

Investor Day 2022

PEXA UK and PEXA Insights

13 May 2022

Important Notice and Disclaimer

This presentation and the information accompanying it (Presentation) has been prepared and provided solely by PEXA Group Limited (PEXA or the Company).

No offer of securities

This Presentation is not a Prospectus, product disclosure statement or offer document under Australian law or the laws of any other jurisdiction. It is not and should not be considered, and does not contain or purport to contain, an offer, invitation, solicitation or recommendation with respect to the subscription, purchase or sale of any securities in PEXA or any other entity.

The information contained in the Presentation has been prepared without taking account of any person's investment objectives, financial situation or particular needs and nothing contained in the Presentation constitutes investment, tax, legal or other advice. You must not rely on the Presentation but make your own independent assessment and rely on your own independent taxation, legal, financial or other professional advice.

Financial data

All financial amounts contained in this Presentation are expressed in Australian dollars (unless otherwise stated). Note: numbers may not sum due to rounding.

Certain financial information included in this Presentation is 'non-IFRS financial information' under Regulatory Guide 230 'Disclosing non-IFRS financial information' published by ASIC. PEXA believes this non-IFRS financial information provides useful information to users in measuring the financial performance and condition of PEXA. The non-IFRS financial information does not have standardised meanings prescribed by Australian Accounting Standards and, therefore, may not be comparable to similarly titled measures presented by other entities, nor should it be construed as an alternative to other financial information determined in accordance with Australian Accounting Standards. You are cautioned, therefore, not to place undue reliance on any non-IFRS financial information or ratio included in this Presentation.

Forward statements

No representation or warranty, expressed or implied, is made as to the accuracy, reliability, adequacy or completeness of the information and opinions contained in the Presentation.

The Presentation may contain certain forward-looking statements, including estimates, projections and opinions (Forward Statements). We use words such as 'will', 'may', 'intend', 'seek', 'would', 'should', 'could', 'continue', 'plan', 'probability', 'risk', 'forecast', 'likely', 'estimate', 'anticipate', 'believe', or similar words to identify Forward Statements. Forward Statements are based on assumptions and contingencies which are subject to change without notice, may involve known and unknown risks and uncertainties and other factors, many of which are beyond the control of PEXA, and have been made based upon management's expectations and beliefs concerning future developments and their potential effect on us.

No representation is made or will be made that any Forward Statements will be achieved or will prove to be correct. Actual future results and operations could vary materially from the Forward Statements. Circumstances may change and the contents of this Presentation may become outdated as a result.

Except as required by applicable laws or regulations, PEXA does not undertake any obligation to provide any additional or updated information or revise the Forward Statements or other statements in this Presentation, whether as a result of a change in expectations or assumptions, new information, future events, results or circumstances.

You are strongly cautioned not to place undue reliance on Forward Statements, particularly in light of the current economic climate and the significant volatility, uncertainty and disruption caused by COVID-19.

Past performance

Past performance and historical information given in this Presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

Market and Industry data

This Presentation contains statistics, data and other information (including forecasts and projections) relating to markets, market sizes, market shares obtained from research, surveys or studies conducted by third parties (Market Data). You should note that Market Data is inherently predictive, are subject to uncertainty and not necessarily reflective of actual market conditions. PEXA cannot assure you as to the accuracy or the reliability of the underlying assumptions used to estimate such Market Data. Forecasts and estimates involve risks and uncertainties and are subject to change based on various factors, including in data collection and the possibility that relevant data has been omitted. As a result, the Market Data is not necessarily reflective of actual market conditions, involves additional risks and uncertainties and are subject to many factors beyond PEXA's control. There is no assurance that any of the estimates contained in the Market Data and included in this Presentation will be achieved.

Disclaimer

The information is supplied in summary form and is therefore not necessarily complete. The material contained in this Presentation may include information derived from publicly available sources that have not been independently verified. No representation or warranty is made as to the accuracy, completeness or reliability of the information.

To the maximum extent permitted by law, PEXA and each of its affiliates, directors, employees, officers, partners, agents and advisers and any other person involved in the preparation of the Presentation disclaim all liability and responsibility (including without limitation, any liability arising from fault or negligence) for any direct or indirect loss or damage which may arise or be suffered through use or reliance on anything contained in, or omitted from, the Presentation. PEXA accepts no responsibility or obligation to inform you of any matter arising or coming to their notice, after the date of the Presentation or this document, which may affect any matter referred to in the Presentation.

This Presentation should be read in conjunction with PEXA's other periodic and continuous disclosure announcements lodged with the ASX, which are available at www.asx.com.au.

Today's speakers

Scott Butterworth

Chief Data & Analytics Officer

- > An accomplished business leader working across many sectors in a variety of roles, across Asia, Europe and Australia
- > Previously CFO at Slater & Gordon (ASX: SGH) from late 2018, until he joined PEXA in November 2021. Prior to that, worked in financial services, mostly at NAB in Australia and the UK, with a short period at Westpac. Scott was also a Partner at Boston Consulting Group's Financials Services practice in Australia and New Zealand.
- > Scott's passion is for harnessing data-driven insights to provide value to government, financial institutions, PEXA members and the broader property sector

James Bawa

CEO UK

- > A highly motivated executive leader with extensive experience in transformational change across financial and property sectors in the UK
- > Previously CEO at JN Bank UK, a cloud-based challenger bank which he set up and obtained a new license for; and CEO at Teachers Building Society, where he was responsible for re-engineering the society into a specialist lender (winning "Best Local Building Society 2011-13), Monmouthshire Building Society and Scottish Legal Life Assurance Society
- > Extensive regulatory experience with over 12 years as a panel member of the Financial Services Authority and Financial Conduct Authority. James applies a communicative, energetic, participative, and inspirational leadership-style

Gary Howard

Chief Transformation Officer, PEXA

- > Known for his leadership and delivery, both in terms of start-ups, and business transformation / turnarounds
- > Experience of the last 10 years is somewhat unique, having seen PEXA from both sides; as an end user leading a transformational implementation of PEXA into one of the Australian Big 4 Banks, and within PEXA given his broader role leading Business Transformation
- > Over 30 years' Financial Services experience in Australia and the UK, he brings a unique perspective to the International team having led large lending functions in Australia and overseas.

Comprehensive Australian property content

PEXA Property Insights Report

MARCH 2022 QUARTER

Although the market showed signs of peaking, sale settlements remained at elevated levels

Seasonal declines were recorded for the Mar-22 quarter off the back of a record Dec-21 quarter. At first glance the market seemed to show signs of weakening, however it is normal for settlement volumes to dip in the new year, as fewer properties settle in January due to the holiday period. Settlements in the Mar-22 quarter were comparable to the same period in the prior year, with volumes remaining at historically high levels, although growth flat-lined.

The relaxing of COVID restrictions breathed new life into capital cities, with metropolitan areas outperforming regional areas in NSW, VIC & QLD for volume growth in the Mar-22 quarter. In fact most regional areas lost ground, whilst metropolitan areas grew over the same period, highlighting strong buyer demand for property in urban areas close to jobs.

PEXA Mortgage Insights Report

MARCH 2022 QUARTER

New loans and refinances experienced a seasonal dip in the Mar-22 qtr

This seasonal dip is to be expected as the Mar-22 qtr is impacted by the January holiday period. When compared to the corresponding period a year ago, new loan volumes were largely unchanged, remaining at historically high levels. However the absence of growth does suggest that the market is reaching its peak and faces a number of headwinds, including the uncertainty of the upcoming federal election and speculated interest rate rises.

