Day to day management

The Board has appointed the Chief Executive Officer/Managing Director (**CEO/MD**), who is responsible for overseeing the day-to-day affairs of the Company. Under delegated authority, the CEO/MD manages the Group in accordance with the strategy, plans and policies approved by the Board and manages the affairs of the Company in relation to all matters, other than those responsibilities specifically reserved to the Board, as detailed above. The CEO/MD has the authority to sub-delegate to the senior management team as appropriate.

Information regarding appointment and re-election of directors and senior executives

The composition, structure and proceedings of the Board are primarily governed by the Company's Constitution, the Board Charter and the applicable laws governing corporations in jurisdictions where Big River operates. The Constitution of the Company prescribes that there shall not be less than three and no more than twelve directors (not counting any alternate directors). As at the date of this Statement, there are five directors, four of whom are non-executive, with one executive director being the CEO/MD.

Prior to the appointment of a director, the Nomination and Remuneration Committee identifies candidates with appropriate skills, experience and expertise having regard to the board skills matrix. Candidates are considered on the basis of their skills, experience, diversity and expertise that would best complement the Board's effectiveness and assist in achieving the Company's strategic objectives. Background checks are completed prior to an appointment, and these may include the proposed candidate's character, experience, employment history,

qualifications, criminal history, bankruptcy and disqualification status.

Shareholders are provided with all material information to assist in making a decision whether to elect or re-elect a director at an annual general meeting (**AGM**) of the Company. This information is included within the notice of meeting which is sent to shareholders in advance of the AGM and lodged on the ASX company announcements platform.

Similarly to directors, senior executives are appointed on the basis of their skills, experience, diversity and expertise that would best assist in achieving the Company's objectives. Background checks are also completed prior to an appointment of a senior executive, and these may include checks regarding character, experience, employment history, qualifications, criminal history and bankruptcy.

Agreements with directors and senior executives

Big River has agreements with each director and senior executive, which outlines the terms of their appointment, including time commitment envisaged and any required committee work. Each director has signed a letter of appointment and each senior executive is employed under an employment agreement.

The Company has also entered into a deed of disclosure with each director which is designed to facilitate the Company's compliance with its obligations under the ASX Listing Rules relating to disclosure of changes in directors' interests in Big River securities. Shareholdings of directors and their related parties are also monitored to identify changes that may require disclosure.

Accountability of the company secretary

Big River's company secretary has a direct reporting line to the Chairperson and all directors have direct access to the company secretary, who is appointed by, and accountable to, the Board on all governance matters and the proper functioning of the Board. The role of company secretary is currently held by Mr Steve Parks. A biography of the company secretary is included in the Directors' Report contained in the 2021 Annual Financial Report. The 2021 Annual Financial Report is available on the Website.

Diversity Policy

The Company has established a Diversity Policy and it is available on the Website.

The policy supports the Company's commitment to promoting diversity, recognising the value of diversity in achieving the Company's corporate objectives and maximising value to shareholders. The policy further supports the Company's aims of promoting and implementing diversity strategies:

- (a) in its employment practices, to provide inclusion at all levels of the organisation, regardless of gender, marital or family status, sexual orientation, gender identity, age, disabilities, ethnicity, religious beliefs, cultural background, socio-economic background, perspective and experience; and
- (b) across all components of the Company's business practices, including through its education programs, selection programs for consultants, mentoring programs and community and corporate social responsibility initiatives.

Under the policy, the Board is responsible for assessing the status of diversity within the Company and setting measurable objectives to achieve gender diversity in the composition of its Board, senior executives and workforce generally. If the Company is in the S&P/ASX 300 Index at the commencement of a reporting period, the measurable objective for achieving gender diversity in the composition of the Board shall be to have not less than 30% of its directors of each gender, within a specified period.

As at the date of this Statement, the Board has not set any measurable diversity objectives. This is an area that the Board will continue to assess including with respect to succession planning for both the Board and senior executives. Big River's existing senior executive team have a significant amount of industry experience and company knowledge. This has been a result of acquisitions made by Big River in recent years including inheriting long-term staff employed within those businesses with deep levels of experience, which the Board believes is valuable to the Company. The Board considers that with the right level of succession planning, training and development and the right policies and practices in place, the gender balance between men and women represented on the Board, senior executive and across the organisation can be improved over time.

