¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

PACIFIC CURRENT GROUP

Introduction

This *Corporate Governance Statement*, which has been approved by the Board, describes Pacific Current Group Limited’s¹ corporate governance framework, policies and practices as at **12 October 2020**.

Our approach to corporate governance is based on a set of values and behaviours that underpin day-to-day activities, provide transparency and fair dealing and seek to protect PAC’s stakeholder’s interests. Pacific Current Group is committed to an excellence in governance standards which the Board sees is fundamental to the sustainability of our business and performance.

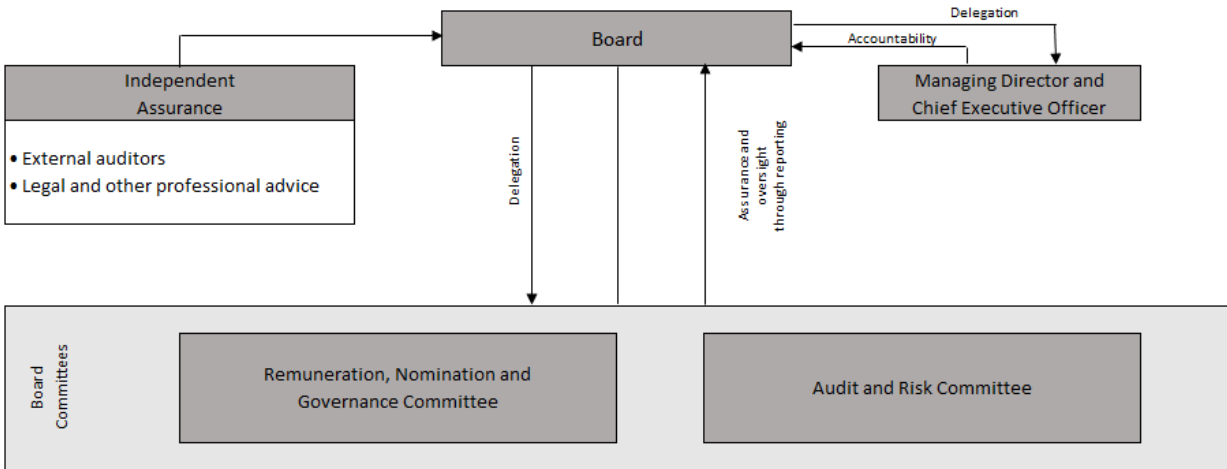

The Australian Securities Exchange (**ASX**) Corporate Governance Council’s *Corporate Governance Principles and Recommendations 4th Edition (ASX Principles)*, released on 27 February 2019, set out what it considers to be best practice in conducting the business of a listed entity. The board of directors (**Board**) of Pacific Current Group Limited (**PAC**) has considered and applied the ASX Principles, taking into account the circumstances of Pacific Current Group. Where Pacific Current Group’s practices depart from a recommendation in the ASX Principles (**Recommendation**), this *Corporate Governance Statement* identifies the area of divergence and the reasons for divergence and any alternative practices adopted by the Company.

The ASX Principles will take effect for PAC’s full financial year commencing on 1 July 2020. PAC has elected to early adopt the ASX Principles for the financial year ended 30 June 2020.

The ASX Principles set out recommended practice in the form of eight Principles:

1. Lay solid foundations for management and oversight.
2. Structure the Board to be effective and add value.
3. Instill a culture of acting lawfully, ethically and responsibly.
4. Safeguard the integrity of corporate reports.
5. Make timely and balanced disclosure.
6. Respect the rights of security holders.
7. Recognise and manage risk.
8. Remunerate fairly and responsibly.

the Board.

The key functions of the Board and each of the Board Committees are outlined in this Corporate Governance Statement. All Board and Committee Charters and Board approved Policies referred to in this Corporate Governance Statement, are published in the corporate governance section on our website at <https://paccurrent.com/shareholders/corporate-governance/>.

Principle 1: Lay solid foundations for management and oversight

Role of the Board and senior executives

The Board's role is to govern Pacific Current Group rather than to manage it. The Board recognises the importance of clearly delineating between its role and the role of management and has adopted a formal statement of matters reserved to itself and a list of limitations of management in its **Board Charter**. It is the responsibility of the Board to oversee the activities of management.

The main task of the Board is to effectively represent and promote the interest of shareholders with a view to adding long-term value to Pacific Current Group's shares. The Board must also ensure that Pacific Current Group complies with all of its contractual, statutory and other legal obligations, including the requirements of any regulatory body wherever Pacific Current Group operates. The Board is accountable to shareholders for the successful operations of Pacific Current Group.