Refinances on the other hand were well up on the prior year. Similar to new loans, seasonal declines were recorded across all states when compared to Dec-21 quarter, however all states posted significant year-on-year increases led by WA and QLD. Property Owners continued to refinance at high levels, motivated to take advantage of record low interest rates.

Mike Gill, Head of Research PEXA

SETTLEMENT HIGHLIGHTS

- > QLD led the country for a third successive quarter. QLD recorded 51,458 sale settlements in the Mar-22 quarter, slightly ahead of VIC on 50,702 and eclipsing southern neighbour NSW on 48,100.
- > \$62.3B worth of property settled in NSW in the Mar-22 quarter. Australia's most populous state once again recorded the highest aggregate value, well ahead of VIC at \$50.9B.
- > WA saw a resurgence in the Mar-22 quarter, with 2.5% growth on the prior year. This result almost matched the highs of the Dec-21 quarter and coincided with the state re-opening borders to the Eastern states.

MORTGAGE HIGHLIGHTS

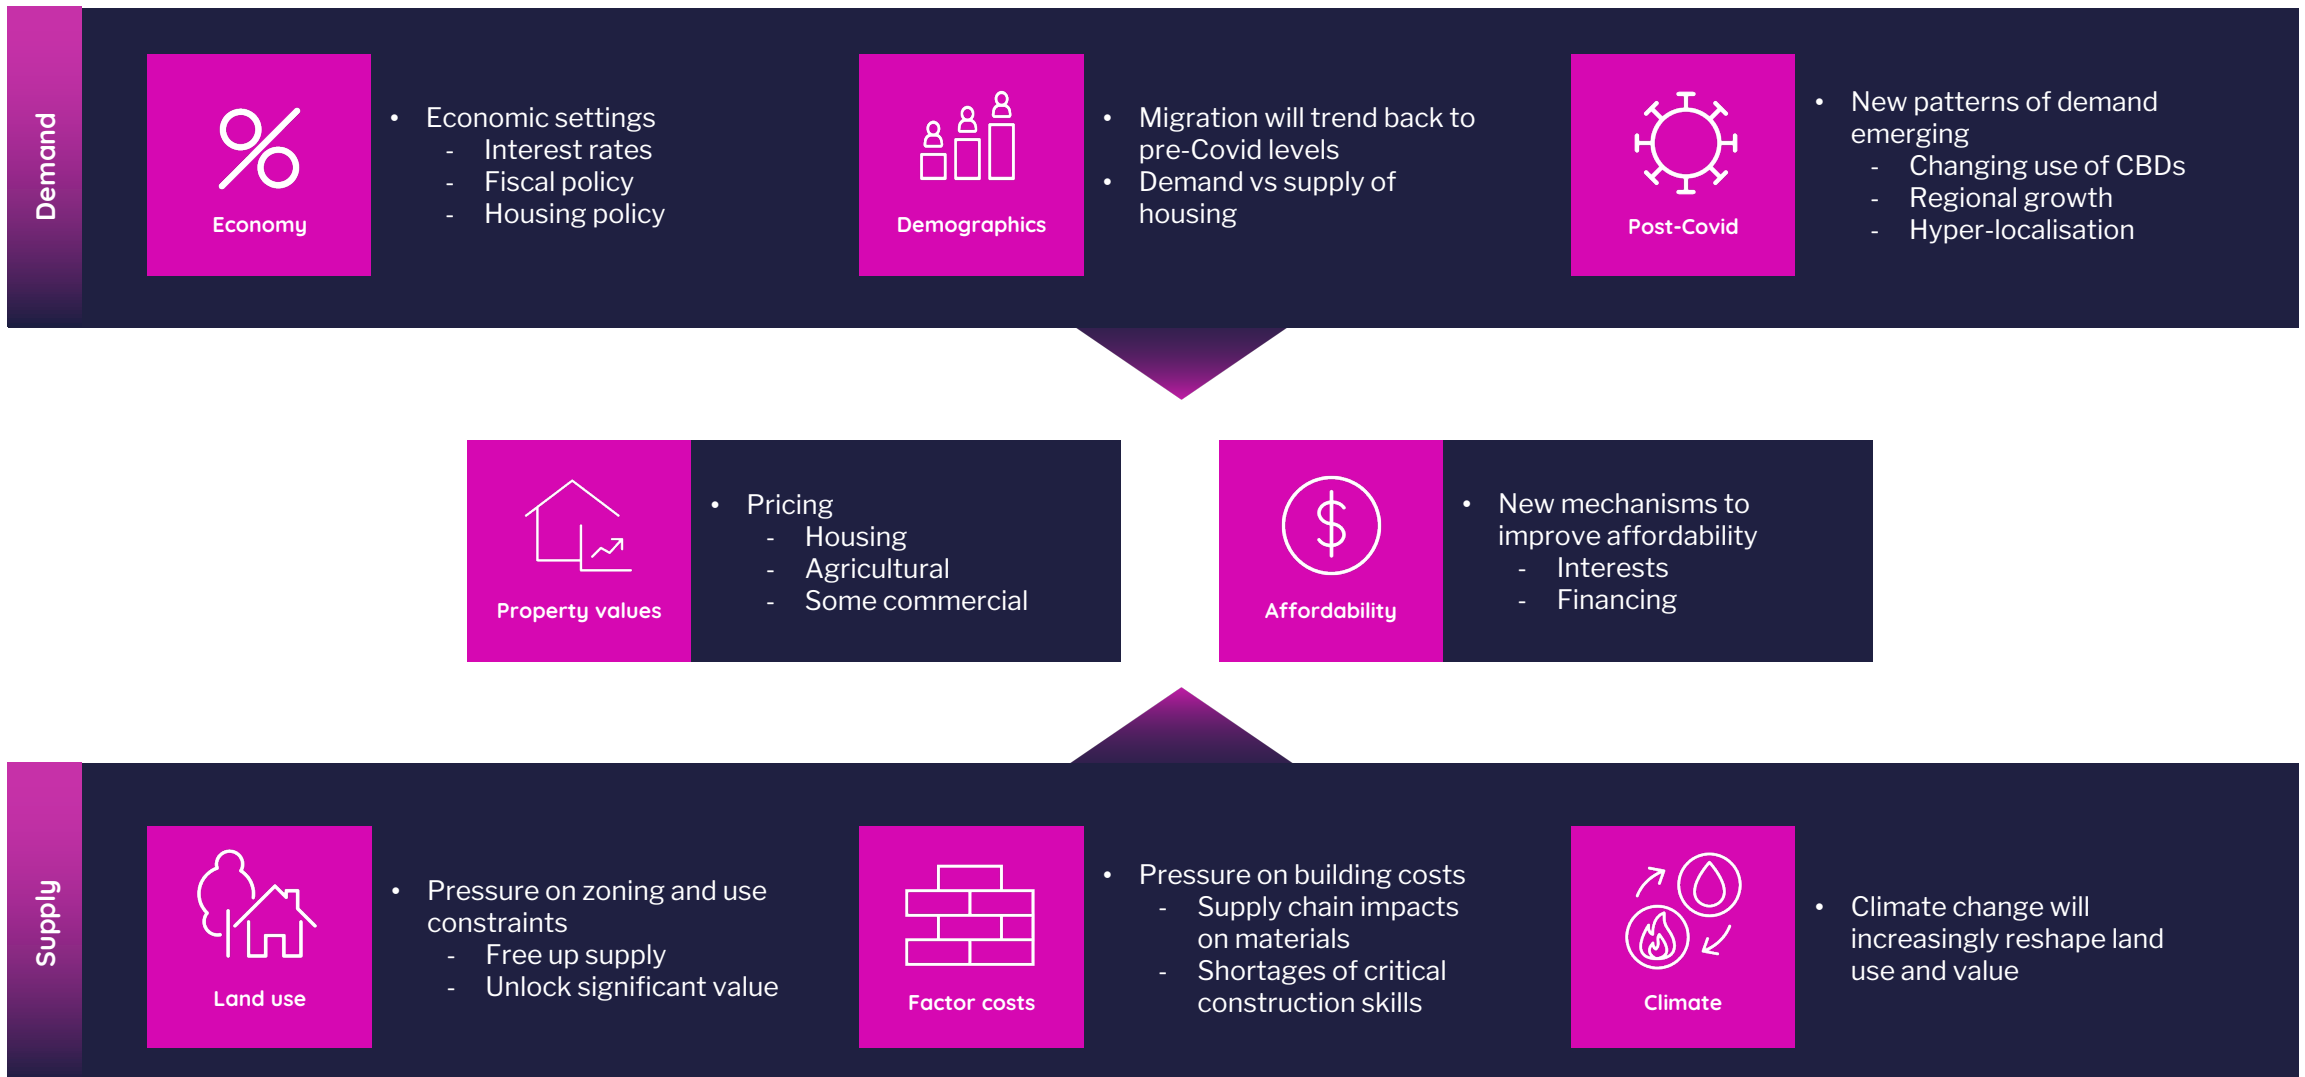

- > VIC recorded the most new loans in the Mar-22 qtr with 38,619, edging out QLD (36,814) and NSW (35,303). VIC also recorded the highest year-on-year growth, up 1.6%.
- > WA with 7,978 refinances and QLD with 17,561 refinances experienced the highest year-on-year growth for refinance (+53.5% and +42.6% respectively)
- > Postcode 3029 (Truganina) topped the country for both new loans and refinances in the Mar-22 qtr. The outer western postcode of Melbourne recorded over 1,000 new loans and refinances during the period.

