unpaid in relation to the Unitholder's subscription for their Units. However, the Responsible Entity is entitled to be indemnified by a Unitholder or former Unitholder to the extent that the Responsible Entity incurs any liability for tax or costs as a result of the Unitholder's action or inaction, or as a result of an act or omission requested by the Unitholder or former Unitholder.

The Responsible Entity is also entitled to be indemnified by a Unitholder or former Unitholder for any tax payable by the Responsible Entity and any related costs as a result of the operation of the Attribution Managed Investment Trust (**AMIT**) regime to the extent that the tax reasonably related to the Units held by the Unitholder.

The Responsible Entity may satisfy the amount indemnified in relation to tax or costs by way of a reduction of payments otherwise due from the Responsible Entity to the Unitholder or former Unitholder or by way of a redemption of a number of Units held by the Unitholder as results in a satisfaction of the amount indemnified. A Unitholder need not indemnify the Responsible Entity if there is a deficiency in the assets of the REIT or meet the claim of any creditor of the Responsible Entity in respect of the REIT. However, the effectiveness of these provisions has not been tested in superior courts.

### 13.1.9. Fees and expenses

The Responsible Entity is entitled to receive a management fee in connection with the provision of the services to the REIT. Details of these fees are set out in Section 12. All expenses incurred by the Responsible Entity including, those in connection with the establishment, promotion and operation of the REIT and the Responsible Entity and its board of directors, in properly performing its duties are payable or can be reimbursed out of the assets of the REIT.

#### 13.1.10. Winding up

On the winding up of the REIT, each Unitholder is entitled to receive an amount of the net proceeds of realisation, after making allowance for all liabilities and expenses of the REIT, proportionate to the number of Units held.

The Responsible Entity may commence winding up of the REIT in accordance with the termination procedure set out in the Constitution on the earlier of:

- the day before 80 years after the REIT is established;
- the date specified by the Responsible Entity as the date of termination of the REIT in a notice given to Unitholders; and
- the date on which the Responsible Entity commences termination or winding up of the REIT in accordance with the Constitution or by law.

#### 13.1.11. Amendment to the Constitution

If the Corporations Act allows, the Constitution may be amended by a resolution passed at a meeting of Unitholders of the REIT or by deed executed by the Responsible Entity. The Responsible Entity has the power to amend the Constitution as the Responsible Entity considers necessary or desirable to facilitate compliance with and the effective operation of the REIT as an AMIT for the purposes of the AMIT regime, and may do so without seeking approval from Unitholders, subject to the Corporations Act as modified by any applicable ASIC relief.

## 13.2. Implementation Deed

The Implementation Deed is between HCL, HCDL and the Responsible Entity. This deed sets out the procedures to be followed to implement the Proposal and other related matters. In addition to those elements of the Proposal described elsewhere in this PDS, the Implementation Deed deals with the matters discussed in this Section.

#### 13.2.1. Agreement to implement the Proposal

The parties agree to do all things reasonably necessary to implement and give effect to the Proposal, subject to their constitutions, the Implementation Deed, any of their material obligations and applicable laws. This includes using best endeavours to ensure satisfaction of the conditions precedent (see below).

#### 13.2.2. Conditions precedent

The implementation of the Proposal is subject to:

- ASIC, ASX and any other regulatory authority providing such consents or approvals or having done such other acts which the parties agree are required to implement the Proposal and those consents or approvals are not withdrawn, cancelled or revoked;
- admission of the REIT to the official list of ASX and official quotation of the Units having commenced;
- the Offer not having been withdrawn by the Responsible Entity and the Underwriting Agreement not having been terminated or any condition precedent in the Underwriting Agreement not having become incapable of being satisfied;
- approval by HomeCo Securityholders at the Meeting of the Capital Distribution by the requisite majorities;
- HomeCo has obtained all necessary consents under its existing debt facilities to undertake the Proposal and such consent not having been withdrawn or any conditions to such consent not having become incapable of being satisfied;
- no judgement, order, rule or regulation, restraint or prohibition is entered, enacted, enforced or issued by any court or government agency remains in effect as at 8.00am on the date the REIT is admitted to the official list of ASX and official quotation of Units commences that prohibits, materially restricts, makes illegal or restrains the completion of the Proposal; and
- the Debt Facility is entered into and all conditions precedent to the Sale Contracts and the Debt Facility, in each case, being satisfied or waived or, in the case of the Debt Facility, will be satisfied on first utilisation under the Debt Facility.