It is the role of senior executives to manage Pacific Current Group in accordance with the direction and delegations of the Board. The Board is responsible for overseeing the activities of senior executives in carrying out these delegated duties.

Full details of the Board and senior executives' roles and responsibilities are contained in the *Board Charter*.

New directors and executives

Pacific Current Group enters into a written agreement with each director and senior executive setting out the key terms, conditions and responsibilities of their position.

Each director has the right of access to all Pacific Current Group information and to Pacific Current Group's executives. The Board (collectively and individually, but subject to informing the Chair) has the right to seek independent professional advice from a suitably qualified advisor, at Pacific Current Group's expense, up to specified limits, to assist them to carry out their responsibilities. Where appropriate, a copy of this advice is to be made available to all other members of the Board.

Background checks are carried out on all new Pacific Current Group directors and employees. These checks include: gaining character references; confirming that person's experience and education; a police check; and a bankruptcy check. Shareholders are provided with all material information in Pacific Current Group's possession relevant to a decision on whether or not to elect or re-elect a director.

Role of the company secretary

As required by the ASX Principles, PAC's company secretary is directly accountable to the Board, through the Chair, on all matters to do with the proper functioning of the Board. Each director is able to communicate with the company secretary via email and telephone. The role and responsibilities of the company secretary is set out in an agreement.

PACIFIC CURRENT GROUP

Diversity policy

Pacific Current Group has a **Diversity Policy** that sets out the inclusion and diversity initiatives and commitment for the Group.

Pacific Current Group is committed to workplace diversity by recognising the value of individual differences and managing them in the workplace. Diversity in this context covers employees of all genders, age, physical ability, ethnicity, marital or family status, religious beliefs or cultural background, socio-economic background, gender identity and sexual orientation, perspective and experience.

Our commitment to promote diversity within the Company includes the following actions:

- the Diversity Policy;
- a *Code of Conduct* (incorporating our statement of values) under which all employees are expected to observe the highest standards of ethical behaviours and integrity in their conduct;
- a separate *Equal Employment Opportunity and Harassment Policy* and a *Workplace Behaviour Policy*;
- our commitment to diversity and inclusion is a key tenant in the recruitment of senior management and staff, and is considered in Board succession planning;
- an *Internal Grievance Resolution Procedure* which is designed to establish a consistent approach in dealing with conflicts in the workplace, internal complaints about the work environment, as well as issues of misconduct or poor performance;
- a workplace safety program;
- an internal training program that covers diversity related issues; and
- publication of our diversity policy on our website www.paccurrent.com.

To ensure that the Company maintains a properly functioning diverse and inclusive workplace, discrimination, harassment, vilification and victimisation, cannot and will not be tolerated.

However, with a workforce of approximately 20 staff worldwide, it is not practical for the Company to:

- set and disclose measurable objectives for achieving gender diversity in the workplace and the Directors on the Board;
- disclose progress towards achieving those objectives, including the respective proportions of men and woman across the whole workforce;
- benchmark the Company's position on diversity; and
- undertake gender pay audits.

as recommended in the ASX Principles.

The Board has established processes and procedures to ensure that recruitment and selection practices at all levels (from the Board downwards) are appropriately structured so that a diverse range of candidates are considered and that there are no conscious or unconscious biases that might discriminate against certain candidates.

The Board also recognises that employees of all genders and at all levels may have domestic responsibilities and has adopted flexible work practices that will assist them to meet those responsibilities.

Board performance evaluation

The *Board Charter* provides for the undertaking of annual Board and Board Committee performance evaluation. During June and July 2020, the PAC directors undertook an evaluation questionnaire of the Board, Chair and each Board Committee, and the Board Chair evaluated the results which were discussed with the Board and individual directors. The Board also considered further actions on matters relating to process and priorities. The Chair also completed an evaluation questionnaire and discussed the results with the Chair of the Remuneration, Nomination and Governance Committee (RNGC).

Senior executive's performance review

The Board conducts an annual review of the performance of senior executives against pre-determined qualitative and quantitative key performance indicators (KPIs). This review was completed in relation to the financial year ended 30 June 2020 (FY2020), at which time new KPIs were set for FY2021.

Principle 2: Structure of the Board to be effective and add value

Remuneration, Nomination and Governance Committee

The Board has established a Remuneration, Nomination and Governance Committee. The RNGC Charter and a description of the process for appointment and selection of new directors, are both published in the corporate governance section of Pacific Current Group's website at <http://paccurrent.com/shareholders/corporate-governance/>.