This report aims to provide a comprehensive view of property settlement trends in Australia, covering the key states of NSW, VIC, QLD, and WA (our analysis excludes SA, TAS, ACT & NT). Settlement figures quoted are total settlements, they include all digital and paper-based settlements for residential and commercial property unless otherwise stated. Non-monetary settlements such as family transfers or gifts have been excluded. We trust you will find the unique data and insights in this report valuable and we hope it delivers a new perspective on the health of the Australian property market. We always welcome your feedback - if you have any comments or ideas to contribute, please contact us at research@pexa.com.au.

This PEXA Insights report aims to provide a comprehensive view of mortgages in Australia, using the unique data captured in the PEXA digital property exchange. This analysis only includes transfers and refinances lodged digitally via PEXA and excludes any paper based lodgments. As of Mar-22, over 85% of transfers and 95% of all refinances nationally were lodged via PEXA. This report covers their key states of NSW, VIC, QLD & WA and both residential and commercial property unless otherwise specified (our analysis excludes SA, TAS, ACT & NT). Refinance numbers reported only include external refinances (where the home loan is refinanced with a different lender) and exclude internal refinances (where the home loan is refinanced with the same lender). We trust you will find the unique data and insights in this report valuable and we hope it delivers a new perspective on the health of the Australian property market. We always welcome your feedback - if you have any comments or ideas to contribute, please contact us at research@pexa.com.au.