## 13 Summary of important documents (continued)

### 13.2.3. Termination

A party may terminate the Implementation Deed by notice in writing to the other parties if a condition precedent becomes incapable of satisfaction, and the breach or non-fulfilment of the condition precedent that would otherwise occur has not already been waived.

HomeCo may also terminate the Implementation Deed by giving written notice to the Responsible Entity at any time before the Capital Distribution is approved.

### 13.2.4. Limitation of liability

The liability of the Responsible Entity is limited to the extent it can be satisfied out of the assets of the REIT and for which it is actually indemnified for the liability. The other parties may not bring proceedings against the Responsible Entity in any capacity other than as responsible entity of the REIT.

The liability of the Responsible Entity is not limited in the above manner to the extent there is a reduction in the extent of its indemnification out of the assets of the REIT under the Constitution or, by operation of law, there is a reduction as a result of its fraud, wilful default, negligence or breach of trust.

## 13.3. Summary of the Compliance Plan

The Compliance Plan of the REIT describes the processes and procedures that the Responsible Entity will use to ensure compliance with its AFSL, the Constitution, the Corporations Act, and relevant industry and internal standards.

Under the Compliance Plan, the Responsible Entity must have, in addition to the Audit and Risk Committee, a compliance personnel who reviews compliance on an ongoing basis, reports on compliance matters to the Responsible Entity and acts on the recommendations of the Board.

## 13.4. Summary of the Investment Management Agreement

### 13.4.1. Management Services

Under the Investment Management Agreement, the Investment Manager has been delegated the day-to-day control over the REIT and its controlled entities (the **Group**) and the Group's portfolio of assets, subject to the supervision and control of the Responsible Entity and the terms of the agreement.

Services to be provided by the Investment Manager to the REIT and its controlled entities (the **Services**) include investment management services with respect to dealings in the Group's assets, management of the equity and debt financing of the Group, day-to-day management of the Group's secretarial, accounting, administrative and reporting, management of auditors, advisers and other consultants, Unitholder relations and meetings, management of all compliance and contractual requirements, including with respect to ASX listing obligations, preparation of an operating plan (including a budget) for the Group for each financial year, and other services agreed by the Investment Manager and the Responsible Entity. The Investment Manager is not required to provide any Services to the extent to that they would comprise services or activities that would require the Investment Manager to hold an Australian Financial Services Licence or that the Responsible Entity cannot delegate to the Investment Manager under law. The Property Manager will separately provide property management services to the Responsible Entity and the Group under the Property Management Agreement.

The Investment Manager must act in accordance with the requirements of the REIT's investment policy and any applicable legal and other requirements. The Responsible Entity may at any time overrule the Investment Manager to the extent that the Responsible Entity believes doing so is necessary or advisable to comply with any applicable requirement or in the best interests of the Unitholders. The Investment Manager must also seek the approval of the Responsible Entity before incurring any expenditure in excess of the lower of \$200,000 and 10% of the expenditure which has been agreed by the Responsible Entity in an annual operating plan for the relevant financial year, and entering into any contract in the name of the Responsible Entity or any Group member to acquire or dispose of any asset for a consideration in excess of \$5,000,000 (whereby both thresholds are increased annually by 5%).

### 13.4.2. Exclusivity

During the term of the Investment Management Agreement, the Responsible Entity must not appoint any other party to perform the Services except where it is necessary to comply with applicable law or regulation, the terms of the REIT's financing arrangements or other applicable requirements, or as otherwise permitted by the Investment Manager. The Investment Manager and its associates may from time to time perform services for itself and other parties the same as or similar to the services provided under the Investment Management Agreement.