As at 30 June 2021, the proportion of women and men across the levels of Board, senior executives and total employees were as follows:

- The proportion of directors who are women: 20% (2020: 20%) and the proportion of directors who are men: 80% (2020: 80%).
- The proportion of senior executives who are women: Nil% (2020: Nil) and the proportion of senior executives who are men 100% (2020: 100%)
- The proportion of employees in the whole organisation who are women: 15.6% (2020: 14.5%) and the proportion of employees in the whole organisation who are men 84.4% (2020: 85.5%)

The Company considers senior executives to be those executives who are classified as key management personnel (**KMP**).

Evaluation of the performance of the board, its committees and individual directors

The Nomination and Remuneration Committee assists and advises the Board and the Chairperson on the development and implementation of a process for evaluating the performance of the Board, its committees and directors. The Nomination and Remuneration Committee is also responsible for reviewing the performance of the Chairperson and reporting the results of the evaluation to the Board.

During the reporting period, the Board considered its performance as part of an informal discussion regarding:

- its performance and compliance against the Board Charter; and
- the effectiveness of its established committees.

The Chairperson also held individual meetings with each of the directors which included a meeting with the chair of the Nomination and Remuneration Committee in respect of his own

performance.

Evaluation of the performance of senior executives

As set out in the Board charter, the Chairperson is responsible for ensuring that independent directors meet separately on a regular basis to consider, among other things, senior executive performance, including that of the CEO/MD. A review by the independent directors of the performance of the CEO/MD was undertaken for the year ended 30 June 2021.

In practice, the CEO/MD is also responsible for annually assessing and reporting to the Board on the performance of senior executives reporting to the CEO/MD against agreed performance criteria. The review process for senior executives as set out above, was undertaken for the year ended 30 June 2021.

PRINCIPLE 2 – STRUCTURE THE BOARD TO ADD VALUE

The composition and effectiveness of the committees is reviewed on an annual basis.

Nomination and Remuneration Committee

Under its charter, the role of the Nomination and Remuneration Committee in relation to nomination matters is to assist and advise the Board on:

- Board succession planning generally;
- induction and continuing professional development programs for directors;
- the development and implementation of a process for evaluating the performance of the Board, its committees and directors;

- the appointment and re-election of directors; and
- ensuring there are plans in place to manage the succession of the CEO/MD and other senior executives.

This is to ensure that the Board is of a size and composition conducive to making appropriate decisions, with the benefit of a variety of perspectives and skills and in the best interests of the Company as a whole.

The Nomination and Remuneration Committee charter was reviewed and updated during the reporting period.

The Board considers that its directors (and senior management) have the requisite collective experience skillset to discharge their respective responsibilities.

Director independence

During the reporting period and as at the date of this report, directors on the Board were as follows:

Director	Title and Independent status	Term
James Bindon	Managing Director (not considered independent)	19 February 2016 – current
Malcolm Jackman	Chairperson and independent non-executive director	19 February 2016 – current
Martin Kaplan	Non-executive director (not considered independent)	18 December 2015 – current
Vicky Papachristos	Independent non-executive director	4 October 2017 – current
Brendon York	Non-executive director (not considered independent from 13 July 2021)	24 October 2019 – current

There are currently four non-executive directors being Mr Jackman, Mr Kaplan, Ms Papachristos and Mr York. The Board considers Mr Jackman and Ms Papachristos to be independent.

A director is considered independent by the Company if the director is free of any interest, position, association or relationship that might influence, or be reasonably perceived to influence, in a material respect his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company and its security holders generally.

In determining independence, the Board has regard to the guidelines for director independence which are set out in the ASX Principles.

The Board does not consider Mr Kaplan to be independent as he is associated with a substantial shareholder of the Company.