Property markets will be reshaped

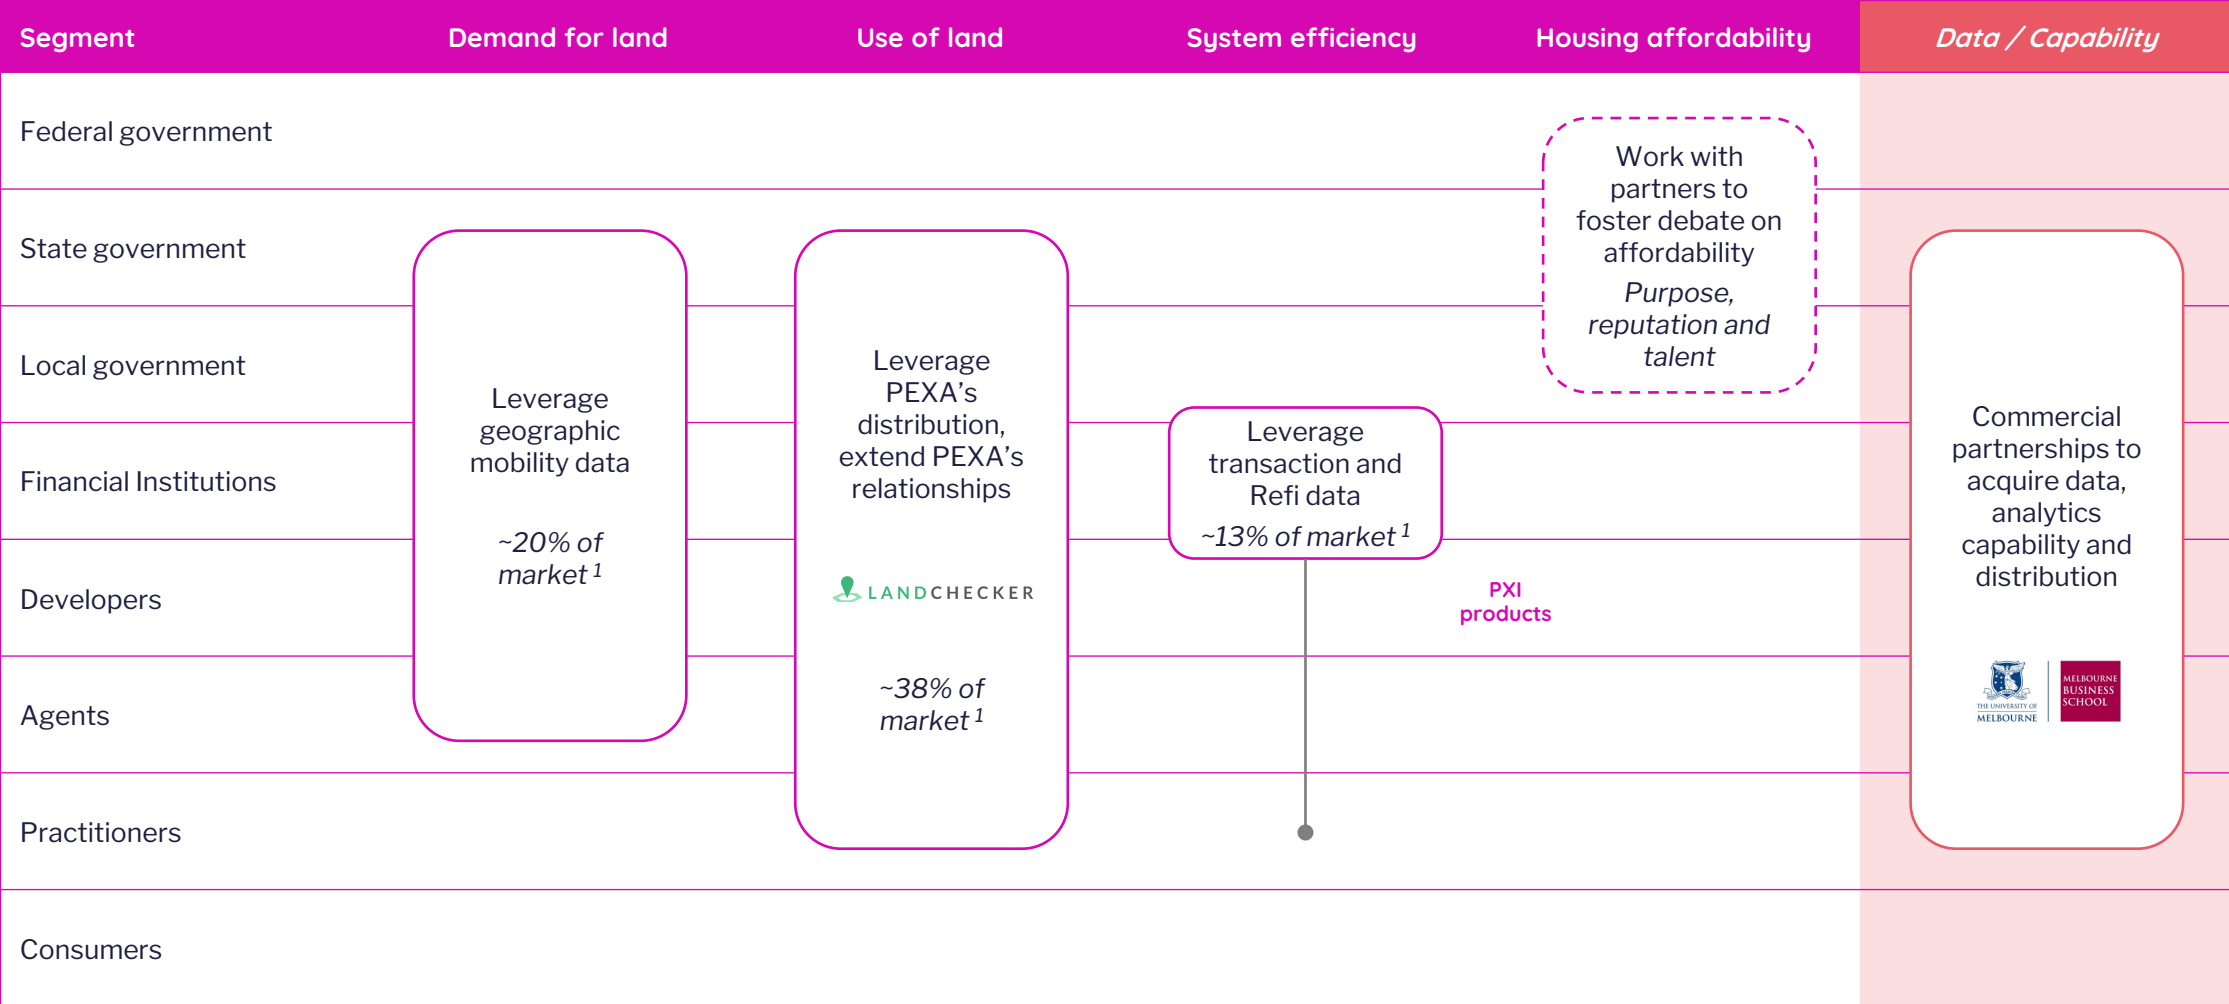

\$1.1b land information market by FY27

Estimates of market for land information: FY22 - FY27 (\$m)

Strategic investment in Landchecker

- > PEXA Insights made its first significant strategic investment during 1H22 in prop-tech data company, Landchecker
 - 38% stake (RACV 51%, Founders 11%)
- > Landchecker allows homebuyers, developers and renovators to make informed property decisions, faster:
 - Informing consumers about planning restrictions
 - Planning permit applications such as pending development next door
 - Planning restrictions such as heritage overlay
 - Approximate land size, boundaries and dimensions
- > Investment enriches the unique and timely property data PEXA is unlocking for industry
- > Creates new value for consumers, government and industry through additional products and services

