23 November 2021 – [Identitii Limited \(ASX:ID8\)](#) ('Identitii', 'the Company') is pleased to announce it has successfully raised an additional \$1.4M via a Shareholder Rights Issue (**Rights Issue**) which closed on 18 November 2021. The capital raising will help finance current and future growth initiatives, including:

- The provision of working capital for Identitii to execute its LAND, EXPAND and CONNECT strategy, more detail on which is provided in the Company's latest Investor Presentation, dated 26 October 2021
- A ramp-up of sales and marketing activities, as the Company continues to drive new customer growth, following the announcement of deals with Novatti and Standard Chartered Australia earlier this financial year
- Continued enhancements to Identitii's core platform to provide new features and functionality that increase revenue per customer and help the Company expand into new markets, and
- Efforts to monetise the Company's US patent.

Commenting on the announcement, John Rayment, CEO, Identitii, says: "I'd like to thank all of our existing shareholders, friends and family for their ongoing support. We also take this opportunity to welcome a number of new shareholders to our register. Some of the additional capital raised in the just completed placement and rights issue will fund further investment in our unique platform. The platform enhancements coming out of this R&D as well as the increased resources directed towards sales and marketing will make our RegTech offering even more attractive to prospective clients – and not just those based in Australia. We are very excited about the early success already coming out of the next phase of our growth initiatives and look forward to providing investors with updates on further developments as they happen."