The role of the RNGC is to ensure that the Company:

- has a Board of an effective composition, size, diversity and commitment to adequately discharge its responsibilities and duties and to bring transparency, focus and independent judgment to decisions regarding the composition of the Board;
- has coherent remuneration policies and practices to attract and retain directors and senior executives who will create value for shareholders;
- observes those remuneration policies and practices; and
- fairly and responsibly rewards the Managing Director & Chief Executive Officer and Chief Investment Officer (MD & CEO and CIO) and Group Executives, having regard to the performance of the Group, the performance of the MD & CEO and CIO and Group Executives and the general external pay environment.

In its function as a nomination committee, the RNGC assists the Board in fulfilling its corporate governance responsibilities in regard to:

- Board appointments, re-elections and performance;
- Board and Committee membership;
- directors' induction and continuing development;
- succession planning; and
- strategies to address Board diversity.

As set out in its Charter, the RNGC comprises all five independent non-executive directors and is chaired by an independent non-executive Director.

During FY2020, the members of the RNGC were:

Values and Code of conduct

To ensure that Pacific Current Group maintains the highest standards of integrity, honesty and fairness in its dealings with all stakeholders, Pacific Current Group has adopted a **Code of Conduct** for directors, management and employees (**Code**). The Code sets out the values, commitments, ethical standards and policies of Pacific Current Group and outlines the standards of conduct expected of the business and Pacific Current Group's employees, taking into account Pacific Current Group's legal and other obligations to its stakeholders.

The Whistleblower Policy covers the following areas:

Process to verify the integrity of any unaudited periodic corporate report released to the market

Pacific Current Group has adopted an Internal Controls Framework which details controls in place to mitigate risk and provide reasonable assurance regarding the achievement of objectives relating to operations, financial reporting and compliance.

The process Pacific Current Group uses to verify the content of any periodic corporate report issued from 1 January 2020 that is not audited or reviewed by an independent auditor (such as quarterly funds

PACIFIC CURRENT GROUP

under management and market updates, investor presentations and this Corporate Governance Statement) that are released to the market, varies depending on the nature of the report, but typically includes:

- non-financial components of the report are initially prepared by the CEO or CFO based on matters as known to the CEO and CFO and instructions from the Company Secretary and General Counsel;
- financial components of the report are initially prepared by the CFO, based on first-hand information as to PAC's financial position;
- the initial drafts are prepared with assistance from legal, governance, finance and other expert advisers (as appropriate to the subject matter);
- each of the individuals engaged in the preparation or commentary on the initial draft is a professional with duties to identify any material that is potentially misleading, having regard to their knowledge of PAC's activities and position;
- all sections of the report are then confirmed as either
 - verified first-hand knowledge of the person preparing the report; or
 - supported by evidence (such as an original document or confirmation from another person with appropriate first-hand knowledge and accountability);
- the whole of each report (or group of reports released together) is subject to a preliminary review by each of the CEO, General Counsel, CFO and Company Secretary, as appropriate;
- final management review by CFO;
- where formal approval is required, consideration by the appropriate Board Committee (generally the ARC and/or the RNG Committee) for recommendation to the Board;
- the report is then considered and approved by all members of Board; and
- any matters not requiring formal approval by the Board are approved by the Chair and CEO for release to the market.

Auditors and annual general meeting

Pacific Current Group's external auditor is Deloitte Touche Tohmatsu (**Deloitte**). The Audit and Risk Committee oversees the effectiveness and performance of Deloitte and ensures the lead audit partner rotates after a maximum of five years.

Information on procedures for the selection and appointment of the external auditor and for the rotation of external audit engagement partners may be found in the corporate governance section of Pacific Current Group's website.

A representative of Deloitte attends Pacific Current Group's annual general meeting should any shareholders have questions in relation to the audit.

Principle 5: Make timely and balanced disclosure

Pacific Current Group has a **Continuous Disclosure Policy** to ensure compliance with ASX Listing Rules disclosure requirements. This policy is published in the corporate governance section of Pacific Current Group's website.

The Board has designated the PAC's Company Secretary as the person responsible for overseeing and

PACIFIC CURRENT GROUP

coordinating disclosure of information to the ASX as well as communicating with the ASX. In accordance with the *ASX Listing Rules*, PAC immediately notifies the ASX of information:

- concerning Pacific Current Group that a reasonable person would expect to have a material effect on the price or value of PAC's securities; and
- that would, or would be likely to, influence persons who commonly invest in securities in deciding whether to acquire or dispose of PAC's securities.

