

ASX RELEASE

21 July 2021

ASX CODE: BFC

**OFFICIAL OPENING OF LACTOFERRIN PLANT  
EXPANSION CANCELLED DUE TO  
COVID-19 RESTRICTIONS**

---

Beston Global Foods Company Limited (ASX: BFC) regret to advise that the official opening of the new Lactoferrin plant expansion, scheduled for Friday 30 July 2021, has been cancelled due to newly imposed COVID-19 restrictions. The lockdowns in NSW, Victoria and now in South Australia have made it impossible to hold the opening as planned.

We very much appreciate the significant interest which had been shown by shareholders from around Australia in attending the opening and will aim to reschedule the event at a later date when travel and attendance at public gatherings gets back to normal.

As a food producer, BFC provides essential services to the community and, as previously, will continue to operate under the protocols put in place for COVID-19 lockdowns. The new Lactoferrin plant is in full operation and is producing both liquid and powdered Lactoferrin products at the tonnage rates expected, and with purity levels exceeding expectations.

BFC is hopeful that an alternative date for the official opening and plant inspections by shareholders, can be found in 3 to 4 months time, subject to any further developments with the COVID-19 pandemic.

This ASX release was approved and authorised for release by Dr Roger Sexton AM, Chairman.
