**About Paladin**

Paladin Energy Limited (ASX: PDN) is an Australian listed uranium company focussed on maximising the value of its 75% stake in the Langer Heinrich uranium mine in Namibia.

Langer Heinrich is a globally significant, long-life operation, having already produced over 43Mlb U<sub>3</sub>O<sub>8</sub> to date. Operations at Langer Heinrich were suspended in 2018 due to low uranium prices.

Beyond Langer Heinrich, the Company also owns a large global portfolio of uranium exploration and development assets. Nuclear power remains a cost-effective, low carbon option for electricity generation.