Upon confirmation of receipt from the ASX, Pacific Current Group posts all information disclosed in accordance with this policy on Pacific Current Group's website at:

<https://paccurrent.com/shareholders/document-library/asx-announcement/>.

To enhance clarity and balance of reporting and to enable investors to make an informed assessment of Pacific Current Group's performance, financial results are accompanied by a commentary and all presentations are also located in the document library section of Pacific Current Group's website.

As part of normal Board processes, each of the Directors receive copies of all material market announcements promptly after they have been made to ensure timely visibility of the nature and quality of the information being disclosed to the market and the frequency of such disclosures.

Pacific Current Group is committed to the equality of information among investors and ensures that a copy of any new or substantive investor or analyst presentation is released on the ASX Markets Announcement platform ahead of the presentation.

Principle 6: Respect the rights of security holders

Website

Pacific Current Group has a comprehensive corporate governance section on its website, where security holders can access all corporate governance information at

<https://paccurrent.com/shareholders/corporate-governance/>.

Investor relations program

The MD & CEO and CIO co-ordinates Pacific Current Group's annual investor relations program. During the year, the Group also engaged the services of an external investor relations consultant to assist the Group in reaching a broader group of retail and institutional investors.

Pacific Current Group undertakes bi-annual roadshows, during which the MD & CEO and CIO, the Chair, and CFO will meet with key investors. The program also involves regular dialogue with investors either directly (via email or telephone) or through investment analysts. PAC also provides quarterly funds under management updates to the market which are located in the document library section of Pacific Current Group's website.

Communications with security holders and their participation at meetings

Pacific Current Group respects the rights of its shareholders and to facilitate the effective exercise of those rights, Pacific Current Group provides its security holders with appropriate information and facilities to allow them to exercise these rights. Pacific Current Group is committed to:

- communicating effectively with shareholders through releases to the market via the ASX Announcement Platform, Pacific Current Group's website, information mailed to shareholders and general meetings of members of Pacific Current Group;
- giving shareholders ready access to balanced and understandable information about Pacific Current Group and corporate proposals and regularly updating its website to provide information about Pacific Current Group and its governance;

PACIFIC CURRENT GROUP

- making it easy for shareholders to participate in general meetings of Pacific Current Group;
- requesting the external auditor to attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the auditor's report; and
- making available a telephone number and electronic query service on Pacific Current Group's website for shareholders to make enquiries.

The ***Shareholder Communications Policy*** is published in the corporate governance section of Pacific Current Group's website.

To encourage shareholder engagement and participation at the Annual General Meeting (**AGM**), shareholders will have the opportunity to attend the AGM, ask questions and participate in voting. Given the expected travel and other restrictions that are likely to be in place in November 2020 as a result of the COVID-19 pandemic, arrangements for the AGM are still being determined and may involve virtual attendance. Further details on how Pacific Current Group will facilitate and encourage participation by shareholders at the AGM will be provided to shareholders in the Notice of Annual General Meeting (**NOM**).

Shareholders who are unable to attend the AGM are encouraged to vote on the proposed resolutions by appointing a proxy via the proxy form accompanying the NOM or online through the Share Registry's website. Shareholders have the opportunity to submit written questions to the Company and external auditor or make comments on the management of the Company as well as access AGM presentations and speeches made by the Chair and CEO prior to the commencement of the meeting. The Company will publish results of the meeting to the ASX and on its website following the conclusion of the AGM.

To uphold the principle of "one security one vote," all substantive resolutions at a meeting of shareholders are decided by poll rather than by show of hands. This way, the Chair of the meeting can ascertain the true will of the shareholders attending and voting at the meeting, whether they attend in person, electronically or by proxy or other representative.

Principle 7: Recognise and manage risk

Audit and Risk Committee

The ARC is responsible for establishing policies on risk oversight and management.

Details on the formal Charter, members of the ARC, and attendance at ARC meetings are detailed under commentary on Principle 4 above.

Risk management framework

Pacific Current Group has a Risk Management Framework which is reviewed by the Board at least annually. During the financial year, the Board approved an updated Risk Management Framework, a copy of which is available on Pacific Current Group's website.

Pacific Current Group's enterprise risk management framework is based upon PAC's core business as a passive investor with principally minority interests in its underlying boutique investment managers.

This risk framework recognises that Pacific Current Group faces a broad array of risks, many of which are fully in our control to manage and many others of which are outside our control. PAC categorises risks into two types: internal and external. The internal risks tend to be more controllable, and thus easier to reduce or eliminate, while the external ones are often outside our control but can often be partially mitigated, primarily through certain practices such as diversification.

