Effect of Entitlement Offer on securityholder dilution and the control of Abacus

Abacus' largest securityholder, Calculator Australia Pty Ltd (ACN 135 249 848) as trustee for the Calculator Australia Trust (**Calculator Australia**), which holds approximately 53.7% of Abacus Securities, has confirmed that it will subscribe for its pro-rata share of the Entitlement Offer and has provided a commitment to sub-underwrite approximately \$49 million of the retail component (**Retail Entitlement Offer**) of the Entitlement Offer (**Sub-Underwrite**).

Eligible retail securityholders that accept their full entitlement in the Entitlement Offer can also apply for additional New Securities under an oversubscription facility (subject to compliance with foreign laws and pro-rata scale back in the event of oversubscription).

Any shortfall that remains under the Retail Entitlement Offer after acceptances by eligible retail securityholders, will be allocated on a pro rata basis to eligible institutional investors who commit to subunderwrite the Retail Entitlement Offer (other than Calculator Australia) and any subsequent shortfall will then be allocated to Calculator Australia as a sub-underwriter of 'last resort'.
