## ASX ANNOUNCEMENT

### IMEXHS enters the Thai Market

#### Highlights

- IMEXHS receives Thailand's FDA registration for its Imaging software suite
- IMEXHS signs software distribution agreement with BJC Healthcare Company, Berli Jucker's (BJC) Medical Division
- IMEXHS receives first Aquila in the Cloud order in Thailand

**IMEXHS Limited (ASX: IME) ("IMEXHS" or "the Company")** is pleased to announce it has received approval from the Thai Food and Drug Administration (FDA) for the Company's PACS technology (HIRUKO Essential software suite).

The Company has also signed an international software distribution agreement with BJC Healthcare Company, which is part of the Berli Jucker Group (BJC), a company with a remarkable history that spans over 135 years. BJC Healthcare is a leading distributor of medical equipment and an innovative system for healthcare professionals and institutions. BJC's medical division has operated for over 40-years and is comprised of three main business units: Medical Innovation Technology, Surgery Solutions and Life-Care Saving Divisions. BJC Healthcare currently employs over 350 skilled employees.

IMEXHS has received its first Aquila in the Cloud order from BJC for the Siriraj Hospital's Mobile Stroke Unit located in Bangkok. The contract with Siriraj Hospital is volume based and billed in USD. The Siriraj Hospital is Thailand's oldest and largest hospital and one of the largest in Southeast Asia, with a capacity of over 2,000 beds. The hospital receives over 3 million patient visits per year. The Stroke Unit involves a special ambulance that connects the first responders in the ambulance to the hospital's experts. IMEXHS will provide Siriraj's Stroke Unit with the Company's robust PACS system and Universal Viewer to provide quick access to brain images.

The Siriraj Stroke Unit considered several options from different vendors before choosing IMEXHS's product due to its flexibility and modern technology.

#### Headquarters USA

Doral, Florida.  
8200 NW 41st, Suite No. 200-42. CP 33166  
[admin.usa@imexhs.com](mailto:admin.usa@imexhs.com)

Dr. German Arango, IMEXHS Co-founder and CEO said, “We are very excited to have BJC Healthcare join the IMEXHS Partners Program. BJC is an emblematic organization across Southeast Asia, and we are looking forward to working together in the years to come. Over the years, the Thailand market has become one of the most important medical hubs in Asia, presenting IMEXHS with a huge opportunity. The country’s rapidly ageing population is driving significant needs for dynamic healthcare services. In addition, hospitals in Thailand treat millions of foreign patients every year thanks to their world-renowned high-quality medical services. Alongside BJC, we aim to provide our intuitive, user-friendly, and dynamic medical imaging platform, Aquila in the Cloud, to the Thai market”.

Authorised for release by the Board of IMEXHS Limited.

About IMEXHS

*IMEXHS Limited (ASX: IME) is an innovative provider of medical imaging software and radiology services in 15 countries including Colombia, the US and Australia. Founded in 2012, IMEXHS develops software as a service (SaaS) imaging solutions that includes a Picture Archiving and Communications System (PACS), a Radiology Information System (RIS), a Cardiology Information System (CIS) and an Anatomical Pathology Laboratory Information System (APLIS). Its solutions are completely cloud-based, vendor neutral and zero footprint, with no need for installed software. The IMEXHS products are designed to increase productivity and save money for end users, with a scalable platform that enhances patient outcomes.
