Skyfii delivers its highest revenue quarter

Q1 FY22 Highlights

- **Total Operating Revenues for Q1 FY22 of \$5.1m, up 48% on the previous corresponding period (PCP)** (Q1 FY21) including revenue from CrowdVision of \$0.8m
- **Recurring Revenues for Q1 FY22 of \$3.5m, up 54% vs pcp** with CrowdVision delivering recurring revenue of \$0.6m during the period
- **Total Cash Receipts of \$4.1m, up 6% on Q4 FY21**
- **Cash at bank of \$5.8m** (as at 30 September 2021), with additional access to a \$2m loan facility, which remains undrawn. Net cash reduced during the quarter primarily due to a \$1.3m cash payment associated with the completion of the CrowdVision acquisition
- **Completed the acquisition of CrowdVision** for a total consideration of \$10m (of which 56% funded via equity issued to CrowdVision at a Skyfii share price of \$0.209) delivering access to the rebounding global transportation and airport vertical
- **Pro forma Annualised Recurring Revenue (ARR)** (including CrowdVision) exited Q1 FY22 at **\$14.2m¹**
- Post quarter end the Company announced contract wins in the EMEA region with a **TCV of \$1.6m**

Outlook

- Improving economic conditions in the northern hemisphere have delivered significant new business opportunities and a material improvement in the quality of our global sales pipeline
- Skyfii is focussed on targeted investment into its operating model to deliver scalable growth in FY22 and beyond. Primary areas of investment include an expanded business development team, a focus on developing cross-sale opportunities across its product lines and new product development

Commenting on the September quarter, Skyfii CEO and Managing Director Wayne Arthur said:

"Our business development pipeline continued to grow during the quarter as venues around the globe see the benefit of our people counting and analytics data in helping maintain safe and compliant operations and deliver improved levels of customer experience. That growing pipeline was reflected in the announcement, post the end of the quarter, of several new contracts signed in the rapidly growing Middle East region. With over \$38m in advanced stage deal value, we are well positioned to deliver even stronger revenue growth in the coming quarters."

We continued to invest into our business during the quarter as we aim to further expand our pipeline and deliver operating leverage in FY23 and beyond. We are investing into sales, marketing, operations, engineering and human resources and remain well funded to make the investments for future growth."

These investments along with positive market conditions, a growing business development pipeline, upside from our recent acquisition of CrowdVision and a strong baseline of recurring revenue, position the Company to deliver meaningful and rapid revenue growth in FY22. Looking ahead we are confident that our Q2 result will be a significant improvement on our Q1 and see us deliver a record 1H result."

Cash Position

The Company maintained a strong balance sheet with \$5.8m of cash as at 30 September 2021. In addition, Skyfii has access to a \$2m loan facility, which remains undrawn. Net cash reduced versus 30 June 2021 primarily due to A\$1.3m cash consideration for the settlement of agreed pre-acquisition net debt associated with the completion of the CrowdVision.

Completion of acquisition of CrowdVision

During the quarter the Company completed the acquisition of CrowdVision. The total acquisition cost was A\$10.0m, which was in line with the price stated on 6 April (ref ASX release on 6 April). The breakdown of the acquisition commercials was:

- An initial consideration of A\$1.3m, paid in cash to the vendors of CrowdVision
- A\$3.1m in payments to settle net debts owed by CrowdVision prior to acquisition completion
- A\$5.6m in deferred equity compensation, paid in scrip and issued at a share price of A\$0.209 per share

The company elected to fund the deferred consideration with shares (issued at a price of A\$0.209 per share) rather than cash as it delivered the best value for Skyfii shareholders.

The Company issued 26,673,811 Skyfii shares to satisfy the deferred consideration for the acquisition of CrowdVision, Inc (Deferred Consideration Shares). The Deferred Consideration Shares are subject to voluntary escrow restrictions, as detailed below:

- 15,297,313 shares subject to voluntary escrow restrictions expiring 5 April 2022; and
- 11,376,498 shares subject to voluntary escrow restrictions expiring 5 April 2023.

Strategic Rationale

The acquisition of CrowdVision delivered Skyfii a market leading presence in the global airport vertical with its advanced computer vision technology platform. The timing of the transaction was strategically counter-cyclical and provides significant scope for Skyfii to generate revenue uplift as global air travel, and airport infrastructure investment, continue to normalise post the impact of COVID-19.