Progress and objectives

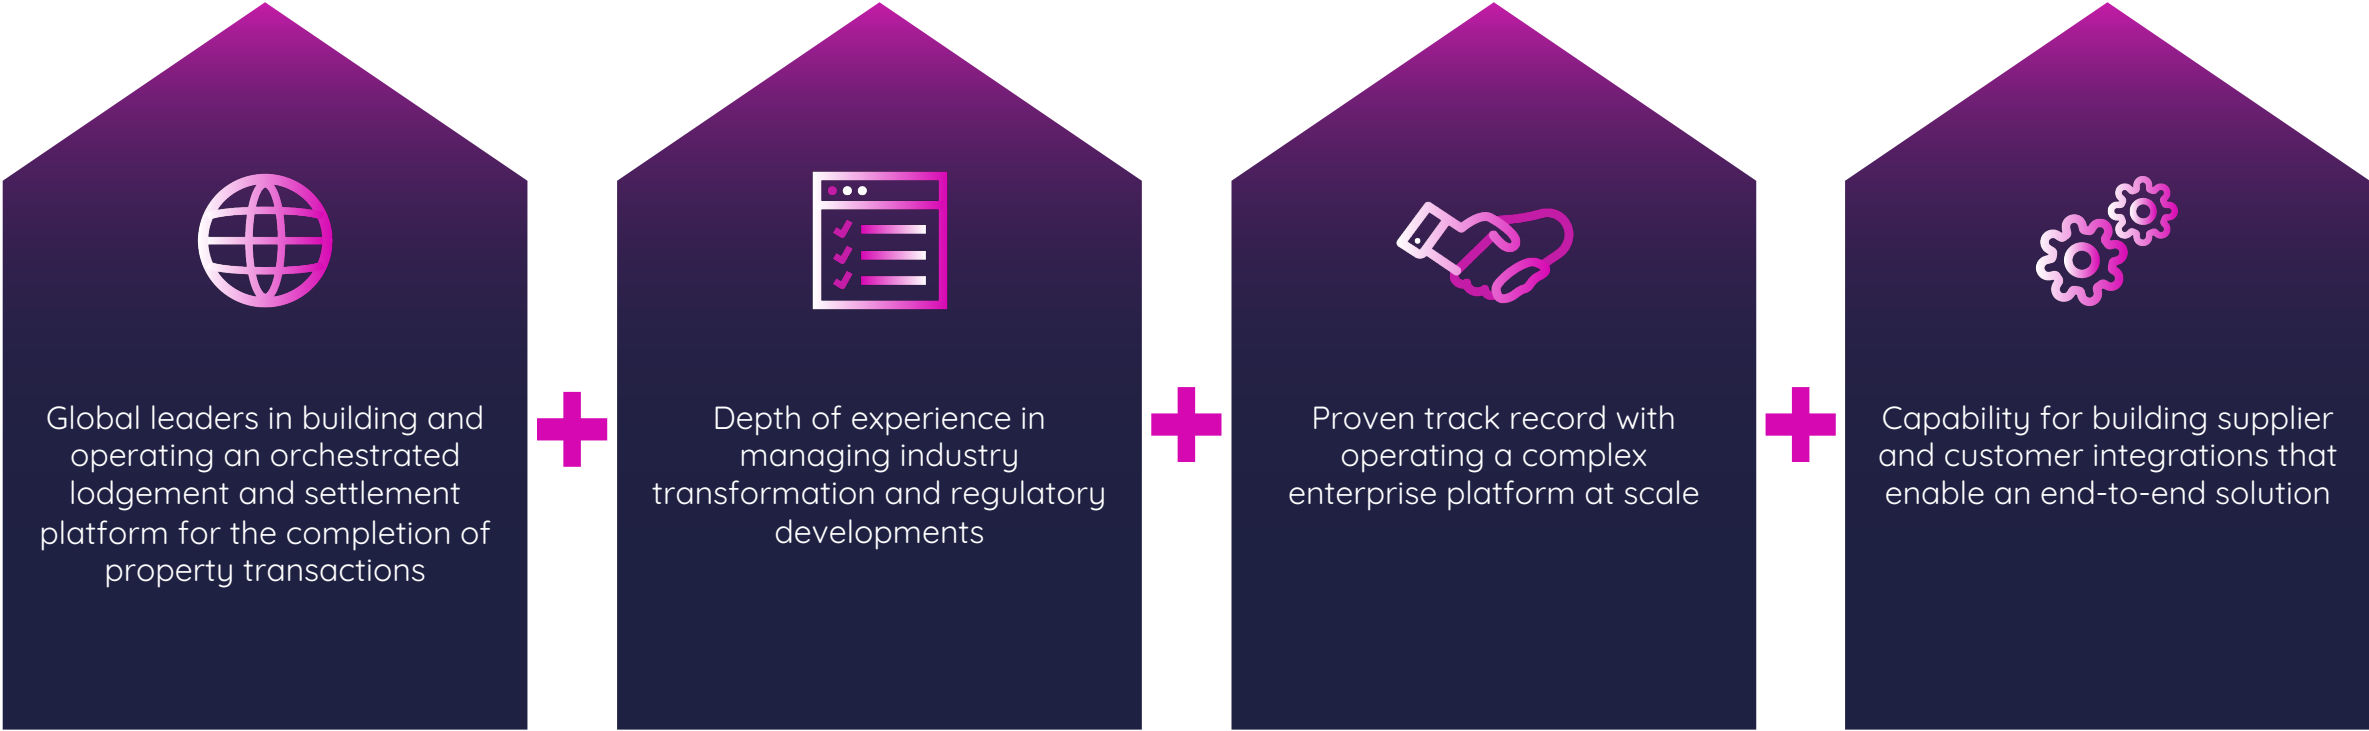

1. Subject to regulatory approval

The logo features a large, stylized arrow pointing to the right, composed of two overlapping triangles. The left triangle is a dark purple, and the right triangle is a lighter, vibrant magenta. The text 'PEXA UK' is positioned to the right of the arrow's tip, rendered in a clean, white, sans-serif font.

PEXA UK

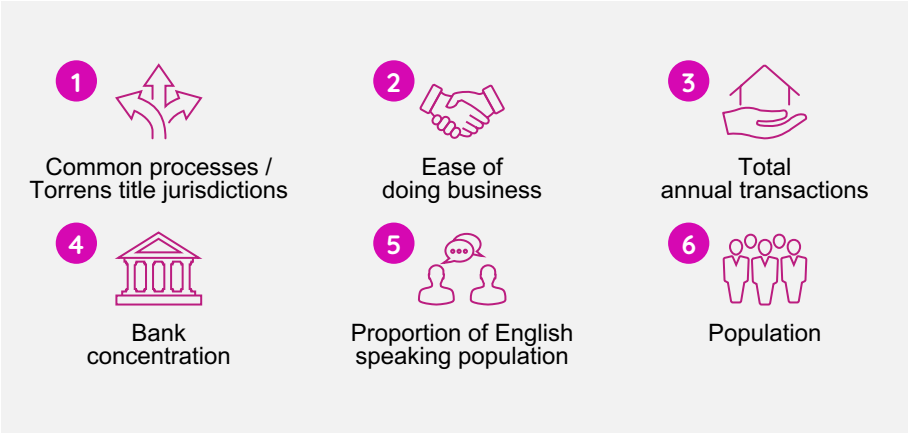

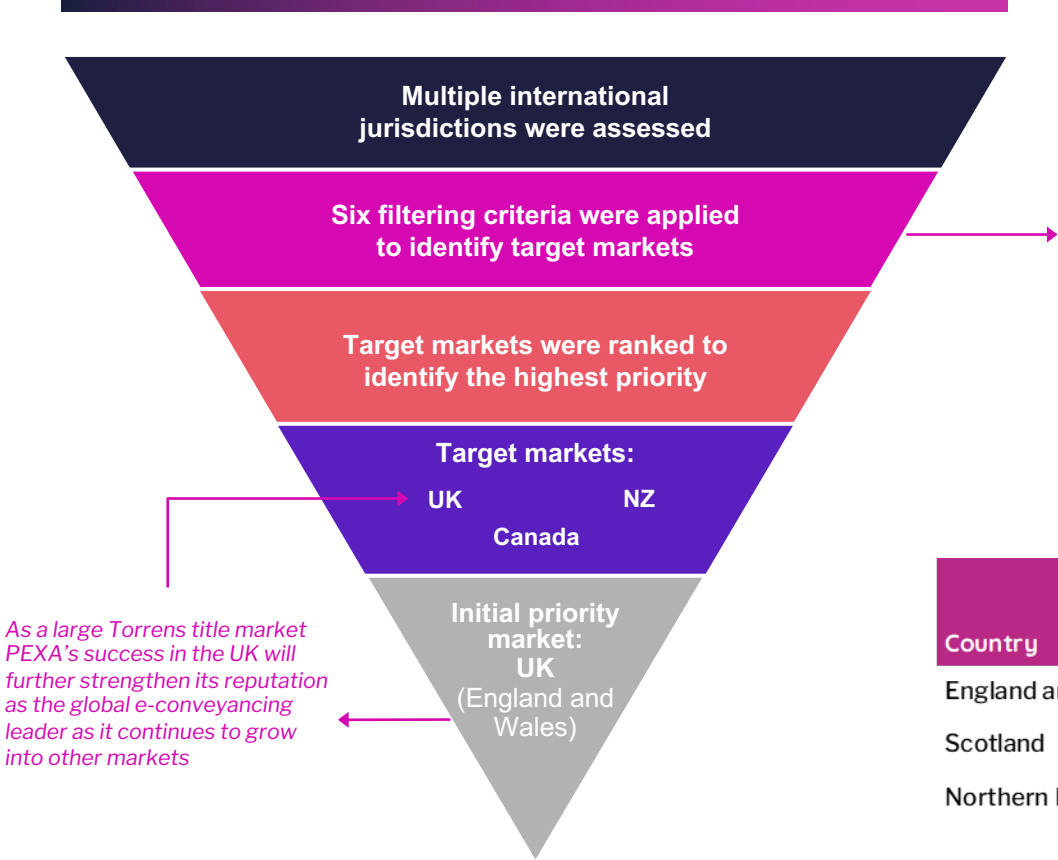

PEXA is uniquely placed to become a first mover globally and disrupt the completion of property transactions

