This announcement was authorised for release by Adacel's Chief Executive Officer.

About Adacel:

Established in 1987, Adacel is a publicly traded company listed on the ASX. The company plays a significant role in global air space safety. A world-leader in its industry, Adacel applies cutting-edge technologies to develop advanced air traffic control simulation and training systems and state-of-the-art air traffic management solutions. Adacel's customers include international air navigation service providers (ANSPs), military, defense & security organizations, universities, and airport authorities. More than 21% of the world's airspace is managed with Adacel's Aurora ATM software. On the ATC side, with its MaxSim ATC simulation and training system, the company has deployed more air traffic control tower simulators in more locations around the world than any other ATC simulator provider.
