JOHNS LYNG EXPANDS AGREEMENT WITH CHU

Johns Lyng Group (ASX:JLG) has strengthened its partnership with strata insurance industry client CHU Underwriting Agencies, expanding its building services agreement to include Victoria, Western Australia and Tasmania.

The appointments to these state-based panels expands the building services partnership between the two parties to a fully national reach, following Johns Lyng's previous appointment to panels for the ACT, New South Wales and Queensland.

Effective immediately, the agreement pertains to general insurance work on domestic properties in the nominated jurisdictions.

CHU is one of Australia's largest insurance underwriting agencies specialising in both strata and community title and build to rent property insurance.

Johns Lyng subsidiary Restorx, a restoration services provider, also currently sits on CHU's national panel (barring Queensland) for restoration services.

CEO Scott Didier said the new panel appointment strengthened the Group's important strategic relationship with CHU.

"CHU is one of Australia's most recognised strata insurance brands, so our relationship is particularly important," Mr Didier said.

"Expanding our agreement to national coverage is an important milestone for us and reflects the strong working relationship between the parties.

"Appointment to these panels allows us to take our services to more customers and increase our share of the market.

"Our strong relationship with CHU is based on the quality of our people and our commitment to delivering consistently superior customer outcomes.

"We thank CHU for their ongoing support of us and we look forward to further strengthening our relationship."