Market scoping resulted in the UK being assessed as the most significant opportunity

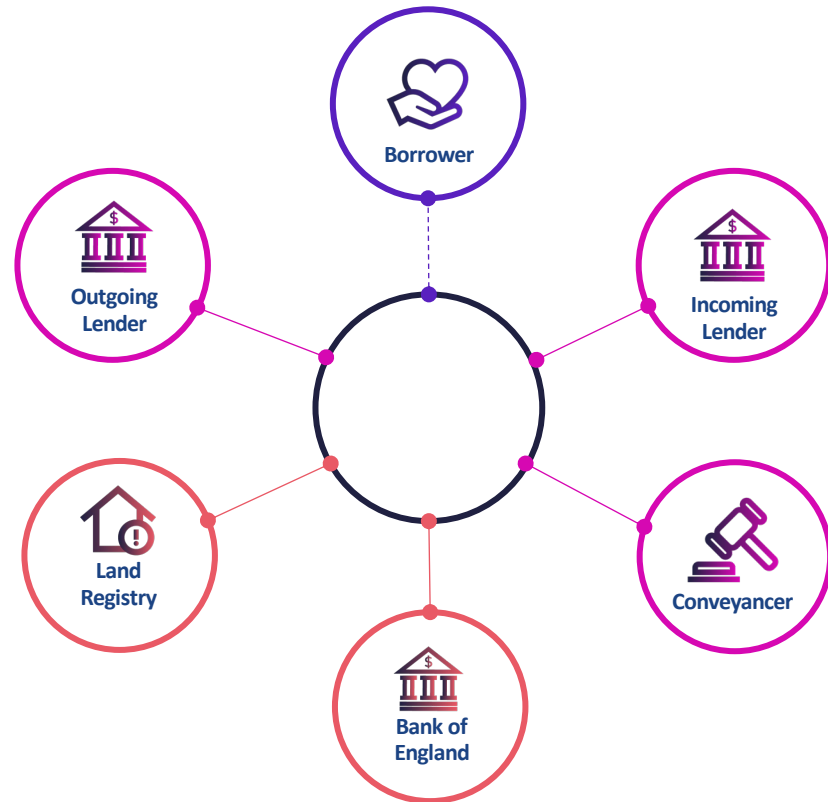

PEXA undertook a structured scoping exercise to identify target markets of opportunity

The global opportunity set was filtered through six criteria

Country	Estimated digital property settlements potential market size (A\$m)	Population (m)	Dwellings (m)
England and Wales	\$641	59.4	24.7
Scotland	\$62	5.5	2.3
Northern Ireland	\$17	1.9	0.8

Building an ecosystem of participants who together will transform the current heavily manual process

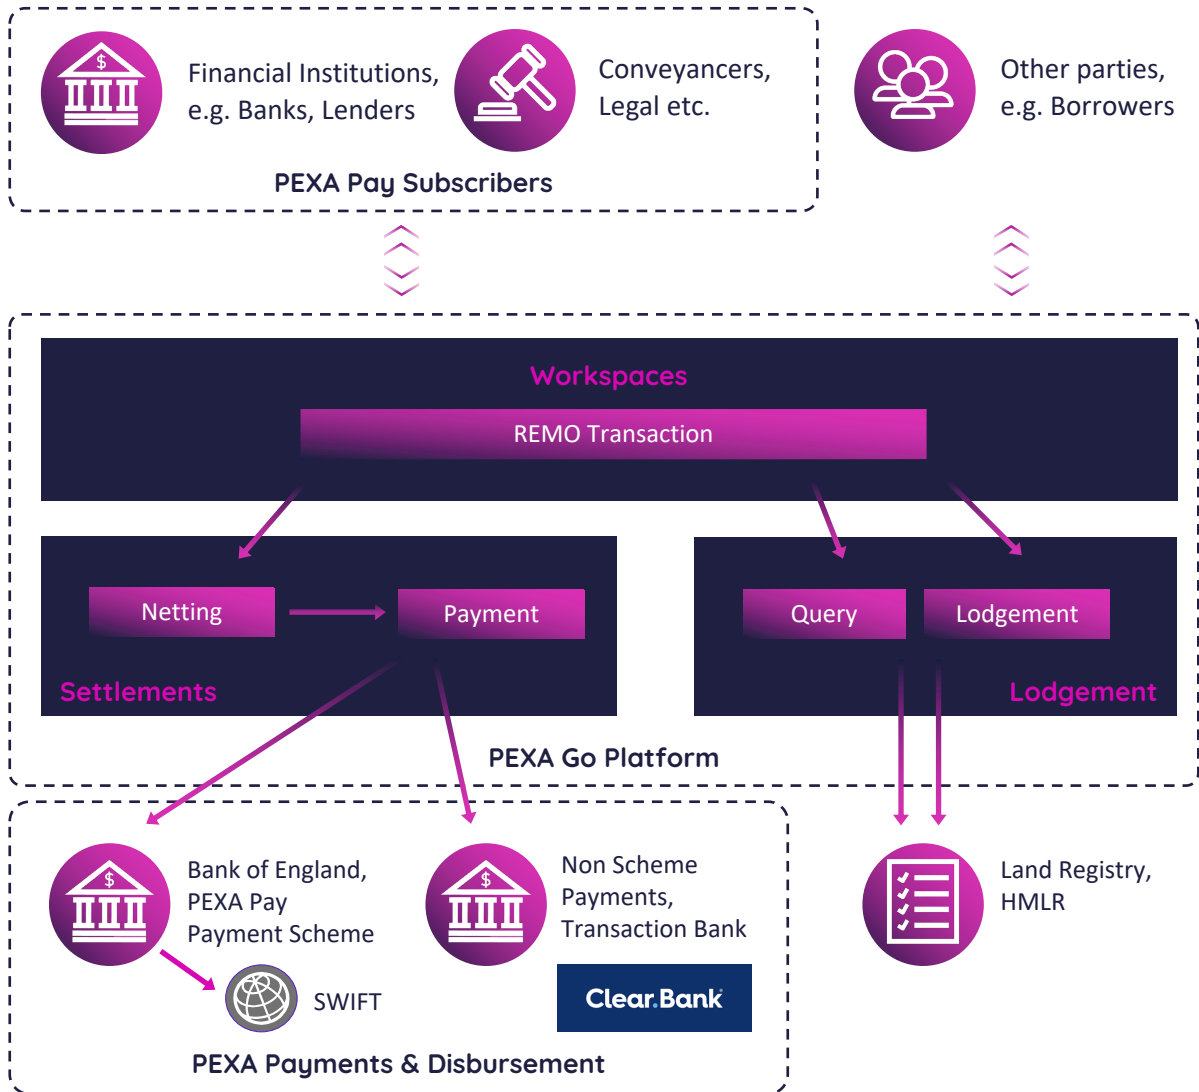

○ Transacting Entities ○ Enabling Entities ○ Does not access the platform

The PEXA-enabled ecosystem will:

- Deliver a brand new settlements scheme at the Bank of England
- Enable lenders and conveyancers to work collaboratively within a single workspace – using a combined workflow
- Automate a significant amount of the admin overhead currently associated with property completion
- Automate searches and lodgement through integration with Her Majesty's Land Registry