### 13.4.3. Right of first offer

The Investment Manager has committed to first offer to the Responsible Entity any opportunity to acquire an investment in convenience real estate assets that the Investment Manager or its associates (including the Responsible Entity), or any of their officers, directors, or employees (acting in that capacity), identify and which falls within the REIT's investment strategy (subject to certain exceptions, including where the opportunity is subject to third party rights or the Investment Manager or the HomeCo Group would be in breach of any law or document to do so).

### 13.4.4. Term and termination

The Investment Management Agreement commences on Completion.

The initial term of the agreement is 10 years and is automatically extended for successive five year terms unless terminated by either the Investment Manager or the Responsible Entity by giving at least 12 months' notice prior to the end of the initial term or any successive five year term. This means that the initial term of the agreement is at least 10 years unless otherwise terminated in one of the circumstances referred to below.

Where the Responsible Entity gives the required notice that it does not wish to extend the agreement at the end of a term, termination in this circumstance will give rise to the payment of a compensation amount to the Investment Manager equal to two years of management fees, determined as at the date of expiry or termination of the Investment Management Agreement.

### 13.4.5. Manager's termination rights

The Investment Manager can terminate the Investment Management Agreement:

- at any time on 90 days' notice to the Responsible Entity, if there is a bona fide sale of all or substantially all of the assets of the Group to a third party on an arm's length basis; or
- immediately if:
  - there is a material default of the agreement by the Responsible Entity which is not rectified (including by way of payment of reasonable compensation) within 90 days of written notice from the Investment Manager;
  - the Responsible Entity commits five or more breaches of the Investment Management Agreement within a consecutive 12 month period (provided that the Investment Manager has provided notice to the Responsible Entity of each individual breach within 30 days of becoming aware of the relevant breach);
  - the Responsible Entity is insolvent (and is not replaced by another trustee within 60 days of becoming insolvent);
  - the REIT is insolvent; or
  - without prior written approval of the Investment Manager, there is a change in a person having, or a person gaining, control of the ability to remove the Responsible Entity, the Responsible Entity is replaced by a responsible entity that is not a member of the HomeCo Group or a winding-up of the REIT commences (provided that, in each case, notice of termination is provided within 90 days of the Investment Manager becoming aware of the change of control).

In addition, the Investment Manager can terminate the agreement on 20 business days' notice where there is a variation to the investment policy of the REIT, and the Investment Manager considers the variation will have a material effect on the Investment Manager's obligations, liability or risk under the agreement.

Termination by the Investment Manager in these circumstances will give rise to the payment of a compensation amount to the Investment Manager equal to two years of management fees, determined as at the date of expiry or termination of the Investment Management Agreement.

## 13 Summary of important documents (continued)

### 13.4.6. Responsible Entity's termination rights

The Responsible Entity can terminate the Investment Management Agreement:

- on 60 days' notice to the Investment Manager, if there is a bona fide sale of all or substantially all of the assets of the Group to a third party on an arm's length basis; or
- immediately if:
  - a change in a person having, or a person gaining, control of the ability to remove the Responsible Entity, the Responsible Entity being replaced by a trustee who is not a member of the HomeCo Group, the winding up the REIT commences (provided that, in each case, notice of termination is provided within 90 days of the Responsible Entity becoming aware of the change of control); or

The issue of Units is subject to the requirements of the Corporations Act and the Listing Rules.

If the Investment Manager elects to receive Units with respect to some or all of a Management Fee amount (plus any GST payable in respect of that amount), the number of Units to be issued to the Investment Manager (or its nominee) will be calculated by reference to the volume weighted average price of the Units during the period of 5 trading days up to the end of the relevant month to which the Management Fee relates.

### 13.4.9. Costs and expenses

The Investment Manager must seek the approval of the Responsible Entity where expenditure would exceed the prescribed thresholds.

If the Investment Manager delegates, appoints an agent or service provider, or otherwise engages a third party (including an associate) to provide a service to the Responsible Entity (or Group Member or Custodian) that would not customarily be provided by the Investment Manager, the Responsible Entity will be liable to pay for the expenses incurred as a result of that delegation or appointment, provided those same services have first been approved by the Responsible Entity.

