## Dicker Data Completes Acquisition of Exeed Group

---

The Directors of Dicker Data Limited (**ASX: DDR**) (Company) are pleased to announce that the acquisition of the Exeed Group (Exeed) was completed on Friday 6 August 2021.

Following the announcement on Friday 30 July 2021 notifying the market that Dicker Data had entered into a binding Sale and Purchase Agreement (SPA) to acquire the Exeed Group business, we are pleased to advise we have been able to complete the transaction on Friday 6 August 2021. The purchase price is \$68m on a cash free, debt free basis, other than existing working capital debt which will be assumed by Dicker Data as part of the working capital balance at completion. The acquisition funding is supported by a cash advance facility from Westpac.

Established in 2002 and headquartered in Auckland, Exeed is the second largest IT distributor in the New Zealand market and holds dominant market share across a number of the vendors they represent. The acquisition of Exeed will provide Dicker Data NZ with the platform to rival the largest distributor in the NZ market using a mixture of unique local market knowledge and access to an increased range of world leading brands.

With operations expanded into Australia in 2016, the Exeed business represents combined revenues of approx. NZD \$380m, with FY21 full year normalised EBITDA earnings expected to be approx. NZD \$15m, of which we expect five months contribution to Dicker Data's FY21 results.

Chairman and CEO, David Dicker, Dicker Data Limited described the completion of the acquisition as "a very satisfying outcome".

The arrangement will propel Dicker Data NZ to become the second largest IT distributor in New Zealand with estimated revenue of over \$500m for the combined entities. Furthermore, the acquisition provides access to an established retail distribution business across Australia and New Zealand.

Authorised for release by the Board of Dicker Data Ltd.
