## **OGA Published Technical Reports on Seismicity**

AJ Lucas Group Limited (“AJL” or “the Company”) welcomes the publication today by the UK Oil and Gas Authority (“OGA”), of four detailed technical reports analysing various aspects of seismicity induced during the hydraulic fracturing of the Preston New Road 2 well, along with an OGA summary of those four technical studies.

Cuadrilla Resources Holding Limited, a subsidiary of AJL has released a statement which can be accessed at <https://cuadrillaresources.uk/media/>.

Approved for distribution by the Company Secretary.