Similarly, from 13 July 2021 (commencing after the reporting period), the Board does not consider Mr York to be independent as he is employed by a substantial and significant shareholder of the Company in a senior executive role.

Mr Bindon is not considered independent by virtue of his executive position as the CEO/MD of the Company. Mr Bindon also receives performance-based remuneration and participates in Big River's Rights Plan, set out under Principle 8 of this Statement.

The Board regularly assesses whether or not each non-executive director is independent. If a director's independence status changes, this will be disclosed to the market in a timely manner.

Directors are required to keep the Board advised of any interest that may be in conflict with those of the Company, and restrictions are applied to directors' rights to participate in

discussion and to vote, as circumstances dictate, when a conflict has been identified. In particular, where a potential conflict of interest may exist, directors concerned may be required to leave the Board (or committee) meeting while the matter is considered and/or voted on in their absence.

In order to facilitate independent judgement in decision-making, each director is able to seek independent professional advice at the Company's expense, with the prior consultation with the Chairperson.

The Board had a majority of non-executive, independent directors throughout the reporting period however as at the date of this corporate governance statement, this is no longer the case. The Board is currently undertaking a search for additional independent non-executive directors.

Chairperson

The Board charter requires that the Chairperson of the Board be appointed by the directors, be an independent non-executive director and may not be the same person as the CEO/MD.

The Company's current Chairperson, Mr Jackman, who assumed the role of Chairperson on 31 July 2019, is considered to be an independent non-executive director. Mr Jackman has maintained this role throughout the reporting period.

There is a clear division of responsibility between the Chairperson and CEO/MD.

Director induction and professional development

The Nomination and Remuneration Committee assists and advises the Board on the induction and continuing professional development programs for directors to ensure that they have and maintain the skills and knowledge needed to perform their role as directors effectively. This includes increasing their knowledge about the Company and the industry within which the Company operates.

New directors are briefed on the business, its financial position, any material risks, the structure and functions of the Board and the structure of management and are provided with a copy of the Company's corporate governance documentation. A director induction plan is in place to facilitate this. No new directors have been appointed during the reporting period.

Directors have direct access to senior executives and the company secretary who are required to provide all information reasonably requested of them in a timely manner.

The Company also offers directors an opportunity to undertake relevant external professional development programs where appropriate.

PRINCIPLE 3 – ACT ETHICALLY AND RESPONSIBLY

Code of conduct and policy on whistleblowing and anti-bribery and corruption

The Company is committed to acting, and strives to act, honestly and with integrity in all its dealings. The Big River Code of Conduct (**Code**) sets out the values, commitments, ethical standards and policies of the Company and outlines the standards of conduct expected of the

The Code also sets out the Company's policy on anti-bribery and corruption. The Company has a strict policy not to offer secret commissions, bribes or other improper payments or benefits to further its business interests and expects that any money or opportunity or other benefit which could be interpreted as an inducement, secret commission or bribe, will not be accepted.

The Code applies to all directors, senior executives, officers, employees, contractors, consultants, other persons that act on behalf of the Company, and any of the Company's associates (as defined in the Corporations Act).

Material breaches of the Code are required to be reported to the Audit and Risk Committee and to the Board, where appropriate.

Any material disclosure under, or breach of, the Whistleblower Policy is required to be reported immediately to the Chairperson of the Board.

A copy of the Whistleblower Policy is available on the Website.

The Company has adopted a Trading Policy that summarises insider trading prohibitions and sets out the Company's policy on trading in Company securities.

The Trading Policy applies to all directors, employees, officers, key management personnel, contractors and in some situations, family members and associates of Designated Persons, as defined in the Trading Policy.

Notwithstanding the prohibited periods and approval requirements, a person is prohibited from trading at any time if they possess material, price-sensitive information about the Company that is not available in the public domain (inside information).

The policy also prohibits short term/speculative trading, margin lending and short selling of the Company's securities. Subject to the law, Designated Persons must also not:

PRINCIPLE 4 – SAFEGUARD INTEGRITY IN CORPORATE REPORTING

Audit and Risk Committee

- the integrity of the Company's internal control framework and financial reporting systems and internal and external financial reporting and financial statements;

The relevant qualifications and experience of each of the members of the committees are set out in the Directors' Report contained within the 2021 Annual Financial Report.