#### **13.4.10. Conflicts and use of associates**

The Investment Manager must establish protocols for the prevention and management of conflicts.

The Investment Manager may, in connection with the Investment Management Agreement, invest in, deal with or engage the services of the Investment Manager's associates engaged in separate business activities which are entitled to charge fees, brokerage and commissions provided that they are in the ordinary course of business, on an arm's length commercial basis and approved by the Responsible Entity.

## 13 Summary of important documents (continued)

### 13.5.3. Term and termination

The Property Management Agreement commences on Completion.

The initial term of the agreement is 10 years and is automatically extended for successive five year terms unless terminated by either the Property Manager or the Responsible Entity at least 12 months prior to the end of the initial term or any successive five year term. This means that the initial term of the agreement is at least 10 years unless otherwise terminated in one of the circumstances referred to below.

Where the Responsible Entity gives the required notice that it does not wish to extend the agreement at the end of a term, termination in this circumstance will give rise to the payment of a compensation amount to the Property Manager equal to two times the fees paid under the agreement in the 12 months up to expiry of the term.

The agreement will not automatically apply to a new property in which the REIT holds, directly or indirectly, less than a 50% interest. The agreement may also be terminated by the Property Manager or the Responsible Entity on the sale of an individual property or the securities in any entity which directly or indirectly owns a property. The agreement may also be terminated with respect to a property in circumstances where a property is destroyed, or a property is damaged so that the property is unfit or substantially unfit for the Property Manager to perform its obligations under the agreement.

### 13.5.4. Property Manager's termination rights

Note that in the case of default or the insolvency of a Group entity, the Property Manager's termination right can be exercised in relation to the individual property in respect of which the default or insolvency has occurred or in respect of the whole agreement (at the election of the Property Manager).

Termination of the agreement by the Property Manager in these circumstances (other than where the Property Manager has terminated without cause by giving 90 days' notice) gives rise to the payment of a compensation amount to the Property Manager equal to two times the fees paid under the agreement in the 12 months up to termination.

### 13.5.5. Responsible Entity's termination rights

The Responsible Entity can terminate the Property Management Agreement:

- on 60 days' notice to the Property Manager, if there is a bona fide sale of all or substantially all of the assets of the Group to a third party on an arm's length basis;

In these circumstances, no compensation amount will be payable to the Property Manager.

#### 13.5.6. Continuation of development management services

If the agreement is not renewed or terminated, the Property Manager will continue to perform and be paid for development management services in respect of any approved development works that are ongoing at the time of termination, until completion of those works (on the condition that the Property Manager will be required to enter into an agreement with the Responsible Entity in respect of those development works with the same rights and obligations as the Property Manager Agreement (subject to any amendments reasonably required by the Responsible Entity)).

#### 13.5.7. Fees, costs and expenses

##### Fees

Unless the Property Manager has appointed other parties to assist with the delivery of all or part of its services, the Property Management fees payable to the Property Manager will be as follows:

If the Property Manager's fees are considered to be outside of market ranges, the parties will either agree to a revision to market based fees or refer the review of fees to expert determination (if they cannot agree).

##### Costs and expenses

The Property Manager is entitled to be reimbursed for all costs and expenses it reasonably and properly incurs as Property Manager other than expenses that arise as a result of the negligence, fraud, wilful misconduct or dishonesty of the Property Manager or any officer, employee, delegate, agent or contractor of the Property Manager. The Property Manager must seek the approval of the Responsible Entity where expenditure is not within budget and would exceed any relevant specified thresholds.

The Property Manager is also entitled to recover staff salary, salary on-costs, travel and office operating expenses associated with on-site management, operations, marketing and administration of any property and any off-site accounting, management, IT and operational costs directly related to any property.

