After the completion of a successful listing to the ASX on the 28th of June 2021, Camplify Holdings Limited ('Camplify' or the 'Company') is pleased to announce strong marketplace performance in Q4 FY21, despite the Covid-19 related restrictions and

lockdowns in major capital city markets across Australia. This resulted in excellent Q4 FY21 growth compared to a significantly COVID impacted Q4 FY20 period.

During the quarter the Company recorded cash receipts from customers of \$7.4m for Q4 FY21. This places cash receipts of \$30.3m for the year (FY21).

Unaudited net revenue for the year is expected to be in the range of \$7.1m – \$8.2m, beating the prospectus forecast of \$6.7m.

Operating cashflow for the year was \$2.65m, an increase from operating cashflow of (\$0.381m) in FY20.

Marketplace Performance Q4 FY21

Quarter 4 saw a GTV result of \$9.6m. This growth represents an 163% increase in FY21 compared to FY20. For Q4 GTV growth rates of 629% were achieved compared to the COVID impacted corresponding period (pcp) in the prior year. Global net revenue figures also grew during this period. The overall FY21 net revenue growth rates saw a 177% increase compared with FY20. For Q4 net revenue grew by 523% compared with Q4 FY20. These results continue Camplify's stellar growth, and provide a strong platform for continued success in Q1 FY22.

Full year FY21 GTV of \$31.5–31.8 million (unaudited) is expected, exceeding FY21 GTV prospectus forecast of \$27.8 million. This GTV outperformance has been achieved while maintaining operating costs below prospectus forecast levels for the full year.

The Australian & New Zealand markets both saw excellent growth rates. The Australian market achieved an FY21 GTV growth rate of 158% versus FY20. Q4 registered a GTV growth of 582% compared with the pcp in Q4 FY20. The New Zealand market, managed to grow by GTV by 485% for FY21 vs pcp FY20, with Q4 GTV growth at 2627% compared with pcp Q4 FY20. This result demonstrated strong domestic support in the market as travelers returned to the local caravan and camping markets.

In this quarter, Camplify also saw a fast recovery in both the UK and Spain for GTV and revenue. The UK & EU market saw a GTV FY21 199% growth rate compared to pcp FY20. For Q4 this market saw a GTV growth of 2792% compared with pcp Q4 FY20.

During the quarter the Camplify marketplace grew by an additional 21,000 customers and saw the total RV fleet reach 6161.

The Effect of Rolling Regional Lockdowns on Camplify

During the quarter, Melbourne experienced a 14-day lockdown at the end of May 2021. Despite this period restriction of travel, Camplify saw a temporary decrease in marketplace activity for this region, followed by a sharp recovery. Camplify saw the Melbourne region experience a net GTV increase for May versus the pre-lockdown month. This pattern was similar during the major Sydney lockdown in December–January period.

More recent lockdowns in Sydney and other capital cities are expected to have a minor temporary impact on Q1 FY22 but given the strong performance into the lockdowns and sharp marketplace recoveries previously seen, no negative impact is expected to Camplify's full year FY22 growth projections and outlook.
