

REVASUM

ASX RELEASE (ASX: RVS)

REVASUM'S FINANCIAL REPORTING DATES

San Luis Obispo, California – 24 October 2022: Global semiconductor technology and equipment firm, **Revasum, Inc. (ASX: RVS, 'Revasum' or the 'Company')** advises its Q3 2022 Activities Update and Appendix 4C will be released on 2 November 2022, in line with its reporting due date.

Confirmation of Reporting Dates for FY22

Revasum reports its financial results based on a 5-4-4 calendar structure, commonly used by manufacturing companies. A 5-4-4 structure relates to the number of weeks in a quarter and enables Revasum to report results based on the same number of days (91 days) each quarter. By comparing the same number of days in the period, it is easier to interpret changes in performance and margins.

As a four-quarter year of 5-4-4 is only 364 days, every year the start of the new financial year moves back a day against the calendar year. Once every seven years, companies reporting to a 5-4-4 structure will typically add a week so that the last quarter is a six-week period, enabling reporting dates to reset.

Revasum's key financial reporting dates for the remainder of 2022 are as follows:

Period	Financial End Date	Reporting Date
Q3 2022	02/10/2022	02/11/2022
Q4 2022	01/01/2023	01/02/2023
FY 2022	01/01/2023	01/03/2023 (preliminary final report)

THIS ANNOUNCEMENT WAS AUTHORISED FOR RELEASE BY THE BOARD OF DIRECTORS OF REVASUM, INC.

REVASUM

About Revasum

Revasum (ARBN: 629 268 533) specializes in the design and manufacturing of equipment used for the global semiconductor industry. Revasum's equipment helps drive advanced manufacturing technology for critical growth markets, including automotive, IoT, and 5G. Our product portfolio includes state of the art equipment for the grinding, polishing, and chemical mechanical planarization processes used to manufacture devices for those key end markets. All of Revasum's equipment is designed and developed in close collaboration with our customers. Learn how we create the equipment that generates the technology of today and tomorrow, visit www.revasum.com.

Safe Harbor Statement

This announcement contains forward-looking statements, which address a variety of subjects including, for example, financial projections, our statements regarding expected events, including expected revenue and earnings, system shipments, expected product offerings, product development, market adoption and technical advances. Statements that are not historical facts, including statements about our beliefs, plans and expectations, are forward-looking statements. Such statements are based on our current expectations and information currently available to management and are subject to a number of factors and uncertainties, many of which are outside the control of the Company, which could cause actual results to differ materially from those described in the forward-looking statements. The Company's management believes that these forward-looking statements are reasonable as and when made. However, you should not place undue reliance on any such forward-looking statements because such statements speak only as of the date they are made. Revasum does not undertake any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law or the ASX Listing Rules. In addition, forward-looking statements are subject to certain risks and uncertainties that could cause actual results, events and developments to differ materially from our historical experience and our present expectations or projections.