### 13.5.8. Use of associates

The Property Manager may, in connection with the agreement, invest in, deal with or engage the services of the Property Manager's associates engaged in separate business activities which are entitled to charge fees, brokerage and commissions provided that they are in the ordinary course of business, on an arm's length commercial basis and approved by the Responsible Entity.

## 13.7. Summary of the Facility Agreement

### 13.7.1. Capital management strategy

HomeCo Daily Needs REIT will use a combination of debt and equity to finance its activities. HomeCo Daily Needs REIT has adopted a target Gearing range of between 30% and 40%. Actual Gearing may exceed 40% if HomeCo Daily Needs REIT considers that circumstances warrant a short-term increase beyond the target Gearing range and it is prudent to do so.

### 13.7.2. Debt Facilities

HomeCo Daily Needs REIT will enter into senior secured syndicated debt facilities based on the long form term sheet attached to the signed commitment letters totaling \$400 million, comprised of two tranches ("**Debt Facilities**"). The first tranche consists of a three/five year \$220/250 million term loan facility to be used to fund general corporate purposes including expenses associated with establishment of HomeCo Daily Needs REIT, prepayment of part of certain existing debt facilities of HMC and property acquisitions. The second tranche consists of a three/five year \$180/150 million revolving facility to be used to fund capital expenditure, acquisitions and general corporate purposes.

On Completion, it is expected that approximately \$231 million of the Debt Facilities will be drawn, leaving approximately \$169 million available to be drawn down in the future as part of HomeCo Daily Needs REIT's development and investment strategy.

The Debt Facilities will be secured by, among other things, first ranking registered real property mortgages over all freehold Properties within the Portfolio and all assets of HomeCo Daily Needs REIT (with certain permitted exclusions).

#### 13.7.2.1. Documentary Framework for Debt Facilities

The Debt Facilities will be governed by a number of material contracts including:

- **Syndicated Facility Agreement:** a senior secured syndicated facilities agreement will govern the terms and conditions on which the lenders agree to provide the Debt Facilities to HomeCo Daily Needs REIT (**Syndicated Facility Agreement**). The Syndicated Facility Agreement contains a range of general terms and conditions that are customary for secured debt facilities of this nature, including:

The Security Trust Deed also documents the order in which secured creditors of HomeCo Daily Needs REIT (and the other Obligor) will be repaid, should the Debt Facilities Security be enforced. The Security Trust Deed contains terms that are customary for secured debt facilities of this nature including, but not limited to:

### 13.11. Related Party Arrangements

#### 13.11.1. Hawthorn East, VIC

At the same time as completion of the sale contract for Hawthorn East between HomeCo (Hawthorn East) Pty Ltd as trustee for the HomeCo (Hawthorn East) Property Trust (as vendor) and the Custodian (as purchaser for HomeCo Daily Needs REIT) on or around 19 November 2020, the Custodian (as vendor) and HCDL (as purchaser) will enter into a separate conditional contract of sale under which HomeCo Daily Needs REIT agrees to sell a future subdivided portion of the Hawthorn East site back to HCDL, for a purchase price of \$14,100,000 (exclusive of GST). The only condition precedent to completion of the contract will be completion of the subdivision of the Hawthorn East site, in accordance with a proposed plan of subdivision annexed to the contract. All costs of the subdivision and future development of the site will be borne by HCDL, however HomeCo Daily Needs REIT will be required to support and execute such documentation as may be required to give effect to the subdivision.

HCDL and the Custodian on behalf of HomeCo Daily Needs REIT will enter into a development deed prior to completion of the transfer of the new lot to HCDL, under which the future management and development of the site, including management of tenancy concerns and construction programs which are anticipated to take place over a 2 year period from commencement of construction, will be managed and coordinated. Following completion of the development, the legal owners for each of the HCDL and HomeCo Daily Needs REIT lots will enter into a longer term agreement dealing with ongoing operation of the two lots.

The transaction has been entered into on an arm's length commercial terms basis.