PACIFIC CURRENT GROUP

Pacific Current Group does not have an independent internal audit function. Oversight of the effectiveness of Pacific Current Group's risk management and internal control processes currently form part of the responsibilities of the CFO for financial risks and controls. The Board, on the recommendation of the ARC, approved an Internal Controls Framework which sets out the internal controls required to be in place. The ARC monitors the effectiveness of the Internal Controls Framework. Oversight of the effectiveness of Pacific Current Group's governance processes currently forms part of the responsibilities of the Company Secretary and General Counsel.

Material economic, environmental and social sustainability risk

Pacific Current Group is exposed to the volatility of global financial markets, a systemic risk of being a funds management business. As a means of mitigating this risk, Pacific Current Group is strategically identifying diversification investment opportunities as they arise that are not necessarily linked to market movements or to the performance of the existing portfolio. The Board feels that shareholders of Pacific Current Group invest in the Company knowing this inherent economic risk, as it applies across the entire funds management sector.

Pacific Current Group is not exposed to material environmental and social risks as defined in the ASX Principles. However, Pacific Current Group will strive to conduct its business in ways that are suitably transparent and appropriately balance social and environmental benefits. Pacific Current Group understands that sustainable success depends upon maintaining its reputation and paying attention to the demands and concerns of all stakeholders.

Principle 8: Remunerate fairly and responsibly

Remuneration and Nomination Committee

The Board has established a Remuneration, Nomination and Governance Committee to assist the Board in making appropriate decisions about incentive schemes and superannuation arrangements. The role of the RNGC is to assist the Board in fulfilling its responsibilities in respect of establishing appropriate remuneration levels and incentive policies for employees.

Details of the members of the RNGC (including composition), its formal Charter and Directors' attendance, are set out under Principle 2 above.

The Board has endorsed the following senior executive remuneration policy and the non-executive director remuneration policy.

Board and senior executive remuneration policy

Pacific Current Group is committed to remunerating its senior executives in a manner that is market-competitive and consistent with best practice, as well as supporting the interests of shareholders. Consequently, under the Group's remuneration framework, the remuneration of senior executives may be comprised of the following:

- fixed salary that is determined from a review of the market and reflects core performance requirements and expectations;
- a performance bonus designed to reward actual achievement by the individual, of performance objectives and for materially improved Pacific Current Group performance;
- participation in Pacific Current Group's long-term incentive plan (**LTI Plan**) and
- statutory superannuation (for those employed in Australia).

By remunerating senior executives through performance and the long-term incentive plan, in addition

PACIFIC CURRENT GROUP

to their fixed remuneration, Pacific Current Group aims to align the interests of senior executives with those of shareholders and enhance Pacific Current Group performance. The amount of remuneration, including both monetary and non-monetary components, for each of the Key Management Personnel during the year (discounting accumulated entitlements) is detailed in the Directors' Report of Pacific Current Group's 2020 Annual Report.

The value of shares, performance rights and options granted to senior executives has been calculated using the Binomial method.

The objective behind using this remuneration structure is to drive improved Pacific Current Group performance and thereby increase shareholder value as well as aligning the interests of executives and shareholders.

The Board may use its discretion with respect to the payment of bonuses, performance rights and other incentive payments. This discretion is exercised on the following basis:

- retaining and motivating key executives;
- attracting quality management to Pacific Current Group; and
- allowing executives to share the rewards of the success of Pacific Current Group through performance incentives.

The current number of shares and performance rights issued under the LTI plan are reasonable in relation to the existing capitalisation of Pacific Current Group and all payments under the LTI plan are made in accordance with thresholds set in the plan.

Non-executive directors are paid their fees out of the maximum aggregate amount approved by shareholders for the remuneration of non-executive directors. Non-executive directors do not receive performance-based bonuses and do not participate in the LTI Plan. Non-executive directors are entitled to statutory superannuation.

The payment to directors is based on a workload criterion. Consequently, all non-executive directors, except the Chairperson of the Board receive a fixed amount plus an additional amount for Committee membership and committee chairing. The Chair of the Board receives an extra loading given the duties and extra time associated with the position.

Current director remuneration

The aggregate amount of remuneration paid to non-executive directors (approved by shareholders) is currently \$650,000.

Further information in relation to the remuneration of directors can be found in the Directors' Report of Pacific Current Group's 2020 Annual Report.

Director and employee incentive hedging

Directors or employees, who have been issued incentives, are prohibited from entering into a transaction that is designed or intended to hedge their economic exposure to unvested entitlements under any equity-based remuneration scheme. Pacific Current Group is satisfied there has been no director or employee hedging of incentives during the financial year.
