Highlights

Total Group gross revenue of \$42m. Of the \$42m total sales, the juice related sales of \$40.6m are up 13% on FY20 juice sales of \$36m.

EBITDA of positive \$1.8m, which is an improvement of \$7.3m on the FY20 EBITDA. The improved EBITDA position was driven by a combination of higher GP margin and decreased expenses.

Revenue

Juice related net sales increased by 13% compared with FY20 due mainly to the increase in prices and successful launch of new products into the market.

Due to change in market circumstances, the company cleared all the sanitiser stock in Q1 of FY21, and did not sell sanitiser for the remainder of the financial year.

Gross Profit

Gross margins were significantly improved due to the higher profitability of the product mix and optimal expenses arrangement.

NOTE 2: STATEMENT OF COMPLIANCE

Significant accounting policies

Significant accounting policies will be disclosed in the group's annual financial report for the year ended 30 June 2021.

Segment reporting

The group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (Chief Operating Decision Makers) in assessing performance and determining the allocation of resources. The Directors have considered the requirements of AASB 8 – Operating Segments, and have concluded that at this time there are no separately identifiable reportable segments, however with the completion and commissioning of the cleanroom assets in August 2020, it is expected the group would have two separate reporting segments going forward.