The number of committee meetings held during the reporting period and attendance at those meetings are set out in the Directors' Report contained within the 2021 Annual Financial Report. The CEO/MD, Chief Financial Officer (**CFO**) and representatives of the external auditor are usually invited to attend committee meetings. The chair of the committee also meets periodically with the external auditors to discuss matters relevant to the committee's responsibilities.

The Audit and Risk Committee charter was reviewed and updated during the reporting period and is available on the Website.

CEO/MD and CFO declaration

Prior to approval of the Company's half year and full year financial statements the CEO/MD and CFO provide a written declaration to the Board, that in their opinion, the Company's financial records have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of Big River's financial position and performance, and that this opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Big River received the signed CEO/MD and CFO declarations in respect of the half year ended 31 December 2020 and the full year ended 30 June 2021.

External auditor attendance at AGM

Big River's external auditor attends the Company's annual general meetings and is available to answer questions from shareholders in relation to the conduct of the audit and the preparation and content of the external auditor's report; accounting policies adopted by Big River in relation to the preparation of the financial statements; and the independence of the external auditor.

Big River's external auditor, Deloitte Touche Tohmatsu, attended the Company's 2020 AGM.

Other Periodic Corporate Reports

Big River is committed to verifying the integrity of all periodic corporate reports it releases to the market that are not audited or reviewed by an external auditor.

The process by which the Company uses to verify the content of any periodic corporate report issued that is not audited or reviewed by an independent auditor (such as the Directors' Report, this Corporate Governance Statement and investor presentations) that is released to the market, varies depending on the nature of the report, but typically includes:

- non-financial components of the report are initially prepared by the CEO based on matters as known to the CEO;
- financial components of the report are initially prepared by the CFO, based on first-hand information as to Big River's financial position;
- the initial drafts are prepared, where appropriate, with assistance from legal, governance, finance and other expert advisers (as appropriate to the subject matter);
- each of the individuals engaged in the preparation or commentary on the initial draft is a professional with duties to identify any material that is potentially misleading, having regard to their knowledge of Big River's activities and position;
- all sections of the report are then confirmed as either:
 - verified first-hand knowledge of the person preparing the report; or
 - supported by evidence (such as an original document or confirmation from another person with appropriate first-hand knowledge and accountability);
- the whole of each report (or group of reports released together) is subject to a preliminary review by each of the CEO and CFO, as appropriate;
- final management review by CEO and CFO;
- where formal approval is required, consideration by the appropriate Board Committee (in general, the ARC) for recommendation to Board;
- the report is then considered and approved by all members of Board; and

PRINCIPLE 5 – MAKE TIMELY AND BALANCED DISCLOSURE

Disclosure and Communication Policy

Big River is committed to complying with its continuous disclosure obligations under the ASX Listing Rules and Corporations Act to ensure its shareholders are kept informed of major developments affecting the Company, and that any market announcements made are accurate, balanced and expressed in a clear and objective manner that allows investors to assess the impact of the information when making investment decisions.

The Company has adopted a Disclosure and Communication Policy that establishes a framework for compliance with relevant disclosure obligations and accountability of the Board for achieving compliance. More specifically, it:

- appoints the company secretary as the person responsible for communication with the ASX in relation to listing rule matters and for general administration of the policy.

When Big River gives a new or substantive investor or analyst presentation, a copy is released to the ASX prior to giving that presentation.

Directors receive a copy of all material announcements promptly after they have been released to the ASX.

The Disclosure and Communication Policy was reviewed and updated during the reporting period and is available on the Website.

PRINCIPLE 6 – RESPECT THE RIGHTS OF SECURITY HOLDERS

Shareholder meetings

Big River's annual general meeting is convened usually in October or November each year. The notice of meeting is lodged on the ASX and sent to all shareholders in accordance with their nominated communication instructions that the share registry has on record.

To encourage shareholder engagement and participation at the AGM, shareholders usually have the opportunity to attend the AGM, ask questions, participate in voting and meet the Board and executive team in person. This was the case at the 2020 AGM held on 28 October 2020, despite the disruptions caused by the unprecedented COVID-19 pandemic.

Big River will continue to monitor legal and regulatory requirements and recommendations and consider the place and method to hold the 2021 AGM so that:

- shareholders may exercise their right to vote and ask questions; and
- the health, safety and wellbeing of shareholders and employees is protected.

Shareholders who are unable to attend the AGM are encouraged to vote on the proposed resolutions by appointing a proxy via the proxy form accompanying the notice of meeting or online through the share registry's website. Shareholders also have the opportunity to submit written questions to Big River and the external auditor or make comments on the management of the Company.

A copy of any investor presentation and speeches by the Chairperson and/or CEO/MD is released to the ASX before the commencement of the AGM and the outcome of voting on resolutions at the meeting is released to the market after the conclusion of the meeting.

Electronic communication with shareholders

Big River's shareholders are able to receive communications from, and send communications to, its share registry electronically.

The Company encourages stakeholders to make contact with the Company or its share register via the details provided under the 'Investor Contacts' tab on the Company's Website.

Shareholders are encouraged to elect to receive communications, including the annual report, notice of meetings and other Company information, electronically from the share registry. By

choosing to receive communications from the Company electronically, shareholders help the Company to save on costs, contribute to caring for the environment and reduce delays that may be incurred sending materials via post. This election can be made by contacting the Company's share registry directly.

PRINCIPLE 7 – RECOGNISE AND MANAGE RISK

Audit and Risk Committee

The Board is ultimately responsible for ensuring that a sound risk management strategy (including an appropriate risk appetite) and risk management policies are in place. The Board has delegated to the Audit and Risk Committee the responsibility for identifying and overseeing major risks and the establishment and implementation of the risk management system. Further details regarding the role and responsibilities of the Audit and Risk Committee are set out under Principle 4 in this Statement.

All material risks affecting the Company, including both financial and non-financial risks, are reviewed and considered by the Audit and Risk Committee having regard to the risk appetite as set by the Board. All directors and senior executives are encouraged to review the business for risk on an ongoing basis and to raise any risk issues of concern with members of the Audit and Risk Committee. These protocols form the basis for the risk management system.

The Audit and Risk Committee reviews and assesses the Company's risk management framework annually and reviews the implementation, management and maintenance of appropriate enterprise-wide risk management systems, policies and procedures, reporting protocols and internal controls. A review of the risk management framework was undertaken during the reporting period and the committee is satisfied that it continues to be sound.

Composition, membership and independence of the Audit and Risk Committee members are set out under Principle 2 of this Statement.

The number of committee meetings held during the reporting period and attendance at those meetings are set out in the Directors' Report contained within the 2021 Annual Financial Report.

The Audit and Risk Committee charter was reviewed and updated during the reporting period and is available on the Website

Management of risk

Controls have been implemented at both the group and operating levels that are designed to safeguard the Company's interests and ensure the integrity of its reporting. These include accounting, financial reporting, tax risk management systems, safety, health and environment and other internal policies and procedures, which are directed at ensuring the Company complies with regulatory requirements and community standards.

The Company's risk management framework is integrated with its day-to-day business processes and functional responsibilities. Risks are monitored and managed by management reporting to the Audit and Risk Management Committee on such matters.

The Audit and Risk Committee reviews the effectiveness of the risk management system on an ongoing basis. The Audit and Risk Committee is responsible for ensuring that the

appropriate senior executives have established and implemented a risk management system throughout the organisation.

In addition to the above, the Company's external auditors provide the Audit and Risk Committee with a report detailing any identified risk items at the completion of each half-year review and full-year audit. The Audit and Risk Committee discusses the report with the auditors and any material items are referred to the Board.

Internal audit

The Company employs an internal audit resource that reviews internal controls during the course of each year. In addition, internal control reviews are undertaken by the CFO and the finance team each financial year with results reported to the Audit and Risk Committee.

