

Praemium Appoints Denis Orrock as Chief Strategy Officer

14 November 2022: Praemium Limited (ASX: PPS) (Praemium) is pleased to announce the appointment of Denis Orrock to the newly created position of Chief Strategy Officer (CSO), reporting to the Chief Executive Officer. Denis served as Head of Asia Pacific and Head of Capital Markets for GBST, a leading Australian Financial Services Technology business with a blue-chip client base in Wealth Management and Capital Markets. GBST was acquired by FNZ in 2019.

The newly created CSO role recognises Praemium's opportunity to fully capitalise on the current market dynamics within the wealth platform and non-custodial administration market segment. With a comprehensive, fully integrated technology solution, Praemium is well placed to capture a healthy share of the ongoing shift occurring in this market segment.

With his experience and track record in leading GBST through a period of strong growth in Praemium's preferred client segment, Denis will not only contribute the ability to develop robust strategy, but strong relationships in the sector which will keep the focus on client needs and opportunities in executing that strategy.

Praemium CEO Anthony Wamsteker said "The recent divestment of the international business means Praemium has the capital, cashflow and focus to deliver on our strong growth aspirations in Australia. I am delighted that Denis has agreed to join our business to help realise those aspirations."

This announcement is authorised by the Chief Executive Officer of Praemium Limited.
