333D X GIANT SWAN EXCLUSIVE 3D PRINTING SERVICES SUPPLY AGREEMENT

- Cryptoartist and NFT creator “Giant Swan” to incorporate 3D printing in his artistic creations
- T3D awarded exclusive 12-month 3D printing service agreement with Giant Swan
- Service agreement with Giant Swan will enable 3D printing of NFT’s in the real world
- T3D’s pricing for its service will be based on a cost-plus model
- Giant Swan’s cryptoart is described as “reality meets virtual reality meets the Metaverse”

The Board of Directors is pleased to announce that 333D Ltd (ASX:T3D or “**Company**”) has entered into a services supply agreement (the **Agreement**) with virtual reality painter and sculptor “Giant Swan” for the exclusive provision of 3D printing services.

On 8 November 2021, the Company’s shareholders approved the issue of shares to Mr Travis Van Zanen (known professionally in the cryptoarts market as “**Giant Swan**”) for his services under a continuing engagement with T3D where Giant Swan provides creative expertise relating to the curation of the Company’s digital asset library.

Giant Swan is a world recognised Australian virtual reality artist, sculptor and NFT creator. Giant Swan uses state of the art technology to create artistic pieces that merge virtual reality and reality. Giant Swan’s artistic pieces are highly sought after and have been exhibited in Rome, Milan, Montreal, New York City and Miami. His creations are sold as physical form objects and as NFTs on several leading cryptoart platforms including *SuperRare*, *Artsy*, *Known Origin*, *Nifty Gateway* and *Opensea*, with individual pieces selling for tens of thousands of dollars.

Under the Agreement, Giant Swan has appointed the Company as the exclusive supplier of 3D printing services for an initial term of 12 months (the **Term**). The Term of the Agreement may be extended by mutual consent.

Pursuant to the Agreement, the Company will convert, render, and remediate Giant Swan's digital assets into 3D print-ready file formats, provide 3D printing prototype services, final product 3D printing services and technical advice relating to 3D printing.

The Company's pricing for its service will be based on a cost-plus model. Additionally, Giant Swan has agreed to incorporate 3D printing in his artistic creations from time to time and to promote 333D's expertise. No there are no other material conditions. There is no minimum volume requirement, and at this stage, the Company is not able to assess or quantify the financial impact of the Agreement. However, the Agreement may add additional volume to the Company's 3D printing service bureau thereby increasing its market share. The Agreement also showcases 333D's expertise to the cryptoarts world by demonstrating its service capability with creative artists.

In commenting on the significance of the Agreement to the Company, John Conidi the Chairman of 333D says:

"This is an incredible coupe for 333D, working with Giant Swan a world renowned cryptoartist in a market that is growing exponentially. There are no boundaries when reality meets virtual reality meets the Metaverse and we see this engagement as showcasing 333D's expertise to the cryptoarts world by curating and printing complex shapes and functionality that enables the artist to create an experience by linking dimensions.

Travis Van Zanen (Giant Swan) says:

This is by far one of the most exciting opportunities to bring the advancements of many industries including Virtual Reality, Blockchain, and 3D printing to explore not only the boundaries of art but also the technologies behind them. The works I envision will give audiences an opportunity to not only share digital space with my work but for my work to share space with its audience also.

This announcement has been authorised for release by the **Board of 333D Limited**.
