### MONADELPHOUS CONTRACTS UPDATE

Engineering company Monadelphous Group Limited (ASX: MND) (“Monadelphous” or “the Company”) today announced it has secured new contracts in the resources sector totalling approximately \$100 million.

Monadelphous has secured a contract for the construction of surface infrastructure for the Oyu Tolgoi Underground Project located in the South Gobi region of Mongolia. The work includes construction of two conveyors and an electrical substation, and associated integration to existing facilities. Monadelphous has been operating in Mongolia since 2017 and will continue its focus on upskilling its Mongolian national employees as a key element of the contract execution strategy.

In addition, the Company has been awarded a contract with Talison Lithium Australia for the construction of a range of facilities associated with the mine services area at Talison Lithium’s Greenbushes mine site in the south-west of Western Australia. The work, which includes structural, mechanical, piping and electrical and instrumentation services, is expected to be completed in the first half of 2023.

Monadelphous’ fabrication business, SinoStruct, has secured a contract to fabricate over 2,000 tonnes of structural steel for a construction project in Ashburton in the Pilbara region of Western Australia. Work is expected to be completed in early 2023.

Also in the Pilbara region, Monadelphous has been awarded a contract with Rio Tinto for the upgrade of conveyor facilities at the Marandoo iron ore mine site. Site works are scheduled to commence in early 2023 and are expected to be completed in the first quarter of 2024.
