AFL expands its presence in Queensland's Gold Coast

The Board of AF Legal Group Ltd (**ASX: AFL**) (**Company** or **AFL**) is pleased to announce that it will establish its 19th office in Australia with a new office at Burleigh Heads to service the Southern end of the Gold Coast and the Tweed Rivers of New South Wales. From this new presence AFL will provide additional Family Law legal services to a population of 620,000 on the Gold Coast.

“Approximately 18 months ago we opened a greenfield office on the Gold Coast to test our client acquisition strategy and search for a leading lateral family law recruit to establish and grow our presence in the region. We have now achieved this under our new ‘Owner Operator’ model with this new lateral hire in the region” said Executive Director Grant Dearlove.

“AFL’s new ‘Owner Operator’ model is unique and will transform the family law market in Australia. It provides a strong platform for long term sustainable growth with the combination of a proven business and operational model to help solve many of the issues currently facing both the legal sector and its clients. This is the third co-ownership model we have entered into in the last 6 months and it is already proving to be a success to continue to leverage our scalable platform for growth”.

This announcement has been authorised for release by the Board of directors of AFL.