Disclosure regarding material exposure to specific risks

The Company is subject to risk factors that are both specific to its business activities and that are of a more general nature. Key risks facing the business were outlined in the Company's prospectus dated 24 March 2017 and have not materially changed.

This generally includes the following risks which have been addressed in the Company's risk management framework:

- general conditions in the construction industry;
- ability to attract and retain team members;
- disruption to production;
- health and safety;
- product liability exposure;
- industrial disputes;
- new technologies and industry change;
- supplier and buyer agent relationships;
- loss of customers or contracts;
- growth strategies;
- currency fluctuations;
- increase in competition;
- finance risks;
- environmental risk; and
- natural phenomena.

The Company does not currently have any material exposure to environmental or social sustainability risks. Big River manages its risk exposure as disclosed above through the Audit and Risk Committee's ongoing review.

PRINCIPLE 8 – REMUNERATE FAIRLY AND RESPONSIBLY

Nomination and Remuneration Committee

The role of the Nomination and Remuneration Committee in relation to remuneration matters is to assist and advise the Board on remuneration policies and practices for the Board, the CEO/MD, CFO, senior executives and other persons whose activities, individually or collectively, affect the financial soundness of the Company. The policies and practices are designed to:

- enable the Company to attract, retain and motivate directors, executives and employees who will create value for shareholders within an appropriate risk management framework, by providing remuneration packages that are equitable and externally competitive;
- be fair and appropriate having regard to the performance of the Company and the relevant director, executive or employee;
- comply with relevant legal requirements; and
- encourage the creation of an 'Employer of Choice' culture within the Company.

Composition, membership and independence of the Nomination and Remuneration Committee members are set out under Principle 2 of this Statement.

The number of committee meetings held during the reporting period and attendance at those meetings are set out in the Directors' Report contained within the 2021 Annual Financial Report.

The Nomination and Remuneration Committee Charter was reviewed and updated during the reporting period and is available on the Website.

Remuneration policy

The Company's remuneration policy is designed to ensure that the level and composition of remuneration is both competitive and reasonable, to attract, motivate and retain employees, and to ensure that the interests of employees are aligned with those of shareholders. Total remuneration is connected to performance and is intended to be appropriate for the results delivered.

The Nomination and Remuneration Committee reviews and makes recommendations to the Board on the remuneration of the CEO/MD, CFO, and the senior executives, including:

- short and long-term remuneration, including both fixed remuneration and performance-based remuneration;
- any termination payments; and
- appropriate grants of securities under the long term incentive plan.

In making its recommendations the Committee aims to ensure that:

- remuneration is set with reference to prevailing market rates for similar positions, adjusted to account for experience, productivity and ability;
- remuneration packages are designed to motivate senior management to pursue the

long-term growth and success of the Company; and

- a clear relationship exists between performance and remuneration.

Further details about Big River's remuneration philosophy, policies and practices are provided within the Remuneration Report, which is part of the Directors' Report contained within the 2021 Annual Financial Report.

Remuneration of non-executive directors

Non-executive directors are remunerated by way of fees which are set with reference to the prevailing market rates. As set out in the Constitution, Shareholders are required to approve any increases to the NED Director fee pool. There is no intention at this stage to request an increase to the NED fee pool. Non-executive directors do not participate in the schemes designed for the remuneration of executives, nor do they receive bonus payments or any retirement benefits other than statutory superannuation.

Equity-based remuneration

The Company has adopted the Big River Industries Limited Rights Plan (**BRIRP**) which is being approved by shareholders for a second time at the 2021 AGM (with the previous approval at the 2018 AGM). The terms of the BRIRP are summarised in the 2021 Annual Financial Report and in the 2021 Notice of Meeting and AGM.

As detailed under Principle 3 of this Statement, Big River's Trading Policy prohibits Designated Persons from entering into transactions or arrangements with anyone which could have the effect of limiting their exposure to risk relating to an element of their remuneration that has not vested or that has vested but remains subject to a holding lock. This includes any performance rights granted as part of the BRIRP.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.
