

23 November 2022

## Operations webcast

---

Cooper Energy Limited (ASX: COE) will host a webcast and Q&A session to support the [Operations Update](#) released earlier this week, with particular focus on Orbst Gas Processing Plant integration, and a review of recent plant performance and improvements.

Managing Director David Maxwell will lead the conference call, supported by General Manager Projects and Operations, Mike Jacobsen, and Operations Manager, Dean Johnson.

- **Time:** 10.30am ACDT (Adelaide) / 11:00am AEDT (Sydney, Melbourne)
- **Date:** Friday, 25 November 2022
- **Conference call link** (listen only): [Conference call link](#)
- **Registration link** (for Q&A participation): [Registration link](#)

A recording of the conference call will be available via the conference call link and the Cooper Energy website later that afternoon.

**Cooper Energy Limited (ASX: COE)** is an exploration and production company which generates revenue from gas supply to south-east Australia and low-cost Cooper Basin oil production. The company is an emerging player in the south-east Australian energy sector holding a portfolio of gas supply contracts and one of the most extensive portfolios of gas-focused acreage and assets, including well located reserves and resources in the Otway and Gippsland basins. These include the Sole gas field in the Gippsland Basin which recently became the first new offshore gas development in south-east Australia to commence production in several years, the Casino Henry operations in the offshore Otway Basin and undeveloped resources such as Manta and Annie.