#### 13.11.2. Parafield, SA

In connection with the acquisition of the leasehold titles of HomeCo Parafield, HCL was required to guarantee the obligations of the tenant under each of the 3 head leases comprising that site, for the life of those leases. In order for consent to be obtained for the transfer of the legal interest in the leasehold titles to the Custodian on behalf of HomeCo Daily Needs REIT, that guarantee will be required to remain in place. Following completion of that transfer which is anticipated to take place by 30 November 2020, HomeCo and the Responsible Entity intend to enter into negotiations with the Airport owner as the holder of the master headlease to the Airport, to obtain its consent for the Responsible Entity to assume the obligations of HCL under the guarantee.

The proposed contract of sale between HCL and the HomeCo Daily Needs REIT sets out an agreed framework to operate between the parties if the anticipated transfer date of 30 November 2020 does not take place, due to the procedural steps for consent from the Airport owner and head lessor, being delayed. In those circumstances, from 30 November 2020 until the earlier of the date that the transfer to HomeCo Daily Needs REIT completes or 29 November 2022, HCL will provide a monthly income guarantee to HomeCo Daily Needs REIT equivalent to \$1,900,000 per annum, on a pro rata basis paid monthly in arrears. During any such period, any capital expenditure that HCL carries out for the repurposing or refurbishment of the Parafield site will, subject to the prior approval of HomeCo Daily Needs REIT, be reimbursed to HCL on completion of the transfer. In the event that completion has not occurred by 29 November 2022, the contract between HCL and HomeCo Daily Needs REIT will be rescinded, any payment or consideration paid or made towards the acquisition price by HomeCo Daily Needs REIT will be refunded or returned (in the manner agreed between the parties) and there will be no further claims or adjustments made.

Separately as part of the transfer of the Parafield head leases to HomeCo Daily Needs REIT, Home Investment Consortium Company Pty Ltd as trustee for the Home Investment Consortium Trust will provide a rental guarantee to HomeCo Daily Needs REIT in respect of 4 currently vacant premises on the site, guaranteeing a minimum monthly gross income from those 4 vacant sites. This guarantee will remain in place until the monthly income of Parafield from binding lease agreements exceeds \$234,000, total payments under the rental guarantee reach \$4.15 million or the current term of the Parafield head leases expires on 7 June 2031.

The transaction has been entered into on an arm's length commercial terms basis.

## 13.12. Summary of the Voluntary Escrow Deed

129 million Securities held at Completion by HomeCo will be subject to voluntary escrow arrangements and the exceptions and release dates outlined below.

HCL and HCDL have entered into a voluntary escrow deed in respect of their Escrowed Units, which prevents them from dealing in their Escrowed Units for the applicable escrow period. The restriction on "dealing" is broadly defined and includes, among other things, to dispose of, or agree or offer to dispose of, the Escrowed Units or any legal, beneficial or economic interest in the Escrowed Units or to create or agree or offer to create any security interest in the Units. HCL and HCDL will still be able to vote on resolutions of Unitholders and receive distributions.

Following Completion, Escrowed Units held by HCL and HCL will be subject to escrow from Completion until 4.15pm on the first anniversary of Completion.

HCL and HCDL may be released early from these escrow obligations to enable:

- them to accept an offer under a bona fide takeover bid in respect of all or a proportion of the Units, provided that the holders of at least half of the Units that are not subject to any voluntary escrow deed, and to which the offers under the takeover bid relate, have accepted an offer under the takeover bid;

- the Escrowed Units held by HCL and HCDL to be transferred or cancelled as part of a scheme of arrangement relating to HomeCo Daily Needs REIT; or
- HCL and HCDL to participate in an equal access unit buyback, equal access capital return or equal access capital reduction (in each case made in accordance with the Corporations Act).

During the escrow period, HCL and HCDL may deal in any of their Escrowed Units to the extent the dealing is required by applicable law (including an order of a court of competent jurisdiction) provided that:

- in the case of a takeover, if the offer is conditional, HCL and HCDL agrees in writing that the holding lock will be applied for each Escrowed Unit that is not bought by the bidder under the off market takeover bid; or
- in the case of a merger by scheme of arrangement, HCL and HCDL agrees in writing that the holding lock will be re-applied if the merger does not take effect.