Skyfii's integration of CrowdVision has performed ahead of expectations with the technology platforms aligned and all staff fully onboarded to Skyfii's operating systems. The integration and initial business development activities have reinforced the strategic and revenue opportunities from the acquisition, including the ability to leverage the technology into new verticals with similar use cases including Stadiums, Casinos and Rail/Transit hubs.

Post End of Quarter

Post the end of the quarter, the Company signed key contracts in the EMEA region with a combined Total Contract Value of over \$1.6m, including:

- Majid Al Futtaim (MAF), owner and operator of shopping malls, retail outlets and leisure centres in the Middle East, including Mall of the Emirates, signed a three-year deal for the provision of IO Connect Guest WiFi across 19 shopping malls. MAF also operates the Carrefour supermarket brand in the UAE and owns the Geant supermarkets brand in the region
- Quick Service Restaurant operator, McDonald's signed a three-year deal for the provision IO Connect Guest WiFi and IO Insights data analytics platform across 183 restaurants across the UAE
- International shopping centre group McArthurGlen Designer Outlets signed a three-year contract extension for the ongoing deployment of Skyfii's IO Connect Guest WiFi and IO Insight data analytics platforms across 24 designer outlet malls in the UK and Europe. The three-year extension with McArthurGlen follows a successful initial four-year term (reference ASX release 25 October 2017)

Corporate

Employee Share & Option Buy Back

During the quarter the Company completed an Employee Share & Option buy back of 18,694,428 due to various vesting conditions not being met. This reduced the number of employee shares & options outstanding for the Company by 16%. No consideration was paid by Skyfii given the vesting conditions had not been met.

Appointment of new Directors

During the quarter the company appointed two new directors. As the Company continues to grow the business globally, changes to the composition of the Company's Board will ensure we have the appropriate skill set, diversity of experience and corporate governance capabilities to execute on our growth strategy

- Kirsty Rankin was appointed as a non-executive director. Kirsty is an experienced senior executive in the data driven digital marketing sector. She was most recently Senior Vice President Product Development, Data and Services for Mastercard, based in New York.
- John Rankin (no relation to Kirsty Rankin) was appointed to an executive Director position. John is Chief Operating Officer of the Company, having joined Skyfii in 2016. He holds over 17 years' experience in technology, media, advertising, and property industry, twelve of which were spent in senior and executive leadership positions.
- Lincoln Brown has stepped down as a non-executive director of the Company.

As noted in Section 6 of the Appendix 4C, the Directors fees stated were made to the Directors of the entity during the quarter, comprising salaries and fees for Executive and Non-Executive Directors. No other payments were made to any related parties or their associates of the entity.

Outlook

FY22 is a year of investment into our operating model in order to drive organic growth in all markets which will be a catalyst for significant YoY revenue growth in FY22 and beyond. The company remains well funded to make strategic investments into sales, marketing, operations, engineering and human resources in order to propel future growth.

The key areas of focus for Skyfii's management team during FY22 include:

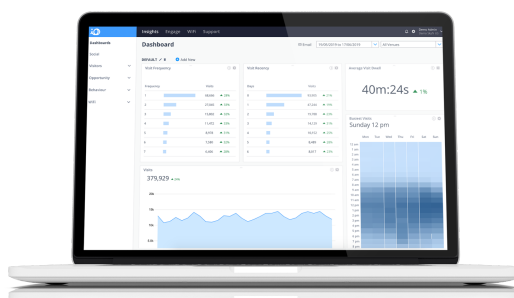

- Continued investment into marketing activities to drive quality leads across all markets and products
- Increased investment into Sales, Support and Services headcount to drive additional revenue growth in all regions
- Focus on near-term conversion across CrowdVision and Skyfii sales pipelines
- Expansion of our reach into the UAE region

ASX: SKF

27 October 2021

- Significant focus on key verticals including Airports, Stadiums, Grocery, Corporate Offices, Universities, Schools and Municipalities
- Integration of the CrowdVision technology solution into the Skyfii offering and retirement of the legacy platform
- Focus on driving operating leverage into FY23 and beyond