PEXA UK solution overview

Key Partners for PEXA Pay

BANK OF ENGLAND

- PEXA Pay is the seventh net settlement payment system to clear through the Bank of England
- The previous six are BACS, C&CCC, CHAPS, LINK, Paym and Faster Payments
- PEXA Pay became live in March 2022

Clear.Bank

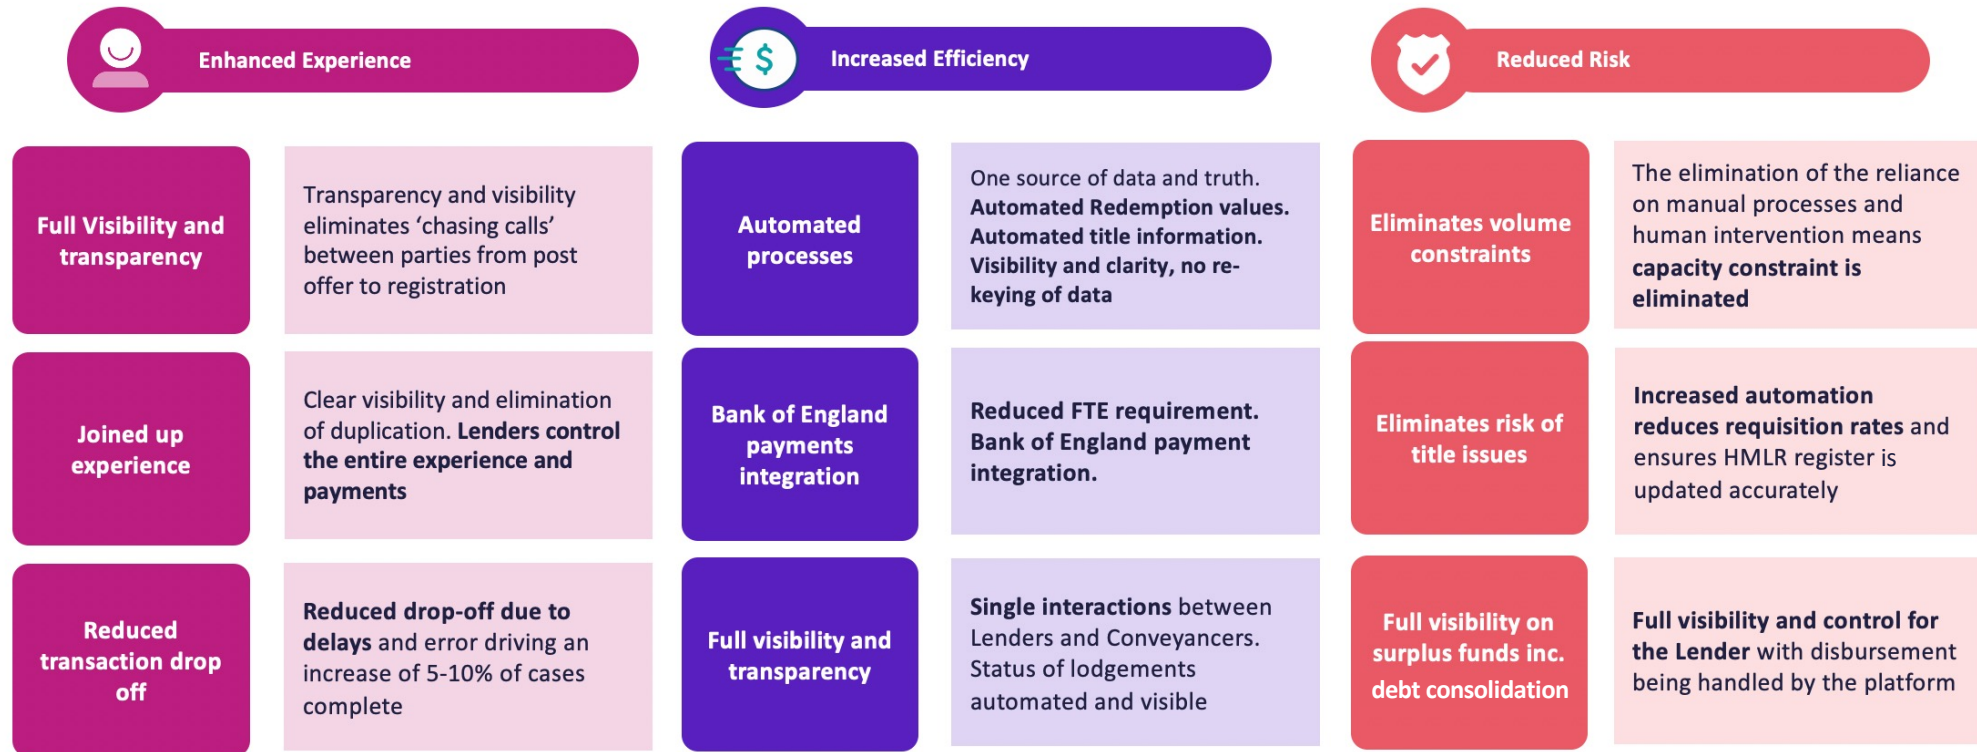

- UK's first clearing bank in more than 250 years
- ClearBank is a next-generation clearing and embedding banking platform
- Partnered with PEXA to disburse funds to accounts held with Lenders not already integrated with PEXA

Lenders are key beneficiaries of the PEXA remortgage solution

Enabling frictionless Remortgages. Faster completions with more certainty.

Providing a streamlined and automated post offer to completion solution for Remortgages that is integrated to HMLR and the Bank of England to orchestrate lodgement and financial settlement.

- ↓ Reduce direct processing cost
- ↓ Decrease time to completion
- ↑ Increase Remortgage capacity

PEXA's remortgage solution also unlocks significant benefits across the UK industry

Consumers

- ✓ Enhanced security
- ✓ Increased speed and certainty
- ✓ Seamless completion process
- ✓ Transparency of post offer process
- ✓ Better loan deals created by ease of switching

