ABOUT ADRIATIC METALS

Adriatic Metals Plc (ASX:ADT, LSE:ADT1, OTCQX:ADMLF) is a precious and base metals developer that is advancing the world-class Vares Silver Project in Bosnia & Herzegovina, as well as the Raska Zinc-Silver Project in Serbia.

The Vares Silver Project Definitive Feasibility Study boasts robust economics of US\$1,062 million post-tax NPV₈, 134% IRR and a capex of US\$168 million. The Company is well-funded and concurrent with the advancing the Vares Silver Project into construction, it continues to explore across its highly prospective 41km² concession package.

Adriatic Metals Plc completed the acquisition TSX-listed Tethyan Resource Corp. in Q4 2020, which contained the Raska Zinc-Silver Project in southern Serbia. The Company is exploring across its 95km² highly prospective concession area, which includes around the formerly operating Kizevak and Sastavci polymetallic mines.

There have been no material changes to the assumptions underpinning the forecast financial information derived from the production target in the 19 August 2021 DFS announcement and these assumptions continue to apply and have not materially changed. Adriatic Metals is not aware of any new information or data that materially affects the information included in the announcement of the updated Mineral Resource Estimate announced on 1 September 2020 and all material assumptions and technical parameters underpinning the Mineral Resource Estimate continue to apply and have not materially changed.

DISCLAIMER

Forward-looking statements are statements that are not historical facts. Words such as “expect(s)”, “feel(s)”, “believe(s)”, “will”, “may”, “anticipate(s)”, “potential(s)” and similar expressions are intended to identify forward-looking statements. These statements include, but are not limited to statements regarding future production, resources or reserves and exploration results. All of such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond the control of the Company, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include, but are not limited to: (i) those relating to the interpretation of drill results, the geology, grade and continuity of mineral deposits and conclusions of economic evaluations, (ii) risks relating to possible variations in reserves, grade, planned mining dilution and ore loss, or recovery rates and changes in project parameters as plans continue to be refined, (iii) the potential for delays in exploration or development activities or the completion of feasibility studies, (iv) risks related to commodity price and foreign exchange rate fluctuations, (v) risks related to failure to obtain adequate financing on a timely basis and on acceptable terms or delays in obtaining governmental approvals or in the completion of development or construction activities, and (vi) other risks and uncertainties related to the Company’s prospects, properties and business strategy. Our audience is cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof, and we do not undertake any obligation to revise and disseminate forward-looking statements to reflect events or circumstances after the date hereof, or to reflect the occurrence of or non-occurrence of any events.
