Corrections to Atturra FY22 Annual Report

Sydney, Australia, 23 September 2022: Leading advisory and technology solutions provider Atturra Limited (ASX: ATA) (**Atturra**) advises of the following corrections to the FY22 Annual Report published with the ASX on 12 September 2022.

Remuneration Report Page Numbering Reference

On page 80, the Independent auditor's report incorrectly references the remuneration report as '**pages 8 to 15 of the directors' report for the year ended 30 June 2022**'. The correct reference is '**pages 18 to 25 of the directors' report for the year ended 30 June 2022**'.

Letter to Shareholders

On page 2, In the Letter to shareholders under the heading 'Financials' there are references to '**\$7.0 million in underlying EBIT in FY21**' and '**\$13.8 million in underlying EBIT this FY**'. A reference to the GAAP Measure or an explanation or reference to where EBIT is reconciled to a GAAP Measure has not been included in this particular paragraph.

Accordingly, shareholders are directed to the Directors Report, and specifically page 14 of the Annual Report, which discloses the explanation and reconciliation to a GAAP Measure and should be read in conjunction with the above referenced paragraph of the Letter to shareholders.

There are no other changes to the Annual Report as a result of these corrections.

The Annual Report published on 12 September 2022 should be read in conjunction with this letter, both of which are available on the Company's website at:
