ASX RELEASE

14 April 2022

MONADELPHOUS CONTRACTS UPDATE

Engineering company Monadelphous Group Limited (ASX: MND) (“Monadelphous” or “the Company”) today announced it has secured a number of new contracts and contract extensions in the resources and energy sectors in Australia and Papua New Guinea totalling approximately \$230 million.

The Company has secured a contract with Rio Tinto for the provision of shutdown works at the Greater Tom Price operation in the Pilbara region of Western Australia. The work includes upgrades and modifications to existing process plant infrastructure at the Western Turner Syncline Phase 2 project. This work is expected to be completed in the second half of 2022.

Also in Western Australia, Monadelphous has secured a three-year contract to continue providing operation and maintenance services at Synergy’s Muja Power Station in Collie, as well as a two-year extension to provide maintenance, turnarounds and brownfields modifications at a customer’s offshore liquefied natural gas facility.

In Queensland, the Company has secured a three-year contract with Origin to provide turnaround and shutdown support services at their coal seam gas upstream facilities for Australia Pacific LNG operations.

In New South Wales, Monadelphous has secured a multi-disciplinary construction services contract with Tronox Mining Australia in Broken Hill. The work is expected to be completed in the second half of 2022.

Finally, in Papua New Guinea, Monadelphous has been awarded a contract with Newcrest to provide engineering, procurement and construction services on the CCD 3 & 4 Refurbishment Project at Lihir Island. The work, which includes the major overhaul of two tanks associated with the gold production facilities, is expected to commence onsite in July 2022 and be completed in mid-2023.