Her Majesty's Land Registry

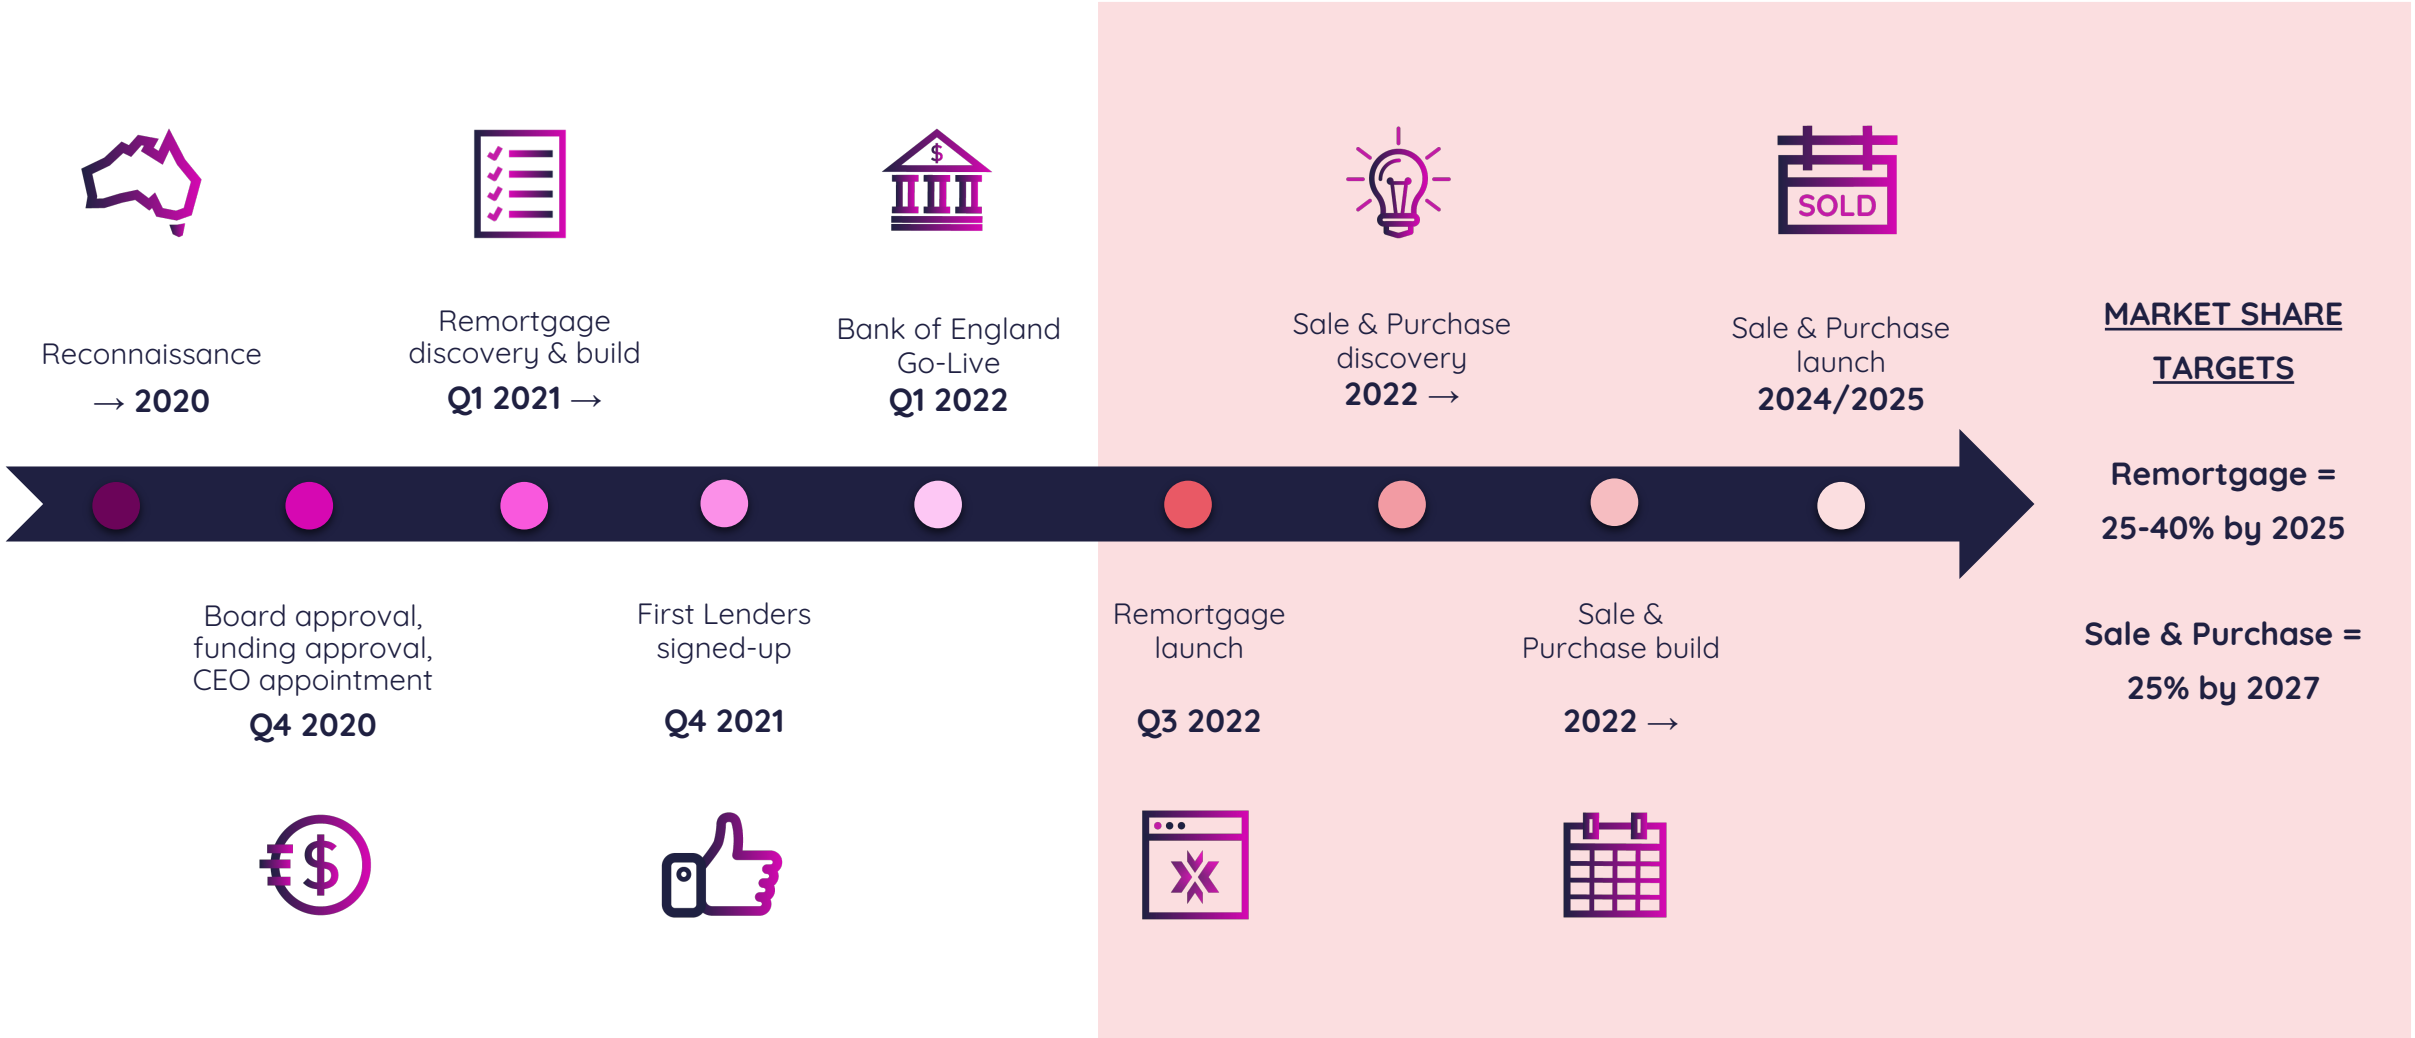

- ✓ Improved data quality for lodgement
- ✓ Increased uptake of the Digital Mortgage
- ✓ Lower costs from far less work, errors and rework

Government & Regulators

- ✓ Addresses imperatives and challenges highlighted by COVID-19
- ✓ Aligns with UK Gov policy and digital strategy to “Build world-class digital infrastructure for the UK”
- ✓ Promotes good consumer outcomes and competition

Progress and next steps
