Dear Shareholder,

## 1H21 Dividend and Dividend Reinvestment Plan Information

Bravura Solutions (Bravura) today announced its 1H21 financial results. Details of the 1H21 interim dividend are provided in the table below. Bravura's dividend reinvestment plan (DRP) will operate with respect to the 1H21 interim dividend.

| Details of the 1H21 dividend and DRP     |                          |
|--|--------------------------|
| Dividend record date                     | 4 March 2021             |
| Last date to elect to participate in DRP | 5:00pm on 5 March 2021   |
| DRP pricing period                       | 8 March to 19 March 2021 |
| Notification of DRP price                | 22 March 2021            |

| Dividend amount per share                | A\$0.026 per share       |

As noted in the DRP rules announced on 30 January 2019, the pricing period refers to the period of 10 trading days commencing on the second trading day after the record date. The DRP price is the arithmetic average of the daily volume weighted average market price (rounded up to the nearest cent) of all shares traded in the ordinary course on the ASX during the pricing period, less any discount as determined by the Directors.

The Directors have determined that a discount of 2.0% will apply under the DRP with respect to the 1H21 dividend. Any shareholder who wishes to commence participating or vary their current participation election in the DRP should do so by logging onto the Link Market Services website at <u>www.linkmarketservices.com.au</u> or by completing the DRP form available at the Link Market Services website by 5:00pm on 5 March 2021.

Bravura recommends that you seek your own independent financial and taxation advice about the consequences of your participation in the DRP.

Yours faithfully,

Martin Deda Chief Financial Officer and Joint Company Secretary
